Transcript:

I'm calling because I oppose the purchase of the railroad by the Canadian company. The reason is that they'll be sending many more trains through, they blow their whistles all the way from um Cedar Road out to Co-Calgert-Falgon Road and that wakes people up and they do it 24 hours a day 7 days a week. This will increase the noise in our community. The railroads get approval to do this, they should build a barrier so that they don't have to blow their whistles at every train stop that they come to. I thank you for listening to my comments. Good night
