UNITED PARCEL SERVICE, INC. (OH) AND UNITED PARCEL SERVICE, INC. (NY)

AFFIDAVIT OF R. CURT BROWN

ENTERED
Office of the Secretary
APR 18 2002
Part of
Public Record

State of Illinois

County of Will

Personally appeared before the undersigned, an officer duly authorized by law to administer oaths, R. CURT BROWN, who after being duly sworn, deposes and states as follows:

1.

My name is R. CURT BROWN. I am of legal age and under no legal disability. The facts set forth herein are true and correct and based upon my personal knowledge and my knowledge of the accompanying documents. This affidavit is being given in support of United Parcel Service, Inc.'s Motion to Dismiss Petition, and for any other purposes permitted by law.

2.

I am currently Director of National Accounts for the North Central Region of United Parcel Service, Inc. ("UPS"). In that capacity, I am familiar with UPS's account

with Levolor Home Fashions ("Levolor"), a division of Newell Window Furnishings, Inc. and Newell Rubbermaid, Inc.

3.

For approximately ten years, Newell Window Furnishings, Inc. and Newell Rubbermaid, Inc. (collectively "Newell") have utilized the services of UPS to ship packages via ground service.

4.

Between March 3, 1997 and September 25, 1998, UPS provided these services pursuant to a written contract entitled "Newell Company/UPS Ground Incentive Program Contract Carrier Agreement" (hereinafter the "Agreement"), a true and correct copy of which is filed herewith as Exhibit A.

5.

The Agreement provided that it "includes the terms and conditions contained in the UPS Tariff and UPS Ground Service Guide in effect at the time of shipping. . . ." (See Agreement, Exhibit A, at p.1.)

6.

The Agreement further provided that "customer agrees to provide UPS daily with the shipping record documentation as specified by UPS, including gross charges for ground packages shipped." (See id.)

7.

UPS routinely charges an additional handling charge for shipping packages over 60 inches in length. As the Guide to UPS Services states, an "Additional Handling Charge, as stated on the current rate chart, will be assessed for the transportation of . . .

[a]ny package that exceeds 60 inches in length." (See Guide to UPS Services, filed herewith as Exhibit B, at p. 84.)

8.

Newell wanted to avoid the time-consuming and labor-intensive process of measuring every shipped package, which is normally required so UPS can assess the additional handling charge for any package that exceeds 60 inches in length.

9.

The Agreement between Newell and UPS thus provided as follows: "Customer is not required to identify packages requiring additional handling, at the point of shipment. Forty percent (40%) of the total ground packages shipped will be assessed a $2.00 additional handling charge and added to the weekly bill as a miscellaneous charge." (See Agreement, Exhibit A, at p. 2, ¶ 5.)

10.

Effective April 7, 1997, Newell and UPS entered into an Addendum to the Agreement, a true and correct copy of which is filed herewith as Exhibit C.

11.

The Addendum did not modify in anyway the manner in which Additional Handling Charges were assessed. The Addendum provided as follows: "Customer is not required to identify packages requiring additional handling, at the point of shipment. Forty percent (40%) of the total ground packages shipped will be assessed a $2.00 additional handling charge and added to the weekly bill as a miscellaneous charge." (See Addendum, Exhibit C.)

12.

UPS notified Newell that it would terminate the Agreement as amended effective October 25, 1998. UPS provided said notice by letter dated September 25, 1998, from Kenneth Nigro, UPS's National Accounts Manager for the North Central Region, to Linda Snavely of Newell Company (hereinafter the "Termination Letter"). A true and correct copy of the Termination Letter is filed herewith as Exhibit D.

13.

In the Termination Letter, UPS notified Newell that it would continue to transport Newell's "small package ground shipments as detailed in the 'Guide to UPS Services,' however, all package charges and related additional charges will be assessed from the published UPS Ground Service Rate Chart in effect at the time of shipping." (See Termination Letter, Exhibit D.)

14.

Following the termination of the Agreement, UPS's and Newell's rights and obligations were governed completely and exclusively by the UPS Tariff, the effective UPS Rates and Service Guides, the description of UPS Services at www.ups.com, which are incorporated in the Tariff, and the UPS source document for each shipment. Copies of these documents, with the exception of the description of UPS Services at www.ups.com, are included in the accompanying appendix of exhibits as follows:

a. the Guide to UPS Services. (See Exhibit B.)

b. the "Consignee Billing Brochure," a true and correct copy of which is filed herewith as Exhibit E.

c. the "General Tariff Containing the Classifications, Rules and Practices for the Transportation of Property" (hereinafter "Tariff"), effective January 1, 1998; October 11, 1999; and February 7, 2000, true and correct copies of which are filed herewith as Composite Exhibit F.

d. the UPS Rates booklet effective February 8, 1999, a true and correct copy of which is filed herewith as Exhibit G.

e. the UPS Rate and Service Guide, effective February 7, 2000, a true and correct copy of which is filed herewith as Exhibit H.

15.

The Consignee Billing Brochure provides in pertinent part as follows: "In the event that a package is shipped using UPS Consignee Billing and the qualifying conditions or restrictions are not complied with, the package will be delivered and the package transportation charges on the then current UPS Rate Chart ("Rate Chart") will be billed to the shipper. . . ." (Consignee Billing Brochure, Exhibit E, at p. 3.)

16.

The Consignee Billing Brochure specifies several qualifying conditions with which the shipper must comply in order to utilize consignee billing privileges, including without limitation the following: "Each package [must be] recorded and identified according to the carrier's instructions for preparing UPS Consignee Billing packages. . . . The shipper will prepare and retain a business record showing the Consignee Billing Tracking Number, the date of shipment and the consignee address for each Consignee Billing package. . . ." (Id.)

consuming and costly. Collectively, we have created a means by which additional handling charges can be assessed within the UPS billing system while alleviating the shipping locations from having to process packages that require additional handling through the normal procedures." (Id.)

22.

In the Letter Agreement, Newell and UPS agreed that UPS would bill Newell's Levolor Division "the published additional handling rate at the time of shipping for 40% of the **total ground packages shipped each week,**" (id.) (emphasis supplied), and "[t]hese charges will appear as a miscellaneous adjustment of each weekly UPS bill."

23.

As specified in the applicable UPS Rate Chart, UPS charges an additional fee for delivery to residential addresses, as opposed to commercial locations. Under the parties' contracts and agreements, Levolor was obligated to identify residential deliveries on its daily shipping manifests.

24.

UPS allowed Levolor to prepare its own daily shipping manifests. In essence, this was an "honor system," whereby Levolor created its own bills for its shipments of packages.

25.

At all times relevant hereto, and pursuant to the contractual agreements between UPS and Newell, UPS invoiced Levolor, a division of Newell, on a weekly basis for shipping services.

26.

Throughout UPS's relationship with Newell, UPS based its invoices to Levolor on the information Levolor provided to UPS in the daily shipping manifests that Levolor prepared and provided to UPS. A shipping manifest is a document which lists all packages shipped in a given day, and includes specific information regarding each package, including without limitation, consignee's full name, consignee's complete delivery address including zip code, package weight and zone, package destination (*i.e.*, commercial vs. residential), and shipper number.

27.

UPS depended upon Levolor to accurately report to UPS the number of packages Levolor shipped, the destination of the packages (i.e., commercial vs. residential), consignee billing information, tracking numbers, and consignee addresses, so that UPS could properly invoice and collect the applicable freight charges.

28.

If Levolor did not accurately report the number of packages, destination of packages, and consignee billing information, then UPS could not bill Levolor the proper amount for the shipping services UPS rendered and could not bill the appropriate third-party or consignee, where applicable, such as J.C. Penney.

29.

At all times relevant hereto, UPS drivers used portable computers, known as "DIADs," to scan the bar-coded package label of each package delivered. Among other things, the DIAD records (1) the identity of the shipper, and (2) whether the package was

delivered to a residential or commercial location. The DIAD stores this information for later review.

30.

By comparing Levolor's shipping manifests with the DIAD reports for Levolor's packages, UPS learned that Levolor had not properly reported to UPS the number of packages Levolor shipped, the destination of the packages (*i.e.*, commercial versus residential), consignee billing information, tracking numbers, and consignee addresses of its daily shipments of packages.

31.

In early 2000, UPS reviewed the DIAD reports of the delivered packages containing Levolor's shipper numbers, and discovered a large discrepancy in the delivered versus billed packages, amounting to over $1 million in unpaid shipping and related additional handling and residential delivery charges. However, prior to that time, UPS had held meetings with Levolor to discuss the fact that Levolor was not properly recording information on its manifests and transmitting those manifests to UPS.

32.

UPS met and negotiated with Levolor in an effort to resolve the outstanding debt. During those negotiations, UPS learned that Levolor had modified the UPS-approved shipping software so that Levolor could re-open a previously transmitted manifest. Levolor had been transmitting its shipping manifest to UPS in the afternoon, and then, without notice and contrary to UPS's requirements, adding additional packages and attempting to retransmit the modified manifest around midnight. UPS does not permit second transmissions on the same day with the same pick up record number to ensure that

UPS does not inadvertently bill a customer twice for delivery of the same package. Levolor contends that it attempted to retransmit the modified manifests around midnight, but UPS never received any modified manifests, and thus could not and has never invoiced for those packages, which UPS delivered on Levolor's behalf.

33.

According to UPS records, UPS has shipped approximately 50,000 packages for Levolor and received no payment. This number consists of packages delivered within the last 18 months of the Tolling Agreement entered into by the parties on March 31, 2001, and thereafter modified, to toll, stay, and suspend claims through and including June 7, 2001. UPS only seeks payment for packages shipped, including related additional handling and residential delivery charges, from September 1999 to the present.

34.

Levolor has contended that J.C. Penney should pay for much of the unpaid shipping charges. In order to benefit from J.C. Penney's agreement to pay for shipping charges, Levolor was required to properly transmit to UPS its shipping manifests containing accurate package level detail information identifying J.C. Penney as responsible for payment of the shipping charges, among other required information. Because Levolor (a) modified the computer software, (b) shipped to unauthorized consignee billing addresses, (c) had incomplete information on the labels to consignee billing locations, and/or (d) committed other package level detail transmission errors, the necessary package level detail information required to bill J.C. Penney was not received by UPS, and thus, pursuant to the Consignee Billing Brochure, Service Guide, and UPS

Tariff, UPS was not authorized to bill J.C. Penney and Levolor is responsible for payment for the packages shipped.

35.

In an effort to resolve this dispute, UPS negotiated with J.C. Penney on Levolor's behalf, and J.C. Penney agreed to pay for the shipping charges, provided that Levolor extract from its computer back-up tapes the information that it had allegedly recorded on its manifests for the unreported packages that were to be paid by J.C. Penney. Levolor either could not or would not provide the requested information, and therefore, UPS could not bill J.C. Penney. Without providing that required information, Levolor is responsible for payment for packages it shipped. Levolor is required to prepare and retain a business record of tracking numbers and other information for each consignee billed package as one of the qualifying conditions for participating in the consignee billing program. See UPS Consignee Billing Brochure.

36.

UPS has never refused to provide detail in support of its bills and has shared with Levolor information necessary to explain the reconciliation performed by the finance department for the Levolor accounts. In short, documentation has been provided to Levolor on the following occasions to substantiate the shipping charges UPS seeks to collect from Levolor: November 1999, UPS met with representatives of Levolor regarding payment due and owing for packages delivered on Levolor's behalf; April 29,2000, UPS provided an itemization to Levolor of charges owed for packages delivered and the associated additional handling and residential delivery charges; September 25, 2000, I, along with another UPS representative, met with Levolor

representatives and provided them a CD-ROM of information regarding charges due and owing for shipping services and additional handling and residential charges; March 2001, several representatives of UPS met with representatives of Levolor and provided them with a CD-ROM and other data regarding the shipping charges sought to be collected; and May 2001, UPS forwarded additional data and information to representatives of Levolor regarding the shipping charges seek to collect from Levolor.

37.

Levolor has never disputed that UPS provided shipping services to Levolor. It is further undisputed that UPS has not received payment from any source for the shipping services provided to Levolor. Despite efforts to negotiate payment for the shipping services, Levolor did not pay approximately $1 million owed to UPS for services provided. In addition, during the parties' negotiations, Levolor informed UPS that, for future shipments, it would not pay for any consignee or third-party packages, even if Levolor failed to provide the information necessary for UPS to bill the consignee or third-party. Because Levolor owed UPS approximately $1 million pursuant to the UPS Tariff and Services Guides, but refused to pay any amount, UPS discontinued extending credit to Levolor on December 26, 2000. UPS never refused to provide shipping services to Levolor. Levolor was free to ship with UPS by paying the charges at the time of shipment, as would any UPS customer that did not have a customer account. UPS re-extended shipping credit to Levolor on March 26, 2001, and today, Levolor continues to tender packages to UPS for delivery.

FURTHER AFFIANT SAYETH NOT.

NEWELL

UPS GROUND INCENTIVE PROGRAM

CONTRACT CARRIER AGREEMENT

Newell (Customer) and United Parcel Service, Inc. (UPS) have entered into the following Agreement.

UPS is authorized to provide contract carrier service between all points in the 48 contiguous United States. Customer agrees that the terms of this Agreement include the understanding that this Agreement will meet the distinct needs of the Customer and that UPS will be the Customer's preferred carrier of choice. Accordingly;

1) This Agreement, which includes the terms and conditions contained in the UPS Tariff and UPS Ground Service Guide in effect at the time of shipping, applies to eligible packages tendered by the Customer at all shipping locations as listed on Attachments A, B, C and D (Shipping Locations), to destinations listed on the Ground ZIP Codes Served Chart in the UPS Ground Service Guide. Shipping Locations may be added or deleted from this Agreement only by mutual consent.

2) Customer agrees to provide UPS daily with the shipping record documentation as specified by UPS, including gross charges for ground packages shipped. If Customer cannot supply UPS weekly with the gross ground package charges, ground charges will be based on a calculation of total ground volume tendered (less service offerings subject to incentive, e.g. Hundredweight) multiplied by Customer's average ground package charge, as determined by UPS.

3) UPS will provide the following services to Customer during the life of this Agreement:

Assistance of:

- Dedicated National Accounts Manager
- Dedicated Customer Service telephone contact
- Dedicated UPS National Account Executive(s)
- Business activity reports
- Electronic Data Interchange capabilities

4) UPS reserves the right to charge the Customer a minimum of $50.00 per week in addition to any other charges due to UPS, if the Customer does not tender to UPS a minimum of fifty combined ground packages per week from all locations on Attachments A, B, C and D. This fee may not apply provided that the Customer notifies UPS of closings due to vacations, holidays, etc.

SA

5) UPS agrees to grant the Customer a thirty-six percent (36%) discount from the published UPS Ground Service Rate Chart in effect at the time of shipping for all shipping locations listed on Attachment A. Each subsidiary must meet the minimum stated weekly volume level in order to receive it's incentive. Each subsidiaries' incentive will be based solely on its volume level. This discount will apply to commercial ground volume less service offerings subject to incentive e.g. Hundredweight.

UPS agrees to grant the Customer a fifteen percent (15%) discount from the published UPS Ground Service Rate Chart in effect at the time of shipping for all shipping locations listed on Attachment B, based on the Customer shipping a minimum of 4,800 in combined volume per week. This discount will apply to commercial ground volume less service offerings subject to incentive e.g. Hundredweight.

UPS agrees to grant the Customer a twenty-eight percent (28%) discount from the published UPS Ground Service Rate Chart in effect at the time of shipping for all shipping locations listed on Attachment C, based on the Customer shipping a minimum of 23,500 in combined volume per week. This discount will apply to commercial ground volume less service offerings subject to incentive e.g. Hundredweight.

For all locations listed on Attachment D, Customer is not required to identify packages requiring additional handling, at the point of shipment. Forty percent (40%) of the total ground packages shipped will be assessed a $2.00 additional handling charge and added to the weekly bill as a miscellaneous charge.

The discount amounts above are contingent upon the number of packages tendered to UPS by the Customer and upon the Customer maintaining its current shipping characteristics under this Agreement. The discounts above will go into effect, for each subsidiary, upon the receipt of the attached signature page.

Volume minimums will be evaluated on a regular basis and may be adjusted due to acquisions or the sale of a business unit. Adjustments will be mutually agreed upon by both parties.

Customer further agrees that discounts do not apply to Additional Charges which are defined as those additional and accessorial charges set forth in the UPS Tariff, which are subject to change at any time.

6) The rates, terms and conditions of this Agreement do not apply to any shipper number used for drop shipping.

7) UPS and Customer agree that the rates, terms and conditions of this Agreement may not be extended or resold to any third party without prior written consent of UPS.

SA

8) UPS will calculate the discount for all locations once per week and will bill the Customer net after discount. The discount applied each week will be calculated using the average weekly ground volume from all previous weeks (up to 52 weeks) as they are accumulated.

9) Customer agrees to supply UPS with electronic package level detail in a form acceptable to UPS. Package level detail includes, but is not limited to, consignee's full name, complete delivery address, package weight and zone, for every package tendered to UPS. All shipping locations will be equipped with an automated UPS compatible shipping system within twelve(12) months of the signing of this Agreement.

10) In addition, should there be a substantial increase in the price of fuel UPS reserves the right to adjust the transportation charges contained in this Agreement, after the Agreement anniversary date based on the following guidelines:

A. A base index, derived from the weighted average of diesel (50%) and unleaded (50%) fuel costs experienced in the previous published twelve months prior to the contract start date, will be stated as an index of 100.
   - The price for diesel (#2 heating oil) and unleaded gasoline will be obtained from NYMEX settlement prices of the first month's futures contract as published in *The Wall Street Journal* daily and averaged for the month.

B. The fuel rate adjustment for the following year will be derived from the weighted average of the last twelve months of published information of the current year compared to the base index.

C. The rate adjustments will be as follows:
   - An index change up to and including 109 will yield no adjustment.
   - An index change greater than 109 and up to and including 129, will yield an upward adjustment of 1% in the rates contained in this Agreement.
   - Each 10 index point increase over 129, will yield an upward adjustment of 0.5% in the rates contained in this Agreement.

D. Fractions of a cent will be rounded up to the next full cent.

E. Any upward adjustment in rates will continue in effect until the subsequent Agreement anniversary date, or until an index change of 109 or lower, whichever occurs first. In the event of an index change to 109 or lower, any upward adjustment in rates under this section will be eliminated.

11) With the exception of UPS's right to assign some or all of this Agreement to its affiliates or subsidiaries, this Agreement and the Customer's rights and obligations hereunder are not assignable or transferable. Any attempted assignment or transfer hereof without the prior written consent of UPS shall be void and without force or effect.

12) This Agreement will remain in effect for a period of two years from the Effective Date below, unless terminated at any time by either party by written notice to the other at the address below given at least thirty (30) days prior to any termination date.

SA

14) Customer agrees to maintain the confidentiality of this Agreement, both its existence and the conditions, unless disclosure is required by law.

15) This Agreement shall be considered withdrawn if not signed by both parties on or before February 28, 1997.

UPS HUNDREDWEIGHT SERVICE®

The Economical Alternative to LTL and Air Freight Forwarding

UPS Hundredweight is the ideal alternative to traditional LTL service and air freight forwarders. It's available for multiple-piece ground shipments totaling 200 pounds or more, or air shipments totaling 100 pounds or more, sent to a single address on the same day. Rates, based on the total shipment weight, are up to 50 percent lower than published LTL rates.

- Available for Ground and 3 Day Select shipments of 200 pounds or more.
- Available for all domestic air shipments (except Next Day Air Early A.M.) of 100 pounds or more.
- Our billing system "shops" for the lowest applicable UPS rate, automatically giving you Hundredweight savings if your shipment qualifies.
- Optional Saturday Delivery of Hundredweight Next Day Air shipments is available at no additional charge.
- Hundredweight shipments picked up along with your other UPS shipments – no special preparation required.
- No hidden charges for upper floor or basement deliveries, inside delivery, or up to three delivery attempts.
- Delivery times, service guarantees, and points served are the same as those for single-package shipments.

For guarantee details, service and delivery time commitments, call us at 1-800-PICK-UPS (1-800-742-5877) or see the *UPS Guaranteed Delivery Schedule.*

Additional Services

UPS offers a full range of services to help you conduct your business in ways that work best for you. These flexible options from UPS enable you to tailor-make our services to meet your complete range of shipping needs. From C.O.D. to Saturday pickup and delivery, we're ready for any contingency.

SATURDAY OPTIONS

Saturday Delivery

Stretch your business week with optional Saturday delivery to speed your time-critical shipments door to door.

- Next Day Air Early A.M. delivery on Saturday is guaranteed by 9:00 or 9:30 a.m. depending on destination.
- Next Day Air delivery on Saturday is guaranteed by noon or 1:30 p.m. depending on destination. (This service is also available for Hundredweight Next Day Air shipments at no additional charge.)
- Express shipments to Canada are delivered on Saturday in major metropolitan areas (call 1-800-782-7892 for details).
- Call us at 1-800-PICK-UPS (1-800-742-5877), or refer to the *UPS Guaranteed Delivery Schedule* for territories served and delivery time commitments.

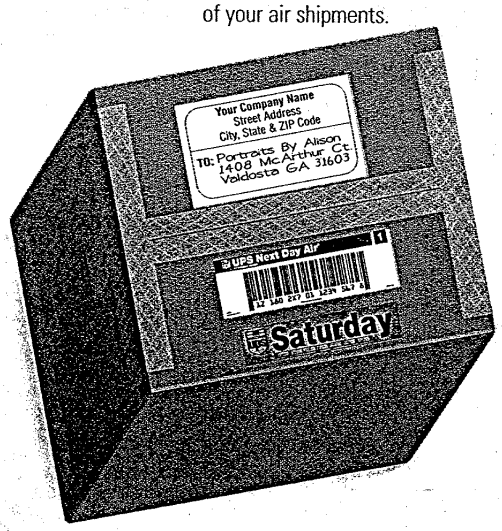

An additional charge, as stated on the current rate chart, is assessed for each package or letter received for Saturday delivery.

Saturday Pickup

We offer Saturday pickup of all domestic overnight and two-day air service packages from most locations in the United States. These shipments receive the same delivery time commitments as shipments picked up on Friday.

An additional charge, as stated on the current rate chart, is assessed for each package, letter, or Hundredweight shipment picked up on Saturday.

- Call us at 1-800-PICK-UPS (1-800-742-5877) for availability of optional Saturday pickup of your air shipments.

For Saturday delivery, each Next Day Air Early A.M. and Next Day Air letter or package must bear a Saturday Delivery routing label.

C.O.D. SERVICE

UPS accepts C.O.D. (Collect On Delivery) shipments for delivery throughout the United States and Puerto Rico. Whether you require cash collections or accept your customers' checks, UPS C.O.D. service is available on an individual package basis. Collection is remitted to you promptly, keeping your cash flow moving and your bottom line steady.

To Prepare a C.O.D. Shipment:

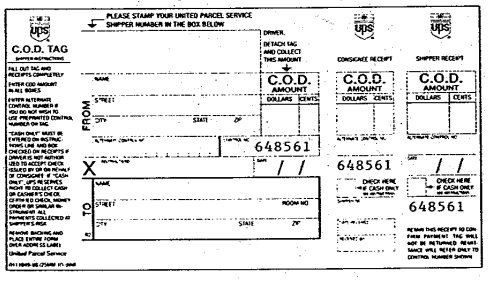

1. Type or print an address label and attach it to the top of your package.
2. Complete a UPS C.O.D. Tag and specify the exact amount due. Indicate "Cash Only" on the C.O.D. Tag, if applicable.
3. Attach the C.O.D. Tag to the package, covering the address label. Be sure to retain the "Shipper Receipt" portion for your records.
4. Indicate the package is a C.O.D. shipment, and record the C.O.D. amount in the appropriate field of the shipping system you use.

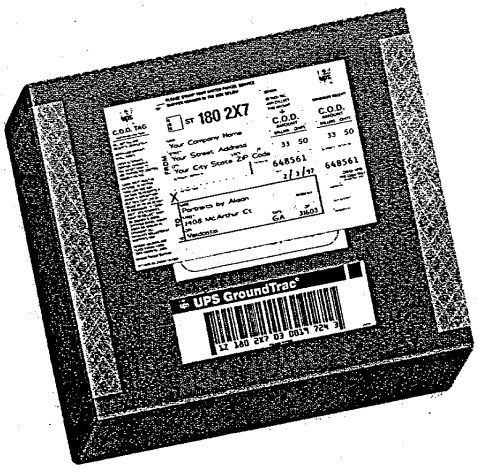

An additional charge, as stated on the current rate chart, is assessed for each C.O.D. Tag.

C.O.D.s are accepted for amounts up to $50,000 per package; however, UPS does not accept currency in amounts greater than $1,000 per C.O.D. package.

C.O.D. is not available internationally.

Note: UPS limits the amount of currency that can be collected on a single day (see the "Service Explanations" section, beginning on page 70).

DECLARED VALUE

Every package is automatically protected against loss or damage up to $100. You can obtain additional coverage up to $50,000 per package (provided by a third-party insurance company). To insure a package having a value greater than $100, show the full value in the Declared Value field as appropriate for your UPS shipping system.

See the current rate chart for Declared Value charges.

Note: International air shipments may be governed by the Warsaw Convention, including its liability limitations.

DELIVERY CONFIRMATION SERVICE

UPS Delivery Confirmation provides automatic proof of delivery for any package you designate.

Responses are printed and sent to you automatically after delivery is completed. Responses are also available in electronic formats, either on magnetic tape or EDI (contact your UPS Account Executive for details).

Our sophisticated, automated tracking system eliminates the need for a separate Delivery Confirmation label.

To Request Delivery Confirmation:

Apply a tracking label to your package for the level of service you choose and indicate Delivery Confirmation in the appropriate field of your UPS shipping system. Proof of delivery will be on its way.

You may also require the recipient's signature to be included on the response for any domestic shipment. Be sure to apply a "Signature Required" sticker on the package and indicate this in your UPS shipping system.

An additional charge, as stated on the current rate chart, is assessed for each Delivery Confirmation request.

CALL TAG SERVICE

UPS Call Tag service provides pickup and prompt return of a package previously delivered by UPS within the 48 contiguous states. When you issue a UPS Call Tag, the details are key-entered by UPS and are transmitted to the destination, where a special shipping label is printed. The package is picked up at your customer's location and returned to you via UPS Ground Service.

You may transmit your Call Tags electronically. Call 1-800-PICK-UPS (1-800-742-5877) for details.

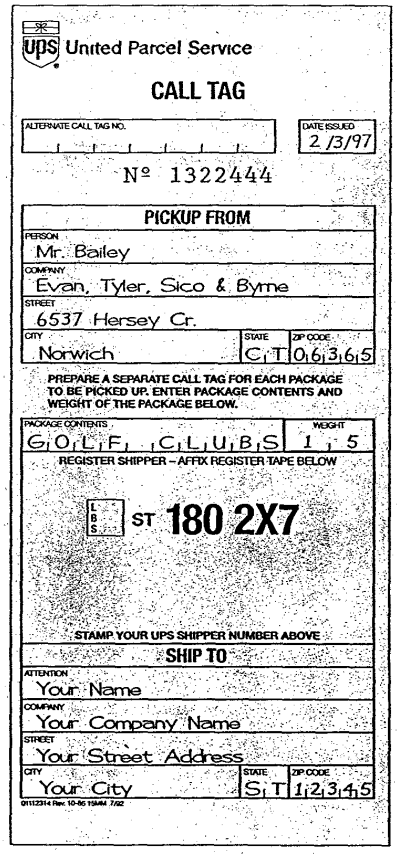

An additional charge, as stated on the current rate chart, is assessed for each Call Tag.

Note: Call Tag service cannot be used to pick up hazardous materials/dangerous goods, including all "Other Regulated Materials" (ORM).

To Issue a UPS Call Tag:

UPS OnLine™ systems automatically transmit Call Tag information; there is no need to fill out a form. For all other systems:

1. Fill out the UPS Call Tag as illustrated in the example at right.
2. Record the Call Tag in your UPS shipping system as you would record a package being shipped. Enter the name and address of where the package will be picked up (Pickup From); select Ground as the service level; and enter the weight of the package to be picked up. Indicate oversize if applicable.
3. Complete a separate Call Tag for each package to be picked up.
4. Give the Call Tag to your UPS driver, along with any other packages being shipped.

HOLD FOR PICKUP

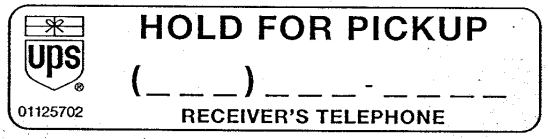

UPS offers a Hold for Pickup service free of charge. UPS delivers the package to the UPS facility you select and calls the consignee by telephone for pickup.

Packages usually are available by 8:30 a.m. on the scheduled day of delivery. When picking up the package, the consignee is required to present a driver's license or other photo identification. Packages not picked up within five business days from the date of arrival will be returned to you.

To Request "Hold for Pickup":

For each package, complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the UPS facility. In addition, apply a UPS Hold for Pickup label below the address label on the package.

Hold for Pickup service is not available for Saturday delivery shipments. Call 1-800-PICK-UPS (1-800-742-5877) to determine the most convenient UPS Hold for Pickup location.

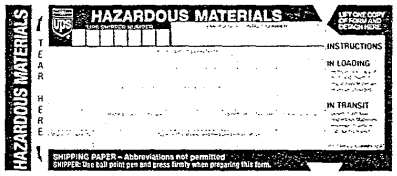

HAZARDOUS MATERIALS SERVICE

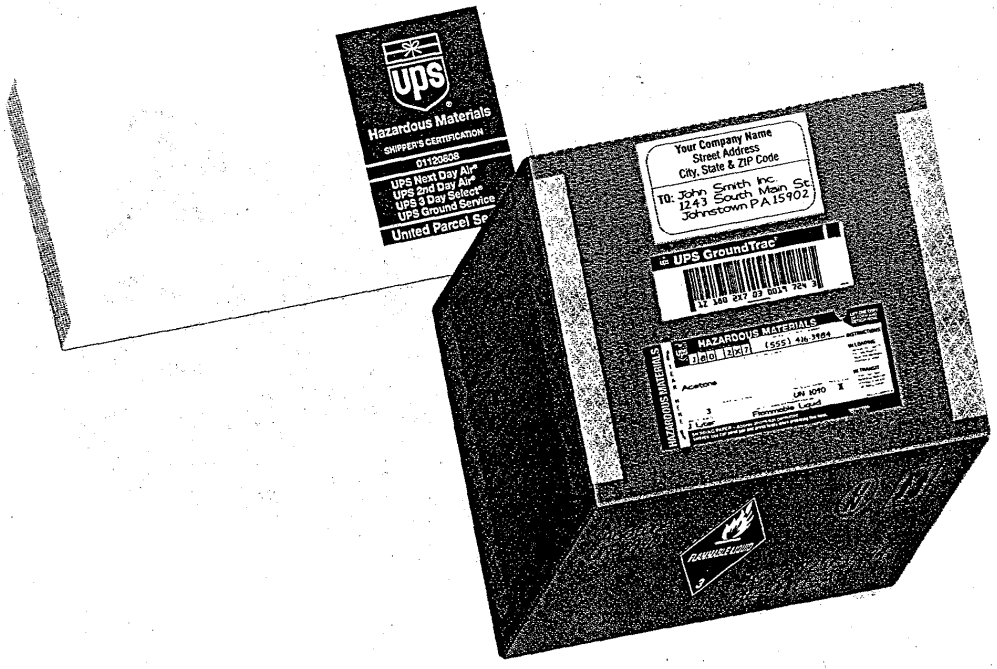

UPS accepts hazardous materials in all UPS services for shipment to U.S. destinations. It is the shipper's responsibility to determine if a package contains a hazardous material and to properly classify, label, mark, and package it in accordance with government regulations.

Refer to the *UPS Guide for Shipping Ground and Air Hazardous Materials* to determine the acceptability of the material; required packaging; further restrictions on the 70-pound maximum weight limit; and proper completion of the UPS Hazardous Materials Shipping Paper and the UPS Shipper's Certification for Hazardous Materials.

For each hazardous materials package[1] requiring shipping papers under Title 49 of the Code of Federal Regulations (49 C.F.R.) Section 172.200, an additional charge, as stated on the current rate chart, will be assessed. Contact your UPS Account Executive for additional information.

[1]Hazardous materials packages requiring shipping papers as described under Title 49 C.F.R. Section 172.200 are not accepted in Hundredweight Service.

BILLING OPTIONS

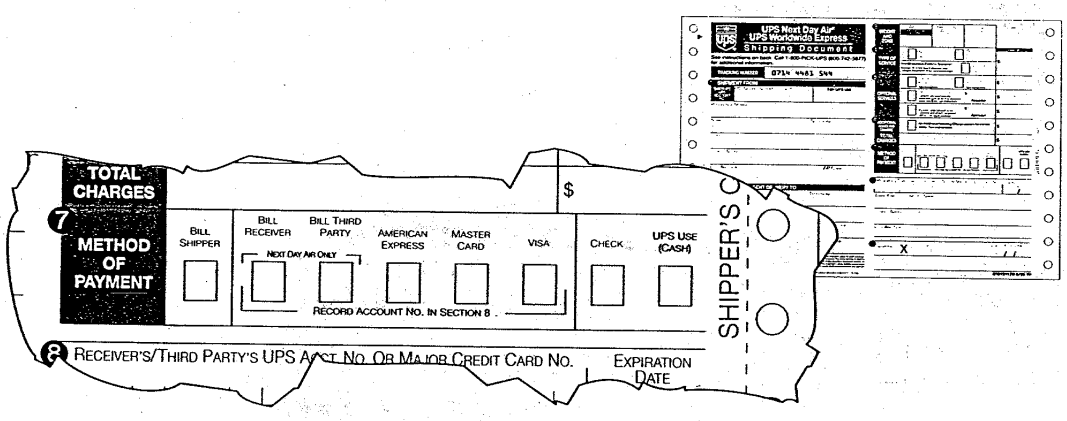

UPS billing options give you the flexibility to choose your preferred payment method or indicate the method of payment your customers demand.

Whichever option you select, you can be assured of the accurate billing and quality service you expect from UPS.

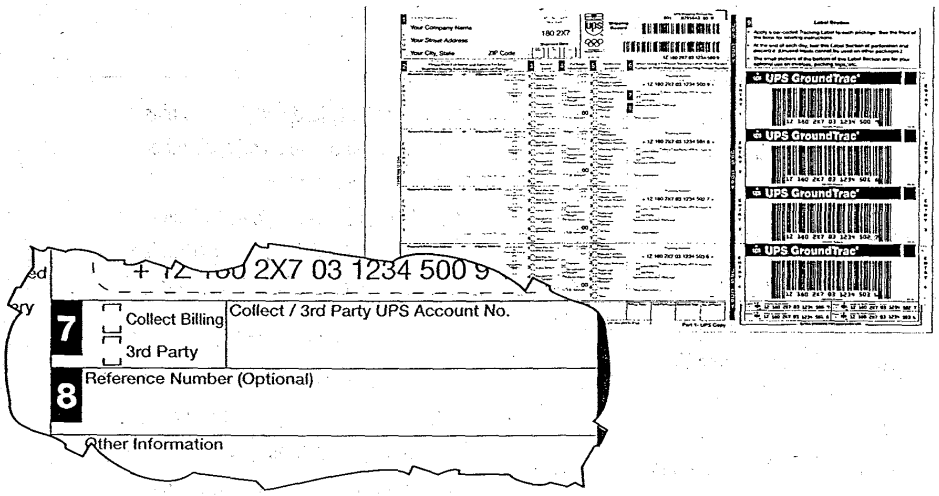

Domestic

- Bill Shipper (Prepaid) – UPS bills shipping charges to the shipper.
- Bill Receiver (Collect Billing) – UPS bills shipping charges to the receiver.
- Bill Third Party (3rd Party) – UPS bills shipping charges to a company other than the shipper or receiver.
- Bill Credit Card – UPS bills shipping charges to a major credit card (available when using an Air Shipping Document).

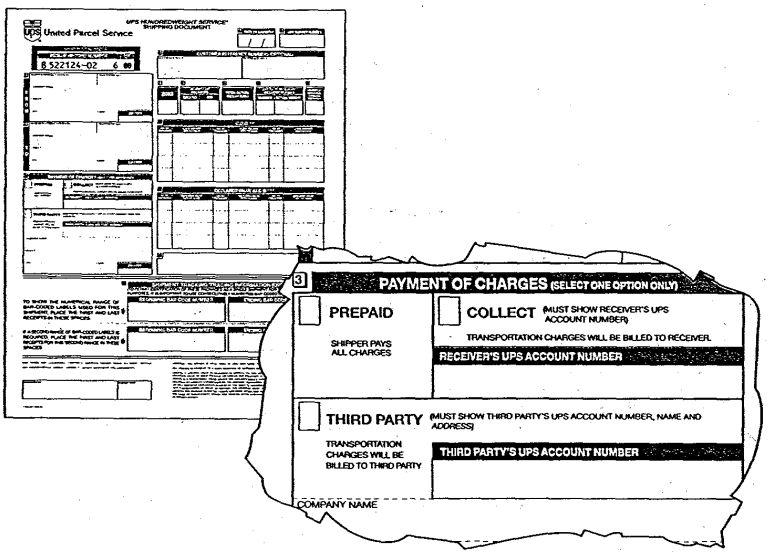

UPS accepts shipments for Collect and 3rd Party billing as long as the receiver or third party has a valid UPS account number and has agreed to accept the charges. Unless otherwise specified at the time of shipping, shipping charges are billed to the shipper.

