**Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company**

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

What will the safety precautions be that CN will put into place to safeguard our elementary, middle, and high school children who must cross the tracks twice if not several times each day. I have four of them.

What safeguard will be in place for our fire, police, ambulance service to reach their destination in an emergency, both to the scene and to the hospitals.

How do you justify your action to increase train traffic when it will negatively impact at least 5 towns directly and countless more indirectly.

Please don't put my family and countless others in danger for profit.

We say no to CNR!!

YOUR INPUT IS IMPORTANT!
