

01783. unknown. Gibson. PCT2. 60564. O.N.
To Whom It May Concern:

I am a concerned Naperville resident who opposes the Canadian National Railway Purchase of E J & E Railway.

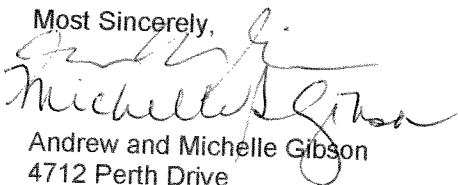

We are already struggling with the population boom in Naperville, and though Naperville is still a wonderful place to live and raise children, the additional traffic back-up on the southwestern part of the city is yet another burden that residents will have to share.

Additionally, there are costs associated with allowing railroad access to a company who will profit as we, Napervillians, bear the cost:

- *Increased air and noise pollution;
- *Traffic back-ups;
- *Hazardous waste risk with any error in transportation (do you have a plan in place?);
- *Possible increased costs to residents with the addition of streets/multi-grade crossings as the population to the west increases.

You are our advocate: please help us to be heard, and do not let this letter and the concerns of other residents be an act of futility.

Most Sincerely,

Andrew and Michelle Gibson