BILLING OPTIONS (CONTINUED)

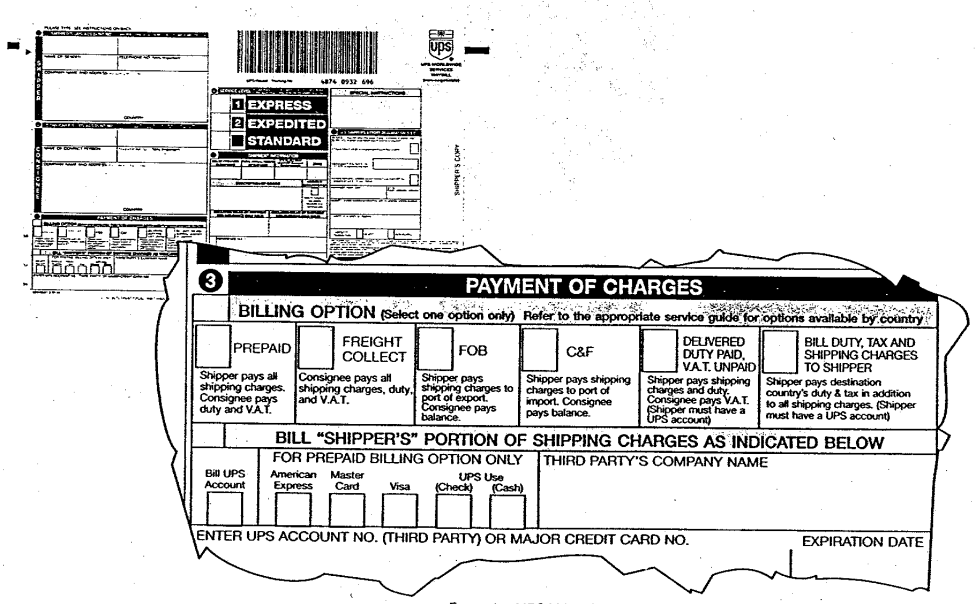

International

For international billing options other than Prepaid, a UPS Waybill is required. UPS offers a choice of up to six billing options depending on the destination country. Call our International Customer Service Center at 1-800-782-7892 for options available by country.

- Prepaid – Shipper pays all shipping charges; consignee or importer pays duty and V.A.T.
- Freight Collect – Consignee or importer pays all shipping charges, duty, and V.A.T.
- FOB – Shipper pays shipping charges to port of export; consignee pays balance.
- C&F – Shipper pays shipping charges to port of import; consignee pays balance.
- Delivered Duty Paid, V.A.T. Unpaid – Shipper pays shipping charges and duty; consignee pays V.A.T.
- Bill Duty, Tax, and Shipping Charges to Shipper – Shipper pays destination country's duty and tax as well as all shipping charges.

Third Party Billing is available for the shipper's portion of the shipping charges. The third party must be located in the United States and have a valid UPS account.

Unless otherwise marked on the UPS Waybill, shipping charges are billed to the shipper's UPS account number and the consignee or importer pays duty and V.A.T.

ADDITIONAL HANDLING SERVICE

Certain shipments require additional handling in the UPS system due to their size or the packaging of the products.

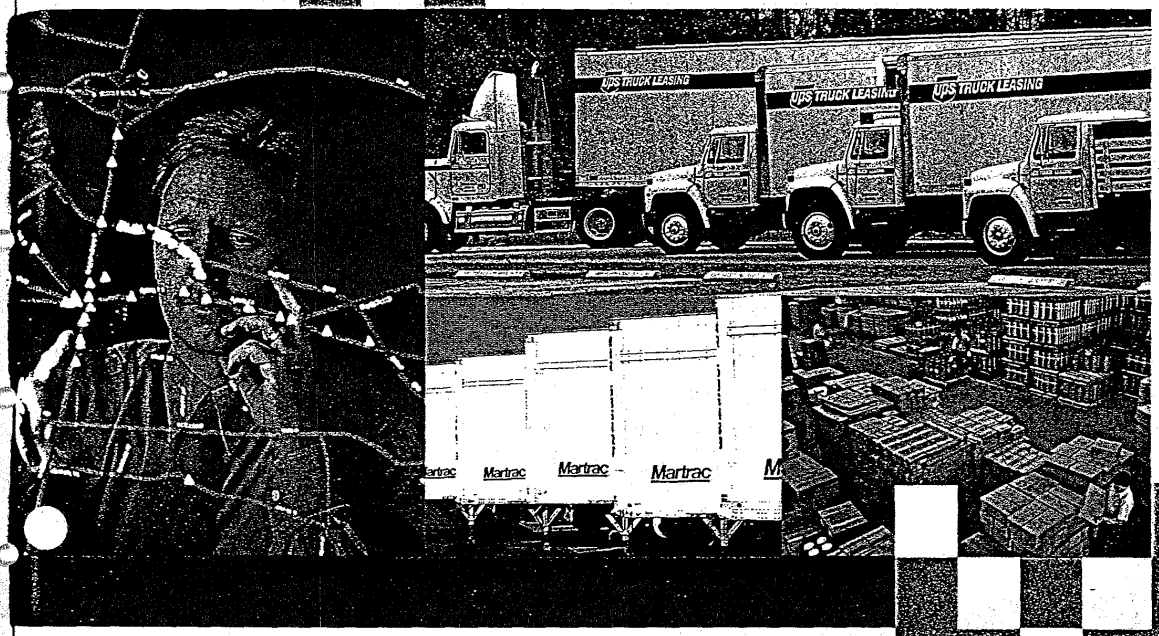

For the articles defined at right, an Additional Handling charge, as stated on the current rate chart, applies.

Indicate Additional Handling service in the appropriate field of your shipping system.

- Any article not fully encased in an outside shipping container.
- Any article encased in an outside shipping container made of metal or wood.
- Cans or pails not fully encased in a shipping container made of corrugated cardboard.
- Any package that exceeds 60 inches in length.

Customized Solutions

When your business needs require global logistics expertise, look to the UPS Logistics Group. A wholly owned subsidiary of United Parcel Service of America, they analyze customers' logistics processes and reengineer them to help create a strategic advantage.

The UPS Logistics Group leverages the relationships and resources of UPS and combines them with additional capabilities in inbound, outbound, post-sales, and international supply chain management.

UPS LOGISTICS GROUP

UPS Worldwide Logistics

UPS Worldwide Logistics is a third-party provider of supply chain management solutions across a number of industries, including high-tech, telecommunications, apparel, and electronics. The company's inbound, outbound, and international logistics services include global distribution, warehousing, transportation management, value-added services, customer service, and reverse logistics. Customers benefit from our proven track record of logistics consultancy and design, state-of-the-art technology, diverse management experience, leverage-able infrastructure, financial strength, and valuable long-term business alliances.

Our Technology and Logistics Center in Louisville offers state-of-the-art capabilities in rapid repair, critical parts distribution, and technical diagnostics. The center is strategically located near UPS's primary air hub for single-site repair, just-in-time final assembly, overnight processing, and rapid-response transportation for manufacturers and distributors of high-value products.

SonicAir

SonicAir is an integrated logistics services company, focusing on the post-sales and just-in-time logistics market. Its services include same-day delivery, SmartCourier repair, warehousing and field stocking, spare parts returns management and logistics planning. Its services are available in over 130 locations worldwide.

UPS Truck Leasing

UPS Truck Leasing helps companies reduce their overall transportation costs by providing trucks for lease or rent. Its services include maintenance programs for customers' dedicated fleets, and rental trucks for start-up operations or peak season needs.

Worldwide Dedicated Services

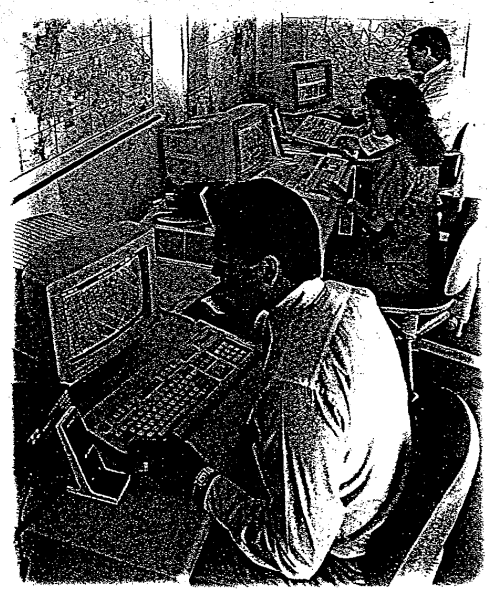

Worldwide Dedicated Services provides dedicated transportation solutions, enabling companies to use their resources more efficiently; gain transportation flexibility; eliminate insurance, labor, and liability issues; and reduce overall distribution costs. These solutions often involve providing complete packages that include equipment, fuel, maintenance systems, skilled drivers, and an experienced management team.

Martrac

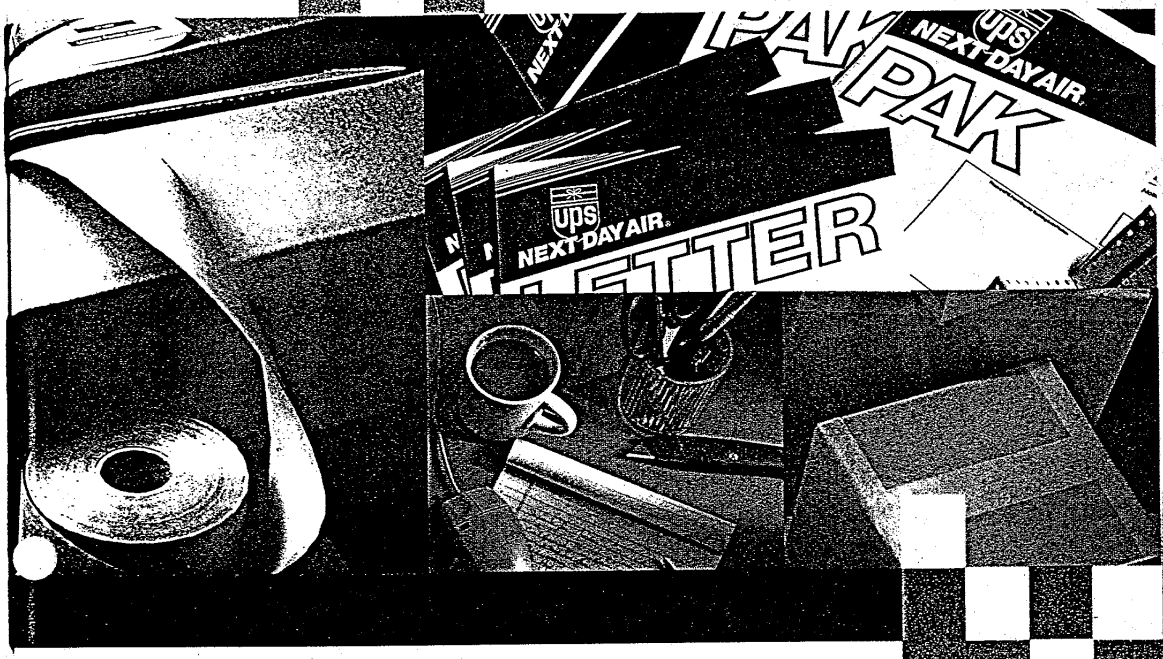

Martrac provides truckload (TL) and less-than-truckload (LTL) movements of all commodities, in addition to general transportation and warehousing brokerage services. It also operates the nation's largest trailer on flat car (TOFC) fleet of temperature-controlled trailers and has the ability to orchestrate distribution solutions for businesses throughout the United States.

Roadnet Technologies

Roadnet Technologies is a leading supplier of transportation systems and services to the distribution industry. It provides systems such as *Roadnet 5000* and *Territory Planner* that focus on vehicle routing and scheduling, enabling companies to develop stronger customer relationships, enhance operational efficiency, and increase profitability.

Package Preparation

UPS, a leader in package delivery worldwide, has developed well-researched guidelines to make sure your shipments arrive safely and on time.

SIZE AND WEIGHT LIMITS

Maximum Package Limitations

These weight and size limits apply to most packages[1] you send by UPS air and ground services.

- Up to 150 pounds.
- Up to 130 inches in length and girth combined.
- Up to 108 inches in length.

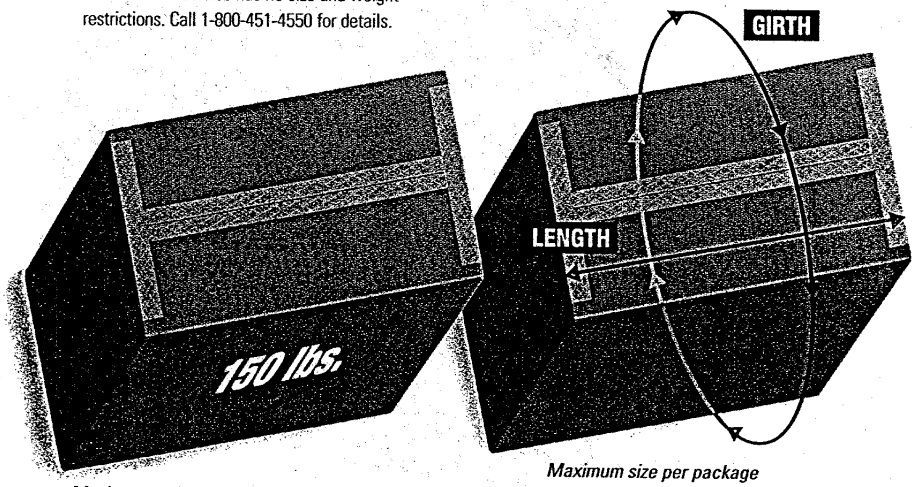

For international shipments, the maximum weight of a package may vary by destination. Contact the UPS International Customer Service Center at 1-800-782-7892 for details.

The maximum weight for a hazardous material package is 70 pounds unless further restricted in the *UPS Guide for Shipping Ground and Air Hazardous Materials.*

How to Measure

- Length is the longest side of a package or object.
- Girth is the distance all the way around the package or object at its widest point perpendicular to the length.

[1]UPS SonicAir Service has no size and weight restrictions. Call 1-800-451-4550 for details.

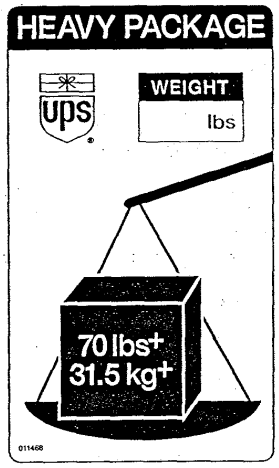

Maximum weight per package
- 150 pounds

Maximum size per package
- 130 inches in length and girth combined
- 108 inches in length

PACKAGES OVER 70 POUNDS

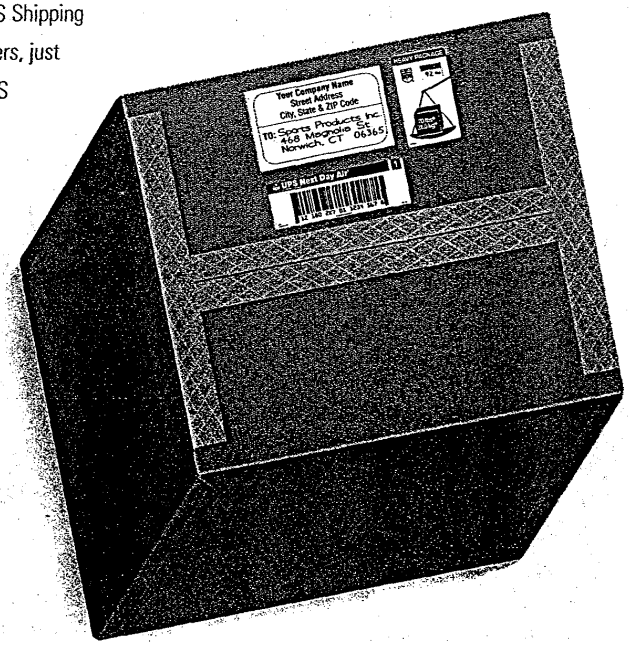

A *Heavy Package* sticker is required whenever you ship packages weighing 70 pounds or more.

Using these highly visible *Heavy Package* stickers enables UPS to give your heavy packages the special attention and handling they deserve. They alert our employees as well as your customers that special care should be taken to handle them safely.

Apply the bright yellow UPS *Heavy Package* sticker to the right of the address label for maximum visibility. Also note that the sticker features a white box in which to write the package weight.

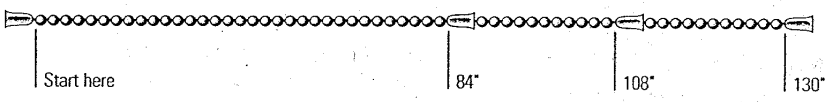

A small supply of *Heavy Package* stickers is provided at the back of the UPS Shipping Record book. For additional stickers, just call us toll-free at 1-800-PICK-UPS (1-800-742-5877).

OVERSIZE PACKAGES

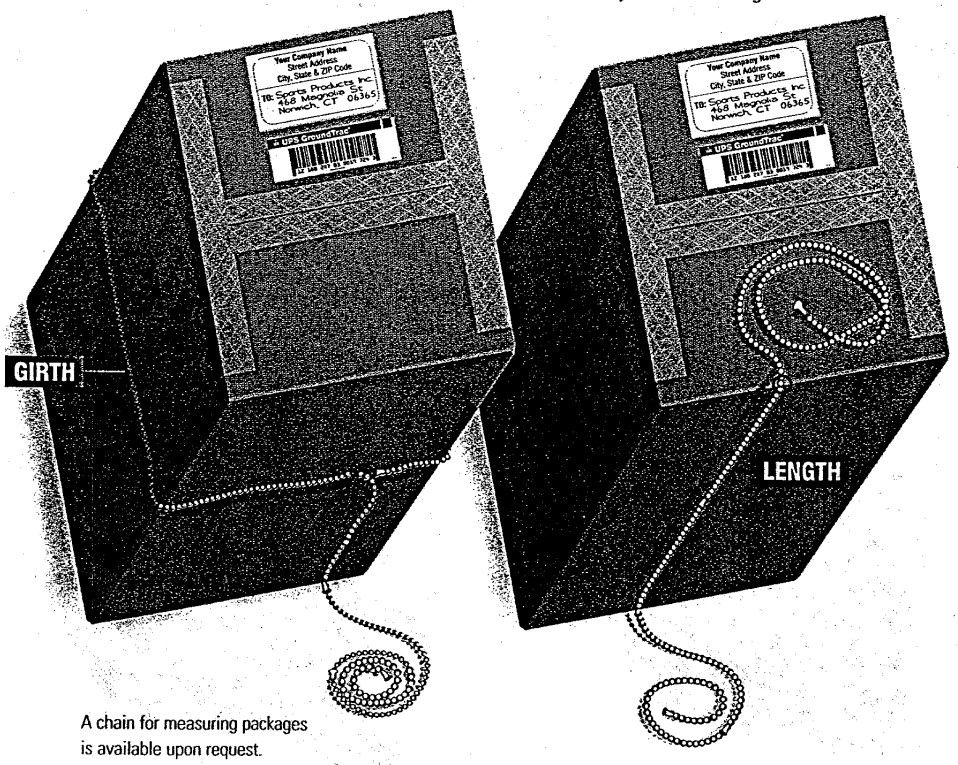

For UPS Ground Service and UPS Standard Service to Canada, a package is considered "Oversize" if it measures more than 84 inches in length and girth combined but weighs less than 30 pounds. The charge for an "Oversize" package is equal to the charge for a package weighing 30 pounds.

When "Oversize" applies, record the actual weight and indicate "Oversize" in the appropriate field on your shipping system.

Step 1: Measure Girth

Step 2: Measure Length

A chain for measuring packages is available upon request.

DIMENSIONAL WEIGHT

Dimensional weight is a standard formula used throughout the air freight industry that considers density when determining charges. UPS uses two separate dimensional weight calculations for domestic and international shipments. (For UPS Ground Service and UPS Standard Service to Canada shipments, use the Oversize calculations described on the previous page.)

Domestic Shipments

Charges for all air services and 3 Day Select are based on the dimensional weight when the package size exceeds one cubic foot (1,728 cubic inches) and the dimensional weight is greater than the actual weight.

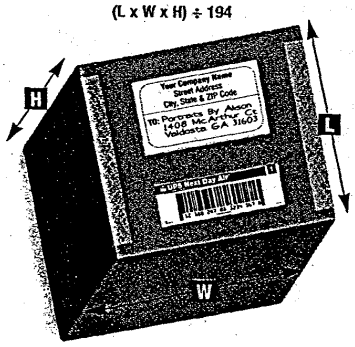

- Calculate the cubic size of the package by multiplying the length (L inches) by the width (W inches) by the height (H inches), each rounded to the nearest whole inch.
- Determine the dimensional weight in pounds by dividing the cubic size of the package by 194 (dimensional weight = L x W x H / 194). Increase fractions of a pound to the next full pound.

International Shipments

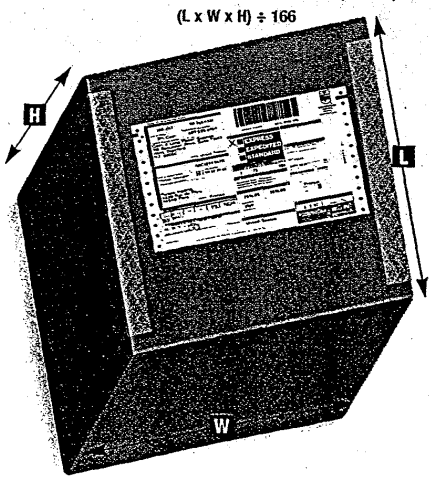

UPS Worldwide Express and UPS Worldwide Expedited international shipments use a slightly different formula to determine dimensional weight:

- Calculate the cubic size of each package by multiplying the length (L inches) by the width (W inches) by the height (H inches), each rounded to the nearest whole inch. For multiple-package shipments, add together the calculations for all packages. The total is the cubic size of the shipment.
- Determine the dimensional weight in pounds by dividing the cubic size of the shipment by 166 (dimensional weight = L x W x H / 166). Increase fractions of a pound to the next full pound.

All domestic air services and 3 Day Select
(L x W x H) ÷ 194

International services
(Worldwide Express and Worldwide Expedited)
(L x W x H) ÷ 166

GUIDELINES FOR GOOD PACKAGING

Checklist

☑ Rigid carton with flaps intact
☑ Items wrapped separately
☑ Adequate cushioning material
☑ Strong tape designed for shipping
☑ No string or paper overwrap
☑ Single address label
☑ A clear, complete delivery address
☑ A clear, complete return address
☑ Duplicate label inside carton

Step-by-Step Procedures

1. Use a corrugated box.

For best results, use a new box large enough to allow room for adequate cushioning material on all sides of the contents. If the box has already been used, remove old labels or other shipment markings from the box. Never exceed the maximum gross weight for the box, which is usually printed on the bottom flap.

2. Provide internal protection.

To properly cushion the contents of your package, wrap each item separately. Fragile articles need to be protected from each other and separated from the corners and sides of the box to prevent damage.

Various materials can be used for cushioning and protection, including:

- Air-encapsulated plastic (bubble pack).
- Expanded polystyrene "peanuts" (may not be suitable for heavy products that can shift while in transport).
- Foam-in-place (a foam sprayed into boxes to form a protective mold around contents).
- Corrugated dividers.
- Paper (crumpled kraft paper or newspaper).

Use enough cushioning material to ensure that the contents won't move easily when you shake the box.

Note: Fragile objects require special packaging for safe shipment.

3. Close it securely.

Proper closure is just as important as adequate cushioning. For best results, use one of these types of tape:

- Pressure-sensitive plastic or nylon-reinforced tape.
- Water-activated paper tape. Use 60-pound grade tape at least three inches wide. Apply three strips to both the top and bottom of the box (see illustration at right).
- Water-activated reinforced tape. Similar to plain paper tape, except that reinforcing fibers have been added for strength. This tape requires only two center seam strips, in contrast to the six strips necessary for paper tape.
- Do not use masking tape, cellophane tape, string, or paper overwrap.

4. Use proper labeling.

For fast and efficient delivery, keep these points in mind when addressing your package:

- Always include the receiver's ZIP Code with the complete street address. For international shipments, include a contact name, telephone number, and postal code.
- When addressing to a P.O. Box or Rural Route destination, provide the recipient's telephone number on the label whenever possible.
- Include the apartment or unit number, if applicable.
- Place the delivery label on the top of the box. To avoid confusion, place only one address label on the box. If using a packing slip, place it on the same surface of the box as the address label.
- Do not place the label over a seam or closure or on top of sealing tape.
- Remove or cross out old address labels or markings on a used box.
- Always include your complete return address, including full street address and ZIP Code. For international shipments, include contact name and phone number.
- For added protection, place a duplicate label or other form of identification inside the package.

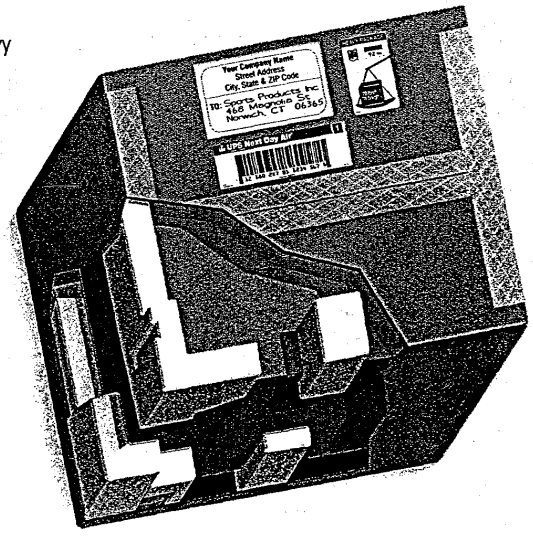

HEAVYWEIGHT PACKAGING

Heavy Packages Call for Heavy-Grade Packaging

For packages weighing over 70 pounds, it's important to evaluate your packaging materials to ensure they're adequate for heavier package contents.

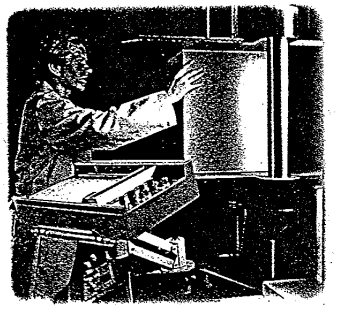

- Boxes need to be of stronger construction, preferably with seams that are stitched or stapled, not glued. Check the box maker's certification for maximum weight. The higher the weight certification, the better your box will protect its contents from impact in sorting and over-the-road vibration.
- Use new boxes whose strength has not been compromised by humidity or prior-use wear and tear.
- Seal with heavy-duty tape, preferably reinforced.
- Dense cushioning material is a must. Expanded polystyrene ("peanuts") and crumpled paper are not acceptable because they crush and shift under heavy loads. Customized corrugated or molded foam "framing" is more suitable and reinforces the rigidity of the outer box.
- Do not band packages together unless each individual package is in a box designed to support the total "package" weight. Example: If two 40-pound boxes are combined into an 80-pound unit, both components should be in boxes with at least 80-pound weight capacity. That's because on end, all 80 pounds will be pressing on the bottom layer of the corrugated box.
- If you do band packages, use a minimum of two bands in each direction and label the individual boxes. Only same-sized boxes may be banded together.

For information on sources of heavyweight packaging materials, contact the Association of Independent Corrugated Converters at 703-836-2422. Or call the Fibre Box Association's technical services manager at 708-364-9638.

UPS PACKAGE LABS

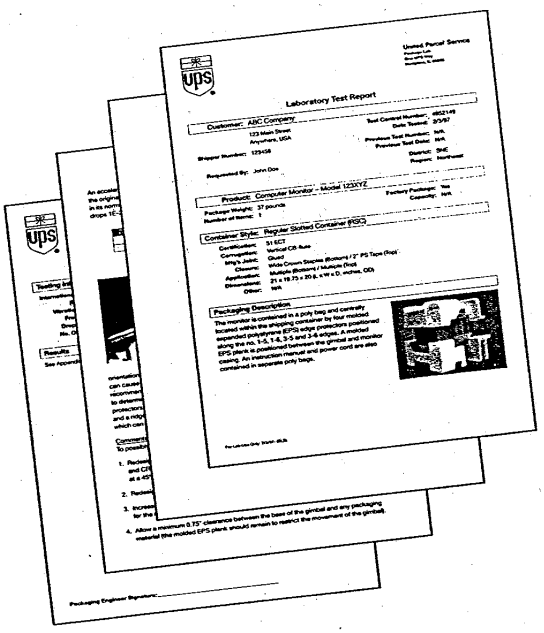

When packaging fails, the cost can be high. Product replacement may be a simple matter, but customer satisfaction is usually harder to restore.

Quality packaging is an essential link in the product delivery chain. We are committed to ensuring the safe delivery of every package you ship. Our package labs in the U.S. and Canada help you find the most effective and cost-efficient packaging for products.

As a UPS customer, your packaged product can be evaluated free of charge. Our packaging engineers evaluate your current or proposed package, conduct a variety of industry-accepted tests, and prepare a written report that recommends any necessary modifications to improve performance, economy, and efficient use of materials. To take advantage of this offer, contact your UPS Account Executive.

We also monitor the latest developments in package testing research worldwide. Whether your packages move around the block or around the world, UPS will work with you to put your product in a suitable package to get your shipment safely to your customer.

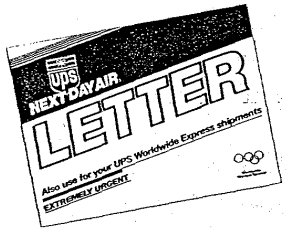

PACKAGING FOR YOUR UPS SHIPMENTS

It's easy to prepare your UPS packages for shipment. You can use your own packaging, or containers provided by UPS. We furnish a range of containers free of charge. All our corrugated containers are made from recyclable materials.

UPS Next Day Air Letter

Appropriate for letters, business correspondence, and urgent documents, UPS Next Day Air Letter containers offer a special low rate with no limit on weight or number of pages.

Note: When used for international shipments, the UPS Letter container may contain only documents or diskettes of no commercial value.

SPECIAL NEEDS

Irregularly Shaped Items and Bare Metals

Completely tape down the address label. Do not use "flying tags." Blunt all sharp or protruding edges with taped-on corrugated pieces. Protect the surface of the item as needed.

Tires

Apply a wide band of pressure-sensitive tape through the center and completely around the body of the tire so the tape is attached to itself. Attach your completed address label to the tape band where it covers the tread. Cover the label with clear tape.

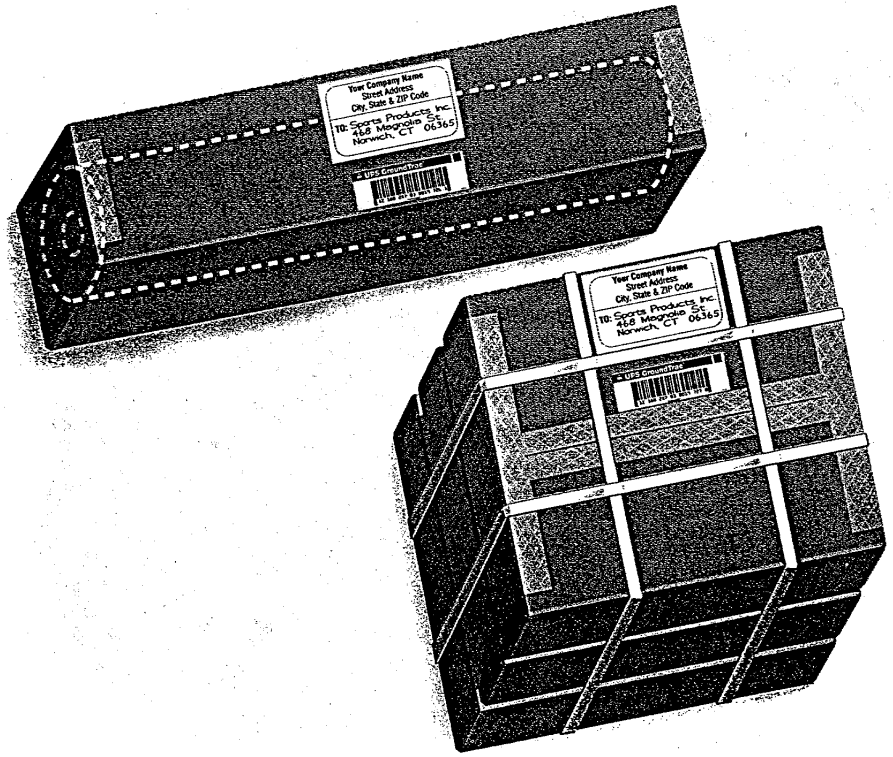

Fabric and Wallpaper

Rolled goods travel best when shipped in corrugated boxes. If a fabric roll is shipped in a poly bag, make sure the bag is tightly wrapped and taped against the roll to reduce the risk of tearing. Place duplicate labels inside cores or between top layers of material.

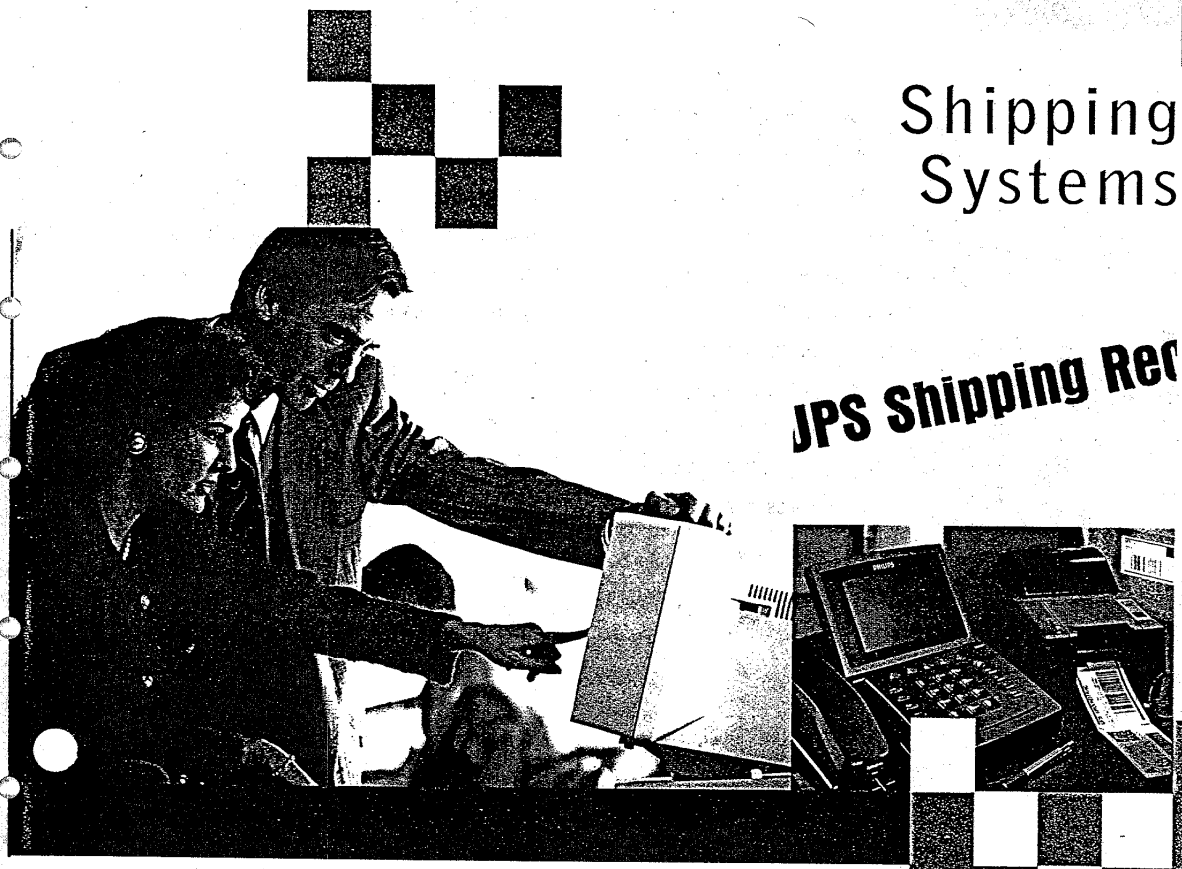

Bundled or Strapped Boxes

Only same-sized boxes may be strapped together. Use a minimum of four crisscrossed bands, two in each direction. Put address information on every box. When strapping packages, each box must be strong enough to hold the total weight of the strapped bundle.

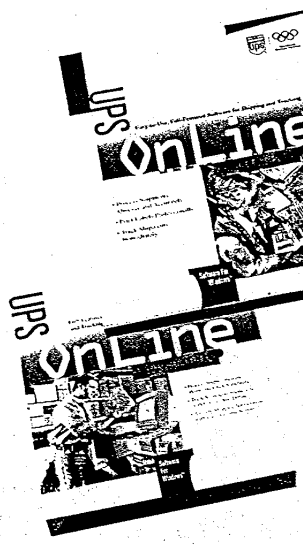

Shipping Systems

JPS Shipping Rec

UPS gives you maximum flexibility in preparing the documentation needed to ship and track your packages. To meet the demands of the information age, UPS OnLine™ Solutions let you prepare your records electronically and communicate them directly to the UPS Data Center. The following pages discuss the advantages of four UPS OnLine™ Solutions, along with other recording methods supported by UPS. Choose the solution that best matches your business systems and shipping operations.

