Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

The CNRC can not be allowed to disrupt the village of Barrington, IL by purchasing the rights to the EJE. It would be impossible for 1000's of families to carry out their business, either to work, schools, businesses, grocery stores, health clubs, doctors appointment or other medical needs, hospitals, etc. My family and I, in a single day, cross these tracks a minimum of 12 times per day, and any increased delays would greatly distress and obstruct the flow of our lives.

Timing is essential to transport our children to each of their activities that most often occurs directly after school hours in which crossing these tracks many times is imperative.

Thus the increased trains could most horribly affect the lives of our children who cross these tracks especially to unfortunate children who sadly feel the desire to take their own life. This tragic event has happen far too many times even in the last year and the temptation would be increased with the amount of train traffic: 400%.

Please - Stay Out of Barrington

YOUR INPUT IS IMPORTANT!