UPS ONLINE™ SOLUTIONS

UPS provides a full range of information technology resources to meet your need for up-to-the-minute shipping information. With our family of electronic shipping and tracking solutions, you realize benefits from UPS OnLine™ immediately – in your shipping operation and throughout key business areas.

- Automate shipment processing to improve distribution.
- Obtain up-to-the-minute electronic shipping and tracking information.
- Manage delivery schedules and transportation budgets.
- Provide timely and informed customer support.

Whether you ship a handful of packages or thousands, one of our UPS OnLine™ Solutions is right for your business.

Ship Notification is one of the new information-based services supported by OnLine solutions. This convenient, time-saving option automatically informs a shipper's customers when a shipment is scheduled for delivery. It allows the shipper of international and domestic packages to transmit package information and scheduled delivery dates to a consignee and/or a third party. The *Ship Notification* is sent by 7:30 a.m. the day after the package or shipment is picked up. An additional charge, as stated on the current rate chart, is assessed for each request.

UPS OnLine™ Office

This easy-to-use, full-featured software helps you streamline your shipping activities and manage your business more effectively. You can easily process shipments, print address labels and pickup records, and track your shipments from your desktop computer. UPS OnLine™ Office gives you immediate access to shipping details and tracking information, enabling quick responses to customers and business associates. And you can use this Windows®-based program to send your packages anywhere in the U.S. by air or ground.

- Quickly access the addresses you use most often.
- Check rates with the built-in rate calculator.

- Produce professional labels.
- Receive up-to-the-minute electronic tracking at the touch of a button, 24 hours a day, 7 days a week.
- Track packages by date, name, or your own reference number.
- Keep track of your shipping activities with a standard Daily Summary Report.

UPS ONLINE™ SOLUTIONS (CONTINUED)

UPS OnLine™ Tracking Software

UPS OnLine™ Tracking Software provides an easy way to track all your international and domestic shipments – right from your desktop computer. This Windows®-based software is more powerful and user-friendly than ever, and it delivers instant access to up-to-the-minute information on your UPS shipments.

- View and print proof of delivery info, including the receiver's signature.
- Track packages worldwide using the UPS tracking number or your own reference number (P.O., invoice, etc.).
- Track an entire shipment with just one number.
- Import tracking numbers directly from other applications to track packages.

You can download UPS OnLine™ Tracking Software directly from our Web site – http://www.ups.com, or call 1-800-727-8100 for a free copy.

UPS OnLine™ Host Access

Powerful, flexible software from UPS resides on your host computer system, linking your people directly to the information they need. Employees throughout your organization can directly access online shipping and tracking information and UPS services from their computers, speeding response times and enhancing customer service.

- Tracking capabilities.
- Enhanced delivery information.
- Time-in-transit information.
- Electronic manifesting, call tags and proof of delivery.

Contact your UPS Account Executive for more information. Also ask about UPS OnLine™ EDI services, providing a direct electronic link to UPS with sophisticated information management capabilities.

UPS OnLine™ Delivery Link

Easy-to-install Delivery Link software and hardware allows your UPS driver to transfer complete delivery information to your PC. It's the fast, easy way to get detailed electronic information on inbound deliveries, helping you to:

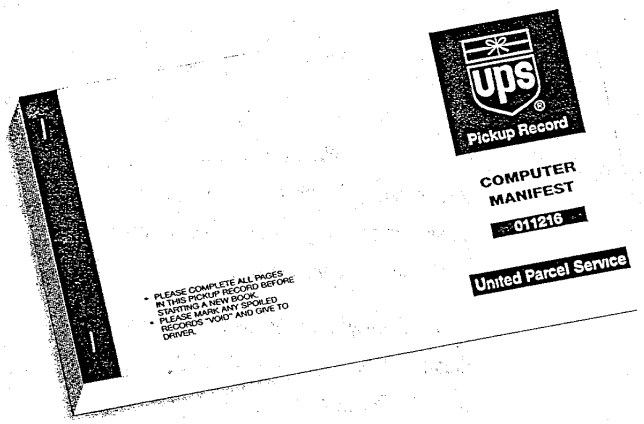

- Update your inventory system.
- Reconcile deliveries received with accounting and billing records.
- Improve customer service with up-to-date data.
- Print delivery reports.

COMPUTER MANIFEST

Commercial shipping systems are offered by various vendors for recording most domestic and international UPS shipments. These systems provide a full range of capabilities, from stand-alone to fully integrated mainframe systems. Contact your UPS Account Executive for a list of OnLine™-compatible vendors.

Manifest customers whose systems do not transmit package-level detail to UPS must use the UPS Computer Manifest Pickup Record. Easy-to-follow instructions for completing the Pickup Record are contained inside the Computer Manifest Pickup Record book.

SHIPPING RECORD BOOK

The UPS Shipping Record is designed for customers shipping a small number of packages who prefer to manually record the details in a log-type book.

A UPS Shipping Record book supports most UPS services, domestic and international.[1] Simply mark your preferred service level and use a UPS tracking label matching the service level chosen.

Detailed, easy-to-follow instructions are illustrated on the inside cover of the Shipping Record book.

Customized

- Your company name, address, and UPS Shipper Number are preprinted on every page.
- Your UPS Shipper Number is also included in the bar-coded tracking labels provided in the book.

Easy to Complete

- There's ample space for recording package details.
- Easy-to-mark boxes simplify service selection.
- Carbonless forms and a built-in protective flap eliminate messy carbon paper.

Saves Time

- No need to look up zones. We'll automatically look up the zone for you based on the service you select and the ZIP Code of the receiver.
- No need to stamp your UPS Shipper Number on the package.

Easy-to-Use Labels

- Tracking labels for the service you use most often are provided next to each entry in the book. And the corresponding tracking numbers are preprinted on the Shipping Record for easy reference.
- Tracking labels for all other services are available. Tracking number receipts for these services are applied on the Shipping Record for future reference.

Information at Your Fingertips

- Use a bar-coded tracking label, and delivery information is available around the clock when you call the toll-free UPS Tracking Hotline.

[1]Export documentation may be required for international shipments; see page 58 for details.

Convenient

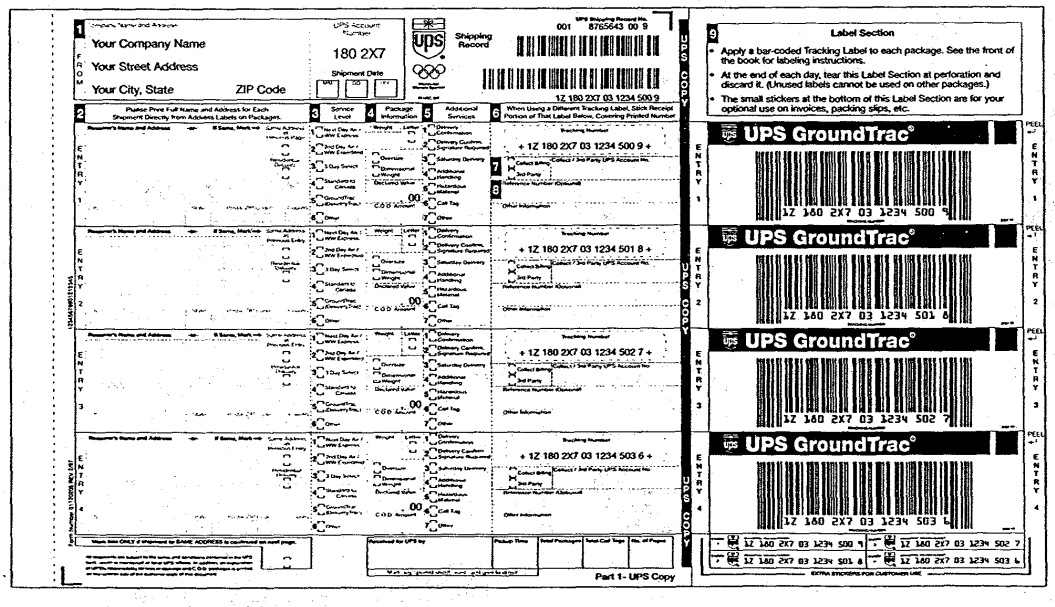

- Replacement books are automatically ordered and shipped directly to you.
- A small supply of additional service labels, such as Saturday Delivery, is provided in the back of the book.

Multiple-Package Shipments

To benefit from Hundredweight pricing and shipment tracking, it is important to identify multiple-package shipments properly.

To link multiple packages to one receiver in the Shipping Record book:

1. Record the receiver's name and address for the first package in the shipment. Complete all other package details.
2. For each additional package of the same shipment, leave the space for receiver's name and address blank. Instead, mark the "Same Address..." box. Complete all *other* package details, including service level and weight.
3. To link a multiple-package shipment from one page to the next, mark the "Same Address..." box at the bottom of the page and again in Entry 1 of the next page.

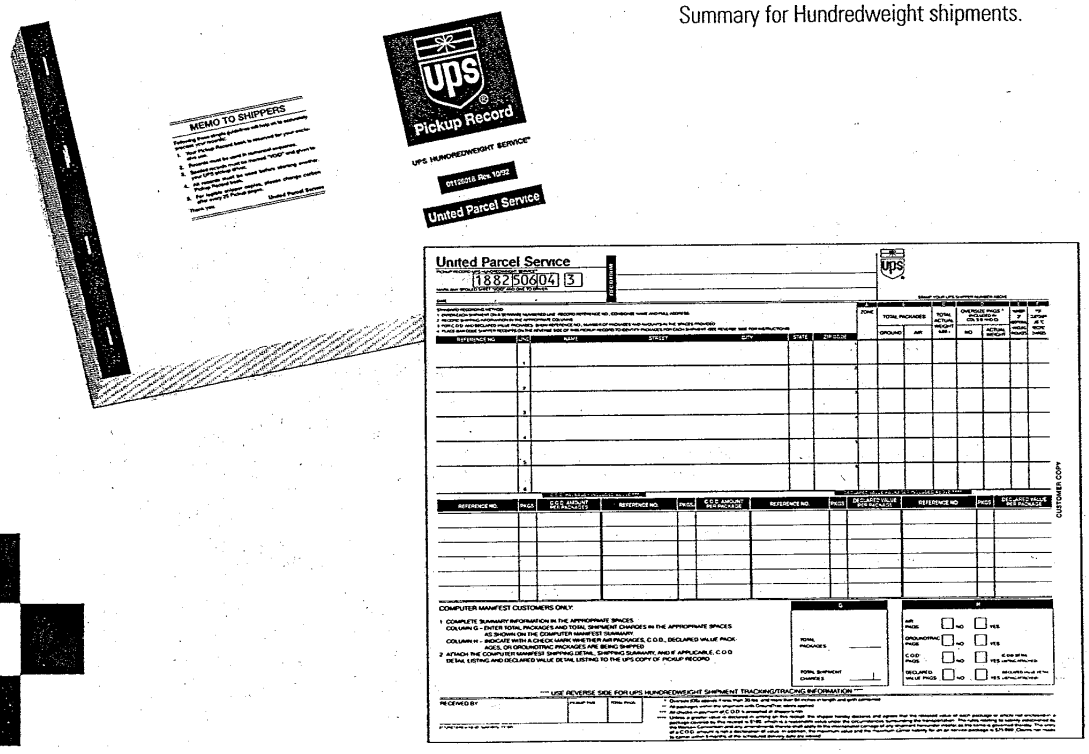

SYSTEMS FOR UPS HUNDREDWEIGHT SERVICE®

UPS offers two shipping records that are specially designed for recording Hundredweight shipments. Although most UPS shipping systems – including UPS OnLine™ Solutions – have the capability to process Hundredweight shipments, some UPS customers separate their LTL shipments and prefer to record them separately. To satisfy this need, the UPS Hundredweight Pickup Record book or the UPS Hundredweight Shipping Document may be used.

Hundredweight Pickup Record

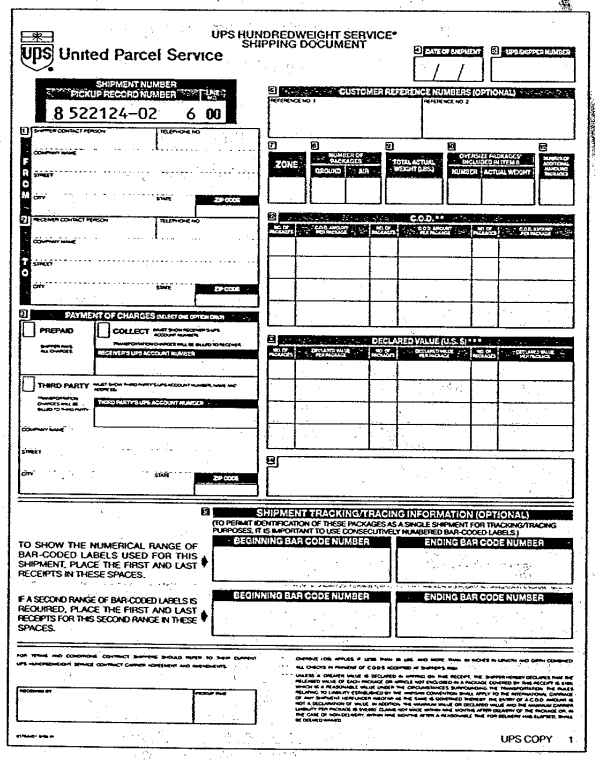

The Hundredweight Pickup Record is a book containing 100 sets of shipping forms, each having a UPS Copy and a Customer Copy. The Hundredweight Pickup Record is very easy to use. Up to six (6) prepaid shipments may be recorded on a single page. Complete, easy-to-follow instructions are included in the front of each book.

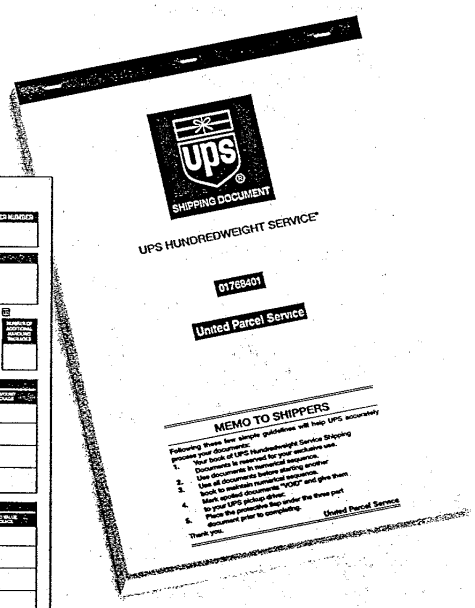

The Hundredweight Pickup Record is also used for documenting shipments processed under a computer manifest system that produces a separate Manifest Detail and Summary for Hundredweight shipments.

Hundredweight Shipping Document

The Hundredweight Shipping Document is a "Bill of Lading" type of form for recording a single Hundredweight shipment. Each form has three parts: UPS Copy, Shipper Copy, and Receiver Copy. The Hundredweight Shipping Document allows additional billing options that are not available with the Hundredweight Pickup Record. These include Freight Collect and Third Party billing.

UPS WAYBILL (INTERNATIONAL)

The UPS Waybill is designed to handle the intricacies of international transportation, yet it is simple enough to use for routine international shipments. The UPS Waybill streamlines document preparation and serves as a checklist of customs information required in your declaration.

- Detailed information fields provide adequate space to fully address your shipment and include required customs information.
- Various billing options permit you to specify how payment of charges is handled.
- Shipment-level detail enables shipment pricing and shipment tracking.
- You can authorize UPS to prepare the U.S. Shipper's Export Declaration on your behalf. Just sign the Waybill and complete the information requested. A processing fee, as stated on the current rate chart, will be assessed and billed to the shipper.
- The UPS Waybill helps you or your customers easily reconcile the charges.

- Covered by UPS service guarantee. For details, call the UPS International Customer Service Center at 1-800-782-7892.

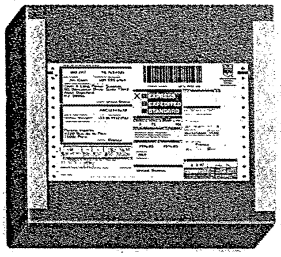

To receive UPS Waybills and Worldwide Services tracking labels, call 1-800-PICK-UPS (1-800-742-5877). You may also request that address information be preprinted on your Waybills.

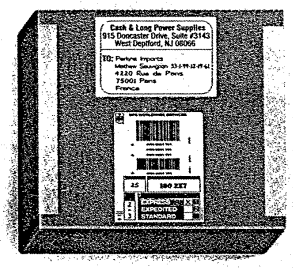

Detailed "How to Prepare" instructions are included on the reverse side of the Waybill.

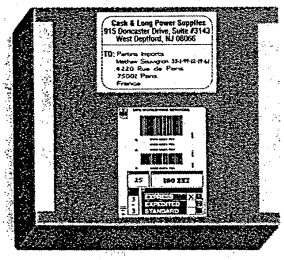

Export Documentation

An invoice is not required for UPS Express Letters, nor for shipments containing only documents. For these items, the declaration on the UPS Waybill is sufficient. (Call 1-800-782-7892 or refer to page 58 for information on preparing export documentation.)

Note: If your shipment contains commodities to be purchased or sold, three copies of an invoice are required.

AIR SHIPPING DOCUMENT

A UPS Air Shipping Document (ASD) is an alternate recording option that combines an address label, tracking label, and shipping record into one form.

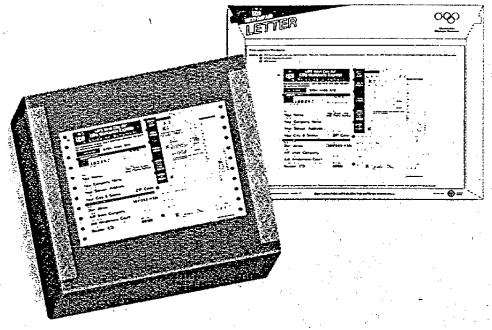

Detailed "How to Prepare" instructions are printed on the reverse side of each ASD. Specific ASDs are available for each of the following:

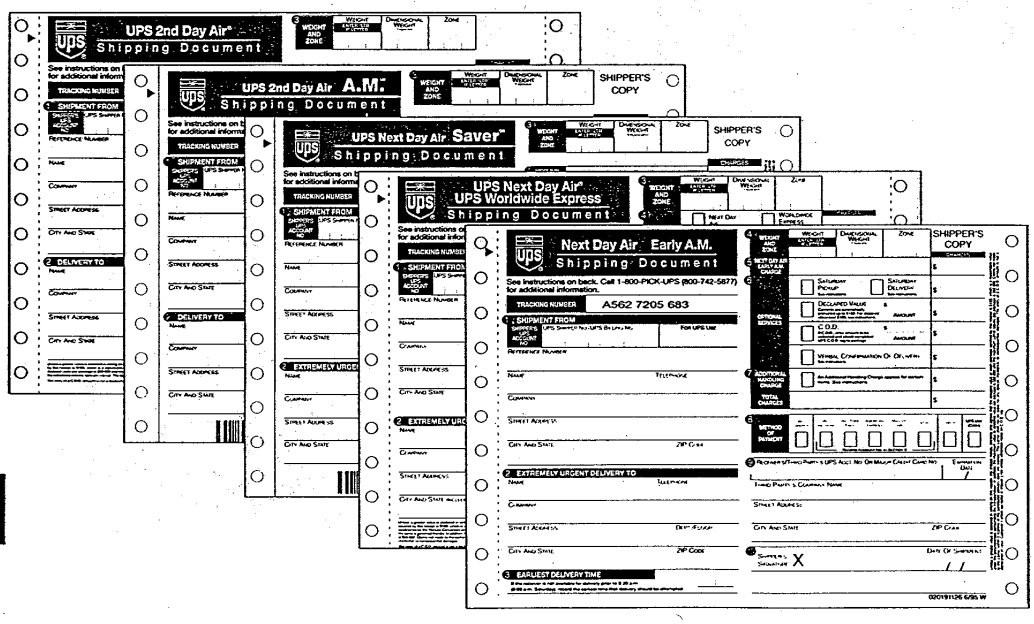

- Next Day Air Early A.M.
- Next Day Air (also used for Worldwide Express)
- Next Day Air Saver
- 2nd Day Air A.M.
- 2nd Day Air

Some of the Many Benefits of Using an ASD:

- Can be preprinted with sender's complete address information.
- Can be prepared in advance for Letter Center shipments.
- Can be used by sales staff while traveling.
- Can be used to have shipment billed to a credit card account.

Preprinted ASDs are available upon request.

Export Documentation

Use the UPS advantage whenever you ship documents or packages to international destinations. Export documentation is needed to facilitate customs clearance on most international shipments. This section will help guide you through the process of providing the proper documentation. If you need further information, our qualified staff at the UPS International Customer Service Center (1-800-782-7892) is always ready to help.

DOCUMENTATION REQUIREMENTS

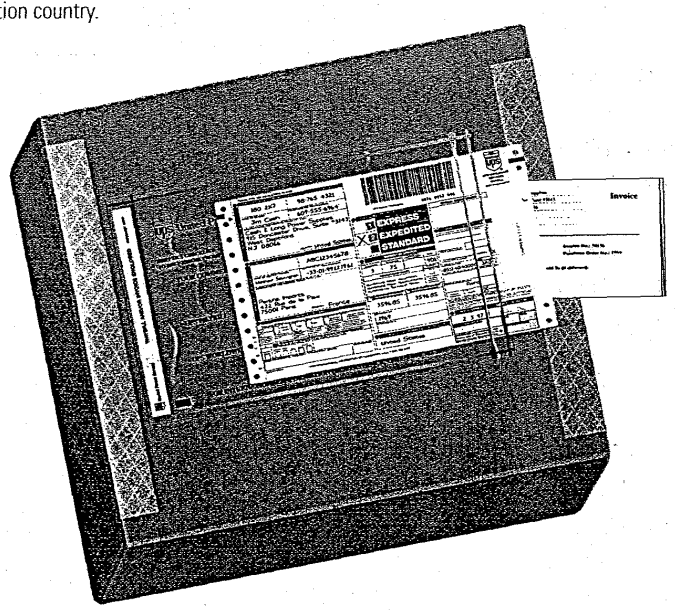

Government regulations require specific documentation for international shipments. This documentation may include an invoice, a U.S. Shipper's Export Declaration, a NAFTA Certificate of Origin, or other documents based on the value and the nature of the shipment and on the particular rules of the destination country.

UPS uses the export documents you prepare to properly declare your shipments to Customs in both the country of export and the country of import. Furthermore, the required documents are submitted to Customs and used to determine the applicable duty and tax in the destination country.

An invoice is not required when sending UPS Express Letters and for shipments containing only documents. For these items, the declaration on the UPS Waybill is sufficient.

This section describes the most common export documents and lists the number of copies required by Customs. For example, if your shipment contains commodities to be purchased or sold, three copies of an invoice are required.

For questions about documentation requirements, contact the UPS International Customer Service Center at 1-800-782-7892.

INVOICE

Prepare three copies of an invoice (two copies for Puerto Rico) – or another document, such as a pro forma invoice, if an invoice is not applicable. Business or personal stationery may be used if it contains all the information shown on the sample invoice. Required items include:

- Name and address of shipper (seller) as shown on the address label. Include contact person and telephone number.
- Name and address of consignee (ship to), including destination country and postal code, as shown on the address label. To help ensure prompt delivery, contact person and telephone number must be included.
- Invoice date.
- Purchase order or invoice number, if applicable.
- Name and address of purchaser (importer) if different from the consignee. Include contact name and telephone number.
- Complete description of each item being shipped. What is the item? What is it made of? What is it used for? (Include Customs Harmonized Codes, if known.)
- Country of origin (where manufactured).
- Number of units, unit value, and total value of each item. For samples or articles of no commercial value, a nominal or fair market value must be stated for customs purposes.
- Transportation charges and insurance.
- Total value of the shipment, including currency of settlement.
- Reason for export. For example: sale, repair, inter-company.
- Terms of sale (Incoterm) that define the charges included in the total value on the invoice. For example, C.I.F. is Cost, Insurance, and Freight.
- Number of packages and total weight.
- Shipper's signature and date.

Note: The Destination Control Statement is needed on the invoice for commodities that require a license or license exception. (See page 60 for details). We recommend you record the statement on your invoice for *all* shipments.

For your convenience, a blank invoice is available for photocopying on page 62.

U.S. SHIPPER'S EXPORT DECLARATION

A properly completed S.E.D. will help prevent delays in customs clearance.

In addition to invoice requirements, prepare two copies (one copy for Puerto Rico) of the U.S. Shipper's Export Declaration (S.E.D.) if:

- The value of any single commodity in the shipment is greater than $2,500 (U.S. currency), regardless of the total value of the shipment. (An S.E.D. is not required for shipments to Canada except when an export license is required.)
- Any commodity to be shipped requires a validated export license or license exception.

Licensing Responsibility

Exporters (or their manufacturers) are ultimately responsible for determining whether a commodity requires an export license. To comply with the new regulations, customers must determine if their shipment requires a license, and obtain it when necessary. Consult Part 736 of the Export Administration Regulations (EAR) to find out if a commodity, technology, or software is prohibited or requires a license or license exception; or call the U.S. Department of Commerce Bureau of Export Administration (BXA) in Washington, D.C., at 202-482-4811.

Box 21 of the Shipper's Export Declaration (S.E.D.) must contain the correct license designation or license exception.

Box 22 must contain the Export Control Classification Number (ECCN) when it is required. Customers are responsible for determining whether each shipment requires an ECCN; contact the BXA directly with any questions.

Important:

A Destination Control Statement should be placed on both the S.E.D. and the invoice. This statement is needed for commodities that require a license or license exception. The correct wording of the statement is shown here, and may be written, stamped, or typed on the documentation:

"These commodities, technology, or software were exported from the United States in accordance with the export administration regulations. Diversion contrary to U.S. law is prohibited."

For your convenience, UPS uses the information on the UPS Waybill to complete the U.S. Shipper's Export Declaration on your behalf. Be sure to include all information, and to sign and date the UPS Waybill. If an S.E.D. is required and is not included with the export documents provided by the shipper, UPS will prepare an S.E.D. A processing fee as stated on the current rate chart will be assessed and billed to the shipper.

Enclose all required export documentation in the UPS Waybill pouch or in an envelope marked "Export Documents." Securely affix pouch or envelope to the package.

For questions about export regulations, contact the U.S. Department of Commerce Bureau of Export Administration in Washington, D.C., at 202-482-4811.

For questions about international shipping, contact the UPS International Customer Service Center at 1-800-782-7892.

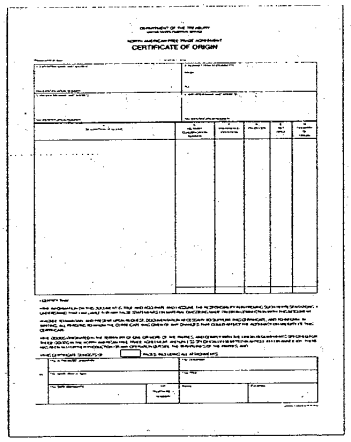

NAFTA CERTIFICATE OF ORIGIN

For Shipments to Canada and Mexico

In addition to three copies of an invoice, a NAFTA Certificate of Origin is needed to qualify goods for the reduced or eliminated duty allowed under the North American Free Trade Agreement (NAFTA). To be assessed proper duty and to avoid delays in customs clearance in Canada and Mexico, include a NAFTA Certificate of Origin with the export documentation.

Enclose all required documentation in the UPS Waybill pouch or in an envelope marked "Export Documents." Securely affix pouch or envelope to the package.

For details, call the U.S. Department of Commerce NAFTA Facts Line at 202-482-4464.

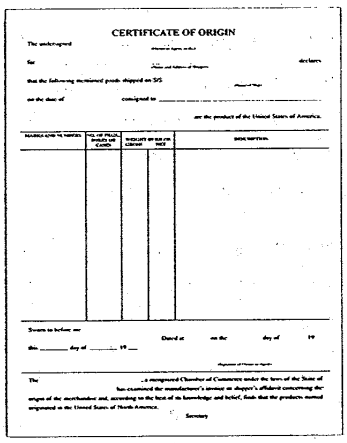

CERTIFICATE OF ORIGIN

For your convenience, a blank NAFTA Certificate of Origin is available for photocopying on page 63.

CERTIFICATE OF ORIGIN

A Certificate of Origin is required to clear Customs in some countries. For details, call 1-800-782-7892.

When export documents are not provided, UPS will prepare a Certificate of Origin on behalf of the shipper for goods manufactured and originating within the U.S. UPS will use the information on the UPS Waybill or on the invoice to complete the Certificate of Origin. Be sure to include all information, and to sign and date both the UPS Waybill and/or the invoice. A processing fee, as stated on the current rate chart, will be assessed and billed to the shipper.

Payment Options

Every business is different and has unique systems, staffing, and cash flow. That is why UPS offers a variety of ways to pay weekly UPS delivery service bills.

UPS payment options can save you time and money, and provide the flexibility you need to conduct business the way you want.

PAYMENT OPTIONS

Debit EFT: Electronic Funds Transfer Plan

Enjoy the maximum convenience of "paperless" bill-paying when you select Electronic Funds Transfer or Debit EFT. Under this plan, UPS electronically requests payment for the amount of your UPS bill directly from your bank on a weekly basis. Your bank deducts the amount from your checking account, and each payment is shown on your monthly bank statement. You also receive a weekly UPS bill for your review marked "Paid by Bank."

Debit EFT effortlessly eliminates the inconvenience of weekly check-writing along with the cost of checks, envelopes, and postage. And your payments will always be on time. What's more, the service is free. There are no additional bank fees, and no need to keep prepayments on account.

Consolidated Payment Plan

The UPS Consolidated Payment Plan also furnishes greater bill-paying convenience. Under this plan, your company provides UPS with an initial payment equal to four weeks of average billing. This payment remains on account to cover one month's anticipated delivery charges. The amount needed on account may change, depending on your shipping activity.

You receive a UPS bill once a week. Payment for all accumulated charges is due upon receipt of your fourth bill, or if you exceed your prepayment before you receive your fourth bill.

The Consolidated Payment Plan makes it easy to comply with payment terms, even if your business runs on a monthly accounts payable system. Plus, Consolidated Payment eliminates weekly check-writing and reduces processing and postage costs.

Bank Freight Payment Plan

The Bank Freight Payment Plan is designed for companies that deal with several transportation companies. We participate with many banks around the country that consolidate and pay – on a weekly basis – all delivery and freight charges for their clients. Each month, the participating bank issues a statement summarizing and detailing the freight charges it has paid.

This plan helps reduce your overall operating expenses by minimizing processing time, eliminating paperwork, and lowering your costs for checks, envelopes, forms, and postage.

Special Payment Plan

The Special Payment Plan offers additional flexibility in paying your UPS bill. You determine the prepayment period that will maximize your time and cost savings. Then you simply provide funds sufficient to cover the estimated delivery charges for that period of time.

Your individually selected prepayment period can range from 10 to 26 weeks. Each week, actual UPS delivery charges are applied against your prepayment. When the balance is reduced to a level equal to four weeks of average delivery charges, you receive a statement detailing the amount needed to return the balance to its original level. Each week, you receive a bill marked "Paid" and a statement of the account.

Companies that select this option enjoy maximum convenience and savings with a billing plan customized to their needs. Only one check is needed for each prepayment period.

Weekly Payment Plan

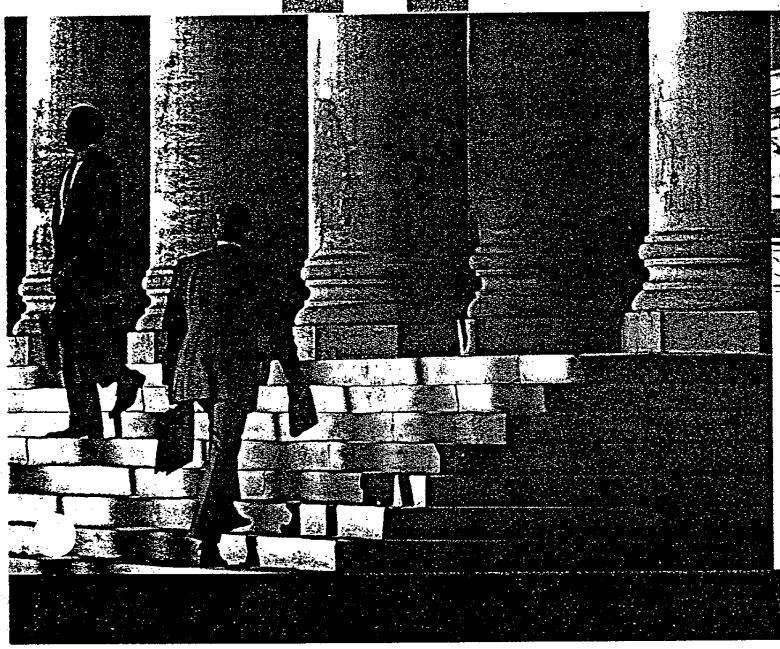

You may, of course, choose to pay your UPS bill each week. Under the Weekly Payment Plan, you receive a bill weekly and payment is due within seven days of receipt. Please note that this plan requires writing and mailing 52 checks each year.

UPS Prepaid

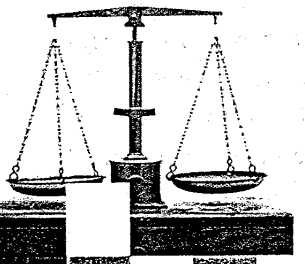

You can also purchase UPS Next Day Air and UPS 2nd Day Air services in advance and use them any time you want. That's the idea behind UPS Prepaid, a convenient and cost-saving way to send urgent letters and packages.

With UPS Prepaid, you purchase labels for UPS Next Day Air and UPS 2nd Day Air services. Distribute the prepaid labels to your employees, customers, and vendors. Then, whenever the need arises, they simply attach a label and send your shipment on its way.

Service Explanations

This section details the terms and conditions for our portfolio of service options.

For UPS SonicAir Service terms and conditions, refer to the back of the SonicAir bill of lading or call 1-800-451-4550.

INTERNATIONAL SERVICE EXPLANATION

United Parcel Service through its affiliates (the "carrier") is engaged in the international transportation of small packages in UPS EXPRESS, UPS EXPEDITED, and UPS STANDARD services. All packages covered under a single UPS Waybill shall be considered a single shipment.

Commodities Handled and Restrictions on Service

The carrier offers transportation of general commodities, as usually defined, subject to the following restrictions:

(a) No service shall be rendered in the transportation of articles of unusual value. The maximum value or declared value per package is $50,000 (U.S.) and the maximum carrier liability per package is $50,000 (U.S.) except for packages containing jewelry, in which case the maximum value or declared value is $500 (U.S.) per package and the maximum carrier liability per package is $500 (U.S.).

(b) Refer to the applicable *UPS Service Guide* for weight and size restrictions.

(c) No service shall be rendered in the transportation of any of the prohibited articles listed in the applicable *UPS Service Guide*.

(d) The carrier does not provide a protective service for the transportation of perishable commodities or of commodities requiring protection from heat or cold. Such commodities will be accepted for transportation solely at the shipper's risk for damage occasioned by exposure to heat or cold.

Prohibited by Law

No service shall be rendered by the carrier in the transportation of any shipment which is prohibited by law or regulations of any federal, state, provincial, or local government in the origin or destination country.

Right of Inspection

The carrier reserves the right to open and inspect any package tendered to it for transportation.

Refusal of Packages

The carrier reserves the right to refuse any package which by reason of the dangerous or any other character of its contents is liable, in the judgment of the carrier, to soil, taint, or otherwise damage other merchandise or equipment, or which is economically or operationally impracticable to transport, or which is improperly packed or wrapped. Packages must be so packed or wrapped as to pass the tests set forth in International Safe Transit Association Projects 1 & 1A.

Delivery Confirmation

At the time a shipper tenders a package to the carrier, the shipper may request Delivery Confirmation Service by indicating Delivery Confirmation on the shipping record provided to the carrier. Each Delivery Confirmation response will include the date of delivery and either the name of the recipient or the disposition of the package; or, in the event of a return, the response will indicate the reason for the return and the date processed. An additional charge, as stated on the current rate chart, will be assessed for each such response. All responses will be consolidated and provided to the shipper weekly in printed or electronic format.

Saturday Delivery of Express Shipments to Canada

The shipper may request optional Saturday delivery of UPS Letters and Express shipments with the value of $20.00 (Canadian) or less to specific locations in Canada, by indicating the selection of this option on the UPS shipping record and by attaching a Saturday Delivery routing label (provided by the carrier) to each package. An additional charge, as stated on the rate chart in effect at the time of shipping, will be assessed for each UPS Letter or Express shipment received for Saturday delivery to Canada.

Services Not Provided

C.O.D. and Call Tag services are not provided for international shipments.

Provisions for Customs Clearance

The shipper must provide required documentation for customs clearance. By providing required documentation, the shipper certifies that all statements and information relating to exportation and importation are true and correct. Furthermore, the shipper understands that civil and criminal penalties, including forfeiture and sale, may be imposed for making false or fraudulent statements, or for the violation of U.S. laws on exportation (see 13 U.S.C. Section 305, 22 U.S.C. Section 401, 18 U.S.C. Section 1001, and 50 U.S.C. App. 2410).

When a shipment is tendered to the carrier, the carrier is thereby appointed as the agent for performance of customs clearance, where allowed by law. The carrier is specified as the nominal consignee for the purpose of designating a customs broker to perform customs clearance. Local authorities may require documentation confirming that the carrier has been designated as the nominal consignee.

Customs penalties, storage charges, or other expenses incurred as a result of an action by Customs or failure by the shipper or consignee to provide proper documentation or to obtain a

required license or permit will be charged to the consignee along with any applicable duty and tax. However, the shipper is liable for payment in the event of nonpayment by the consignee. The carrier provides brokerage service at no additional charge for routine customs clearance of UPS Express and UPS Expedited shipments.

Additional charges may apply for complex customs clearance procedures which include, but are not limited to, the following:

- Clearance procedures involving a government agency other than Customs
- Customs Bonds
- Drawbacks
- Formal entries involving more than five tariff lines
- Live Entries
- Marking Attendance
- Temporary Import Bonds (T.I.B.)

UPS will prepay duties and taxes on behalf of the payor. For importation into the U.S. a fee, as stated on the current rate chart, will be assessed and billed to the importer.

In the event an S.E.D. (Shipper's Export Declaration) is required and is not included with the export documents provided by the shipper, UPS will prepare an S.E.D. on behalf of the shipper to facilitate export. A processing fee, as stated on the current rate chart, will be assessed and billed to the shipper.

UPS will prepare a Certificate of Origin for goods manufactured and originating within the U.S. on behalf of the shipper when not provided with the export documents. A processing fee, as stated on the current rate chart, will be assessed and billed to the shipper.

Unless otherwise restricted for the destination country, for Express and Expedited shipments, the shipper may elect to pay for duty and tax, or duty only, by showing such instructions on the export documentation and on the UPS Waybill. These options are only available to shippers with a UPS account. An additional charge, as stated on the rate chart in effect at the time of shipping, will be assessed. These services are not available if any or all the shipping charges are billed to the consignee or if a consignee chooses a broker other than UPS, or for Standard service shipments to Canada.

Correction of Wrong Address

If the carrier is unable to deliver any package because of an incorrect address, the carrier will refer to the telephone directory and make every other reasonable effort to secure the correct address. If the correct address is secured and found to be in the same destination country, the shipper will be notified of the correction, and an additional charge, as stated on the then current rate chart, will be assessed for each Address Correction.

Postal Code and Telephone Number

The consignee's postal code, telephone number, and contact name are essential information. To ensure prompt delivery, always include the postal code, telephone number, and contact name on the UPS Waybill or address label.

Delivery Attempts

If the carrier is unable to make delivery of a shipment, a nondelivery notice will be left at the consignee's address stating that delivery has been attempted. Thereafter, a second and, if necessary, a third attempt to deliver will be made without additional charge.

Interruption of Service

The carrier shall not be liable for any interruption of delivery service due to a cause beyond the carrier's control, or due to riots, strikes, or other labor disputes.

Special Handling of Undeliverable Packages

Air shipments refused by consignees, or which for any other reason cannot be delivered, will be held and the shipper will be contacted for further instructions. The shipper will be responsible for payment of all charges including, but not limited to, forwarding, disposal, or return air transportation charges, as well as any duty and tax, if applicable. Undeliverable Standard shipments to Canada will be promptly returned to the shipper without additional transportation charges.

Rates

See the applicable rate chart in effect at the time of shipping for rates.

Standard Shipments to Canada

Transportation charges are based on the gross weight of the shipment. Fractions of a pound will be increased to the next full pound. If a package weighing less than 30 pounds exceeds 84 inches in length and girth combined, the rate will be determined as if the package weighed 30 pounds.

Billing Options

Unless otherwise restricted for the destination country in the applicable UPS Service Guide, the carrier provides the following billing options:

(a) Prepaid – The shipper pays all shipping charges. The consignee pays the destination country's duty and V.A.T. (tax), if applicable.

(b) Freight Collect – The consignee pays all shipping charges and the destination country's duty and V.A.T. (tax), if applicable. This option can only be used when the shipment's actual value is equal to or greater than the carrier's published rate for transportation of the shipment.

(c) FOB Port of Export – The shipper pays shipping charges to the port of export, and the consignee pays the balance.

(d) C&F – The shipper pays shipping charges to the port of import, and the consignee pays the balance.

(e) Delivered Duty Paid, V.A.T. Unpaid – The shipper pays the destination country's duty, if applicable, in addition to all shipping charges. The consignee pays the destination country's V.A.T. (tax) (see "Provisions for Customs Clearance," page 70).

(f) Bill Duty/Tax and Shipping Charges to Shipper – The shipper pays the destination country's duty and V.A.T. (tax), if applicable, in addition to all shipping charges (see "Provisions for Customs Clearance," page 70).

The shipper must notify the consignee prior to shipping if any option other than Prepaid is selected, and that option must be indicated on the UPS Waybill in the space provided.

The shipper may request that the shipper's portion of the shipping charges be billed to a third party located in the United States. This option is subject to the following conditions:

- The choice of the option must be indicated in the space provided on the shipping record provided to the carrier.
- The third party must be located in the United States and have a UPS account.
- The shipper agrees to guarantee payment of all charges in the event of nonpayment by the third party.

Currency Conversion Rate

Charges to a payer's account in a foreign currency will be converted to the payer's currency using a weekly exchange rate secured through Major Money Center Banks, plus an exchange fee, as stated on the current rate chart, of the amount converted.

Payment for Service

The carrier's credit terms require payment of all charges within seven (7) days after receipt of carrier's bill.

Worldwide Express Service Guarantee

The carrier guarantees on-schedule delivery of UPS Worldwide Express shipments to specific locations. In the event the carrier fails to complete delivery or attempt delivery within the carrier's time commitment, the carrier, at the carrier's option, will credit or refund the shipping charges to the payer, upon request, subject to the following conditions:

(a) The carrier's guaranteed delivery schedule has been obtained by contacting the carrier's Customer Service office.

(b) The shipment is properly documented on a UPS Waybill or a UPS Air Shipping Document and each package bears a UPS Waybill or a UPS Air Shipping Document or a UPS Worldwide Services tracking label and address label (for multiple-package shipments), showing the consignee's correct name, deliverable address, and postal code.

(c) The shipment is tendered to the carrier during the carrier's published business hours.

(d) All applicable documentation required by the origin and/or destination country is complete and included with the shipment.

(e) The carrier is notified in writing or by telephone of a service failure within fifteen (15) calendar days from the date of scheduled delivery and is advised of the consignee's name and address, date of shipment, package weight, and the UPS tracking number.

The guarantee does not apply to shipments which are delayed due to causes beyond the carrier's control including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipments, delays caused by the consignee, acts of God, public authorities acting with actual or apparent authority on the premises, acts or omissions of Customs or similar authorities, riots, strikes or other labor disputes, civil commotion, disruptions in the air or ground transportation networks, such as weather phenomena, and natural disasters.

Responsibility for Loss or Damage

Unless a greater value is declared in writing in the space provided on the shipping record provided to the carrier, the shipper declares the released value of each shipment to be no greater than $100 (U.S.). For each $100 (U.S.) or fraction thereof of declared value for insurance per shipment in excess of $100 (U.S.), an additional charge, as stated on the rate chart in effect at the time of the shipping, will be assessed. Liability for loss or damage is governed by these terms and conditions and shall be limited to proven damages up to an amount not exceeding $100 (U.S.) per shipment, unless a higher value has been declared by the shipper. However, the rules relating to liability established by the Convention for the Unification of Certain Rules Relating to International Carriage by Air signed at Warsaw, Poland on October 12, 1929, and any amendments thereto shall apply to the international carriage of any air shipment hereunder insofar as the same is governed thereby. Except if otherwise directed by the shipper, the carrier will remit excess valuation charges to an insurance company or companies as a premium for shipper's interest cargo insurance for the shipper's account and on its behalf. When the carrier does so, claims for loss of or damage to the shipper's property will be filed and settled by the carrier on behalf of the applicable insurance company. Shippers' Interest Cargo Policies are available for inspection at the office of the carrier. Claims not made within six (6) months after delivery of the package, or in the case of nondelivery, within six (6) months after a reasonable time for delivery has elapsed, shall be deemed waived. The carrier shall not be liable for any special, incidental, or consequential damages.

All shipments are subject to the terms and conditions contained in the UPS tariff, which is maintained at local UPS offices.

THE RULES RELATING TO LIABILITY ESTABLISHED BY THE WARSAW CONVENTION AND ANY AMENDMENTS THERETO SHALL APPLY TO THE INTERNATIONAL CARRIAGE OF ANY SHIPMENT HEREUNDER INSOFAR AS THE SAME IS GOVERNED THEREBY.

UPS AIR SERVICES and UPS HUNDREDWEIGHT AIR SERVICES

United Parcel Service through its affiliates ("UPS") is engaged in the transportation of small packages in "UPS Air Services" which for the purpose of this explanation, include UPS Next Day Air Early A.M., UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air A.M., and UPS 2nd Day Air.

Commodities Handled and Restrictions on Service

UPS holds itself out to transport general commodities, as usually defined, subject to the following restrictions:

(a) No service shall be rendered in the transportation of articles of unusual value. The maximum value or declared value per package is $50,000 and the maximum UPS liability per package is $50,000. The maximum value and liability for a Prepaid Letter is $100.

(b) No service shall be rendered in the transportation of any package or article weighing more than 150 pounds, or exceeding 108 inches in length, or exceeding a total of 130 inches in length and girth combined. Each package or article shall be considered as a separate and distinct shipment.

(c) The maximum weight for a hazardous materials package is 70 pounds unless further restricted in the *UPS Guide for Shipping Ground and Air Hazardous Materials.*

(d) Hazardous Materials packages are not accepted in Hundredweight Air Services.

(e) UPS does not provide a protective service for the transportation of perishable commodities or of commodities requiring protection from heat or cold. Such commodities will be accepted for transportation solely at the shipper's risk for damage occasioned by exposure to heat or cold.

Hazardous Materials

With the exception of Hundredweight Air Services, UPS offers transportation of hazardous materials in passenger aircraft quantities prepared according to the requirements set forth in the *Code of Federal Regulations* Title 49 and the *UPS Guide for Shipping Ground and Air Hazardous Materials.* For each hazardous materials package requiring shipping papers under 49 C.F.R. Section 172.200, an additional charge, as stated on the current rate chart, will be assessed.

If a hazardous materials package is refused by the consignee or is damaged, it will be returned to the shipper, if possible. UPS reserves the right to charge the shipper for all costs resulting from improperly packed hazardous materials, or the cost of disposal if the shipper refuses to accept a returned item.

Right of Inspection

UPS reserves the right to open and inspect any package tendered to it for transportation.

Refusal of Unsafe Packages

UPS reserves the right to refuse any package which by reason of the dangerous or other character of its contents is liable, in the judgment of UPS, to soil, taint, or otherwise damage other merchandise or equipment, or which is economically or operationally impracticable to transport, or which is improperly packed or wrapped.

Packages must be so packed or wrapped as to pass the tests set forth in International Safe Transit Association Projects 1 & 1A.

C.O.D. Packages

C.O.D. means, for all purposes, Collect On Delivery.

Preparation and Listing of C.O.D. Packages: C.O.D.s are accepted for amounts up to $50,000 per package. The shipper will prepare and attach to each C.O.D. package a UPS C.O.D. Tag showing the amount to be collected and will enter such amount on the UPS shipping record in the space provided for that purpose. Each package in a Hundredweight shipment should carry a C.O.D. Tag for the value of goods contained in that package.

Responsibility for C.O.D.s: UPS will collect for C.O.D. merchandise the amount shown on the C.O.D. Tag attached to the package and be responsible for and promptly transmit to the shipper the amount so collected or, if collection cannot be made, will return the package to the shipper. The shipper should notify UPS within 45 days from the date of shipment of C.O.D. shipments if the shipper has not received payment of the C.O.D. amounts.

Consignee's Checks in Payment of C.O.D.s: Unless instructions to collect cash only are shown on the C.O.D. Tag, in conformity with the instructions on the tag, UPS will accept a check issued by or on behalf of the consignee. When instructions to collect cash are clearly indicated on the C.O.D. Tag, UPS reserves the right to accept cash, cashier's check, certified check, money order, or other similar instrument issued by or on behalf of the consignee. All checks (including cashier's checks and certified checks) and money orders tendered in payment of C.O.D.s will be accepted by UPS at the shipper's risk including, but not limited to, risk of nonpayment and forgery, and

UPS shall not be liable upon any such instrument. All checks and money orders will be transmitted to the shipper together with UPS's own check for amounts collected in cash.

Currency in Payment of C.O.D.s: UPS will not accept currency in amounts greater than $1,000 per C.O.D. package. UPS will not accept currency in amounts greater than $5,000 for a single shipper from any single consignee on any single day. UPS will not accept currency in an aggregate amount exceeding $9,999.99 from any single consignee on any single day.

Charges for C.O.D. Collections: An additional charge, as stated on the current rate chart, will be assessed for each C.O.D. received for collection.

Delivery Confirmation

At the time a shipper tenders a package to UPS, the shipper may request Delivery Confirmation Service by indicating Delivery Confirmation on the shipping record provided to UPS, or, as applicable, by attaching a special label approved by UPS, requesting Delivery Confirmation Service. Each Delivery Confirmation response will include the date of delivery and either the name of the recipient or the disposition of the package; or, in the event of a return, the response will indicate the reason for the return and the date processed. An additional charge, as stated on the current rate chart, will be assessed for each such response. All responses will be consolidated and provided to the shipper weekly in printed or electronic format.

A shipper may instruct UPS to obtain the recipient's signature and to include it on the response at an additional charge, as stated on the current rate chart.

A shipper may elect to direct the response to a return address specified on the label. In such case, the response will be mailed individually and an additional charge, as stated on the current rate chart, will be assessed.

Next Day Air Early A.M. Verbal Confirmation of Delivery

The shipper may request optional verbal confirmation of delivery by indicating Verbal Confirmation of Delivery on the UPS Next Day Air Early A.M. Shipping Document in the space provided. When this service is selected, the carrier will call the shipper to confirm delivery on the day of delivery. An additional charge, as stated on the rate chart in effect at the time of shipping, will be assessed for each Verbal Confirmation of Delivery request.

FAX P.O.D. (Proof Of Delivery)

Upon request, UPS will provide proof of delivery via facsimile transmission. The request must include a FAX number, including area code, for an operating FAX machine. An additional charge, as stated on the current rate chart, will be assessed for each successfully transmitted FAX P.O.D.

UPS Call Tag Service

Call Tag service is not provided via UPS Air Services. Packages delivered in the 48 contiguous states can be retrieved with a Call Tag via UPS Ground Service (see the UPS Ground Service explanation).

Saturday Pickup of UPS Air Services

UPS offers optional Saturday pickup of UPS Air Services shipments from most locations in the United States for delivery to every address in the United States and Puerto Rico. UPS Air Services shipments picked up on Saturday receive the same time commitments for delivery as UPS Air Services shipments picked up on Friday.

Saturday pickup service is provided by the following methods:

(a) A shipper may request Saturday pickup by contacting UPS's Customer Service office on each Saturday, excluding holidays, that the service is needed.

(b) At the shipper's option, UPS will call at the shipper's premises every Saturday, excluding holidays, to pick up UPS Air Services shipments. A service charge will be assessed whenever UPS calls at the shipper's premises on Saturday and there are no packages to be picked up on that day.

An additional charge, as stated on the current rate chart, will be assessed for each UPS Air Services package or Hundredweight shipment tendered to UPS on Saturday.

The shipper should contact UPS's Customer Service office for information regarding UPS's Saturday pickup area and the additional Saturday pickup charges.

Saturday Delivery of UPS Next Day Air and UPS Next Day Air Early A.M.

The shipper may request optional Saturday delivery of UPS Next Day Air, UPS Next Day Air Hundredweight, and UPS Next Day Early A.M. shipments to the destinations identified in the UPS Guaranteed Delivery Schedule by attaching a Saturday Delivery routing label (provided by UPS) to each package. An additional charge, as stated on the current rate chart, will be assessed for each UPS Next Day Air or UPS Next Day Air Early A.M. package received for Saturday delivery.

Hold for Pickup Service

The shipper may request UPS to hold a package at a designated UPS facility for pickup by the consignee. For each such package, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the designated UPS facility. In addition, the shipper will apply a UPS Hold for Pickup label below the address label on the package.

UPS will hold the package at the designated facility and will attempt to contact the consignee at the telephone number shown on the label. Packages will usually be made available by 8:30 a.m. on the scheduled day of delivery. Packages not picked up within five business days from the date of arrival will be returned to the shipper.

Correction of Wrong Address

If UPS is unable to deliver any package because of an incorrect address, UPS will refer to the telephone directory and make every other reasonable effort to secure the correct address. If the correct address is secured, UPS will make another attempt at delivery and the shipper will be notified of the correction of address. An additional charge, as stated on the current rate chart, will be assessed for each Address Correction.

Use of the ZIP Code

The ZIP Code is an important part of the address. Therefore, to help ensure dependable service, it is essential that the ZIP Code be included in the delivery address.

Deliveries Attempted Three Times Without Extra Charge

In case UPS is unable to complete delivery of a package, a nondelivery notice will be left at the consignee's address stating that delivery has been attempted. Thereafter, a second and, if necessary, a third attempt to deliver the package will be made without additional charge.

Interruption of Service

UPS shall not be liable for any interruption of delivery service due to a cause beyond its control, or due to riots, strikes, or other labor disputes.

Return of Undeliverable Packages

Packages refused by consignees or which for any other reason cannot be delivered will be promptly returned to the shipper without additional charge.

Package Charge

See the current rate chart for UPS Air Services and UPS Hundredweight Air Services rates. Transportation charges for a package measuring one cubic foot or less, except the charges for UPS Air Services Letters, are based on the gross weight of the package. Transportation charges for a package measuring over one cubic foot are based on the gross weight of the package or the dimensional weight of the package, whichever is greater. Dimensional weight is determined by dividing the volume of a package (in cubic inches) by 194. Fractions of a pound will be increased to the next full pound.

Additional Handling Charge

An Additional Handling Charge, as stated on the current rate chart, will be assessed for the transportation of the following:

(a) Any article that is not fully encased in an outside shipping container.

(b) Any article that is encased in an outside shipping container made of metal or wood.

(c) Cans or pails that are not fully encased in a shipping container made of corrugated cardboard.

(d) Any package that exceeds 60 inches in length.

Weekly Service Charge

When pickup service is requested and furnished, a weekly service charge, as stated on the current rate chart, will be applied. UPS will call at the shipper's premises once each business day to pick up packages for delivery to all points served without special pickup request and whether or not any packages are available for delivery.

Payment of Charges

Unless otherwise indicated on the shipping record provided to UPS, shipping charges will be billed to the shipper.

UPS accepts shipments for Collect billing and 3rd Party billing providing the receiver or third party has a valid UPS account number and has agreed to accept the charges.

A processing fee, as stated on the current rate chart, will be charged for a missing or invalid account number when either Collect billing or 3rd Party billing has been selected on the shipping record provided to UPS. An account number is invalid if it is the wrong account number for the bill-to party or if it is the account number for a receiver or third party who fails to pay the shipping charges. In the event of nonpayment by the receiver or third party,

the charges will be reversed and billed back to the shipper.

Payments for Service

UPS credit terms require payment of all charges within seven (7) days after receipt of the UPS bill.

UPS Air Services Service Guarantee

UPS guarantees on-schedule delivery of UPS Air Services packages to every address in the United States and Puerto Rico (where applicable). In the event the carrier fails to complete delivery or attempt delivery within the time commitment published in the UPS Guaranteed Delivery Schedule, UPS, at UPS's option, will credit or refund the shipping charges for each such package, upon request, subject to the following conditions:

(a) The package is properly documented in a UPS pickup record, and bears the appropriate UPS Air Services tracking label and an address label showing the consignee's correct name, deliverable address, and ZIP Code; or the package bears a properly completed UPS Air Shipping Document.

(b) The package bears a UPS Saturday Delivery routing label when optional Saturday service is requested.

(c) The package is tendered to UPS during UPS's published business hours.

(d) UPS is notified in writing or by telephone of a service failure within fifteen (15) calendar days from the date of scheduled delivery and is advised of the consignee's name and address, date of shipment, package weight, and UPS Air Services tracking number.

The guarantee does not apply to UPS Air Services shipments which are delayed due to causes beyond UPS's control including, but not limited to, the following: The unavailability or refusal of a person to accept delivery of the shipment, acts of God, public authorities acting with actual or apparent authority on the premises, acts or omissions of Customs or similar authorities, riots, strikes or other labor disputes, civil commotions, disruptions in air or ground transportation networks, such as weather phenomena, and natural disasters.

The guarantee does not apply to UPS 2nd Day Air or UPS 2nd Day Air A.M. shipments that are scheduled to be delivered between December 12 and December 25.

UPS Air Services Tracking Guarantee

UPS guarantees a verbal report of the status of UPS Air Services shipments within 30 minutes of a tracking inquiry. In the event the carrier fails to report the latest tracking information available in the UPS TotalTrack system within 30 minutes of the initial telephone call, UPS, at UPS's option, will credit or refund the shipping charges, upon request, subject to the following conditions:

(a) The package bears a UPS Air Services tracking label or UPS Air Shipping Document.

(b) UPS is advised of the consignee's name and address, date of shipment, package weight, and UPS Air Services tracking number during the initial call.

(c) A request is made by telephone within fifteen (15) calendar days from the date of scheduled delivery.

The guarantee does not apply to UPS TotalTrack system failures caused by conditions beyond UPS's control including, but not limited to, acts of God, riots, strikes or other labor disputes, or disruptions in communication networks.

Responsibility for Loss or Damage

Unless a greater value is declared in writing in the space provided on the shipping record provided to UPS, the shipper declares the released value of each package to be no greater than $100, which is a reasonable value under the circumstances surrounding the transportation. For each $100 or fraction thereof of declared value per package in excess of $100, an additional charge, as stated on the current rate chart, applies. Except if otherwise directed by the shipper, UPS will remit excess valuation charges to an insurance company or companies as a premium for shipper's interest cargo insurance for the shipper's account and on its behalf. When UPS does so, claims for loss of or damage to the shipper's property will be filed with and settled by UPS on behalf of the applicable insurance company. Shippers' Interest Cargo Policies are available for inspection at the office of UPS. Claims not made within nine months after delivery of the package or, in the case of nondelivery, within nine months after a reasonable time for delivery has elapsed, shall be deemed waived. UPS shall not be liable for any special, incidental, or consequential damages.

UPS 3 DAY SELECT SERVICE and UPS HUNDREDWEIGHT SERVICE 3 DAY SELECT

The following paragraphs contain the general rules and regulations under which United Parcel Service ("UPS") is engaged in the transportation of small packages in its own territory and jointly through interchange with an affiliated United Parcel Service company.

Service is provided between all points in the 48 contiguous states.

Commodities Handled and Restrictions on Service

UPS holds itself out to transport general commodities, except those of unusual value, classes A and B explosives, household goods, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, subject to the following restrictions:

(a) No service shall be rendered in the transportation of articles of unusual value. The maximum value or declared value per package is $50,000 and the maximum UPS liability per package is $50,000.

(b) No service shall be rendered in the transportation of any package or article weighing more than 150 pounds, or exceeding 108 inches in length, or exceeding a total of 130 inches in length and girth combined. Each package or article shall be considered as a separate and distinct shipment.

(c) The maximum weight for a hazardous materials package is 70 pounds unless further restricted in the *UPS Guide for Shipping Ground and Air Hazardous Materials.*

(d) Hazardous Materials packages are not accepted in Hundredweight 3 Day Select Service.

(e) UPS does not provide a protective service for the transportation of perishable commodities or of commodities requiring protection from heat or cold. Such commodities will be accepted for transportation solely at the shipper's risk for damage occasioned by exposure to heat or cold.

Right of Inspection

UPS reserves the right to open and inspect any package tendered to it for transportation.

Refusal of Unsafe Packages

UPS reserves the right to refuse any package which by reason of the dangerous or other character of its contents is liable, in the judgment of UPS, to soil, taint, or otherwise damage other merchandise or equipment, or which is economically or operationally impracticable to transport, or which is improperly packed or wrapped.

Packages must be so packed or wrapped as to pass the tests set forth in International Safe Transit Association Projects 1 & 1A.

Hazardous Materials

With the exception of Hundredweight 3 Day Select Service, UPS offers transportation of hazardous materials in passenger aircraft quantities prepared according to the requirements set forth in the *Code of Federal Regulations* Title 49 and the *UPS Guide for Shipping Ground and Air Hazardous Materials.* For each hazardous materials package requiring shipping papers under 49 C.F.R. Section 172.200, an additional charge, as stated on the current rate chart, will be assessed.

If a hazardous materials package is refused by the consignee or is damaged, it will be returned to the shipper, if possible. UPS reserves the right to charge the shipper for all costs resulting from improperly packed hazardous materials, or the cost of disposal if the shipper refuses to accept a returned item.

C.O.D. Packages

C.O.D. means, for all purposes, Collect On Delivery.

Preparation and Listing of C.O.D. Packages: C.O.D.s are accepted for amounts up to $50,000 per package. The shipper will prepare and attach to each C.O.D. package a UPS C.O.D. Tag showing the amount to be collected and will enter such amount on the UPS shipping record in the space provided for that purpose. Each package in a Hundredweight shipment should carry a C.O.D. Tag for the value of goods contained in that package.

Responsibility for C.O.D.s: UPS will collect for C.O.D. merchandise the amount shown on the C.O.D. Tag attached to the package and be responsible for and promptly transmit to the shipper the amount so collected or, if collection cannot be made, will return the package to the shipper. The shipper should notify UPS within 45 days from the date of shipment of C.O.D. shipments if the shipper has not received payment of the C.O.D. amounts.

Consignee's Checks in Payment of C.O.D.s: Unless instructions to collect cash only are shown on the C.O.D. Tag, in conformity with the instructions on the tag, UPS will accept a check issued by or on behalf of the consignee. When instructions to collect cash are clearly indicated on the C.O.D. Tag, UPS reserves the right to accept cash, cashier's check, certified check, money order, or other similar instrument issued by or on behalf of the consignee. All checks (including cashier's checks and certified checks) and money orders tendered in payment of C.O.D.s will be accepted by UPS at the shipper's risk including, but not limited to, risk of nonpayment and forgery, and UPS shall not be liable upon any such instrument. All checks and money orders will be transmitted to the shipper together with UPS's own check for amounts collected in cash.

Currency in Payment of C.O.D.s: UPS will not accept currency in amounts greater than $1,000 per C.O.D. package. UPS will not accept currency in amounts greater than $5,000 for a single shipper from any single consignee on any single day. UPS will not accept currency in an aggregate amount exceeding $9,999.99 from any single consignee on any single day.

Charges for C.O.D. Collections: An additional charge, as stated on the current rate chart, will be assessed for each C.O.D. received for collection.

Delivery Confirmation

At the time a shipper tenders a package to UPS, the shipper may request Delivery Confirmation Service by indicating Delivery Confirmation on the shipping record provided to UPS, or, as applicable, by attaching a special label approved by UPS requesting Delivery Confirmation Service. Each Delivery Confirmation response will include the date of delivery and either the name of the recipient or the disposition of the package; or, in the event of a return, the response will indicate the reason for the return and the date processed. An additional charge, as stated on the current rate chart, will be assessed for each such response. All responses will be consolidated and provided to the shipper weekly in printed or electronic format.

A shipper may instruct UPS to obtain the recipient's signature and to include it on the response at an additional charge, as stated on the current rate chart.

A shipper may elect to direct the response to a return address specified on the label. In such case, the response will be mailed individually and an additional charge, as stated on the current rate chart, will be assessed.

FAX P.O.D. (Proof Of Delivery)

Upon request, UPS will provide proof of delivery via facsimile transmission. The request must include a FAX number, including area code, for an operating FAX machine. An additional charge, as stated on the current rate chart, will be assessed for each successfully transmitted FAX P.O.D.

UPS Call Tag Service

Call Tag service is not provided via UPS 3 Day Select. Packages delivered in the 48 contiguous states can be retrieved with a Call Tag via UPS Ground Service (see the UPS Ground Service explanation).

Hold for Pickup Service

The shipper may request UPS to hold a package at a designated UPS facility for pickup by the consignee. For each such package, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the designated UPS facility. In addition, the shipper will apply a UPS Hold for Pickup label below the address label on the package.

UPS will hold the package at the designated facility and will attempt to contact the consignee at the telephone number shown on the label. Packages will usually be made available by 8:30 a.m. on the scheduled day of delivery. Packages not picked up within five business days from the date of arrival will be returned to the shipper.

Correction of Wrong Address

If UPS is unable to deliver any package because of an incorrect address, UPS will refer to the telephone directory and make every other reasonable effort to secure the correct address. If the correct address is secured, UPS will make another attempt at delivery and the shipper will be notified of the correction of address. An additional charge, as stated on the current rate chart, will be assessed for each Address Correction.

Use of the ZIP Code

The ZIP Code is an important part of the address. Therefore, to help ensure dependable service, it is essential that the ZIP Code be included in the delivery address.

Deliveries Attempted Three Times Without Extra Charge

In case UPS is unable to complete delivery of a package, a nondelivery notice will be left at the consignee's address stating that delivery has been attempted. Thereafter, a second and, if necessary, a third attempt to deliver the package will be made without additional charge.

Interruption of Service

UPS shall not be liable for any interruption of delivery service due to a cause beyond its control, or due to riots, strikes, or other labor disputes.

Return of Undeliverable Packages

Packages refused by consignees or which for any other reason cannot be delivered will be promptly returned to the shipper without additional charge.

Package Charge

See current rate chart for rates.

Additional Handling Charge

An Additional Handling Charge, as stated on the current rate chart, will be assessed for the transportation of the following:

(a) Any article that is not fully encased in an outside shipping container.

(b) Any article that is encased in an outside shipping container made of metal or wood.

(c) Cans or pails that are not fully encased in a shipping container made of corrugated cardboard.

(d) Any package that exceeds 60 inches in length.

Weekly Service Charge

When pickup service is requested and furnished, a weekly service charge, as stated on the current rate chart, will be applied. UPS will call at the shipper's premises once each business day to pick up packages for delivery to all points served without special pickup request and whether or not any packages are available for delivery.

Payment of Charges

Unless otherwise indicated on the shipping record provided to UPS, shipping charges will be billed to the shipper.

UPS accepts shipments for Collect billing and 3rd Party billing providing the receiver or third party has a valid UPS account number and has agreed to accept the charges.

A processing fee, as stated on the current rate chart, will be charged for a missing or invalid account number when either Collect billing or 3rd Party billing has been selected on the shipping record provided to UPS. An account number is invalid if it is the wrong account number for the bill-to party or if it is the account number for a receiver or third party who fails to pay the shipping charges. In the event of nonpayment by the receiver or third party, the charges will be reversed and billed back to the shipper.

Payments for Service

UPS credit terms require payment of all charges within seven (7) days after receipt of the UPS bill.

UPS 3 Day Select Guarantee

UPS guarantees on schedule delivery of UPS 3 Day Select packages to every address in the 48 contiguous United States as provided herein, within three business days. In the event UPS fails to complete delivery or attempt delivery within three business days, UPS, at its option, will credit or refund the shipping charges for each such package, upon request, subject to the following conditions:

(a) The shipment is properly documented in a UPS shipping record, and bears a UPS 3 Day Select tracking label and an address label showing the consignee's correct name, address to which packages can be delivered, and ZIP Code.

(b) The shipment is tendered to UPS during UPS's published business hours.

(c) UPS is notified in writing or by telephone of a service failure within fifteen (15) calendar days from the date of scheduled delivery and is advised of the consignee's name and address, date of shipment, package weight, and UPS 3 Day Select tracking number.

The guarantee does not apply to UPS 3 Day Select shipments which are delayed due to causes beyond UPS's control including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment, acts of God, public authorities acting with actual or apparent authority on the premises, riots, strikes or other labor disputes, civil commotions, disruptions in air or ground transportation networks, such as weather phenomena, and natural disasters. The guarantee does not apply to UPS 3 Day Select shipments that are scheduled to be delivered between December 12 and December 25.

Responsibility for Loss or Damage

Unless a greater value is declared in writing in the space provided on the shipping record provided to UPS, the shipper declares the released value of each package to be no greater than $100, which is a reasonable value under the circumstances surrounding the transportation. For each $100 or fraction thereof of declared value per package in excess of $100, an additional charge, as stated on the current rate chart, applies. Except if otherwise directed by the shipper, UPS will remit excess valuation charges to an insurance company or companies as a premium for shipper's interest cargo insurance for the shipper's account and on its behalf. When UPS does so, claims for loss of or damage to the shipper's property will be filed with and settled by UPS on behalf of the applicable insurance company. Shippers' Interest Cargo Policies are available for inspection at the office of UPS. Claims not made within nine months after delivery of the package or, in the case of nondelivery, within nine months after a reasonable time for delivery has elapsed, shall be deemed waived. UPS shall not be liable for any special, incidental, or consequential damages.

All shipments are subject to the terms and conditions contained in the UPS tariff, which is maintained at local UPS offices.

UPS GROUND SERVICE and UPS HUNDREDWEIGHT SERVICE GROUND

The following paragraphs contain the general rules and regulations under which United Parcel Service ("UPS") is engaged in the transportation of small packages in its own territory and jointly through interchange with an affiliated United Parcel Service company.

Commodities Handled and Restrictions on Service

UPS holds itself out to transport general commodities, except those of unusual value, classes A and B explosives, household goods, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, subject to the following restrictions:

(a) No service shall be rendered in the transportation of articles of unusual value. The maximum value or declared value per package is $50,000 and the maximum UPS liability per package is $50,000.

(b) No service shall be rendered in the transportation of any package or article weighing more than 150 pounds, or exceeding 108 inches in length, or exceeding a total of 130 inches in length and girth combined. Each package or article shall be considered as a separate and distinct shipment.

(c) The maximum weight for a hazardous materials package is 70 pounds unless further restricted in the *UPS Guide for Shipping Ground and Air Hazardous Materials.*

(d) Hazardous Materials packages requiring shipping papers as described under Title 49 C.F.R. Section 172.200 are not accepted in Hundredweight Ground Service.

(e) UPS does not provide a protective service for the transportation of perishable commodities or of commodities requiring protection from heat or cold. Such commodities will be accepted for transportation solely at the shipper's risk for damage occasioned by exposure to heat or cold.

Right of Inspection

UPS reserves the right to open and inspect any package tendered to it for transportation.

Refusal of Unsafe Packages

UPS reserves the right to refuse any package which by reason of the dangerous or other character of its contents is liable, in the judgment of UPS, to soil, taint, or otherwise damage other merchandise or equipment, or which is economically or operationally impracticable to transport, or which is improperly packed or wrapped.

Packages must be so packed or wrapped as to pass the tests set forth in International Safe Transit Association Projects 1 & 1A.

Hazardous Materials

Shipments containing hazardous materials must be prepared according to the requirements set forth in the *Code of Federal Regulations* Title 49 and the *UPS Guide for Shipping Ground and Air Hazardous Materials.* (Only Other Regulated Materials (ORMs) are accepted in Hundredweight Ground Service.)

For each hazardous materials package requiring shipping papers under 49 C.F.R. Section 172.200, an additional charge, as stated on the current rate chart, will be assessed.

If a hazardous materials package is refused by the consignee or is damaged, it will be returned to the shipper, if possible. UPS reserves the right to charge the shipper for all costs resulting from improperly packed hazardous materials, or the cost of disposal if the shipper refuses to accept a returned item.

C.O.D. Packages

C.O.D. means, for all purposes, Collect On Delivery.

Preparation and Listing of C.O.D. Packages: C.O.D.s are accepted for amounts up to $50,000 per package. The shipper will prepare and attach to each C.O.D. package a UPS C.O.D. Tag showing the amount to be collected and will enter such amount on the UPS shipping record in the space provided for that purpose. Each package in a Hundredweight shipment should carry a C.O.D. Tag for the value of goods contained in that package.

Responsibility for C.O.D.s: UPS will collect for C.O.D. merchandise the amount shown on the C.O.D. Tag attached to the package and be responsible for and promptly transmit to the shipper the amount so collected or, if collection cannot be made, will return the package to the shipper. The shipper should notify UPS within 45 days from the date of shipment of C.O.D. shipments if the shipper has not received payment of the C.O.D. amounts.

Consignee's Checks in Payment of C.O.D.s: Unless instructions to collect cash only are shown on the C.O.D. Tag, in conformity with the instructions on the tag, UPS will accept a check issued by or on behalf of the consignee. When instructions to collect cash are clearly indicated on the C.O.D. Tag, UPS reserves the right to accept cash, cashier's check, certified check, money order, or other similar instrument issued by or on behalf of the consignee. All checks (including cashier's checks and certified checks) and money orders tendered in payment of C.O.D.s will be accepted by UPS at the shipper's risk including, but not limited to, risk of nonpayment and forgery, and UPS shall not be liable upon any such

instrument. All checks and money orders will be transmitted to the shipper together with UPS's own check for amounts collected in cash.

Currency in Payment of C.O.D.s: UPS will not accept currency in amounts greater than $1,000 per C.O.D. package. UPS will not accept currency in amounts greater than $5,000 for a single shipper from any single consignee on any single day. UPS will not accept currency in an aggregate amount exceeding $9,999.99 from any single consignee on any single day.

Charges for C.O.D. Collections: An additional charge, as stated on the current rate chart, will be assessed for each C.O.D. received for collection.

Delivery Confirmation

At the time a shipper tenders a package to UPS, the shipper may request Delivery Confirmation Service by indicating Delivery Confirmation on the shipping record provided to UPS, or, as applicable, by attaching a special label approved by UPS requesting Delivery Confirmation Service. Each Delivery Confirmation response will include the date of delivery and either the name of the recipient or the disposition of the package; or, in the event of a return, the response will indicate the reason for the return and the date processed. An additional charge, as stated on the current rate chart, will be assessed for each such response. All responses will be consolidated and provided to the shipper weekly in printed or electronic format.

A shipper may instruct UPS to obtain the recipient's signature and to include it on the response at an additional charge, as stated on the current rate chart.

A shipper may elect to direct the response to a return address specified on the label. In such case, the response will be mailed individually and an additional charge, as stated on the current rate chart, will be assessed.

FAX P.O.D. (Proof Of Delivery)

Upon request, UPS will provide proof of delivery via facsimile transmission. The request must include a FAX number, including area code, for an operating FAX machine. An additional charge, as stated on the current rate chart, will be assessed for each successfully transmitted FAX P.O.D.

UPS Call Tag Service

When requested by the shipper, UPS will call at addresses within its ground delivery limits for pickup and return to the shipper a package previously delivered by UPS. Such requests shall be transmitted electronically through UPS's data processing facility. UPS Call Tag Service will be charged for at the same rate as charged for deliveries plus a base charge as stated on the rate chart in effect at the time of shipping.

Hold for Pickup Service

The shipper may request UPS to hold a package at a designated UPS facility for pickup by the consignee. For each such package, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the designated UPS facility. In addition, the shipper will apply a UPS Hold for Pickup label below the address label on the package.

UPS will hold the package at the designated facility and will attempt to contact the consignee at the telephone number shown on the label. Packages will usually be made available by 8:30 a.m. on the scheduled day of delivery. Packages not picked up within five business days from the date of arrival will be returned to the shipper.

Correction of Wrong Address

If UPS is unable to deliver any package because of an incorrect address, UPS will refer to the telephone directory and make every other reasonable effort to secure the correct address. If the correct address is secured, UPS will make another attempt at delivery and the shipper will be notified of the correction of address. An additional charge, as stated on the current rate chart, will be assessed for each Address Correction.

Use of the ZIP Code

The ZIP Code is an important part of the address. Therefore, to help ensure dependable service, it is essential that the ZIP Code be included in the delivery address.

Deliveries Attempted Three Times Without Extra Charge

In case UPS is unable to complete delivery of a package, a nondelivery notice will be left at the consignee's address stating that delivery has been attempted. Thereafter, a second and, if necessary, a third attempt to deliver the package will be made without additional charge.

Interruption of Service

UPS shall not be liable for any interruption of delivery service due to a cause beyond its control, or due to riots, strikes, or other labor disputes.

Return of Undeliverable Packages

Packages refused by consignees or which for any other reason cannot be delivered will be promptly returned to the shipper without additional charge.

Package Charge

See the current rate chart for UPS Ground Service rates.

The minimum charge for any package measuring over 84 inches in length and girth combined will be equal to the charge for a package weighing 30 pounds.

All other package charges are based on the gross weight of the shipment and its contents. Fractions of a pound will be increased to the next full pound.

Additional Handling Charge

An Additional Handling Charge, as stated on the current rate chart, will be assessed for the transportation of the following:

(a) Any article that is not fully encased in an outside shipping container.

(b) Any article that is encased in an outside shipping container made of metal or wood.

(c) Cans or pails that are not fully encased in a shipping container made of corrugated cardboard.

(d) Any package that exceeds 60 inches in length.

Weekly Service Charge

When pickup service is requested and furnished, a weekly service charge, as stated on the current rate chart, will be applied. UPS will call at the shipper's premises once each business day to pick up packages for delivery to all points served without special pickup request and whether or not any packages are available for delivery.

Payment of Charges

Unless otherwise indicated on the shipping record provided to UPS, shipping charges will be billed to the shipper.

UPS accepts shipments for Collect billing and 3rd Party billing providing the receiver or third party has a valid UPS account number and has agreed to accept the charges.

A processing fee, as stated on the current rate chart, will be charged for a missing or invalid account number when either Collect billing or 3rd Party billing has been selected on the shipping record provided to UPS. An account number is invalid if it is the wrong account number for the bill-to party or if it is the account number for a receiver or third party who fails to pay the shipping charges. In the event of nonpayment by the receiver or third party, the charges will be reversed and billed back to the shipper.

Payments for Service

UPS credit terms require payment of all charges within seven (7) days after receipt of the UPS bill.

Responsibility for Loss or Damage

Unless a greater value is declared in writing in the space provided on the shipping record provided to UPS, the shipper declares the released value of each package to be no greater than $100, which is a reasonable value under the circumstances surrounding the transportation. For each $100 or fraction thereof of declared value per package in excess of $100, an additional charge, as stated on the current rate chart, applies. Except if otherwise directed by the shipper, UPS will remit excess valuation charges to an insurance company or companies as a premium for shipper's interest cargo insurance for the shipper's account and on its behalf. When UPS does so, claims for loss of or damage to the shipper's property will be filed with and settled by UPS on behalf of the applicable insurance company. Shippers' Interest Cargo Policies are available for inspection at the office of UPS. Claims not made within nine months after delivery of the package or, in the case of nondelivery, within nine months after a reasonable time for delivery has elapsed, shall be deemed waived. UPS shall not be liable for any special, incidental, or consequential damages.

All shipments are subject to the terms and conditions contained in the UPS tariff, which is maintained at local UPS offices.

ADDENDUM TO

NEWELL

UPS GROUND INCENTIVE PROGRAM

CONTRACT CARRIER AGREEMENT

Newell, including all of its subsidiaries, (Customer) and United Parcel Service, Inc. (UPS) hereby agree that the UPS Ground Incentive Program Contract Carrier Agreement effective March 3, 1997 is amended as follows.

Item five is modified to read:

5) UPS agrees to grant the Customer a thirty-six percent (36%) discount from the published UPS Ground Service Rate Chart in effect at the time of shipping for all shipping locations listed on Attachment A. Each subsidiary must meet the minimum stated weekly volume level in order to receive it's incentive. Each subsidiaries' incentive will be based solely on its volume level. This discount will apply to commercial ground volume less service offerings subject to incentive e.g. Hundredweight.

UPS agrees to grant the Customer a fifteen percent (15%) discount from the published UPS Ground Service Rate Chart in effect at the time of shipping for all shipping locations listed on Attachment B, based on the Customer shipping a minimum of 4,800 in combined volume per week. This discount will apply to commercial ground volume less service offerings subject to incentive e.g. Hundredweight.

UPS agrees to grant the Customer a twenty-eight percent (28%) discount from the published UPS Ground Service Rate Chart in effect at the time of shipping for all shipping locations listed on Attachment C, based on the Customer shipping a minimum of 23,500 in combined volume per week. This discount will apply to commercial ground volume less service offerings subject to incentive e.g. Hundredweight.

For all locations listed on Attachment D, Customer is not required to identify packages requiring additional handling, at the point of shipment. Forty percent (40%) of the total ground packages shipped will be assessed a $2.00 additional handling charge and added to the weekly bill as a miscellaneous charge.

UPS agrees to perform a quarterly audit, or an audit upon one week's written notification by Customer, to determine that forty percent (40%) of Customer's total ground packages qualify for an additional Handling Surcharge. If the percentage changes by more than two percent (2%), an adjustment will be made to the Contract Carrier Agreement within thirty (30) calendar days.

SA

The discount amounts above are contingent upon the number of packages tendered to UPS by the Customer and upon the Customer maintaining its current shipping characteristics under this Agreement. The discounts above will go into effect. for each subsidiary, upon the receipt of the attached signature page.

Volume minimums will be evaluated on a regular basis and may be adjusted due to acquisitions or the sale of a business unit. Adjustments will be mutually agreed upon by both parties.

Customer further agrees that discounts do not apply to Additional Charges which are defined as those additional and accessorial charges set forth in the UPS Tariff, which are subject to change at any time.

Dear Linda:

This letter is a followup to my previous discussion with you and Bud Huchel concerning the Newell Company – UPS Ground Incentive Program Contract Carrier Agreement effective March 3, 1997. As mentioned in that discussion, please consider this written notice to Newell Company of UPS's intent to terminate this contract effective October 25, 1998.

After October 25, 1998, UPS will continue to transport Newell Company's small package ground shipments as detailed in the "Guide to UPS Services," however, all package charges and related additional charges will be assessed from the published UPS Ground Service Rate Chart in effect at the time of shipping.

Sincerely,

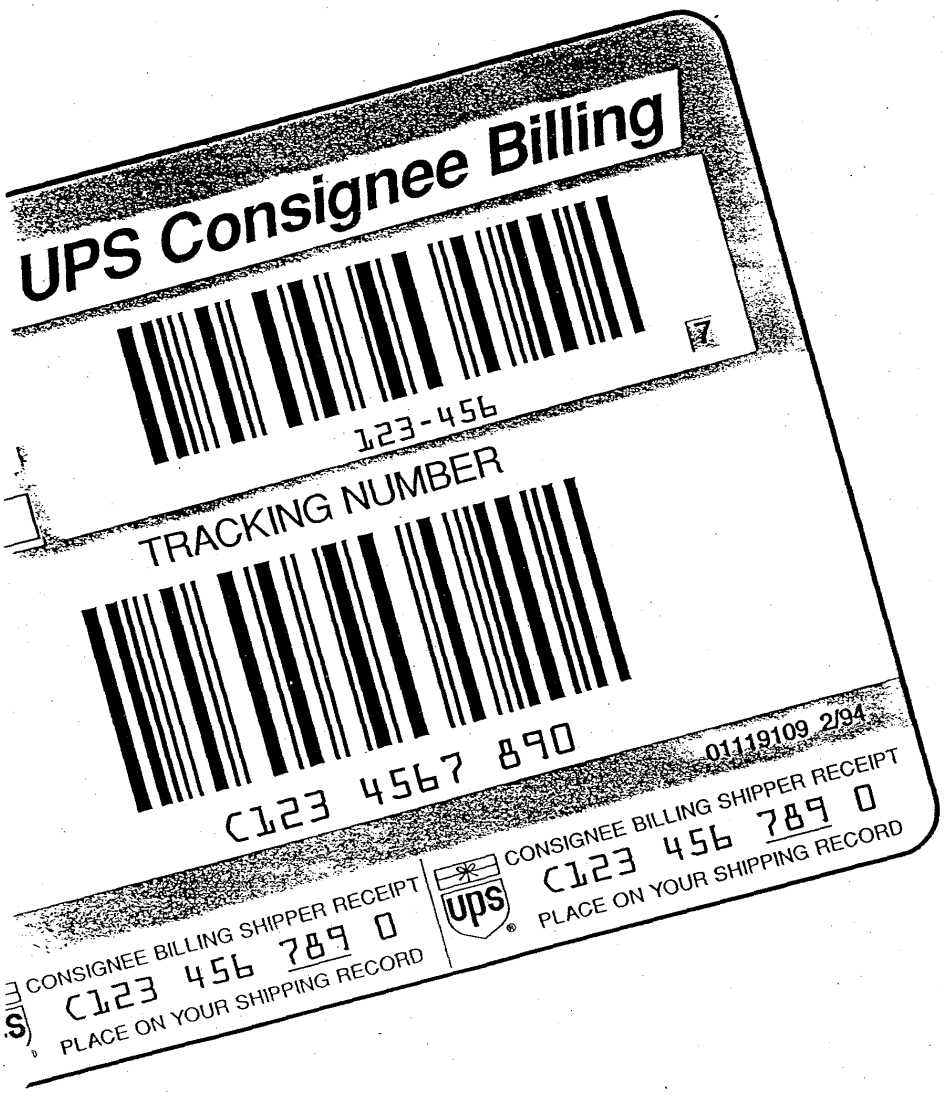

Kenneth Nigro

UPS Consignee Billing

How to Use UPS Consignee Billing with Service Explanation

Service to and from every address in the United States and Puerto Rico.

How to Use UPS Consignee Billing

1. Prepare an address label.

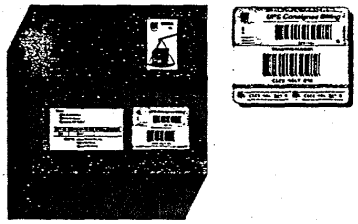

Type or print your own address label for each package.

A complete and legible address, including ZIP Code, will help ensure prompt delivery.

Affix the address label to the top of the package (making sure not to cover any seams or closures).

2. Apply a UPS Consignee Billing tracking label to the package.

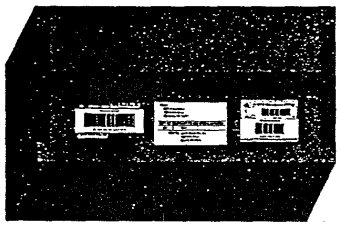

Place a UPS Consignee Billing label directly to the right of your address label.

Attach the Shipper Receipt portion to the business record you normally maintain for tracking purposes.

Refer to the Tracking Number on the Shipper Receipt when making an inquiry concerning delivery information.

When shipping a package weighing more than 70 pounds, place a *UPS Over 70 Pounds* sticker to the right of your address label (above the UPS Consignee Billing label).

3. For all services except UPS ground, apply the appropriate bar-coded tracking label.

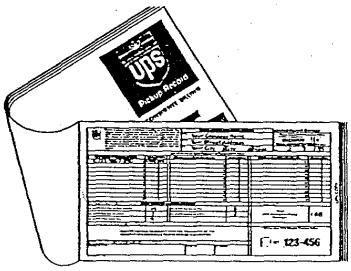

For UPS Next Day Air, UPS 2nd Day Air, and UPS 3 Day Select services, place the appropriate bar-coded label directly to the left of your address label.

This bar-coded label indicates the level of service you selected and is applied in addition to the UPS Consignee Billing label.

Attach the Shipper Receipt along with the UPS Consignee Billing receipt to the business record you normally maintain for tracking purposes.

Refer to the Tracking Number on either Shipper Receipt when making an inquiry concerning delivery information.

4. Complete the UPS Consignee Billing Pickup Record book.

Enter your company name and address, and the current date in the space provided on the UPS Consignee Billing Pickup Record.

To declare a value in excess of $100, enter the UPS Consignee Billing Tracking Number and full declared value amount in the space provided on the Pickup Record.

Record the total number of UPS Consignee Billing packages in the space provided.

Stamp your UPS Shipper Number in the space provided.

5. Call us to obtain tracking information.

Our computerized information tracking system provides quick, on-line access to the status of all your UPS Consignee Billing shipments at any time, day or night. Contact your UPS Customer Service office during normal business hours. After hours, call 1-800-457-4022 for round-the-clock information.

Shipper & Consignee

The following paragraphs contain the general rules and regulations under which United Parcel Service through its affiliates (the "carrier"), is engaged in the transportation of small packages. Service is provided between all points in the United States and Puerto Rico.

Qualifying Conditions
Shipments for which the package transportation charges are to be billed to the consignee will be accepted by the carrier in its UPS Next Day Air, UPS 2nd Day Air, UPS 3 Day Select and ground services subject to the following conditions:

(a) The consignee participates in UPS Consignee Billing under a continuing contract with the carrier.

(b) The shipper is authorized by the consignee to make collect shipments to the consignee under the terms of UPS Consignee Billing.

(c) The carrier has provided the shipper with a UPS Consignee Billing Pickup Record and UPS Consignee Billing labels.

(d) Each package is recorded and identified according to the carrier's instructions for preparing UPS Consignee Billing packages.

(e) The shipper will prepare and retain a business record showing the Consignee Billing Tracking Number, the date of shipment and the consignee address for each Consignee Billing package. This business record is required for claim payment.

In the event that a package is shipped using UPS Consignee Billing and the qualifying conditions or restrictions are not complied with, the package will be delivered and the package transportation charges on the then current UPS Rate Chart ("rate chart") will be billed to the shipper; and an Unauthorized Consignee Billing Package Charge of four dollars ($4.00) per package will be assessed to the shipper.

UPS Next Day Air/UPS 2nd Day Air Tracking Guarantee
The carrier guarantees a verbal report of the status of UPS Next Day Air shipments and UPS 2nd Day Air shipments within 30 minutes of a tracking inquiry. All terms and conditions, as stated in the service explanation in effect at the time of shipping for UPS Next Day Air and UPS 2nd Day Air, shall apply.

Service Guarantee
The carrier guarantees on-schedule delivery of any package sent via UPS Next Day Air, UPS 2nd Day Air or UPS 3 Day Select. In the event the carrier fails to complete delivery or attempt delivery within the time commitment published at the time of shipment, the carrier, at

ject to all terms and conditions as stated in the service explanations in effect at the time of shipping for UPS Next Day Air, UPS 2nd Day Air and UPS 3-Day Select service.

Service Days
Carrier will provide automatic daily pickup service during carrier's business days.

Deliveries Attempted Three Times Without Extra Charge
If the carrier is unable to make delivery of a package, a non-delivery notice will be left at the consignee's address stating that delivery has been attempted. Thereafter, a second and, if necessary, a third attempt to deliver the package will be made without additional charge.

Interruption of Service
The carrier shall not be liable for any interruption of delivery service due to a cause beyond its control, or to strikes, lockouts or labor disputes.

Refused Packages Returned
Packages refused by the consignee or which for any other reason cannot be delivered, will be promptly returned to the shipper without additional charge for return; however, the package transportation charge, as stated on the then current rate chart, will be billed to the consignee.

Payment of Transportation Charges
All package transportation charges will be paid by the consignee. All other charges including charges for Declared Value will be paid by the shipper in accordance with the rate chart in effect at the time of shipping.

Shipper

Hazardous Materials
Shipments containing hazardous materials must be prepared according to the requirements set forth in the Code of Federal Regulations Title 49 and the UPS Guide for Shipping Ground and Air Hazardous Materials.

For each hazardous materials package requiring shipping papers under 49 C.F.R. Section 172.200, an additional charge, as stated on the rate chart in effect at the time of shipping, will be assessed to the shipper.

If a hazardous materials package is refused by the consignee or is damaged, it will be returned to the shipper, if possible. The carrier reserves the right to charge the shipper for all costs resulting from improperly packed hazardous materials, or the cost of disposal if the shipper refuses to accept a returned item.

Delivery Confirmation
At the time a shipper tenders a package to the carrier, the shipper may attach a

Service. Each Confirmation of Delivery response will include the date of delivery and either the name of the recipient or the disposition of the package; or, in the event of a return, the response will indicate the reason for the return and the date processed. All responses will be consolidated and provided to the shipper weekly in printed or electronic format.

An additional charge, as stated on the then current rate chart, will be assessed to the shipper for each Delivery Confirmation response.

A shipper may instruct the carrier to obtain the recipient's signature and to include it on the response at an additional charge, as stated on the then current rate chart.

A shipper may elect to direct the response to a return address specified on the label. In such case, the response will be mailed individually and an additional charge, as stated on the then current rate chart, will be assessed.

FAX P.O.D. (Proof of Delivery)
Upon request, the carrier will provide proof of delivery via facsimile transmission. The request must include a FAX number, including area code, for an operating FAX machine. An additional charge, as stated on the then current rate chart, will be assessed for each successfully transmitted FAX P.O.D.

Saturday Pickup of UPS Next Day Air and UPS 2nd Day Air
The carrier offers optional Saturday pickup of UPS Next Day Air and UPS 2nd Day Air shipments from most locations in the United States for delivery to every address in the United States and Puerto Rico. UPS Next Day Air and UPS 2nd Day Air shipments picked up on Saturday receive the same time commitments for delivery as UPS Next Day Air and UPS 2nd Day Air shipments picked up on Friday.

Saturday pickup service is provided by the following methods:

(a) A shipper may request Saturday pickup by contacting the carrier's Customer Service office on each Saturday, excluding holidays, that the service is needed.

(b) At the shipper's option, the carrier will call at the shipper's premises every Saturday, excluding holidays, to pick up UPS Next Day Air and UPS 2nd Day Air shipments. A service charge, as stated on the rate chart in effect at the time of shipping, will be assessed to the shipper whenever the carrier calls at the shipper's premises on Saturday and there are no packages to be picked up on that day.

An additional charge, as stated on the rate chart in effect at the time of shipping, will be assessed to the shipper for each UPS Next Day Air and UPS 2nd Day Air package tendered to the carrier

Shipper (cont.)

The shipper should contact the carrier's Customer Service office for information regarding the carrier's Saturday pickup area.

Saturday Delivery of UPS Next Day Air
The shipper may request optional Saturday delivery of UPS Next Day Air shipments to the destinations identified in the UPS Air Service Guide by attaching a Saturday Delivery routing label (provided by the carrier) to each package. An additional charge, as stated on the then current rate chart, will be assessed to the shipper for each UPS Next Day Air package received for Saturday delivery.

Correction of Wrong Address
If the carrier is unable to deliver any package because of an incorrect address, the carrier will refer to the telephone directory and make every other reasonable effort to secure the correct address. If the correct address is secured, the carrier will make another attempt at delivery and the shipper will be notified of the correction of address. An additional charge, as stated on the then current rate chart, will be assessed to the shipper for delivery or attempted delivery to the correct address. If the correct delivery address cannot be secured, the package will be promptly returned to the shipper and the package transportation charges, as stated on the then current rate chart will be billed to the shipper.

Responsibility for Loss or Damage
Unless a greater value is declared in writing in the space provided on the UPS Consignee Billing Pickup Record, the shipper declares the released value of each package to be no greater than $100. For each $100 or fraction thereof of declared value per package in excess of $100, an additional charge, as stated on the rate chart in effect at the time of shipping, will be billed to the shipper. Except if otherwise directed by the shipper, the carrier will remit excess valuation charges to an insurance company or companies as a premium for shipper's interest cargo insurance for the shipper's account and on its behalf. When the carrier does so, claims for loss of or damage to the shipper's property will be filed with and settled by the carrier on behalf of the applicable insurance company. Shippers' Interest Cargo Policies are available for inspection at the office of the carrier. Claims not made within nine months after delivery of the package or, in the case of non-delivery, within nine months after a reasonable time for delivery has elapsed, shall be deemed waived. The carrier shall not be liable for any special, incidental or consequential damages.

Weekly Service Charge
When pickup service is requested and furnished, a weekly service charge, as stated on the rate chart in effect at the time of shipping, will be applied. The carrier will call at the shipper's premises once each business day to pick up packages for delivery to all points served without special pickup request and whether or not any packages are available for delivery. When "On Demand Consignee Billing" pickup service is requested and furnished, the weekly service charge will be applied.

Commodities Handled and Restrictions Upon Service
The carrier holds itself out to transport general commodities, except those of unusual value, classes A and B explosives, household goods, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, subject to the following restrictions:

(a) No service shall be rendered in the transportation of articles of unusual value. The maximum value or declared value per package is $50,000 and the maximum liability per package is $50,000.

(b) No service shall be rendered in the transportation of any package or article weighing more than 150 pounds, or exceeding 108 inches in length, or exceeding a total of 130 inches in length and girth combined. Each package or article shall be considered as a separate and distinct shipment.

(c) The maximum weight for a hazardous materials package is 70 pounds unless further restricted in the UPS Guide for Shipping Ground and Air Hazardous Materials.

(d) The carrier does not provide a protective service for the transportation of perishable commodities or of commodities requiring protection from heat or cold. Such commodities will be accepted for transportation solely at shipper's risk for damage occasioned by exposure to heat or cold.

(e) C.O.D. and Call Tag services are not provided.

(f) International shipments are not accepted.

Right of Inspection
The carrier reserves the right to open and inspect any package tendered to it for transportation.

Use of the ZIP Code
The ZIP Code is an important part of the address. Therefore, to assure dependable service, it is essential that the ZIP Code is included in the delivery address.

Refusal of Unsafe Packages
The carrier reserves the right to refuse any package which by reason of the dangerous or other character of its contents is liable, in the judgment of the carrier, to soil, taint or otherwise damage other merchandise or equipment, or which is economically or operationally impracticable to transport, or which is improperly packed or wrapped.

Packages must be so packed or wrapped as to pass the tests set forth in National Safe Transit Project 1-A.

Consignee

Payments for Service
The carrier's credit terms require payment of all charges within seven days after receipt of carrier's bill.

Rates
See rate chart for current rates.

The minimum charge for any package measuring over 84 inches in length and girth combined will be equal to the charge for a package weighing 30 pounds.

All package charges are based on the gross weight of the package and its contents. Fractions of a pound will be increased to the next full pound.

Additional Handling Charge
An Additional Handling Charge, as stated on the then current rate chart, will be assessed for the transportation of the following:

(a) Any article that is not fully encased in an outside shipping container.

(b) Any article that is encased in an outside shipping container made of metal or wood.

(c) Cans or pails that are not fully encased in a shipping container made of corrugated cardboard.

(d) Any package that exceeds 60 inches in length.

All shipments are subject to the terms and conditions contained in the UPS tariff, which is maintained at local UPS offices.

GOVERNING PUBLICATIONS

This tariff, containing the Rates, Classifications, Rules and Practices, is covered, except as otherwise provided herein, by the following described tariffs, and by supplements or loose-leaf page amendments thereto or successive issues thereof:

Title or Kind of Tariff	Issuing Agent or Carrier	Tariff	ICC
ATA Hazardous Materials Tariff	American Trucking Association, Inc., Agent	111-K	ATA 111-K
National Motor Freight Classification	National Motor Freight Traffic Association, Inc., Agent	100-T	NMF 100-T
Rate Basis Book	Joseph R. Moderow, Agent	100	

The effective UPS Rates are defined as the rates established by UPS for the type of service provided for individual shippers, which is in effect at the time of the shipping, plus any additional charges or rates for nonstandard service, additional or nonstandard usage, or those applicable additional rates set out in any customized contracts.

Both the effective UPS Rates and the effective Guide to UPS Services, as well as any modifications, amendments, supplements, or successive publications thereof, are hereby incorporated by reference as part of the terms and conditions of this tariff.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
	SUBSTITUTION OF RAIL SERVICE
415	United Parcel Service, Inc., may at its option, substitute rail service between the points served for its services via highways for which such motor carrier has lawful operating rights as a carrier via motor vehicle. When substitution service is performed under the provisions of this tariff, the rates referenced herein will apply to such substituted service.
	SUPPLEMENTAL CORRECTIONS OR SUCCESSIVE ISSUES
420	Where reference is made in this tariff to a tariff, item, note, rule or table, such reference will include any supplemental corrections or successive issues of such tariff, item, note, rule or table.
	FIREARMS AND AMMUNITION
425	Firearms will be transported only between licensed importers, licensed manufacturers, licensed dealers and licensed collectors, as defined in the United States Gun Control Act of 1968 (Public Law 90-618, enacted October 22, 1968), as amended by the Firearms Owners' Protection Act (P.L. 99-308, approved May 19, 1986, and a subsequent amendment thereto, P.L. 99-360, approved July 8, 1986), law enforcement agencies of the United States or of any department or agency thereof, and law enforcement agencies of any State or any department, agency or political subdivision thereof, and from a person not otherwise prohibited by Federal, State or local law to a licensed importer, licensed manufacturer or licensed dealer for the sole purpose of repair or customizing, and the repaired firearm or a replacement firearm of the same kind or type on return from the licensed importer, licensed manufacturer or licensed dealer to that person. The shipper must affix a label, provided by UPS, upon all shipments containing firearms. Small arms ammunition, as defined in 49 C.F.R. Section 173.55, will be transported when packaged and labeled in compliance with 49 C.F.R. Section 172.101.
	MEASUREMENT OF COMBINED LENGTH AND GIRTH
435	To determine the length of a regularly shaped package or article, measure the longest side. To determine the girth, measure the distance around the package or article at its thickest part, at a right angle to the length. The total of the two measurements is the combined length and girth. To determine the length and girth combined of an irregularly shaped package or article, assume the package or article to be enclosed in a six-sided carton having rectangular sides of no thickness joined together at right angles. To determine the length and girth combined of articles of regular shape but with open or hollow portions, such as tires, hoops, coils or frames, measure by use of outer dimensions only, as if the open or hollow portions were filled in solidly.
	REFUSAL OF UNSAFE PACKAGES
440	UPS reserves the right to refuse any package which by reason of the dangerous or other character of its contents is liable, in the sole judgment of UPS, to soil, taint or otherwise damage other merchandise or UPS's equipment, or is economically or operationally impracticable to transport, or which is improperly or insecurely packed or wrapped. Packages must be so packed or wrapped as to pass the tests set forth in the International Safe Transit Association Procedure 1-A, Procedure for Testing Packaged Products, weighing under 100 pounds, published by the International Safe Transit Association. Packages weighing 100 pounds or over must be so packed or wrapped as to pass the tests set forth in the International Safe Transit Association Procedure 1, Procedure for Testing Packaged Products weighing 100 pounds and over, published by the International Safe Transit Association with the additional requirement that the drop height shall be 12 inches and the drop sequence shall be the same as Procedure 1A. In addition, any tested product must be free from damage and the packaging affords reasonable protection as determined by UPS. Common fireworks will not be accepted by UPS for transportation.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
	RIGHT OF INSPECTION
442	UPS reserves the right to open and inspect any package tendered to it for transportation.
	DEFINITION OF "PACKAGE"
445	The term "package," as used herein, means any container and its contents, and includes any article which may be handled loose if the handling thereof can be accomplished in a reasonably safe and practicable manner.
	PAYMENT OF CHARGES BY SHIPPER
450	All charges must be paid by the shipper.
	DEFINITION OF ARTICLES OF UNUSUAL VALUE, WHICH ARE NOT ACCEPTED BY UPS FOR TRANSPORTATION
460	Articles of unusual value shall be deemed to include: (1) Coins (except pennies and nickels, and except proof and mint sets of United States coins tendered by United States mints of a face value not to exceed $2.41), currency, postage stamps, negotiable instruments, money orders, unset precious stones, industrial diamonds, human remains, and works of art. (2) Any article which contains more than fifty percent by weight of gold, silver, or platinum or any combination thereof in raw form, bullion, balls, bars, grains, strip, sheet, wire, chain, ingots and the scrap of these metals. (3) Any package having a value or declared value of more than $50,000. UPS will not be liable for any loss of, or damage to, articles of unusual value.
	CORRECTION OF WRONG ADDRESSES
465	If UPS is unable to deliver any package because of incorrect address, it will refer to the telephone directory and make every other reasonable effort to secure the correct address. If the correct address is secured, UPS will make another attempt at delivery, the shipper will be notified of the correction of address, and a second charge will be assessed for delivery or attempted delivery to the correct address. The amount of this charge will be that set forth in the schedule of additional charges applicable to the shipment in effect at the time of shipping, which is available upon request at the local UPS office.
	REFUSED PACKAGES RETURNED
470	Packages refused by consignees or which for any other reason cannot be delivered will be promptly returned to the shipper without additional charge.
	DROP SHIPMENT
472	UPS reserves the right to refuse any drop shipment request that is operationally or economically impracticable to perform. A request for drop shipment service is not reasonable unless the shipper makes a prior arrangement with UPS as to timing, location and volume of the drop shipment. When a shipper, through prior arrangements with UPS, tenders packages at UPS's receiving stations with a return address requiring a movement greater than a Zone 2 movement from the point of tender, any undelivered packages will be returned automatically and will be charged at the rate applicable between the point of tender and the return address. The UPS Rates for the applicable shipment will be charged in accordance with the UPS Rates in effect at the time of shipping, which are available upon request at the local UPS office

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
	DELIVERIES ATTEMPTED THREE TIMES WITHOUT EXTRA CHARGE
475	In case UPS is unable to make delivery of a package, a non-delivery notice will be left at the consignee's address stating that delivery has been attempted. Thereafter a second and, if necessary, a third attempt to deliver the package will be made without additional charge.
	SHIP NOTIFICATION
476	Shippers using the UPS Online™ electronic shipping and tracking information system, for an additional charge, may obtain the Ship Notification service, which electronically informs a shipper's customer when a shipment is scheduled for delivery. The UPS Ship Notification service will be provided by UPS subject to the rates, terms and conditions published in the Guide to UPS Services and those UPS Rates applicable to the shipment, in effect at time of shipping, which are available upon request from the local UPS office.
	PACKAGE TRACKING/TRACING REQUEST
478	Shipper may be assessed an additional charge by UPS for each Package Tracking/Tracing Request initiated by or at the request of the Shipper. This charge will not be assessed for the first 200 package tracking/tracing requests per calendar month, or for a quantity of package tracking/tracing requests equal to or less than twenty percent (20%) of the Shipper's package volume for that month, whichever is greater.
	C.O.D. PACKAGES
480	In all cases, C.O.D. shall mean Collect on Delivery. C.O.D.s are accepted in amounts up to $50,000 per package. Preparation and Listing of C.O.D. Packages: The shipper will prepare and attach to each C.O.D. package a C.O.D. tag showing the amount to be collected and will enter such amount in the space provided for that purpose on the UPS Pick-Up Record. The entry of a C.O.D. amount is not a declaration of value. Responsibility for C.O.D.s: Upon delivery, UPS will collect for C.O.D. merchandise the sum of money shown on the C.O.D. tag attached to the package and promptly transmit to the shipper the money so collected or, if collection cannot be made, will return the package to the shipper. The shipper must notify UPS within 45 days from date of shipment of C.O.D. shipments if the shipper has not received payment of the C.O.D. amounts. Consignee's Checks in Payment of C.O.D.s: Unless instructions to collect cash only are shown on the C.O.D. tag, in conformity with the instruction on the tag, UPS will accept a check or other negotiable instrument issued by or on behalf of the consignee. When instructions to collect cash only are clearly indicated on the C.O.D. tag, UPS reserves the right to accept cash, cashier's check, certified check, money order or other similar instruments issued by or on behalf of the consignee. All checks and/or negotiable instruments including cashier's checks, certified checks, or other similar instruments and money orders, tendered in payment of C.O.D.s, will be accepted by UPS at the shipper's risk including, but not limited to, risk of nonpayment and forgery, and UPS shall not be liable for any such instrument. All checks and money orders will be transmitted to the shipper together with UPS's own check for amounts collected in cash. Currency in Payment of C.O.D.s: UPS will not accept currency in amounts greater than $1,000 per C.O.D. package. UPS will not accept more than $5,000 in currency for a single shipper from any single consignee on any single day. UPS will not accept currency in an aggregate amount of $10,000 or more from any single consignee on any single day. Payment in excess of $10,000: Payment for any C.O.D. package greater than $10,000 must be received in a single check or monetary instrument such as a cashier's check, certified check or money order. In the case of Hundredweight Shipments, each C.O.D. package in a Hundredweight shipment must carry a C.O.D. tag for the value of the goods contained in that C.O.D. package.
	REMITTANCE OF C.O.D.s
485	UPS shall remit C.O.D. collections to the shipper promptly and within 11 days from the date of collection

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
	CHARGES FOR C.O.D. COLLECTIONS
430	An additional charge will be assessed for each C.O.D. received for collection. The amount of this charge is the charge set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request from the local UPS office.
	ELECTRONIC CALL RETURN SERVICE
436	When requested by the shipper, UPS will call at addresses within its delivery limits for pickup and return to the shipper of merchandise previously delivered by UPS. Such requests shall be transmitted electronically through UPS's Data Processing facility. Charges for Electronic Call Return Service will be at those rates charged for deliveries, plus a base charge in the amount which is in effect for the shipment at the time of shipping, which rates are available upon request from the local UPS office. A shipper may elect to submit to UPS call return requests via electronic data transmission in a format specified by UPS. In such cases, the base charge for each electronic call return request will be at the UPS Rates applicable to the shipment in effect at the time of the shipping, which rates are available upon request from the local UPS office. Should UPS attempt but be unable to pick up and return the merchandise as requested by the shipper, the charge for the uncompleted call will be equal to the applicable base charge.
	INTERRUPTION OF SERVICE
500	UPS shall not be liable for any interruption of service due to causes beyond UPS's control including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment, acts of God, public authorities acting with actual or apparent authority on the premises, acts or omissions of customs or similar authorities, riots, strikes or other labor disputes, civil commotions, disruptions in air or ground transportation networks, such as weather phenomena, and natural disasters.
	FILING OF CLAIMS
510	All claims for loss or damage to property transported or accepted for transportation must be in writing and must include reference to the pickup record number and date or copies of other documents sufficient to identify the shipment involved; must assert the liability of UPS, and/or any applicable insurance company, for alleged loss or damage; must make claim for payment of a specified or determinable amount of money; and must be accompanied with a copy of the original invoice or, if no invoice was issued, other proof, certified to in writing, as to the value of the property or extent of the damage. No claims for loss or damage to property will be voluntarily paid by UPS on behalf of itself or any applicable insurance company unless filed in writing in accordance with the provisions of this tariff.
	ACKNOWLEDGMENT OF CLAIMS
515	UPS, on behalf of itself and any applicable insurance company, upon receipt in writing of a proper claim in the manner and form described in this tariff accompanied by the documents described, will acknowledge the receipt of such claim in writing to the claimant within 30 days after the date of receipt by UPS unless UPS will have paid or declined such claims in writing within 30 days after the date of receipt by UPS thereof. UPS will at the time each claim is received create a separate file and assign thereto a successive claim file number and note that number on all documents filed in support of the claim and all records and correspondence with respect to the claim including the written acknowledgment of receipt and if in its possession, the shipping order and delivery receipts, if any, covering the shipment involved. At the time such claim is received, UPS will cause the date of receipt to be recorded on the face of the claim document, and the date of receipt will also appear on UPS's written acknowledgment of receipt to the claimant.
	TIME LIMIT FOR FILING CLAIMS
520	As a condition precedent to recovery from UPS and the applicable insurance company, claims must be filed in writing with UPS within nine months after delivery of the property or, in case of failure to make delivery, then within nine months after a reasonable time for delivery

510 cont.. has elapsed; and suits shall be instituted against UPS and the applicable insurance company only within two years after discovery by the shipper, other interested party, or UPS of the occurrence which gives rise to the claim. The following shall be deemed delivery for all purposes: delivery in accordance with trade custom and/or usage, delivery pursuant to driver release procedures, or delivery otherwise permitted under this tariff. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, such claims shall be deemed waived; neither UPS nor the appropriate insurance company hereunder shall be liable, and such claims will not be paid.

INVESTIGATION OF CLAIMS

525 (a) Prompt Investigation Required. Each claim filed against UPS, and any applicable insurance company, in the manner prescribed herein will be promptly and thoroughly investigated if investigation has not already been made prior to receipt of the claim.

(b) Supporting Documents. When a necessary part of an investigation, each claim must be supported by the original bill of lading or receipt, evidence of the freight charges, if any, and either the original invoice, a photographic copy of the original invoice or an exact copy thereof, or an extract made therefrom, certified by the claimant to be true and correct with respect to the property and value involved in the claim; or certification of prices or values, with trade or other discounts, allowance, or deductions of any nature whatsoever and the terms thereof, or depreciation reflected thereon; provided, however, that where the property involved in a claim has not been invoiced to the consignee shown on the bill of lading or receipt or where an invoice does not show price or value, or where the property involved has not been sold, or where the property has been transferred at bookkeeping values only, UPS will, before paying a claim thereon, require the claimant to establish the destination value in the quantity shipped, transported, or involved and to certify the correctness thereof in writing.

(c) Original Packaging Materials. In the event that a claim is made against UPS for damage to a package, the original packaging materials must be made available to UPS or its authorized representative for inspection.

(d) Verification of Loss. When an asserted claim for loss of an entire package or an entire shipment cannot be otherwise authenticated upon investigation, UPS will obtain from the consignee of the shipment involved a certified statement in writing that the property for which the claim is filed has not been received from any other source.

DISPOSITION OF CLAIMS

530 UPS, on its own behalf and as applicable on behalf of the insurance company, after receiving a written claim for loss or damage to property transported, will pay, decline, or make a firm compromise settlement offer in writing to the claimant within 120 days after receipt of the claim by UPS; provided, however, that if the claim cannot be processed and disposed of within 120 days after the receipt thereof, UPS will at that time and at the expiration of each succeeding 60-day period while the claim remains pending, advise the claimant in writing of the status of the claim and the reason for the delay in making final disposition thereof and shall retain a copy of such advice to the claimant in its claim file thereon.

DAMAGED AND LOST PROPERTY

535 Whenever property is damaged or lost by UPS in the course of transportation, UPS on its behalf and as applicable on behalf of the insurance company, will pay at its option, either for the damaged or lost goods not to exceed the actual cost or declared value of the property, whichever is lower, or for the cost of repair of damaged property provided such cost of repair does not exceed the actual cost or declared value of the property.

Neither UPS nor any applicable insurance company will be liable or responsible for the loss of or damage to any package, the contents of which UPS is not authorized to accept and/or UPS has a right to refuse under UPS's scope of operation.

Neither UPS nor any applicable insurance company will be liable or responsible for the loss of or damage to any package resulting from inherent vice (including, but not limited to improper, inadequate or unsafe packaging or wrapping that fails to meet UPS's published standards related thereto set forth in this tariff or elsewhere), deterioration, dampness of atmosphere, extreme of temperature, ordinary wear and tear or that which occurred or arose prior to and or after the course of transportation by UPS.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
535 cont.	When UPS and any applicable insurance company pays the actual value of the property, title to the property shall thereupon pass to UPS; otherwise, the damaged property shall be returned to the shipper. UPS shall not be liable for any special, incidental or consequential damages.

METHOD OF DETERMINING RATES AND INSURANCE CHARGES

540 To determine rates in this tariff:

(1) Refer to the UPS Zone Chart applicable to the shipment in effect at the time to determine the appropriate zone for use in determining the poundage rate.

(2) Refer to the UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS Office.

(3) Refer to local UPS office for additional charges and rates charged by reason of non-standard service and/or additional or nonstandard usage.

(4) Refer to any applicable customized contract.

Released value of package:

The UPS Rates are applicable only when the value of the property declared in writing by the shipper, or agreed upon in writing, as the released value thereof is as follows:

Coverage for a value not exceeding $100 per package or article not enclosed in a package.

Apply the UPS Rates, which are available from local UPS offices upon request.

Coverage for a value exceeding $100 per package or article not enclosed in a package.

Apply the UPS Rates as base rates, plus an insurance charge, the amount of which is also published in the effective UPS Rates available at each local UPS office, for each $100 or fraction thereof of value in excess of the initial $ 100 in valuation for which the base rate is applicable.

a. The maximum liability per package assumed by UPS is limited to the lesser of:

i) $100, or

ii) actual cost of the loss or damage sustained.

b. UPS will remit the insurance charges to an insurance company as a premium for shipper's interest insurance for the shipper's account and on its behalf. Claims for loss or damage to the shipper's property will be filed with and settled by UPS on behalf of the insurance company.

OPTIONS FOR PAYMENT OF TRANSPORTATION CHARGES

560 UPS may extend credit to those shippers who, in the sole judgment of UPS, are good credit risks. Where credit is extended, the following provisions for payment of transportation and service charges will apply.

UPS may render a bill to the shipper on a weekly or a monthly basis. A weekly bill will include the transportation and service charges incurred in the previous week for those shippers who have requested the automatic daily pickup call for which a weekly service charge applies. A monthly bill will include the transportation and service charges incurred for that month for which the bill is assessed for those shippers who have requested the automatic daily pickup call for which a weekly service charge applies.

If a negotiable instrument submitted by Shipper to UPS as payment for service is returned to UPS unpaid by Shipper's bank, UPS may charge Shipper a returned check fee in an amount of up to Twenty Dollars ($20.00) or the maximum permitted by law, whichever is less per check, in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper.

UPS may offer, solely at UPS's discretion, the following choices of payment options for payment of transportation and service charges:

A. Electronic Funds Transfer Plan (Debit EFT)

Shipper will provide UPS with shipper's bank account number and bank account routing number to enable UPS to electronically request payment for the transportational service charges incurred by the shipper directly from the shipper's bank. The shipper's bank will then remit the

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
560 (cont.)	amount requested to UPS and deduct that amount from the shipper's bank account. Each payment to UPS will be shown on the shipper's monthly bank statement. Additionally the shipper will receive a weekly or monthly bill, as applicable, detailing the services provided for the applicable billing period. Past due balances on any bill assessed on a monthly basis will be subject to a late payment fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper. B. Consolidated Payment Plan Under the terms of the Consolidated Payment Plan, a shipper will make a prepayment with UPS in an amount equal to four weeks' anticipated transportation and service charges as estimated by UPS. This prepayment shall remain on account with UPS. No interest shall be paid or accrued on the prepayment amount. If the shipper receives a bill on a monthly basis, the transportation and service charges incurred for the applicable month will be totaled and billed to the shipper. Payment is due upon receipt of the bill. The initial prepayment amount will remain on account with UPS. Past due balances on bills assessed on a monthly basis will be subject to a late fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper. If the shipper receives a bill on a weekly basis, that bill will detail the previous weeks' transportation and service charges incurred. Payment for all accumulated charges will be due upon receipt of the fourth bill; however, if prior to receiving the fourth bill, the shipper's transportation and service charges should equal or exceed the amount of the prepayment, then the accumulated charges will be due at that time. The initial prepayment amount will remain on account with UPS. The prepayment amount, as applied to either the weekly or monthly receipt of billing, may be changed by UPS to reflect a revised estimate of four weeks' billing. C. Special Payment Plan By written agreement with UPS, the shipper may elect to prepay an amount equal to the billing for a period of between ten to twenty-six weeks, as estimated by UPS. The amount of transportional service charges actually incurred will then be deducted by UPS on a weekly basis from the sum prepaid by the shipper. Weekly bills marked as paid will then be forwarded to the shipper together with a statement reflecting the balance of the shipper's account. When the sum prepaid by the shipper reaches the minimum balance specified in the written agreement, the shipper may, at the shipper's option, elect to make another prepayment for an additional period pursuant to the same agreement. No interest shall be paid or accrued on the prepayment amount. D. Credit Extension Plan By written agreement with UPS, the shipper may elect to pay an annual credit extension fee and thereafter receive bills on a monthly basis with no prepayment requirement. The bill will be payable upon receipt. The credit extension fee is based upon total annual delivery charges and is subject to change annually. Past due balances will be subject to a late fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper. E. Bank Freight Payment Plan Any shipper may, at the shipper's option, pay transportation bills through any of the bank freight payment plans in which UPS participates. F. Weekly Payment Plan A shipper may elect to pay transportation bills on a weekly basis. Each week the shipper will receive a bill for the previous weeks' transportational service charges. The bill must be paid within seven days of receipt. No prepayment is required under this plan. Past due balances on any bill assessed on a monthly basis will be subject to a late payment fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper. Balances which are not received according to the terms indicated on the UPS Delivery Service Bill will be deemed late. Shippers who do not desire to utilize any of the payment plans described above, including those to whom UPS does not desire to extend credit, shall pay UPS's charges for service in cash at time of pickup.

560 (cont.)	3. UPS Prepaid Plan: Shipper may elect to prepay for expedited delivery service by purchasing the shipping labels in advance to be used on packages shipped at a later date.
	SUBSTITUTION OF AIR SERVICE
565	United Parcel Service, Inc., may at its option, substitute air service between the points served for its services via highways for which such motor carrier has lawful operating rights as a carrier via motor vehicle. When substitution service is performed under the provisions of this tariff, the UPS Rates referenced herein will apply to such substituted service.
	ONE-TIME PICKUP SERVICE
570	When One-Time Pickup Service is requested and furnished, a service charge for each pickup at each location shall apply in addition to the rate charged for the applicable UPS level of service selected by the shipper. The service charge and the applicable rate charged, based upon the level of service provided, will be assessed in accordance with the UPS Rates for UPS Customer Counter and One-Time Pickup Customers in effect at the time of shipping or such other applicable rates for nonstandard or customized service as from time to time may be imposed by UPS, which are available upon request at the local UPS office.
572	ON-CALL PICKUP SERVICE When On-Call Pickup Service is requested by the Shipper, UPS will arrange (where reasonably possible) a shipment pickup at the Shipper's location. The UPS Rates for the applicable shipment will be charged in accordance with the UPS Rates in effect at the time of shipment, which are available upon request at the local UPS office.
	PICKUP SERVICE
575	When pickup service is requested and furnished, a weekly service charge will be assessed and shall apply in addition to the applicable UPS Rates for the shipment. The service charge and rate assessed will be those in effect at the time of shipment. The UPS Rates applicable to the shipment are those in effect at the time of shipping, which are available upon request at the local UPS office. UPS will call at the consignor's premises once each business day to pickup packages for delivery at all points served without special pickup request and whether or not any packages are available for delivery. (Packages tendered at UPS's customer counters will not be subject to such additional charge). If a service charge is required to be paid and is paid by the consignor pursuant to provisions of any other tariff or description of Rates, Classifications, Rules and Practices published by United Parcel Service, Inc., or by the participating carriers herein, for pickup service at the same location, no separate or additional service charge shall be required to be paid hereunder.
	HAZARDOUS MATERIAL HANDLING CHARGE
580	An additional charge, as set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each hazardous materials package requiring shipping papers under 49 C.F.R. Section 172.200. The UPS Rates applicable to the shipment are those in effect at the time of shipping, which are available upon request at the local UPS office. In addition to meeting all of the requirements for proper packaging, marking and labeling as set forth in 49 C.F.R. Section 172.200, the shipper is required to ensure the packaged product will pass the minimum requirements set forth in the International Safe Transit Association Procedure 1-A, procedures for testing packages weighing under 100 pounds. If hazardous materials package is refused by the consignee or is damaged, it will be returned to the shipper, if possible. UPS reserves the right to charge the shipper for all costs resulting from improperly packed hazardous materials, or the cost of disposal if the shipper refuses to accept a returned item

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
	DELIVERY CONFIRMATION SERVICE
600	At the time a shipper tenders a package to UPS, the shipper may attach a special label, approved by UPS, requesting Delivery Confirmation Service. Each Confirmation of Delivery response will include the date of delivery and either the name of the recipient or the disposition of the package; however, in the event of a return, the response will indicate the reason for the return and the date processed. An additional charge, as set forth within the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each such response. All responses will be consolidated and provided to the shipper weekly in printed or electronic format. A shipper may instruct UPS to obtain the recipient's signature and to include it on the response at an additional charge as set forth in the UPS Rates applicable to the shipment in effect at the time of shipping. A shipper may elect to direct the response to a return address specified on the label. In such a case, the response will be mailed individually and an additional charge will be assessed, as set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office.
	FAX PROOF OF DELIVERY (FAX P.O.D.)
601	Upon request, UPS will provide proof of delivery via facsimile transmission. The request must include a facsimile number, including area code, for an operating facsimile machine. An additional charge, set forth in the UPS Rates applicable to shipment in effect at the time of shipping, may be assessed for each successfully transmitted FAX P.O.D.
	ADDITIONAL HANDLING CHARGES
505	An additional handling charge, as set forth within the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each package or article that is not fully encased in an outside shipping container; any article that is encased in an outside shipping container made of metal or wood; cans or pails that are not fully encased in a shipping container made of corrugated cardboard; and any package that exceeds 60 inches in length.
	DELIVERY SERVICE FOR SHIPPERS RECEIVING DAILY PICKUP SERVICE
1000	Shippers who elect Pickup Service, pursuant to the terms of Item 575 published herein, may ship general commodities except those of unusual value, Classes A and B explosives, household goods as defined in 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, and those commodities injurious or contaminating to other lading. The rate for delivery of packages between points and places in the United States to a commercial location (consignee's place of business or employment) or to a residential location (the location where the consignee lives), shall be found in the UPS Rates as applicable to the shipment involved for customers receiving Automatic Daily Pickup in effect at the time of shipping, which are available upon request at the local UPS office. If the delivery location could be construed as both residential and commercial, then the rates for residential delivery service will be applied. For rates applicable to pickup service, see Item 575. Note 1 - The minimum charge for any package or article measuring over 84 inches in length and girth combined will be equal to the charge for a package weighing 30 pounds. Note 2 - Carrier will profile the shipper's traffic at a single location and/or at multiple locations when required and, based on that profile, will assign the shipper's traffic to a customer group for the receipt of applicable package information, problem resolution, solution support and communication services. Note 3 - Articles having a value or declared value of more than $50,000 will not be accepted for transportation. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
1000 .cont..	Note 4 - In the event a shipper selects the "Bill Receiver" or "Bill Third Party" option on a Next Day or 2nd Day UPS shipping document, and omits the account number or supplies an invalid account number, then in addition to being liable for the transportation costs, a service charge shall be assessed. An account number is deemed invalid if it is not the correct account number for the bill-to party, or if it is the account number for a receiver or third party who fails to pay the shipping charges. The amount of the service charge for Customer Counter and One-Time Pickup Customers may be ascertained in the UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office.
	UPS 3 DAY SELECT SERVICE
1020	UPS 3 Day Select Service is available for the shipment of general commodities, except those of unusual value, Classes A and B explosives, household goods as defined in 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, for shipments between points and places in the 48 contiguous United States. UPS 3 Day Select Service is available to the shipper by attaching a special label, approved by UPS, at the time the package is tendered to UPS, in accordance with the UPS 3 Day Select Service Explanation. UPS guarantees delivery of UPS 3 Day Select packages subject to the terms and conditions contained in the UPS 3 Day Select Service Explanation in effect at the time of shipping. The UPS Rates applicable to the shipment are those in effect at the time of shipping, which are available upon request at the local UPS office. The rate for delivery of packages pursuant to the terms and conditions of the UPS 3 Day Select Service Explanation to a residence (the location where the consignee lives) or to a commercial location (consignee's place of business or employment not including a business operated out of a residence) shall be found in the UPS Rates for Customers Receiving Automatic Daily Pickup or the UPS Rates for UPS Customer Counter and One-Time Pickup Customers, as applicable, in effect at the time of shipping. Note 1 - The rates listed in the UPS Rates for customers receiving Automatic Daily Pickup do not include the service charge for pickup service. For rates applicable to pickup service, see Item 575. There is no service charge for shippers utilizing a UPS Customer Counter. For shippers who utilize the One-Time Pickup, see Item 570 for rates applicable to the One-Time Pickup service charge. The rates published in the UPS Rates for UPS Customer Counter and One-Time Pickup Customers do not include the service charge. Note 2 - Transportation charges for a package measuring over one cubic foot (1,728 cubic inches) will be based on the dimensional weight of the package when the dimensional weight exceeds the actual weight. Dimensional weight is determined as follows: Step 1 - Calculate cubic size: Multiply the package length by the width by the height (rounded to the nearest whole inch) (LxWxH). The result is the cubic size of the package. Step 2 - Determine dimensional weight: Divide the cubic size of the package by 194 to determine the dimensional weight (in pounds). Increase fractions of a pound to the next full pound. $\frac{LxWxH}{194}$ = Dimensional Weight Note 3 - Hazardous materials are accepted for transportation in UPS 3 Day Select Service only in passenger aircraft quantities prepared according to the requirements set forth in the Code of Federal Regulations Title 49 and the UPS Guide for Shipping Ground and Air Hazardous Materials. Hazardous materials and all "Other Regulated Materials" (ORM) are prohibited in UPS 3 Day Select Hundredweight. Note 4 - Articles having a value or a declared value of more than $50,000 will not be accepted for transportation. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum. Note 5 - UPS Hundredweight Service is available for 3 Day Select Service provided the total shipment weight is 100 pounds or more. All other terms and conditions of the UPS Hundredweight Service contained in the Guide to UPS Services and the UPS Rates in effect at the time of shipping will apply.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
	OVERSIZE AND OVERWEIGHT PACKAGES
1030	General Commodities, except those of unusual value, Classes A and B explosives, household goods as defined by 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading. BETWEEN: Points and places in the United States. **RATES** Rates will be the UPS Rates applicable to the shipment in effect at the time of shipment, subject to Note 1 below: Note 1 - Packages or articles tendered weighing more than 150 pounds will be delivered at the option of UPS and each shall take the 150 pound rate for the applicable zone plus a charge of $15.00. Packages or articles tendered exceeding 130 inches in length and girth combined or exceeding 108 inches in length will be delivered at the option of UPS and will be charged a rate equal to the rate for a package weighing 30 pounds for the applicable zone, or a rate equal to the rate for the actual weight of the package and applicable zone, whichever is greater, plus a charge of $15.00.
	EXPEDITED SERVICE
1060	Expedited Delivery Service may be selected by a shipper for general commodities, except those of unusual value, household goods as defined in 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading. This service is available between points and places in the United States. Expedited Delivery Service may be selected by tendering a package to UPS, upon which is attached a special label provided by UPS, requesting expedited next day or 2nd Day delivery service. When such service is requested, the rates for delivery of UPS Next Day or UPS 2nd Day Letters, Paks or packages, coverage for a value not exceeding $100 per package, shall be the UPS Rates applicable to the shipment, for customers receiving Automatic Daily Pickup or the UPS Rates applicable to the shipment for UPS Counter and One-Time Pickup Customers in effect at the time of shipping, which are available upon request at the local UPS office. Note 1 - Alternatively, the shipper may attach a special label, provided by UPS, to the package requesting UPS Next Day Saver delivery service. The UPS Next Day Saver delivery service will be provided by UPS subject to the terms and conditions published in the Guide to UPS Services and UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office. Note 2 - The Shipper may also attach a special label, provided by UPS, to the package requesting UPS 2nd Day A.M. delivery service. The UPS 2nd Day A.M. delivery service will be provided by UPS subject to the terms and conditions published in the Guide to UPS Services and the UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office. Note 3 - The Shipper may pay an additional charge and attach a special label, provided by UPS to the package requesting UPS Next Day Early A.M. delivery service. The UPS Next Day Early A.M. delivery service will be provided by UPS, subject to the terms and conditions published in the Guide to UPS Services, and subject to an additional charge plus the base UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office. The shipper may request optional verbal confirmation of delivery service by indicating Verbal Confirmation of Delivery on the UPS Next Day Early A.M. shipping document. When this service is selected, UPS will call the shipper to confirm delivery on the day of delivery. The Verbal Confirmation of Delivery will be provided for an additional charge and is subject to the terms and conditions published in the UPS Next Day Early A.M. Service Guide and the UPS Next Day Early A.M. UPS Rates in effect at the time of shipping. Note 4 - Rates published in the effective UPS Rates do not include the service charge for pickup service. For rates applicable to pickup service, see Items 575 and 570. No service is rendered in the transportation of any package having a value or a declared value of more than $50,000. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum. Note 5 - The above rates will not be applicable to Electronic Call Return Service. Item 494

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
1060 (cont.)	Note 6 - For UPS Next Day Air or UPS 2nd Day Expedited Delivery service, an additional charge, the amount of which is set forth in the UPS Rates, will be assessed for each UPS Next Day Air or UPS 2nd Day Letter, Pak or package picked up on Saturday for subsequent delivery. An additional charge will be assessed regular Saturday Pickup accounts when a pickup stop is made and no packages are picked up. The amount of this charge is published in the UPS Rates in effect at the time of shipping, which are available on request at the local UPS office. Note 7 - Transportation charges for a package measuring over one cubic foot (1,728 cubic inches) will be based on the dimensional weight of the package when the dimensional weight exceeds the actual weight. Dimensional weight is determined as follows: Step 1 - Calculate cubic size: Multiply the package length by the width by the height (rounded to the nearest whole inch) (LxWxH). The result is the cubic size of the package. Step 2 - Determine dimensional weight: Divide the cubic size of the package by 194 to determine the dimensional weight (in pounds). Increase fractions of a pound to the next full pound. $\frac{LxWxH}{194}$ = Dimensional Weight Note 8 - In the event a shipper selects the "Bill Receiver" or "Bill Third Party" option on a Next Day or 2nd Day UPS shipping document, and omits the account number or supplies an invalid account number, then in addition to being liable for the transportation costs, a service charge shall be assessed. An account number is deemed invalid if it is not the correct account number for the bill-to party, or if it is the account number for a receiver or third party who fails to pay the shipping charges. The amount of the service charge shall be published in the UPS Rates for UPS Customer Counters and One-Time Pickup Customers and the UPS Rates for Customers Receiving Automatic Daily Pickup, as applicable, in effect at the time of shipping, which are available upon request at the local UPS office. Note 9 - Only those hazardous materials specifically permitted to be transported in limited passenger aircraft quantities as prescribed in the UPS Guide to Shipping Ground and Air Hazardous Materials and pursuant to Title 49 of the Code of Federal Regulations (49 CFR) may be tendered for transportation using the Expedited Delivery Service. Note 10 - UPS Hundredweight is available for Expedited Delivery Service provided the total shipment weight is 100 pounds or more. All other terms and conditions of the UPS Hundredweight service contained in the Guide to UPS Services and the UPS Rates applicable to the shipment in effect at the time of shipping will apply.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
	CUSTOMER COUNTER/ONE-TIME PICKUP DELIVERY SERVICE
1080	A Customer Counter is a facility provided by UPS where packages are received for transportation by UPS. Customer Counters and On-Call Pickup Service will accept packages containing general commodities, except those of unusual value, Classes A and B explosives, household goods as defined in 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, hazardous materials requiring shipping papers as defined by Title 49 CFR 172.200, and those injurious or contaminating to other lading, for shipment between points and places within the United States. The rate for delivery of packages by UPS Ground Service from a UPS Customer Counter or by On-call Pickup Service (as described in Item 570) to a commercial location (consignee's place of business or employment) or to residential location (place where consignee lives) shall be found in the UPS Rates for UPS Customer Counter and One-Time Pickup Customers in effect at the time of shipping, which are available upon request at the local UPS office. If the delivery location could be construed as both residential and commercial, then residential rates shall be applied. The rates found in the effective UPS Rates do not include the service charge for pickup service. For the charge applicable to pickup service, see Item 570.
	HUNDREDWEIGHT SERVICE
2000	Hundredweight Service may be selected by a shipper for shipment of freight classes 50-125 and general multiple-piece commodities which total 200 pounds or more for commercial or residential delivery service or for expedited shipments totaling 100 pounds or more sent to a single address on the same day. Excluded shipments are: shipments of unusual value, household goods as defined in 49 U.S.C. § 13102 (10), commodities requiring special equipment, and those injurious or contaminating to other lading for shipment from the contiguous 48 states to locations within the contiguous 48 states. The rate for delivery of Hundredweight shipments pursuant to the terms and conditions of the UPS Hundredweight Service Explanation, coverage for a value not exceeding $100, shall be the UPS Rates applicable to the shipment for customers receiving Automatic Daily Pickup in effect at the time of shipping. The UPS Rates are available upon request at the local UPS office. Note 1 - RATE DETERMINATIONS - For ground Hundredweight shipments, a minimum charge will be the greater of either a charge based on 15 pounds per package or a shipment minimum charge in effect at the time of shipping. For expedited Hundredweight shipments (including 3 Day Select), a minimum charge will be based on an average weight of 10 pounds per package. Note 2 - MAXIMUM WEIGHT PER PACKAGE is 150 pounds. The maximum weight for an ORM package is 66 pounds unless further restricted in the UPS Guide for Shipping Ground and Air Hazardous Materials. Note 3 - Maximum size per package is 130 inches in length and girth combined with a maximum length of 108 inches per package. For ground Hundredweight shipments, a package measuring over 84 inches in length and girth combined and weighing less than 30 pounds will be considered a 30 pound package in calculating the shipment billed weight used to determine total charges. For expedited shipments, if the dimensional weight of a package measuring over one cubic foot exceeds the actual weight, the dimensional weight of that package will be used in the calculation of the shipment billed weight. See Item 1060 for explanation of dimensional weight. Note 4 - UPS Letters are excluded from Hundredweight Service. Note 5 - APO and FPO addresses are not accepted. Note 6 - UPS Call Tag Service is not provided for UPS Hundredweight Service. Note 7 - Hazardous Materials packages requiring shipping papers as described in Title 49 C.F.R. Section 172.200 are not accepted in Hundredweight Service. In addition, all "Other Regulated Materials" (ORM) are prohibited in UPS 3 Day Select Hundredweight and Expedited Hundredweight Service. Note 8 - Articles having a value or declared value of more than $50,000 will not be accepted for transportation. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum.

The effective UPS Rates are defined as the rates established by UPS for the type of service provided for individual shippers, which are in effect at the time of the shipping, plus any additional charges or rates for nonstandard service, additional or nonstandard usage, or those applicable additional rates set out in any customized contracts.

Both the effective UPS Rates and the effective Guide to UPS Services, as well as any modifications, amendments, supplements, or successive publications thereof, are hereby incorporated by reference as part of the terms and conditions of this tariff.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
415	SUBSTITUTION OF RAIL SERVICE United Parcel Service, Inc., may at its option, substitute rail service between the points served for its services via highways for which such motor carrier has lawful operating rights as a carrier via motor vehicle. When substitution service is performed under the provisions of this tariff, the rates referenced herein will apply to such substituted service.
420	SUPPLEMENTAL CORRECTIONS OR SUCCESSIVE ISSUES Where reference is made in this tariff to a tariff, item, note, rule or table, such reference will include any supplemental corrections or successive issues of such tariff, item, note, rule or table.
425	FIREARMS AND AMMUNITION Firearms will be transported only between licensed importers, licensed manufacturers, licensed dealers and licensed collectors, as defined in the United States Gun Control Act of 1968 (Public Law 90-618, enacted October 22, 1968), as amended by the Firearms Owners' Protection Act (P.L. 99-308, approved May 19, 1986, and a subsequent amendment thereto, P.L. 99-360, approved July 8, 1986), ("the Acts"), law enforcement agencies of the United States or of any department or agency thereof, and law enforcement agencies of any State or any department, agency or political subdivision thereof, and from a person not otherwise prohibited by Federal, State or local law to a licensed importer, licensed manufacturer or licensed dealer for the sole purpose of repair or customizing, and the repaired firearm or a replacement firearm of the same kind or type on return from the licensed importer, licensed manufacturer or licensed dealer to that person. The shipper must affix a label, provided by UPS, upon all shipments containing firearms. Handguns, as defined by the Acts, will only be accepted for transportation in UPS Next Day services. (Handguns will not be accepted for transportation via UPS Letter Centers or by requesting a One-Time Pickup or On Call Pickup service.) Small arms ammunition, as defined in 49 C.F.R. Section 173.59, will be transported when packaged and labeled in compliance with 49 C.F.R. Section 172.
435	MEASUREMENT OF COMBINED LENGTH AND GIRTH To determine the length of a regularly shaped package or article, measure the longest side. To determine the girth, measure the distance around the package or article at its thickest part, at a right angle to the length. The total of the two measurements is the combined length and girth. To determine the length and girth combined of an irregularly shaped package or article, assume the package or article to be enclosed in a six-sided carton having rectangular sides of no thickness joined together at right angles. To determine the length and girth combined of articles of regular shape but with open or hollow portions, such as tires, hoops, coils or frames, measure by use of outer dimensions only, as if the open or hollow portions were filled in solidly.
440	REFUSAL OF UNSAFE PACKAGES UPS reserves the right to refuse any package which by reason of the dangerous or other character of its contents is liable, in the sole judgment of UPS, to soil, taint or otherwise damage other merchandise or UPS's equipment, or is economically or operationally impracticable to transport, or which is improperly or insecurely packed or wrapped. Packages must be so packed or wrapped as to pass the tests set forth in the International Safe Transit Association Procedure 1-A, Procedure for Testing Packaged Products, published by the International Safe Transit Association with the additional requirement that, for all packages weighing over 60 lbs., the drop height shall be 12 inches and the drop sequence shall be the same as Procedure 1-A. In addition, any tested product must be free from damage and the packaging affords reasonable protection as determined by UPS. Common fireworks will not be accepted by UPS for transportation.
442	RIGHT OF INSPECTION UPS reserves the right to open and inspect any package tendered to it for transportation.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
445	**DEFINITION OF "PACKAGE"** The term "package," as used herein, means any container and its contents, and includes any article which may be handled loose if the handling thereof can be accomplished in a reasonably safe and practicable manner.
450	**PAYMENT OF CHARGES BY SHIPPER** All charges must be paid by the shipper.
460	**DEFINITION OF ARTICLES OF UNUSUAL VALUE, WHICH ARE NOT ACCEPTED BY UPS FOR TRANSPORTATION** Articles of unusual value shall be deemed to include: (1) Coins (except pennies and nickels, and except proof and mint sets of United States coins tendered by United States mints of a face value not to exceed $2.41), currency, postage stamps, negotiable instruments, money orders, unset precious stones, industrial diamonds, human remains, and works of art. (2) Any article which contains more than fifty percent by weight of gold, silver, or platinum or any combination thereof in raw form, bullion, balls, bars, grains, strip, sheet, wire, chain, ingots and the scrap of these metals. (3) Any package having a value or declared value of more than $50,000. UPS will not be liable for any loss of, or damage to, articles of unusual value.
465	**CORRECTION OF WRONG ADDRESSES** If UPS is unable to deliver any package because of incorrect address, it will refer to the telephone directory and make every other reasonable effort to secure the correct address. If the correct address is secured, UPS will make another attempt at delivery, the shipper will be notified of the correction of address, and a second charge will be assessed for delivery or attempted delivery to the correct address. The amount of this charge will be that set forth in the schedule of additional charges applicable to the shipment in effect at the time of shipping, which is available upon request at the local UPS office.
470	**REFUSED PACKAGES RETURNED** Packages refused by consignees or which for any other reason cannot be delivered, will be promptly returned to the shipper without additional charge.
472	**DROP SHIPMENT** UPS reserves the right to refuse any drop shipment request that is operationally or economically impracticable to perform. A request for drop shipment service is not reasonable unless the shipper makes a prior arrangement with UPS as to timing, location and volume of the drop shipment. When a shipper, through prior arrangements with UPS, tenders packages at UPS's receiving stations with a return address requiring a movement greater than a Zone 2 movement from the point of tender, any undelivered packages will be returned automatically and will be charged at the rate applicable between the point of tender and the return address. The UPS Rates for the applicable shipment will be charged in accordance with the UPS Rates in effect at the time of shipping, which are available upon request at the local UPS office.
475	**DELIVERIES ATTEMPTED THREE TIMES WITHOUT EXTRA CHARGE** In case UPS is unable to make delivery of a package, a non-delivery notice will be left at the consignee's address stating that delivery has been attempted. Thereafter a second and, if necessary, a third attempt to deliver the package will be made without additional charge.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
476	SHIP NOTIFICATION Shippers using the UPS Online® electronic shipping and tracking information system, for an additional charge, may obtain the Ship Notification service, which electronically informs a shipper's customer when a shipment is scheduled for delivery. The UPS Ship Notification service will be provided by UPS subject to the rates, terms and conditions published in the Guide to UPS Services and those UPS Rates applicable to the shipment, in effect at time of shipping, which are available upon request from the local UPS office.
478	PACKAGE TRACKING/TRACING REQUEST Shipper may be assessed an additional charge by UPS for each Package Tracking/Tracing Request initiated by or at the request of the Shipper. This charge will not be assessed for the first 200 package tracking/tracing requests per calendar month, or for a quantity of package tracking/tracing requests equal to or less than twenty percent (20%) of the Shipper's package volume for that month, whichever is greater.
480	C.O.D. PACKAGES C.O.D. means for all purposes Collect On Delivery. Preparation and Listing of C.O.D. Packages: C.O.D.s are accepted for amounts up to $50,000 per package. The shipper will prepare and attach to each C.O.D. package a UPS C.O.D. Tag showing the amount to be collected and will enter such amount on this document in the space provided for that purpose. Each package in a Hundredweight shipment should carry a C.O.D. Tag for the value of goods contained in that package. The entry of a C.O.D. amount is not a declaration of value. Responsibility for C.O.D.s: Upon delivery, UPS will collect for C.O.D. merchandise the amount shown on the C.O.D. Tag attached to the package and promptly transmit to the shipper the amount so collected or, if collection cannot be made, will return the package to the shipper. The shipper must notify UPS within 45 days from the date of shipment of C.O.D. shipments if the shipper has not received payment of the C.O.D. amounts. Consignee's Checks in Payment of C.O.D.s: Unless instructions to collect cashier's check or money order only are shown on the C.O.D. Tag, in conformity with the instructions on the tag, UPS will accept a check or other negotiable instrument issued by or on behalf of the consignee. When instructions to collect cashier's check or money order only are clearly indicated on the C.O.D. Tag, UPS reserves the right to accept cashier's check, money order, official bank check, or other similar instrument issued by or on behalf of the consignee. All checks (including cashier's checks and official bank checks) and money orders tendered in payment of C.O.D.s will be accepted by UPS at the shipper's risk including, but not limited to, risk of nonpayment and forgery, and UPS shall not be liable upon any such instrument. All checks and money orders will be transmitted to the shipper together with UPS's own check if consignee check(s) collected are for less than the C.O.D. amount. Currency in Payment of C.O.D.s: UPS will not accept currency in any amount for payment of C.O.D. shipments. Payment in excess of $10,000: Payment for any C.O.D. package greater than $10,000 must be received in a single check or monetary instrument such as a cashier's check, money order, or official bank check. C.O.D. service is not provided for international shipments.
485	REMITTANCE OF C.O.D.s UPS shall remit C.O.D. collections to the shipper promptly and within 10 days from the date of collection. UPS reserves the right to setoff C.O.D. collections against any transportation charges owed to UPS.
490	CHARGES FOR C.O.D. COLLECTIONS An additional charge will be assessed for each C.O.D. received for collection. The amount of this charge is the charge set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request from the local UPS office.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
496	ELECTRONIC CALL RETURN SERVICE When requested by the shipper, UPS will call at addresses within its delivery limits for pickup and return to the shipper of merchandise previously delivered by UPS. Such requests shall be transmitted electronically through UPS's Data Processing facility. Charges for Electronic Call Return Service will be at those rates charged for deliveries, plus a base charge in the amount which is in effect for the shipment at the time of shipping, which rates are available upon request from the local UPS office. A shipper may elect to submit to UPS call return requests via electronic data transmission in a format specified by UPS. In such cases, the base charge for each electronic call return request will be at the UPS Rates applicable to the shipment in effect at the time of the shipping, which rates are available upon request from the local UPS office. Should UPS attempt but be unable to pick up and return the merchandise as requested by the shipper, the charge for the uncompleted call will be equal to the applicable base charge.
500	INTERRUPTION OF SERVICE UPS shall not be liable for any interruption of service due to causes beyond UPS's control including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment, acts of God, public authorities acting with actual or apparent authority on the premises, acts or omissions of customs or similar authorities, riots, strikes or other labor disputes, civil commotions, disruptions in air or ground transportation networks, such as weather phenomena, and natural disasters.
510	FILING OF CLAIMS All claims for loss or damage to property transported or accepted for transportation must be in writing and must include reference to the pickup record number and date or copies of other documents sufficient to identify the shipment involved; must assert the liability of UPS, and/or any applicable insurance company, for alleged loss or damage; must make claim for payment of a specified or determinable amount of money; and must be accompanied with a copy of the original invoice or, if no invoice was issued, other proof, certified to in writing, as to the value of the property or extent of the damage. No claims for loss or damage to property will be voluntarily paid by UPS on behalf of itself or any applicable insurance company unless filed in writing in accordance with the provisions of this tariff.
515	ACKNOWLEDGMENT OF CLAIMS UPS, on behalf of itself and any applicable insurance company, upon receipt in writing of a proper claim in the manner and form described in this tariff accompanied by the documents described, will acknowledge the receipt of such claim in writing to the claimant within 30 days after the date of receipt by UPS unless UPS will have paid or declined such claims in writing within 30 days after the date of receipt by UPS thereof. UPS will at the time each claim is received create a separate file and assign thereto a successive claim file number and note that number on all documents filed in support of the claim and all records and correspondence with respect to the claim including the written acknowledgment of receipt and, if in its possession, the shipping order and delivery receipts, if any, covering the shipment involved. At the time such claim is received, UPS will cause the date of receipt to be recorded on the face of the claim document, and the date of receipt will also appear on UPS's written acknowledgment of receipt to the claimant.
520	TIME LIMIT FOR FILING CLAIMS As a condition precedent to recovery from UPS and the applicable insurance company, claims must be filed in writing with UPS within nine months after delivery of the property or, in case of failure to make delivery, then within nine months after a reasonable time for delivery has elapsed; and suits shall be instituted against UPS and the applicable insurance company only within two years after discovery by the shipper, other interested party, or UPS of the occurrence which gives rise to the claim. The following shall be deemed delivery for all purposes: delivery in accordance with trade custom and/or usage, delivery pursuant to driver release procedures, or delivery otherwise permitted under this tariff. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, such claims shall be deemed waived; neither UPS nor the appropriate insurance company hereunder shall be liable, and such claims will not be paid.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
525	**INVESTIGATION OF CLAIMS** (a) Prompt Investigation Required. Each claim filed against UPS, and any applicable insurance company, in the manner prescribed herein will be promptly and thoroughly investigated, if investigation has not already been made prior to receipt of the claim. (b) Supporting Documents. A necessary part of an investigation requires that each claim be supported by the original bill of lading or receipt, evidence of the freight charges, if any, and either the original invoice, a photographic copy of the original invoice or an exact copy thereof, or an extract made therefrom, certified by the claimant to be true and correct with respect to the property and value involved in the claim; or certification of prices or values, with trade or other discounts, allowance, or deductions of any nature whatsoever and the terms thereof, or depreciation reflected thereon; provided, however, that where the property involved in a claim has not been invoiced to the consignee shown on the bill of lading or receipt or where an invoice does not show price or value, or where the property involved has not been sold, or where the property has been transferred at bookkeeping values only, UPS will, before paying a claim thereon, require the claimant to establish the destination value in the quantity shipped, transported, or involved and to certify the correctness thereof in writing. (c) Original Packaging Materials. In the event that a claim is made against UPS for damage to a package, the original packaging materials must be made available to UPS or its authorized representative for inspection. (d) Verification of Loss. When an asserted claim for loss of an entire package or an entire shipment cannot be otherwise authenticated upon investigation, UPS will obtain from the consignee of the shipment involved a certified statement in writing that the property for which the claim is filed has not been received from any other source.
530	**DISPOSITION OF CLAIMS** UPS, on its own behalf and as applicable on behalf of the insurance company, after receiving a written claim for loss or damage to property transported, will pay, decline, or make a firm compromise settlement offer in writing to the claimant within 120 days after receipt of the claim by UPS; provided, however, that if the claim cannot be processed and disposed of within 120 days after the receipt thereof, UPS will at that time and at the expiration of each succeeding 60-day period while the claim remains pending, advise the claimant in writing of the status of the claim and the reason for the delay in making final disposition thereof and shall retain a copy of such advice to the claimant in its claim file thereon.
535	**DAMAGED AND LOST PROPERTY** Whenever property is damaged or lost by UPS in the course of transportation, UPS, on its behalf and as applicable on behalf of the insurance company, will pay at its option either for the damaged or lost goods not to exceed the actual cost or declared value of the property, whichever is lower, or for the cost of repair of damaged property provided such cost of repair does not exceed the actual cost or declared value of the property. Neither UPS nor any applicable insurance company will be liable or responsible for the loss of or damage to any package, the contents of which UPS is not authorized to accept and/or UPS has a right to refuse under UPS's scope of operation. Neither UPS nor any applicable insurance company will be liable or responsible for the loss of or damage to any package resulting from inherent vice (including, but not limited to, improper, inadequate or unsafe packaging or wrapping that fails to meet UPS's published standards related thereto set forth in this tariff or elsewhere), deterioration, dampness of atmosphere, extreme of temperature, ordinary wear and tear or that which occurred or arose prior to and/or after the course of transportation by UPS. When UPS and any applicable insurance company pays the actual value of the property, title to the property shall thereupon pass to UPS; otherwise, the damaged property shall be returned to the shipper. UPS shall not be liable for any special, incidental or consequential damages.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
540	METHOD OF DETERMINING TRANSPORTATION RATES AND INSURANCE CHARGES To determine rates in this tariff: (1) Refer to the UPS Zone Chart applicable to the shipment in effect at the time of shipping to determine the appropriate zone for use in determining the poundage rate. (2) Refer to the UPS Rates and Insurance Charges applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS Office. (3) Refer to the local UPS office for additional charges and rates charged by reason of non-standard service and/or additional or nonstandard usage. (4) Refer to any applicable customized contract. Released value of package: The UPS Rates and Insurance Charges are applicable only when the value of the property declared in writing by the shipper, or agreed upon in writing, as the released value thereof is as follows: Coverage for a value not exceeding $100 per package or article not enclosed in a package. Apply the UPS Rates, which are available from local UPS offices upon request. Coverage for a value exceeding $100 per package or article not enclosed in a package. Apply the UPS Rates, plus an insurance charge, the amount of which is also published with the effective UPS Rates available at each local UPS office, for each $100 or fraction thereof of value in excess of the initial $ 100 in valuation. a. The maximum liability per package assumed by UPS is limited to the lesser of: i) $100, or ii) actual cost of the loss or damage sustained. b. UPS will remit the insurance charges to an insurance company as a premium for shipper's interest insurance for the shipper's account and on its behalf. Claims for loss or damage to the shipper's property will be filed with and settled by UPS on behalf of the insurance company.
560	OPTIONS FOR PAYMENT OF TRANSPORTATION CHARGES UPS may extend credit to those shippers who, in the sole judgment of UPS, are good credit risks. Where credit is extended, the following provisions for payment of transportation and service charges will apply. UPS may render a bill to the shipper on a weekly or a monthly basis. A weekly bill will include the transportation and service charges incurred in the previous week for those shippers who have requested the automatic daily pickup call for which a weekly service charge applies. A monthly bill will include the transportation and service charges incurred for that month for which the bill is assessed for those shippers who have requested the automatic daily pickup call for which a weekly service charge applies. If a negotiable instrument submitted by shipper to UPS as payment for service is returned to UPS unpaid by shipper's bank, UPS may charge shipper a returned check fee in an amount of up to Twenty Dollars ($20.00) or the maximum permitted by law, whichever is less per check, in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
560, Cont	UPS may offer, solely at UPS's discretion, the following choices of payment options for payment of transportation and service charges: A. Electronic Funds Transfer Plan (Debit EFT) Shipper will provide UPS with shipper's bank account number and bank account routing number to enable UPS to electronically request payment for the transportation and service charges incurred by the shipper directly from the shipper's bank. The shipper's bank will then remit the amount requested to UPS and deduct that amount from the shipper's bank account. Each payment to UPS will be shown on the shipper's monthly bank statement. Additionally, the shipper will receive a weekly or monthly bill, as applicable, detailing the services provided for the applicable billing period. Past due balances on any bill assessed on a monthly basis will be subject to a late payment fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper. B. Consolidated Payment Plan Under the terms of the Consolidated Payment Plan, a shipper will make a prepayment with UPS in an amount equal to four weeks' anticipated transportation and service charges as estimated by UPS. This prepayment shall remain on account with UPS. No interest shall be paid or accrued on the prepayment amount. If the shipper receives a bill on a monthly basis, the transportation and service charges incurred for the applicable month will be totaled and billed to the shipper. Payment is due upon receipt of the bill. The initial prepayment amount will remain on account with UPS. Past due balances on bills assessed on a monthly basis will be subject to a late fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper. If the shipper receives a bill on a weekly basis, that bill will detail the previous weeks' transportation and service charges incurred. Payment for all accumulated charges will be due upon receipt of the fourth bill; however, if prior to receiving the fourth bill, the shipper's transportation and service charges should equal or exceed the amount of the prepayment, then the accumulated charges will be due at that time. The initial prepayment amount will remain on account with UPS. The prepayment amount, as applied to either the weekly or monthly receipt of billing, may be changed by UPS to reflect a revised estimate of four weeks' billing. C. Special Payment Plan By written agreement with UPS, the shipper may elect to prepay an amount equal to the billing for a period of between ten to twenty-six weeks, as estimated by UPS. The amount of transportation and service charges actually incurred will then be deducted by UPS on a weekly basis from the sum prepaid by the shipper. Weekly bills marked as paid will then be forwarded to the shipper together with a statement reflecting the balance of the shipper's account. When the sum prepaid by the shipper reaches the minimum balance specified in the written agreement, the shipper may, at the shipper's option, elect to make another prepayment for an additional period pursuant to the same agreement. No interest shall be paid or accrued on the prepayment amount. D. Credit Extension Plan By written agreement with UPS, the shipper may elect to pay an annual credit extension fee and thereafter receive bills on a monthly basis with no prepayment requirement. The bill will be payable upon receipt. The credit extension fee is based upon total annual delivery charges and is subject to change annually. Past due balances will be subject to a late fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper. E. Bank Freight Payment Plan Any shipper may, at the shipper's option, pay transportation bills through any of the bank freight payment plans in which UPS participates.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
560, CONT.	F. Weekly Payment Plan A shipper may elect to pay transportation bills on a weekly basis. Each week the shipper will receive a bill for the previous weeks' transportation and service charges. The bill must be paid within seven days of receipt. No prepayment is required under this plan. Past due balances on any bill assessed on a monthly basis will be subject to a late payment fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper. Balances which are not received according to the terms indicated on the UPS Delivery Service Bill will be deemed late. Shippers who do not desire to utilize any of the payment plans described above, including those to whom UPS does not desire to extend credit, shall pay UPS's charges for service in cash at time of pickup. G. UPS Prepaid Plan: Shipper may elect to prepay for expedited delivery service by purchasing the shipping labels in advance to be used on packages shipped at a later date.
565	SUBSTITUTION OF AIR SERVICE United Parcel Service, Inc., may at its option, substitute air service between the points served for its services via highways for which such motor carrier has lawful operating rights as a carrier via motor vehicle. When substitution service is performed under the provisions of this tariff, the UPS Rates referenced herein will apply to such substituted service.
570	ONE-TIME PICKUP SERVICE When One-Time Pickup Service is requested and furnished, the applicable rate charged, based upon the level of service provided, will be assessed in accordance with the UPS Rates for UPS Customer Counters, One-Time Pickup, and On-Call Pickup Service in effect at the time of shipping, or such other applicable rates for nonstandard or customized service as from time to time may be imposed by UPS, which are available upon request at the local UPS office.
572	ON-CALL PICKUP SERVICE When On-Call Pickup Service is requested by the Shipper, UPS will arrange (where reasonably practicable) a shipment pickup at the Shipper's location. The UPS Rates for the applicable shipment will be charged in accordance with the UPS Rates for UPS Customer Counters, One-Time Pickup, and On-Call Pickup Service, in effect at the time of shipping, which are available upon request at the local UPS office.
575	PICKUP SERVICE When pickup service is requested and furnished, a weekly service charge will be assessed and shall apply in addition to the applicable UPS Rates for the shipment. The service charge and rate assessed will be those in effect at the time of shipment. The UPS Rates applicable to the shipment are those in effect at the time of shipping, which are available upon request at the local UPS office. UPS will call at the consignor's premises once each business day to pickup packages for delivery at all points served without special pickup request and whether or not any packages are available for delivery. (Packages tendered at UPS's Customer Counters, or through One-Time Pickup, or On-Call Pickup Service, will not be subject to such additional charge). If a service charge is required to be paid and is paid by the consignor pursuant to provisions of any other tariff or description of Rates, Classifications, Rules and Practices published by United Parcel Service, Inc., or by the participating carriers herein, for pickup service at the same location, no separate or additional service charge shall be required to be paid hereunder.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
580	**HAZARDOUS MATERIALS SERVICE** Hazardous Materials, defined as those materials regulated under Title 49 of the Code of Federal Regulations (49 C.F.R.), excluding ORM-D ground shipments, are accepted for transportation only as a contract service under the provisions set forth in the UPS standard form Agreement for Transportation of Hazardous Materials (Agreement). To receive Hazardous Materials Service, a shipper must either sign an Agreement or incorporate the provisions of the Agreement into their existing customized contract for shipping service with UPS. An additional charge, as set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each hazardous materials package shipped under the Agreement. The UPS Rates applicable to the shipment are those in effect at the time of shipping, which are available upon request at the local UPS office. In addition to meeting all of the requirements for proper packaging, marking and labeling as set forth in 49 C.F.R. Section 172.200, the shipper is required to follow the procedures set forth in the Agreement. UPS reserves the right to charge, and the shipper agrees to pay, for all costs resulting from improperly packed hazardous materials, or the cost of disposal if the shipper refuses to accept a returned item.
600	**DELIVERY CONFIRMATION SERVICE** At the time a shipper tenders a package to UPS, the shipper may attach a special label, approved by UPS, requesting Delivery Confirmation Service. Each Confirmation of Delivery response will include the date of delivery and either the name of the recipient or the disposition of the package; however, in the event of a return, the response will indicate the reason for the return and the date processed. An additional charge, as set forth within the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each such response. All responses will be consolidated and provided to the shipper weekly in printed or electronic format. A shipper may instruct UPS to obtain the recipient's signature and to include it on the response at an additional charge as set forth in the UPS Rates applicable to the shipment in effect at the time of shipping. A shipper may elect to direct the response to a return address specified on the label. In such a case, the response will be mailed individually and an additional charge will be assessed, as set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office.
601	**FAX PROOF OF DELIVERY (FAX P.O.D.)** Upon request, UPS will provide proof of delivery via facsimile transmission. The request must include a facsimile number, including area code, for an operating facsimile machine. An additional charge, set forth in the UPS Rates applicable to shipment in effect at the time of shipping, may be assessed for each successfully transmitted FAX P.O.D.
605	**ADDITIONAL HANDLING CHARGES** An additional handling charge, as set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each package or article that is not fully encased in an outside shipping container; any article that is encased in an outside shipping container made of metal or wood; cans or pails that are not fully encased in a shipping container made of corrugated cardboard; and any package that exceeds 60 inches in length.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
1000	DELIVERY SERVICE FOR SHIPPERS RECEIVING DAILY PICKUP SERVICE Shippers who elect Pickup Service, pursuant to the terms of Item 575 published herein, may ship general commodities except those of unusual value, Classes A and B explosives, household goods as defined in 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, and those commodities injurious or contaminating to other lading. The rate for delivery of packages between points and places in the United States to a commercial location (consignee's place of business or employment) or to a residential location (the location where the consignee lives) shall be found in the UPS Rates as applicable to the shipment involved for shippers receiving Automatic Daily Pickup in effect at the time of shipping, which are available upon request at the local UPS office. If the delivery location could be construed as both residential and commercial, then the rates for residential delivery service will be applied. For rates applicable to pickup service, see Item 575. Note 1 - The minimum charge for any package or article measuring over 84 inches in length and girth combined will be equal to the charge for a package weighing 30 pounds. Note 2 - Carrier will profile the shipper's traffic at a single location and/or at multiple locations when required and, based on that profile, will assign the shipper's traffic to a customer group for the receipt of applicable package information, problem resolution, solution support and communication services. Note 3 - Articles having a value or declared value of more than $50,000 will not be accepted for transportation. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum. Note 4 - In the event a shipper selects the "Bill Receiver" or "Bill Third Party" option on a Next Day or 2nd Day UPS shipping document, and omits the account number or supplies an invalid account number, then in addition to being liable for the transportation costs, an additional charge shall be assessed. An account number is deemed invalid if it is not the correct account number for the bill-to party, or if it is the account number for a receiver or third party who fails to pay the shipping charges.
1010	UPS GROUND SERVICE GUARANTEE UPS guarantees on-schedule delivery of UPS Ground Service and UPS Hundredweight Service® Ground packages to every commercial address in the 48 contiguous United States. The guarantee is provided if UPS fails to complete delivery or attempt delivery by the scheduled day as published in: www.ups.com (UPS web site), UPS Online® Tracking Software, UPS Online Office, UPS Online Professional, or as provided when 1-800-PICK-UPS is called. The UPS Rates applicable to the shipment are those in effect at the time of shipping, which are available upon request at the local UPS office. UPS, at its option, will credit or refund the shipping charges to the payer, upon request, provided that: 1) the package is properly documented in a UPS pickup record, and bears the appropriate UPS tracking label showing the consignee's correct name, deliverable address (UPS cannot deliver to a P.O. Box), and ZIP Code and; 2) the package is tendered to UPS at the shipper's location, or at a UPS Customer Counter, during UPS's published business hours and; 3) UPS is notified in writing or by telephone of a service failure within fifteen (15) calendar days from the date of scheduled delivery and is advised of the consignee's name and address, date of shipment, package weight, and UPS tracking number; and 4) the package is addressed to a commercial, not residential, address. If the delivery location could be construed as both residential and commercial, then it will be deemed a residential destination. Note 1 – The guarantee does not apply to shipments which are delayed due to causes beyond UPS's control including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment, acts of God, public authorities acting with actual or apparent authority on the premises, acts or omissions of customs or similar authorities, riots, strikes or other labor disputes, civil commotions, disruptions in air or ground transportation networks, such as weather phenomena, and natural disasters.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
1010 CONT.	Note 2 – The guarantee does not apply to shipments that are scheduled to be delivered between December 12th and December 25th. Note 3 – The credit or refund for transportation charges will be remitted to the payer only.
1020	UPS 3 DAY SELECT SERVICE UPS 3 Day Select Service is available for the shipment of general commodities, except those of unusual value, Classes A and B explosives, household goods as defined in 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, for shipments between points and places in the 48 contiguous United States. UPS 3 Day Select Service is available to the shipper by attaching a special label, approved by UPS, at the time the package is tendered to UPS, in accordance with the UPS 3 Day Select Service Explanation. UPS guarantees delivery of UPS 3 Day Select packages subject to the terms and conditions contained in the UPS 3 Day Select Service Explanation in effect at the time of shipping. The UPS Rates applicable to the shipment are those in effect at the time of shipping, which are available upon request at the local UPS office. The rate for delivery of packages pursuant to the terms and conditions of the UPS 3 Day Select Service Explanation to a residence (the location where the consignee lives) or to a commercial location (consignee's place of business or employment not including a business operated out of a residence) shall be found in the UPS Rates for shippers receiving Automatic Daily Pickup or the UPS Rates for UPS Customer Counter and One-Time Pickup Service shippers, as applicable, in effect at the time of shipping. Note 1 – The rates listed in the UPS Rates for shippers receiving Automatic Daily Pickup do not include the service charge for pickup service. For rates applicable to pickup service, see Item 575. There is no service charge for shippers utilizing a UPS Customer Counter. Note 2 – Transportation charges for a package measuring over one cubic foot (1,728 cubic inches) will be based on the dimensional weight of the package when the dimensional weight exceeds the actual weight. Dimensional weight is determined as follows: Step 1 – Calculate cubic size: Multiply the package length by the width by the height (rounded to the nearest whole inch) (LxWxH). The result is the cubic size of the package. Step 2 – Determine dimensional weight: Divide the cubic size of the package by 194 to determine the dimensional weight (in pounds). Increase fractions of a pound to the next full pound. $\frac{LxWxH}{194}$ = Dimensional Weight Note 3 – Hazardous materials are accepted for transportation in UPS 3 Day Select Service only in passenger aircraft quantities prepared according to the requirements set forth in the Code of Federal Regulations Title 49 and the UPS Guide for Shipping Ground and Air Hazardous Materials, and only for customers who have completed a UPS standard form Agreement for Transportation of Hazardous Materials (Agreement) or have the provisions incorporated into their existing customized contract for shipping service with UPS. Hazardous materials and all "Other Regulated Materials" (ORM) are prohibited in UPS 3 Day Select Hundredweight. Note 4 – Articles having a value or a declared value of more than $50,000 will not be accepted for transportation. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum. Note 5 – UPS Hundredweight Service is available for 3 Day Select Service provided the total shipment weight is 200 pounds or more. All other terms and conditions of the UPS Hundredweight Service contained in the Guide to UPS Services and the UPS Rates in effect at the time of shipping will apply.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
1030	OVERSIZE AND OVERWEIGHT PACKAGES General Commodities, except those of unusual value, Classes A and B explosives, household goods as defined by 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading. BETWEEN: Points and places in the United States. RATES Rates will be the UPS Rates applicable to the shipment in effect at the time of shipment, subject to Note 1 below: Note 1 – Packages or articles tendered weighing more than 150 pounds will be delivered at the option of UPS and each shall take the 150 pound rate for the applicable zone plus a charge of $15.00. Packages or articles tendered exceeding 130 inches in length and girth combined or exceeding 108 inches in length will be delivered at the option of UPS and will be charged a rate equal to the rate for a package weighing 30 pounds for the applicable zone, or a rate equal to the rate for the actual weight of the package and applicable zone, whichever is greater, plus a charge of $15.00.
1060	EXPEDITED SERVICE Expedited Delivery Service may be selected by a shipper for general commodities, except those of unusual value, household goods as defined in 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading. This service is available between points and places in the United States. Expedited Delivery Service may be selected by tendering a package to UPS, upon which is attached a special label, provided by UPS, requesting Expedited Next Day or 2nd Day delivery service. When such service is requested, the rates for delivery of UPS Next Day or UPS 2nd Day Letters, Paks or packages, coverage for a value not exceeding $100 per package, shall be the UPS Rates applicable to the shipment, for shippers receiving Automatic Daily Pickup or the UPS Rates applicable to the shipment for UPS Customer Counters, One-Time Pickup, and On-Call Pickup Service in effect at the time of shipping, which are available upon request at the local UPS office. Note 1 – Alternatively, the shipper may attach a special label, provided by UPS, to the package requesting UPS Next Day Saver delivery service. The UPS Next Day Saver delivery service will be provided by UPS subject to the terms and conditions published in the Guide to UPS Services and UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office. Note 2 – The Shipper may also attach a special label, provided by UPS, to the package requesting UPS 2nd Day A.M. delivery service. The UPS 2nd Day A.M. delivery service will be provided by UPS subject to the terms and conditions published in the Guide to UPS Services and the UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office. Note 3 – The Shipper may pay an additional charge and attach a special label, provided by UPS, to the package requesting UPS Next Day Early A.M. delivery service. The UPS Next Day Early A.M. delivery service will be provided by UPS, subject to the terms and conditions published in the Guide to UPS Services, and subject to an additional charge plus the base UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office. The shipper may request optional verbal confirmation of delivery service by indicating Verbal Confirmation of Delivery on the UPS Next Day Early A.M. shipping document. When this service is selected, UPS will call the shipper to confirm delivery on the day of delivery. The Verbal Confirmation of Delivery will be provided for an additional charge and is subject to the terms and conditions published in the UPS Next Day Early A.M. Service Guide and the UPS Next Day Early A.M. UPS Rates in effect at the time of shipping. Note 4 – Rates published in the effective UPS Rates do not include the service charge for pickup service. For rates applicable to pickup service, see Items 570, 572, and 575. No service is rendered in the transportation of any package having a value or a declared value of more than $50,000. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
1060 Cont.	Note 5 – The above rates will not be applicable to Electronic Call Return Service (Item 496). Note 6 – For UPS Next Day or UPS 2nd Day Expedited Delivery service, an additional charge, the amount of which is set forth in the UPS Rates, will be assessed for each UPS Next Day or UPS 2nd Day Letter, Pak or package picked up on Saturday for subsequent delivery. An additional charge will be assessed regular Saturday Pickup accounts when a pickup stop is made and no packages are picked up. The amount of this charge is published in the UPS Rates in effect at the time of shipping, which are available on request at the local UPS office. Note 7 – Transportation charges for a package measuring over one cubic foot (1,728 cubic inches) will be based on the dimensional weight of the package when the dimensional weight exceeds the actual weight. Dimensional weight is determined as follows: Step 1 – Calculate cubic size: Multiply the package length by the width by the height (rounded to the nearest whole inch) (LxWxH). The result is the cubic size of the package. Step 2 – Determine dimensional weight: Divide the cubic size of the package by 194 to determine the dimensional weight (in pounds). Increase fractions of a pound to the next full pound. $\frac{LxWxH}{194}$ = Dimensional Weight Note 8 – In the event a shipper selects the "Bill Receiver" or "Bill Third Party" option on a Next Day or 2nd Day UPS shipping document, and omits the account number or supplies an invalid account number, then in addition to being liable for the transportation costs, an additional charge shall be assessed. An account number is deemed invalid if it is not the correct account number for the bill-to party, or if it is the account number for a receiver or third party who fails to pay the shipping charges. Note 9 – Only those hazardous materials specifically permitted to be transported in limited passenger aircraft quantities as prescribed in the UPS Guide to Shipping Ground and Air Hazardous Materials and pursuant to Title 49 of the Code of Federal Regulations (49 C.F.R.) may be tendered for transportation using the Expedited Delivery Service and only customers who have completed a UPS standard form Agreement for Transportation of Hazardous Materials (Agreement) or have the provisions incorporated into their existing customized contract for shipping service with UPS may ship these Hazardous Materials. Note 10 – UPS Hundredweight is available for Expedited Delivery Service provided the total shipment weight is 100 pounds or more. All other terms and conditions of the UPS Hundredweight Service contained in the Guide to UPS Services and the UPS Rates applicable to the shipment in effect at the time of shipping will apply.
1080	CUSTOMER COUNTER/ONE-TIME PICKUP/ON-CALL PICKUP SERVICE A Customer Counter is a facility provided by UPS where packages are received for transportation by UPS. Customer Counters, One-Time Pickup, and On-Call Pickup Service will accept packages containing general commodities, except those of unusual value, Classes A and B explosives, household goods as defined in 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, hazardous materials requiring shipping papers as defined by Title 49 C.F.R. 172.200, and those injurious or contaminating to other lading, for shipment between points and places within the United States. The rate for delivery of packages by UPS from a UPS Customer Counter, or by One-Time Pickup or On-Call Pickup Service (as described in Items 570 and 572) to a commercial location (consignee's place of business or employment) or to residential location (place where consignee lives) shall be found in the UPS Rates for UPS Customer Counter, One-Time Pickup and On-Call Pickup Service, in effect at the time of shipping, which are available upon request at the local UPS office. If the delivery location could be construed as both residential and commercial, then residential rates shall be applied.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
2000	**HUNDREDWEIGHT SERVICE** Hundredweight Service may be selected by a shipper for shipment of freight classes 50-125 and general multiple-piece commodities which total 200 pounds or more for commercial or residential delivery service or for expedited shipments totaling 100 pounds or more sent to a single address on the same day. Excluded shipments are: shipments of unusual value, household goods as defined in 49 U.S.C. § 13102 (10), commodities requiring special equipment, and those injurious or contaminating to other lading for shipment from the contiguous 48 states to locations within the contiguous 48 states. The rate for delivery of Hundredweight shipments pursuant to the terms and conditions of the UPS Hundredweight Service Explanation, coverage for a value not exceeding $100, shall be the UPS Rates applicable to the shipment for shippers receiving Automatic Daily Pickup in effect at the time of shipping. The UPS Rates are available upon request at the local UPS office. Note 1 - RATE DETERMINATIONS - For ground Hundredweight shipments, a minimum charge will be the greater of either a charge based on 15 pounds per package or a shipment minimum charge in effect at the time of shipping. For expedited Hundredweight shipments (including 3 Day Select), a minimum charge will be based on an average weight of 10 pounds per package. Note 2 - MAXIMUM WEIGHT PER PACKAGE is 150 pounds. The maximum weight for an ORM package is 66 pounds unless further restricted in the UPS Guide for Shipping Ground and Air Hazardous Materials. Note 3 - Maximum size per package is 130 inches in length and girth combined with a maximum length of 108 inches per package. For ground Hundredweight shipments, a package measuring over 84 inches in length and girth combined and weighing less than 30 pounds will be considered a 30 pound package in calculating the shipment billed weight used to determine total charges. For expedited shipments, if the dimensional weight of a package measuring over one cubic foot exceeds the actual weight, the dimensional weight of that package will be used in the calculation of the shipment billed weight. See Item 1060 for explanation of dimensional weight. Note 4 - UPS Letters are excluded from Hundredweight Service. Note 5 - APO and FPO addresses are not accepted. Note 6 - UPS Call Tag Service is not provided for UPS Hundredweight Service. Note 7 – Hazardous Materials packages requiring shipping papers as described in Title 49 C.F.R. Section 172.200 are not accepted in Hundredweight Service. In addition, all "Other Regulated Materials" (ORM) are prohibited in UPS 3 Day Select Hundredweight and Expedited Hundredweight Service. Note 8 – Articles having a value or declared value of more than $50,000 will not be accepted for transportation. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum.

The effective UPS Rates are defined as the rates established by UPS for the type of service provided for individual shippers, which are in effect at the time of the shipping, plus any additional charges or rates for nonstandard service, additional or nonstandard usage, or those applicable additional rates set out in any customized contracts.

Both the effective UPS Rates and the effective Guide to UPS Services, as well as any modifications, amendments, supplements, or successive publications thereof, are hereby incorporated by reference as part of the terms and conditions of this tariff.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
415	SUBSTITUTION OF RAIL SERVICE United Parcel Service, Inc., may at its option, substitute rail service between the points served for its services via highways for which such motor carrier has lawful operating rights as a carrier via motor vehicle. When substitution service is performed under the provisions of this tariff, the rates referenced herein will apply to such substituted service.
420	SUPPLEMENTAL CORRECTIONS OR SUCCESSIVE ISSUES Where reference is made in this tariff to a tariff, item, note, rule or table, such reference will include any supplemental corrections or successive issues of such tariff, item, note, rule or table.
425	FIREARMS AND AMMUNITION Firearms will be transported only between licensed importers, licensed manufacturers, licensed dealers and licensed collectors, as defined in the United States Gun Control Act of 1968 (Public Law 90-618, enacted October 22, 1968), as amended by the Firearms Owners' Protection Act (P.L. 99-308, approved May 19, 1986, and a subsequent amendment thereto, P.L. 99-360, approved July 8, 1986), ("the Acts"), law enforcement agencies of the United States or of any department or agency thereof, and law enforcement agencies of any State or any department, agency or political subdivision thereof, and from a person not otherwise prohibited by Federal, State or local law to a licensed importer, licensed manufacturer or licensed dealer for the sole purpose of repair or customizing, and the repaired firearm or a replacement firearm of the same kind or type on return from the licensed importer, licensed manufacturer or licensed dealer to that person. The shipper must affix a label, provided by UPS, upon all shipments containing firearms. Handguns, as defined by the Acts, will only be accepted for transportation in UPS Next Day services. (Handguns will not be accepted for transportation via UPS Letter Centers or by requesting a One-Time Pickup or On Call Pickup service.) Small arms ammunition, as defined in 49 C.F.R. Section 173.59, will be transported when packaged and labeled in compliance with 49 C.F.R. Section 172.
435	MEASUREMENT OF COMBINED LENGTH AND GIRTH To determine the length of a regularly shaped package or article, measure the longest side. To determine the girth, measure the distance around the package or article at its thickest part, at a right angle to the length. The total of the two measurements is the combined length and girth. To determine the length and girth combined of an irregularly shaped package or article, assume the package or article to be enclosed in a six-sided carton having rectangular sides of no thickness joined together at right angles. To determine the length and girth combined of articles of regular shape but with open or hollow portions, such as tires, hoops, coils or frames, measure by use of outer dimensions only, as if the open or hollow portions were filled in solidly.
440	REFUSAL OF UNSAFE PACKAGES UPS reserves the right to refuse any package which by reason of the dangerous or other character of its contents is liable, in the sole judgment of UPS, to soil, taint or otherwise damage other merchandise or UPS's equipment, or is economically or operationally impracticable to transport, or which is improperly or insecurely packed or wrapped. Packages must be so packed or wrapped as to pass the tests set forth in the International Safe Transit Association Procedure 1-A, Procedure for Testing Packaged Products, published by the International Safe Transit Association with the additional requirement that, for all packages weighing over 60 lbs., the drop height shall be 12 inches and the drop sequence shall be the same as Procedure 1-A. In addition, any tested product must be free from damage and the packaging affords reasonable protection as determined by UPS. Common fireworks will not be accepted by UPS for transportation.
442	RIGHT OF INSPECTION UPS reserves the right to open and inspect any package tendered to it for transportation.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
445	**DEFINITION OF "PACKAGE"** The term "package," as used herein, means any container and its contents, and includes any article which may be handled loose if the handling thereof can be accomplished in a reasonably safe and practicable manner.
450	**PAYMENT OF CHARGES BY SHIPPER** All charges must be paid by the shipper.
460	**DEFINITION OF ARTICLES OF UNUSUAL VALUE, WHICH ARE NOT ACCEPTED BY UPS FOR TRANSPORTATION** Articles of unusual value shall be deemed to include: (1) Coins (except pennies and nickels, and except proof and mint sets of United States coins tendered by United States mints of a face value not to exceed $2.41), currency, postage stamps, negotiable instruments, money orders, unset precious stones, industrial diamonds, human remains, and works of art. (2) Any article which contains more than fifty percent by weight of gold, silver, or platinum or any combination thereof in raw form, bullion, balls, bars, grains, strip, sheet, wire, chain, ingots and the scrap of these metals. (3) Any package having a value or declared value of more than $50,000. UPS will not be liable for any loss of, or damage to, articles of unusual value.
465	**CORRECTION OF WRONG ADDRESSES** If UPS is unable to deliver any package because of incorrect address, it will refer to the telephone directory and make every other reasonable effort to secure the correct address. If the correct address is secured, UPS will make another attempt at delivery, the shipper will be notified of the correction of address, and a second charge will be assessed for delivery or attempted delivery to the correct address. The amount of this charge will be that set forth in the schedule of additional charges applicable to the shipment in effect at the time of shipping, which is available upon request at the local UPS office.
470	**REFUSED PACKAGES RETURNED** Packages refused by consignees or which for any other reason cannot be delivered, will be promptly returned to the shipper without additional charge.
472	**DROP SHIPMENT** UPS reserves the right to refuse any drop shipment request that is operationally or economically impracticable to perform. A request for drop shipment service is not reasonable unless the shipper makes a prior arrangement with UPS as to timing, location and volume of the drop shipment. When a shipper, through prior arrangements with UPS, tenders packages at UPS's receiving stations with a return address requiring a movement greater than a Zone 2 movement from the point of tender, any undelivered packages will be returned automatically and will be charged at the rate applicable between the point of tender and the return address. The UPS Rates for the applicable shipment will be charged in accordance with the UPS Rates in effect at the time of shipping, which are available upon request at the local UPS office.
475	**DELIVERIES ATTEMPTED THREE TIMES WITHOUT EXTRA CHARGE** In case UPS is unable to make delivery of a package, a non-delivery notice will be left at the consignee's address stating that delivery has been attempted. Thereafter a second and, if necessary, a third attempt to deliver the package will be made without additional charge.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
476	SHIP NOTIFICATION Shippers using the UPS Online® electronic shipping and tracking information system, for an additional charge, may obtain the Ship Notification service, which electronically informs a shipper's customer when a shipment is scheduled for delivery. The UPS Ship Notification service will be provided by UPS subject to the rates, terms and conditions published in the Guide to UPS Services and those UPS Rates applicable to the shipment, in effect at time of shipping, which are available upon request from the local UPS office.
478	PACKAGE TRACKING/TRACING REQUEST Shipper may be assessed an additional charge by UPS for each Package Tracking/Tracing Request initiated by or at the request of the Shipper. This charge will not be assessed for the first 200 package tracking/tracing requests per calendar month, or for a quantity of package tracking/tracing requests equal to or less than twenty percent (20%) of the Shipper's package volume for that month, whichever is greater.
480	C.O.D. PACKAGES C.O.D. means for all purposes Collect On Delivery. Preparation and Listing of C.O.D. Packages: C.O.D.s are accepted for amounts up to $50,000 per package. The shipper will prepare and attach to each C.O.D. package a UPS C.O.D. Tag showing the amount to be collected and will enter such amount on this document in the space provided for that purpose. Each package in a Hundredweight shipment should carry a C.O.D. Tag for the value of goods contained in that package. The entry of a C.O.D. amount is not a declaration of value. Responsibility for C.O.D.s: Upon delivery, UPS will collect for C.O.D. merchandise the amount shown on the C.O.D. Tag attached to the package and promptly transmit to the shipper the amount so collected or, if collection cannot be made, will return the package to the shipper. The shipper must notify UPS within 45 days from the date of shipment of C.O.D. shipments if the shipper has not received payment of the C.O.D. amounts. Consignee's Checks in Payment of C.O.D.s: Unless instructions to collect cashier's check or money order only are shown on the C.O.D. Tag, in conformity with the instructions on the tag, UPS will accept a check or other negotiable instrument issued by or on behalf of the consignee. When instructions to collect cashier's check or money order only are clearly indicated on the C.O.D. Tag, UPS reserves the right to accept cashier's check, money order, official bank check, or other similar instrument issued by or on behalf of the consignee. All checks (including cashier's checks and official bank checks) and money orders tendered in payment of C.O.D.s will be accepted by UPS at the shipper's risk including, but not limited to, risk of nonpayment and forgery, and UPS shall not be liable upon any such instrument. All checks and money orders will be transmitted to the shipper together with UPS's own check if consignee check(s) collected are for less than the C.O.D. amount. Currency in Payment of C.O.D.s: UPS will not accept currency in any amount for payment of C.O.D. shipments. Payment in excess of $10,000: Payment for any C.O.D. package greater than $10,000 must be received in a single check or monetary instrument such as a cashier's check, money order, or official bank check. C.O.D. service is not provided for international shipments.
485	REMITTANCE OF C.O.D.s UPS shall remit C.O.D. collections to the shipper promptly and within 10 days from the date of collection. UPS reserves the right to setoff C.O.D. collections against any transportation charges owed to UPS.
490	CHARGES FOR C.O.D. COLLECTIONS An additional charge will be assessed for each C.O.D. received for collection. The amount of this charge is the charge set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request from the local UPS office.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
496	ELECTRONIC CALL RETURN SERVICE When requested by the shipper, UPS will call at addresses within its delivery limits for pickup and return to the shipper of merchandise previously delivered by UPS. Such requests shall be transmitted electronically through UPS's Data Processing facility. Charges for Electronic Call Return Service will be at those rates charged for deliveries, plus a base charge in the amount which is in effect for the shipment at the time of shipping, which rates are available upon request from the local UPS office. A shipper may elect to submit to UPS call return requests via electronic data transmission in a format specified by UPS. In such cases, the base charge for each electronic call return request will be at the UPS Rates applicable to the shipment in effect at the time of the shipping, which rates are available upon request from the local UPS office. Should UPS attempt but be unable to pick up and return the merchandise as requested by the shipper, the charge for the uncompleted call will be equal to the applicable base charge.
500	INTERRUPTION OF SERVICE UPS shall not be liable for any interruption of service due to causes beyond UPS's control including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment, acts of God, public authorities acting with actual or apparent authority on the premises, acts or omissions of customs or similar authorities, riots, strikes or other labor disputes, civil commotions, disruptions in air or ground transportation networks, such as weather phenomena, and natural disasters.
510	FILING OF CLAIMS All claims for loss or damage to property transported or accepted for transportation must be in writing and must include reference to the pickup record number and date or copies of other documents sufficient to identify the shipment involved; must assert the liability of UPS, and/or any applicable insurance company, for alleged loss or damage; must make claim for payment of a specified or determinable amount of money; and must be accompanied with a copy of the original invoice or, if no invoice was issued, other proof, certified to in writing, as to the value of the property or extent of the damage. No claims for loss or damage to property will be voluntarily paid by UPS on behalf of itself or any applicable insurance company unless filed in writing in accordance with the provisions of this tariff.
515	ACKNOWLEDGMENT OF CLAIMS UPS, on behalf of itself and any applicable insurance company, upon receipt in writing of a proper claim in the manner and form described in this tariff accompanied by the documents described, will acknowledge the receipt of such claim in writing to the claimant within 30 days after the date of receipt by UPS unless UPS will have paid or declined such claims in writing within 30 days after the date of receipt by UPS thereof. UPS will at the time each claim is received create a separate file and assign thereto a successive claim file number and note that number on all documents filed in support of the claim and all records and correspondence with respect to the claim including the written acknowledgment of receipt and, if in its possession, the shipping order and delivery receipts, if any, covering the shipment involved. At the time such claim is received, UPS will cause the date of receipt to be recorded on the face of the claim document, and the date of receipt will also appear on UPS's written acknowledgment of receipt to the claimant.
520	TIME LIMIT FOR FILING CLAIMS As a condition precedent to recovery from UPS and the applicable insurance company, claims must be filed in writing with UPS within nine months after delivery of the property or, in case of failure to make delivery, then within nine months after a reasonable time for delivery has elapsed; and suits shall be instituted against UPS and the applicable insurance company only within two years after discovery by the shipper, other interested party, or UPS of the occurrence which gives rise to the claim. The following shall be deemed delivery for all purposes: delivery in accordance with trade custom and/or usage, delivery pursuant to driver release procedures, or delivery otherwise permitted under this tariff. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, such claims shall be deemed waived; neither UPS nor the appropriate insurance company hereunder shall be liable, and such claims will not be paid.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
525	**INVESTIGATION OF CLAIMS** (a) Prompt Investigation Required. Each claim filed against UPS, and any applicable insurance company, in the manner prescribed herein will be promptly and thoroughly investigated, if investigation has not already been made prior to receipt of the claim. (b) Supporting Documents. A necessary part of an investigation requires that each claim be supported by the original bill of lading or receipt, evidence of the freight charges, if any, and either the original invoice, a photographic copy of the original invoice or an exact copy thereof, or an extract made therefrom, certified by the claimant to be true and correct with respect to the property and value involved in the claim; or certification of prices or values, with trade or other discounts, allowance, or deductions of any nature whatsoever and the terms thereof, or depreciation reflected thereon; provided, however, that where the property involved in a claim has not been invoiced to the consignee shown on the bill of lading or receipt or where an invoice does not show price or value, or where the property involved has not been sold, or where the property has been transferred at bookkeeping values only, UPS will, before paying a claim thereon, require the claimant to establish the destination value in the quantity shipped, transported, or involved and to certify the correctness thereof in writing. (c) Original Packaging Materials. In the event that a claim is made against UPS for damage to a package, the original packaging materials must be made available to UPS or its authorized representative for inspection. (d) Verification of Loss. When an asserted claim for loss of an entire package or an entire shipment cannot be otherwise authenticated upon investigation, UPS will obtain from the consignee of the shipment involved a certified statement in writing that the property for which the claim is filed has not been received from any other source.
530	**DISPOSITION OF CLAIMS** UPS, on its own behalf and as applicable on behalf of the insurance company, after receiving a written claim for loss or damage to property transported, will pay, decline, or make a firm compromise settlement offer in writing to the claimant within 120 days after receipt of the claim by UPS; provided, however, that if the claim cannot be processed and disposed of within 120 days after the receipt thereof, UPS will at that time and at the expiration of each succeeding 60-day period while the claim remains pending, advise the claimant in writing of the status of the claim and the reason for the delay in making final disposition thereof and shall retain a copy of such advice to the claimant in its claim file thereon.
535	**DAMAGED AND LOST PROPERTY** Whenever property is damaged or lost by UPS in the course of transportation, UPS, on its behalf and as applicable on behalf of the insurance company, will pay at its option either for the damaged or lost goods not to exceed the actual cost or declared value of the property, whichever is lower, or for the cost of repair of damaged property provided such cost of repair does not exceed the actual cost or declared value of the property. Neither UPS nor any applicable insurance company will be liable or responsible for the loss of or damage to any package, the contents of which UPS is not authorized to accept and/or UPS has a right to refuse under UPS's scope of operation. Neither UPS nor any applicable insurance company will be liable or responsible for the loss of or damage to any package resulting from inherent vice (including, but not limited to, improper, inadequate or unsafe packaging or wrapping that fails to meet UPS's published standards related thereto set forth in this tariff or elsewhere), deterioration, dampness of atmosphere, extreme of temperature, ordinary wear and tear or that which occurred or arose prior to and/or after the course of transportation by UPS. When UPS and any applicable insurance company pays the actual value of the property, title to the property shall thereupon pass to UPS; otherwise, the damaged property shall be returned to the shipper. UPS shall not be liable for any special, incidental or consequential damages.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
540	**METHOD OF DETERMINING TRANSPORTATION RATES AND INSURANCE CHARGES** To determine rates in this tariff: (1) Refer to the UPS Zone Chart applicable to the shipment in effect at the time of shipping to determine the appropriate zone for use in determining the poundage rate. (2) Refer to the UPS Rates and Insurance Charges applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS Office. (3) Refer to the local UPS office for additional charges and rates charged by reason of non-standard service and/or additional or nonstandard usage. (4) Refer to any applicable customized contract. Released value of package: The UPS Rates and Insurance Charges are applicable only when the value of the property declared in writing by the shipper, or agreed upon in writing, as the released value thereof is as follows: Coverage for a value not exceeding $100 per package or article not enclosed in a package. Apply the UPS Rates, which are available from local UPS offices upon request. Coverage for a value exceeding $100 per package or article not enclosed in a package. Apply the UPS Rates, plus an insurance charge, the amount of which is also published with the effective UPS Rates available at each local UPS office, for each $100 or fraction thereof of value in excess of the initial $ 100 in valuation. a. The maximum liability per package assumed by UPS is limited to the lesser of: i) $100, or ii) actual cost of the loss or damage sustained. b. UPS will remit the insurance charges to an insurance company as a premium for shipper's interest insurance for the shipper's account and on its behalf. Claims for loss or damage to the shipper's property will be filed with and settled by UPS on behalf of the insurance company.
560	**OPTIONS FOR PAYMENT OF TRANSPORTATION CHARGES** UPS may extend credit to those shippers who, in the sole judgment of UPS, are good credit risks. Where credit is extended, the following provisions for payment of transportation and service charges will apply. UPS may render a bill to the shipper on a weekly or a monthly basis. A weekly bill will include the transportation and service charges incurred in the previous week for those shippers who have requested the automatic daily pickup call for which a weekly service charge applies. A monthly bill will include the transportation and service charges incurred for that month for which the bill is assessed for those shippers who have requested the automatic daily pickup call for which a weekly service charge applies. If a negotiable instrument submitted by shipper to UPS as payment for service is returned to UPS unpaid by shipper's bank, UPS may charge shipper a returned check fee in an amount of up to Twenty Dollars ($20.00) or the maximum permitted by law, whichever is less per check, in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
560, CONT.	UPS may offer, solely at UPS's discretion, the following choices of payment options for payment of transportation and service charges: A. Electronic Funds Transfer Plan (Debit EFT) Shipper will provide UPS with shipper's bank account number and bank account routing number to enable UPS to electronically request payment for the transportation and service charges incurred by the shipper directly from the shipper's bank. The shipper's bank will then remit the amount requested to UPS and deduct that amount from the shipper's bank account. Each payment to UPS will be shown on the shipper's monthly bank statement. Additionally, the shipper will receive a weekly or monthly bill, as applicable, detailing the services provided for the applicable billing period. Past due balances on any bill assessed on a monthly basis will be subject to a late payment fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper. B. Consolidated Payment Plan Under the terms of the Consolidated Payment Plan, a shipper will make a prepayment with UPS in an amount equal to four weeks' anticipated transportation and service charges as estimated by UPS. This prepayment shall remain on account with UPS. No interest shall be paid or accrued on the prepayment amount. If the shipper receives a bill on a monthly basis, the transportation and service charges incurred for the applicable month will be totaled and billed to the shipper. Payment is due upon receipt of the bill. The initial prepayment amount will remain on account with UPS. Past due balances on bills assessed on a monthly basis will be subject to a late fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper. If the shipper receives a bill on a weekly basis, that bill will detail the previous weeks' transportation and service charges incurred. Payment for all accumulated charges will be due upon receipt of the fourth bill; however, if prior to receiving the fourth bill, the shipper's transportation and service charges should equal or exceed the amount of the prepayment, then the accumulated charges will be due at that time. The initial prepayment amount will remain on account with UPS. The prepayment amount, as applied to either the weekly or monthly receipt of billing, may be changed by UPS to reflect a revised estimate of four weeks' billing. C. Special Payment Plan By written agreement with UPS, the shipper may elect to prepay an amount equal to the billing for a period of between ten to twenty-six weeks, as estimated by UPS. The amount of transportation and service charges actually incurred will then be deducted by UPS on a weekly basis from the sum prepaid by the shipper. Weekly bills marked as paid will then be forwarded to the shipper together with a statement reflecting the balance of the shipper's account. When the sum prepaid by the shipper reaches the minimum balance specified in the written agreement, the shipper may, at the shipper's option, elect to make another prepayment for an additional period pursuant to the same agreement. No interest shall be paid or accrued on the prepayment amount. D. Credit Extension Plan By written agreement with UPS, the shipper may elect to pay an annual credit extension fee and thereafter receive bills on a monthly basis with no prepayment requirement. The bill will be payable upon receipt. The credit extension fee is based upon total annual delivery charges and is subject to change annually. Past due balances will be subject to a late fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper. E. Bank Freight Payment Plan Any shipper may, at the shipper's option, pay transportation bills through any of the bank freight payment plans in which UPS participates.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
560, CONT.	F. Weekly Payment Plan A shipper may elect to pay transportation bills on a weekly basis. Each week the shipper will receive a bill for the previous weeks' transportation and service charges. The bill must be paid within seven days of receipt. No prepayment is required under this plan. Past due balances on any bill assessed on a monthly basis will be subject to a late payment fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper. Balances which are not received according to the terms indicated on the UPS Delivery Service Bill will be deemed late. Shippers who do not desire to utilize any of the payment plans described above, including those to whom UPS does not desire to extend credit, shall pay UPS's charges for service in cash at time of pickup. G. UPS Prepaid Plan: Shipper may elect to prepay for expedited delivery service by purchasing the shipping labels in advance to be used on packages shipped at a later date.
565	SUBSTITUTION OF AIR SERVICE United Parcel Service, Inc., may at its option, substitute air service between the points served for its services via highways for which such motor carrier has lawful operating rights as a carrier via motor vehicle. When substitution service is performed under the provisions of this tariff, the UPS Rates referenced herein will apply to such substituted service.
570	ONE-TIME PICKUP SERVICE When One-Time Pickup Service is requested and furnished, the applicable rate charged, based upon the level of service provided, will be assessed in accordance with the UPS Rates for UPS Customer Counters, One-Time Pickup, and On-Call Pickup Service in effect at the time of shipping, or such other applicable rates for nonstandard or customized service as from time to time may be imposed by UPS, which are available upon request at the local UPS office.
572	ON-CALL PICKUP SERVICE When On-Call Pickup Service is requested by the Shipper, UPS will arrange (where reasonably practicable) a shipment pickup at the Shipper's location. The UPS Rates for the applicable shipment will be charged in accordance with the UPS Rates for UPS Customer Counters, One-Time Pickup, and On-Call Pickup Service, in effect at the time of shipping, which are available upon request at the local UPS office.
575	PICKUP SERVICE When pickup service is requested and furnished, a weekly service charge will be assessed and shall apply in addition to the applicable UPS Rates for the shipment. The service charge and rate assessed will be those in effect at the time of shipment. The UPS Rates applicable to the shipment are those in effect at the time of shipping, which are available upon request at the local UPS office. UPS will call at the consignor's premises once each business day to pickup packages for delivery at all points served without special pickup request and whether or not any packages are available for delivery. (Packages tendered at UPS's Customer Counters, or through One-Time Pickup, or On-Call Pickup Service, will not be subject to such additional charge). If a service charge is required to be paid and is paid by the consignor pursuant to provisions of any other tariff or description of Rates, Classifications, Rules and Practices published by United Parcel Service, Inc., or by the participating carriers herein, for pickup service at the same location, no separate or additional service charge shall be required to be paid hereunder.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
580	**HAZARDOUS MATERIALS SERVICE** Hazardous Materials, defined as those materials regulated under Title 49 of the Code of Federal Regulations (49 C.F.R.), excluding ORM-D ground shipments, are accepted for transportation only as a contract service under the provisions set forth in the UPS standard form Agreement for Transportation of Hazardous Materials (Agreement). To receive Hazardous Materials Service, a shipper must either sign an Agreement or incorporate the provisions of the Agreement into their existing customized contract for shipping service with UPS. An additional charge, as set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each hazardous materials package shipped under the Agreement. The UPS Rates applicable to the shipment are those in effect at the time of shipping, which are available upon request at the local UPS office. In addition to meeting all of the requirements for proper packaging, marking and labeling as set forth in 49 C.F.R. Section 172.200, the shipper is required to follow the procedures set forth in the Agreement. UPS reserves the right to charge, and the shipper agrees to pay, for all costs resulting from improperly packed hazardous materials, or the cost of disposal if the shipper refuses to accept a returned item.
600	**DELIVERY CONFIRMATION SERVICE** At the time a shipper tenders a package to UPS, the shipper may attach a special label, approved by UPS, requesting Delivery Confirmation Service. Each Confirmation of Delivery response will include the date of delivery and either the name of the recipient or the disposition of the package; however, in the event of a return, the response will indicate the reason for the return and the date processed. An additional charge, as set forth within the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each such response. All responses will be consolidated and provided to the shipper weekly in printed or electronic format. A shipper may instruct UPS to obtain the recipient's signature and to include it on the response at an additional charge as set forth in the UPS Rates applicable to the shipment in effect at the time of shipping. A shipper may elect to direct the response to a return address specified on the label. In such a case, the response will be mailed individually and an additional charge will be assessed, as set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office.
601	**FAX PROOF OF DELIVERY (FAX P.O.D.)** Upon request, UPS will provide proof of delivery via facsimile transmission. The request must include a facsimile number, including area code, for an operating facsimile machine. An additional charge, set forth in the UPS Rates applicable to shipment in effect at the time of shipping, may be assessed for each successfully transmitted FAX P.O.D.
605	**ADDITIONAL HANDLING CHARGES** An additional handling charge, as set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each package or article that is not fully encased in an outside shipping container; any article that is encased in an outside shipping container made of metal or wood; cans or pails that are not fully encased in a shipping container made of corrugated cardboard; and any package that exceeds 60 inches in length.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
1000	DELIVERY SERVICE FOR SHIPPERS RECEIVING DAILY PICKUP SERVICE Shippers who elect Pickup Service, pursuant to the terms of Item 575 published herein, may ship general commodities except those of unusual value, Classes A and B explosives, household goods as defined in 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, and those commodities injurious or contaminating to other lading. The rate for delivery of packages between points and places in the United States to a commercial location (consignee's place of business or employment) or to a residential location (the location where the consignee lives) shall be found in the UPS Rates as applicable to the shipment involved for shippers receiving Automatic Daily Pickup in effect at the time of shipping, which are available upon request at the local UPS office. If the delivery location could be construed as both residential and commercial, then the rates for residential delivery service will be applied. For rates applicable to pickup service, see Item 575. Note 1 - The minimum charge for any package or article measuring over 84 inches in length and girth combined will be equal to the charge for a package weighing 30 pounds. Note 2 - Carrier will profile the shipper's traffic at a single location and/or at multiple locations when required and, based on that profile, will assign the shipper's traffic to a customer group for the receipt of applicable package information, problem resolution, solution support and communication services. Note 3 - Articles having a value or declared value of more than $50,000 will not be accepted for transportation. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum. Note 4 - In the event a shipper selects the "Bill Receiver" or "Bill Third Party" option on a Next Day or 2nd Day UPS shipping document, and omits the account number or supplies an invalid account number, then in addition to being liable for the transportation costs, an additional charge shall be assessed. An account number is deemed invalid if it is not the correct account number for the bill-to party, or if it is the account number for a receiver or third party who fails to pay the shipping charges.
1010	UPS GROUND SERVICE GUARANTEE UPS guarantees on-schedule delivery of UPS Ground Service and UPS Hundredweight Service® Ground packages to every commercial address in the 48 contiguous United States. The guarantee is provided if UPS fails to complete delivery or attempt delivery by the scheduled day as published in: www.ups.com (UPS web site), UPS Online® Tracking Software, UPS Online Office, UPS Online Professional, or as provided when 1-800-PICK-UPS is called. The UPS Rates applicable to the shipment are those in effect at the time of shipping, which are available upon request at the local UPS office. UPS, at its option, will credit or refund the shipping charges to the payer, upon request, provided that: 1) the package is properly documented in a UPS pickup record, and bears the appropriate UPS tracking label showing the consignee's correct name, deliverable address (UPS cannot deliver to a P.O. Box), and ZIP Code and; 2) the package is tendered to UPS at the shipper's location, or at a UPS Customer Counter, during UPS's published business hours and; 3) UPS is notified in writing or by telephone of a service failure within fifteen (15) calendar days from the date of scheduled delivery and is advised of the consignee's name and address, date of shipment, package weight, and UPS tracking number; and 4) the package is addressed to a commercial, not residential, address. If the delivery location could be construed as both residential and commercial, then it will be deemed a residential destination. Note 1 – The guarantee does not apply to shipments which are delayed due to causes beyond UPS's control including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment, acts of God, public authorities acting with actual or apparent authority on the premises, acts or omissions of customs or similar authorities, riots, strikes or other labor disputes, civil commotions, disruptions in air or ground transportation networks, such as weather phenomena, and natural disasters.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
1010 CONT.	Note 2 – The guarantee does not apply to shipments that are scheduled to be delivered between December 12th and December 25th. Note 3 – The credit or refund for transportation charges will be remitted to the payer only.
1020	UPS 3 DAY SELECT SERVICE UPS 3 Day Select Service is available for the shipment of general commodities, except those of unusual value, Classes A and B explosives, household goods as defined in 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading, for shipments between points and places in the 48 contiguous United States. UPS 3 Day Select Service is available to the shipper by attaching a special label, approved by UPS, at the time the package is tendered to UPS, in accordance with the UPS 3 Day Select Service Explanation. UPS guarantees delivery of UPS 3 Day Select packages subject to the terms and conditions contained in the UPS 3 Day Select Service Explanation in effect at the time of shipping. The UPS Rates applicable to the shipment are those in effect at the time of shipping, which are available upon request at the local UPS office. The rate for delivery of packages pursuant to the terms and conditions of the UPS 3 Day Select Service Explanation to a residence (the location where the consignee lives) or to a commercial location (consignee's place of business or employment not including a business operated out of a residence) shall be found in the UPS Rates for shippers receiving Automatic Daily Pickup or the UPS Rates for UPS Customer Counter and One-Time Pickup Service shippers, as applicable, in effect at the time of shipping. Note 1 – The rates listed in the UPS Rates for shippers receiving Automatic Daily Pickup do not include the service charge for pickup service. For rates applicable to pickup service, see Item 575. There is no service charge for shippers utilizing a UPS Customer Counter. Note 2 – Transportation charges for a package measuring over one cubic foot (1,728 cubic inches) will be based on the dimensional weight of the package when the dimensional weight exceeds the actual weight. Dimensional weight is determined as follows: Step 1 – Calculate cubic size: Multiply the package length by the width by the height (rounded to the nearest whole inch) (LxWxH). The result is the cubic size of the package. Step 2 – Determine dimensional weight: Divide the cubic size of the package by 194 to determine the dimensional weight (in pounds). Increase fractions of a pound to the next full pound. $\frac{LxWxH}{194}$ = Dimensional Weight Note 3 – Hazardous materials are accepted for transportation in UPS 3 Day Select Service only in passenger aircraft quantities prepared according to the requirements set forth in the Code of Federal Regulations Title 49 and the UPS Guide for Shipping Ground and Air Hazardous Materials, and only for customers who have completed a UPS standard form Agreement for Transportation of Hazardous Materials (Agreement) or have the provisions incorporated into their existing customized contract for shipping service with UPS. Hazardous materials and all "Other Regulated Materials" (ORM) are prohibited in UPS 3 Day Select Hundredweight. Note 4 – Articles having a value or a declared value of more than $50,000 will not be accepted for transportation. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum. Note 5 – UPS Hundredweight Service is available for 3 Day Select Service provided the total shipment weight is 200 pounds or more. All other terms and conditions of the UPS Hundredweight Service contained in the Guide to UPS Services and the UPS Rates in effect at the time of shipping will apply.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
1030	**RATES FOR OVERSIZE AND OVERWEIGHT PACKAGES** Oversize 1: If a package exceeds 84 inches in length and girth combined and is less than or equal to 108 inches in length and girth combined and weighs less than 30 pounds, the package will be considered "Oversize 1" (OS1). Each OS1 package will be treated as a 30-pound package when calculating the billable weight. Oversize 2: If a package exceeds 108 inches in length and girth combined and weighs less than 70 pounds, the package will be considered "Oversize 2" (OS2). Each OS2 package will be treated as a 70-pound package when calculating the billable weight. Packages tendered weighing more than 150 pounds will be delivered at the option of UPS and each shall take the 150 pound rate for the applicable zone plus a charge of $50.00. Packages tendered exceeding 130 inches in length and girth combined or exceeding 108 inches in length will be delivered at the option of UPS and will be charged a rate equal to the rate for a package weighing 70 pounds for the applicable zone, or a rate equal to the rate for the actual weight of the package and applicable zone, whichever is greater, plus a charge of $50.00.
1060	**EXPEDITED SERVICE** Expedited Delivery Service may be selected by a shipper for general commodities, except those of unusual value, household goods as defined in 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading. This service is available between points and places in the United States. Expedited Delivery Service may be selected by tendering a package to UPS, upon which is attached a special label, provided by UPS, requesting Expedited Next Day or 2nd Day delivery service. When such service is requested, the rates for delivery of UPS Next Day or UPS 2nd Day Letters, Paks or packages, coverage for a value not exceeding $100 per package, shall be the UPS Rates applicable to the shipment, for shippers receiving Automatic Daily Pickup or the UPS Rates applicable to the shipment for UPS Customer Counters, One-Time Pickup, and On-Call Pickup Service in effect at the time of shipping, which are available upon request at the local UPS office. Note 1 – Alternatively, the shipper may attach a special label, provided by UPS, to the package requesting UPS Next Day Saver delivery service. The UPS Next Day Saver delivery service will be provided by UPS subject to the terms and conditions published in the Guide to UPS Services and UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office. Note 2 – The Shipper may also attach a special label, provided by UPS, to the package requesting UPS 2nd Day A.M. delivery service. The UPS 2nd Day A.M. delivery service will be provided by UPS subject to the terms and conditions published in the Guide to UPS Services and the UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office. Note 3 – The Shipper may pay an additional charge and attach a special label, provided by UPS, to the package requesting UPS Next Day Early A.M. delivery service. The UPS Next Day Early A.M. delivery service will be provided by UPS, subject to the terms and conditions published in the Guide to UPS Services, and subject to an additional charge plus the base UPS Rates applicable to the shipment in effect at the time of shipping, which are available upon request at the local UPS office. The shipper may request optional verbal confirmation of delivery service by indicating Verbal Confirmation of Delivery on the UPS Next Day Early A.M. shipping document. When this service is selected, UPS will call the shipper to confirm delivery on the day of delivery. The Verbal Confirmation of Delivery will be provided for an additional charge and is subject to the terms and conditions published in the UPS Next Day Early A.M. Service Guide and the UPS Next Day Early A.M. UPS Rates in effect at the time of shipping. Note 4 – Rates published in the effective UPS Rates do not include the service charge for pickup service. For rates applicable to pickup service, see Items 570, 572, and 575. No service is rendered in the transportation of any package having a value or a declared value of more than $50,000. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
1060 Cont.	Note 5 – The above rates will not be applicable to Electronic Call Return Service (Item 496). Note 6 – For UPS Next Day or UPS 2nd Day Expedited Delivery service, an additional charge, the amount of which is set forth in the UPS Rates, will be assessed for each UPS Next Day or UPS 2nd Day Letter, Pak or package picked up on Saturday for subsequent delivery. An additional charge will be assessed regular Saturday Pickup accounts when a pickup stop is made and no packages are picked up. The amount of this charge is published in the UPS Rates in effect at the time of shipping, which are available on request at the local UPS office. Note 7 – Transportation charges for a package measuring over one cubic foot (1,728 cubic inches) will be based on the dimensional weight of the package when the dimensional weight exceeds the actual weight. Dimensional weight is determined as follows: Step 1 – Calculate cubic size: Multiply the package length by the width by the height (rounded to the nearest whole inch) (LxWxH). The result is the cubic size of the package. Step 2 – Determine dimensional weight: Divide the cubic size of the package by 194 to determine the dimensional weight (in pounds). Increase fractions of a pound to the next full pound. $\frac{LxWxH}{194}$ = Dimensional Weight Note 8 – In the event a shipper selects the "Bill Receiver" or "Bill Third Party" option on a Next Day or 2nd Day UPS shipping document, and omits the account number or supplies an invalid account number, then in addition to being liable for the transportation costs, an additional charge shall be assessed. An account number is deemed invalid if it is not the correct account number for the bill-to party, or if it is the account number for a receiver or third party who fails to pay the shipping charges. Note 9 – Only those hazardous materials specifically permitted to be transported in limited passenger aircraft quantities as prescribed in the UPS Guide to Shipping Ground and Air Hazardous Materials and pursuant to Title 49 of the Code of Federal Regulations (49 C.F.R.) may be tendered for transportation using the Expedited Delivery Service and only customers who have completed a UPS standard form Agreement for Transportation of Hazardous Materials (Agreement) or have the provisions incorporated into their existing customized contract for shipping service with UPS may ship these Hazardous Materials. Note 10 – UPS Hundredweight is available for Expedited Delivery Service provided the total shipment weight is 100 pounds or more. All other terms and conditions of the UPS Hundredweight Service contained in the Guide to UPS Services and the UPS Rates applicable to the shipment in effect at the time of shipping will apply.
1080	CUSTOMER COUNTER/ONE-TIME PICKUP/ON-CALL PICKUP SERVICE A Customer Counter is a facility provided by UPS where packages are received for transportation by UPS. Customer Counters, One-Time Pickup, and On-Call Pickup Service will accept packages containing general commodities, except those of unusual value, Classes A and B explosives, household goods as defined in 49 U.S.C. § 13102 (10), commodities in bulk, commodities requiring special equipment, hazardous materials requiring shipping papers as defined by Title 49 C.F.R. 172.200, and those injurious or contaminating to other lading, for shipment between points and places within the United States. The rate for delivery of packages by UPS from a UPS Customer Counter, or by One-Time Pickup or On-Call Pickup Service (as described in Items 570 and 572) to a commercial location (consignee's place of business or employment) or to residential location (place where consignee lives) shall be found in the UPS Rates for UPS Customer Counter, One-Time Pickup and On-Call Pickup Service, in effect at the time of shipping, which are available upon request at the local UPS office. If the delivery location could be construed as both residential and commercial, then residential rates shall be applied.

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
2000	**HUNDREDWEIGHT SERVICE** Hundredweight Service may be selected by a shipper for shipment of freight classes 50-125 and general multiple-piece commodities which total 200 pounds or more for commercial or residential delivery service or for expedited shipments totaling 100 pounds or more sent to a single address on the same day. Excluded shipments are: shipments of unusual value, household goods as defined in 49 U.S.C. § 13102 (10), commodities requiring special equipment, and those injurious or contaminating to other lading for shipment from the contiguous 48 states to locations within the contiguous 48 states. The rate for delivery of Hundredweight shipments pursuant to the terms and conditions of the UPS Hundredweight Service Explanation, coverage for a value not exceeding $100, shall be the UPS Rates applicable to the shipment for shippers receiving Automatic Daily Pickup in effect at the time of shipping. The UPS Rates are available upon request at the local UPS office. Note 1 - RATE DETERMINATIONS - For ground Hundredweight shipments, a minimum charge will be the greater of either a charge based on 15 pounds per package or a shipment minimum charge in effect at the time of shipping. For expedited Hundredweight shipments (including 3 Day Select), a minimum charge will be based on an average weight of 10 pounds per package. Note 2 - MAXIMUM WEIGHT PER PACKAGE is 150 pounds. The maximum weight for an ORM package is 66 pounds unless further restricted in the UPS Guide for Shipping Ground and Air Hazardous Materials. Note 3 - Maximum size per package is 130 inches in length and girth combined with a maximum length of 108 inches per package. For ground Hundredweight shipments, a package measuring over 84 inches in length and girth combined and weighing less than 30 pounds will be considered a 30 pound package in calculating the shipment billed weight used to determine total charges. For expedited shipments, if the dimensional weight of a package measuring over one cubic foot exceeds the actual weight, the dimensional weight of that package will be used in the calculation of the shipment billed weight. See Item 1060 for explanation of dimensional weight. Note 4 - UPS Letters are excluded from Hundredweight Service. Note 5 - APO and FPO addresses are not accepted. Note 6 - UPS Call Tag Service is not provided for UPS Hundredweight Service. Note 7 – Hazardous Materials packages requiring shipping papers as described in Title 49 C.F.R. Section 172.200 are not accepted in Hundredweight Service. In addition, all "Other Regulated Materials" (ORM) are prohibited in UPS 3 Day Select Hundredweight and Expedited Hundredweight Service. Note 8 – Articles having a value or declared value of more than $50,000 will not be accepted for transportation. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum.

Defining the UPS

Domestic Options*

UPS Document Exchange℠
Immediate Digital Delivery. Another industry first from UPS: secure and verifiable electronic delivery of your most confidential documents, such as legal documents and financial reports via the Internet. UPS Document Exchange features a choice of encryption levels, user authentication, tracking, delivery confirmation, archiving, and other high-level security options. Choose UPS OnLine Courier℠ for everyday business communications that require fast, secure, trackable delivery, or UPS OnLine Dossier℠ when the sender's and receiver's identities need to be validated before secure, confidential files are exchanged. Visit www.exchange.ups.com for more information.

UPS SonicAir®
Same Day. When you have a shipment that's too hot to hold for an overnight delivery, UPS offers same-day delivery using the next available flight with door-to-door delivery within the U.S. and Canada typically in as little as four hours to metro areas and in six to eight hours coast to coast. Available 24 hours a day, seven days a week. Service options include hold-for-pickup, hand-carry, and express freight. Call 1-800-451-4550 for details.

UPS Next Day Air Early A.M.®
Guaranteed Overnight By 8:00 A.M. When you need a jump on the business day, UPS guarantees delivery by 8:00 a.m. to major U.S. cities and by 8:30 a.m. to most other cities. Optional Saturday pickup and delivery are available. Refer to the UPS Next Day Air section in this rate chart to determine the charges (single-package rates only).

UPS Next Day Air®
Guaranteed Overnight By 10:30 A.M. For guaranteed overnight delivery throughout the U.S. and Puerto Rico, we feature next-business-day delivery by 10:30 a.m. and optional Saturday pickup and delivery (Hundredweight rates also available).

UPS Next Day Air Saver®
Guaranteed Overnight By 3:00 P.M. When you need a package sent overnight that doesn't require morning delivery, we feature next-business-day delivery by 3:00 p.m. Optional Saturday pickup is available (Hundredweight rates also available).

UPS 2nd Day Air A.M.®
Guaranteed Two-Day By Noon. UPS is the only carrier to offer you a 2nd Day Air A.M. service for those two-day commercial delivery packages that must arrive before noon. We feature morning delivery to most metro commercial addresses throughout the U.S. by the second business day. Optional Saturday pickup is available (Hundredweight rates also available).

UPS 2nd Day Air®
Guaranteed Two-Day. For time-sensitive shipments that don't require overnight or morning service, we guarantee on-time delivery to every address throughout the U.S. and Puerto Rico, featuring delivery on the second business day and optional Saturday pickup (Hundredweight rates also available).

UPS 3 Day Select®
Guaranteed Three-Day. The ideal mix of economy and guaranteed on-time delivery, 3 Day Select features delivery within three business days throughout the contiguous 48 states (Hundredweight rates also available).

UPS Ground
Commercial Deliveries – Guaranteed Day-Definite. Residential Deliveries – Scheduled Service. Dependable UPS Ground reaches every address throughout the 48 contiguous states with delivery time based on destination (Hundredweight rates also available).

UPS Hundredweight Service®
The LTL Alternative Via Air & Ground. It delivers the perfect alternative to LTL when you ship multiple-piece shipments totaling 100 pounds or more via air or 200 pounds or more via ground to a single address on the same day.

UPS Worldwide Express℠
Guaranteed Overnight Or Two-Day. For urgent international shipments, we offer guaranteed door-to-door, customs-cleared delivery to over 200 countries and territories.

- Overnight Letters and documents: Overnight delivery is guaranteed to the world's most important business centers, including:
  - By 10:30 a.m. to key business centers in Canada.
  - As early as noon to major destinations in the European Union.
  - By end of day to major business centers in Asia, South America, and Mexico.
  - Guaranteed two-day delivery to most other major destinations.
- Packages: Delivery by 10:30 a.m. the second business day for packages to major business centers, including over 290 cities in the European Union. By noon or end of day to most other destinations.

UPS Worldwide Expedited℠
Guaranteed Three- Or Four-Day. For shipments that don't require overnight or express delivery, we offer a guaranteed, day-definite alternative that's faster than traditional air freight. Expedited is a door-to-door, customs-cleared service available to more than 40 major destination countries.

- Most shipments to Mexico and Canada delivered in three days.
- Most shipments to major destinations in Europe and Asia delivered in four days.

UPS Standard To Canada
Guaranteed Day-Definite. For guaranteed delivery of routine shipments to Canada, we offer day-definite, low-cost ground delivery to every address in the ten provinces. Standard To Canada provides substantial savings over competitors' published rates on single- and multi-package shipments.

How to Determine the Charge

Step 1 –
Select the UPS Service

UPS offers you the widest choice of time-definite services. Determine the one that meets your needs. See pages 8 and 9 for a complete listing.

Step 2 –
Determine the Destination Zone

For Domestic Shipments:
Refer to your UPS Zone Chart provided separately.

Note: For *Next Day Air Early A.M.* service, use the zone indicated for *Next Day Air.*

For International Shipments:
Refer to "How to Determine the Zone for International Shipments," beginning on page 56.

For Shipments to Canada:
Refer to "How to Determine the Zone for International Shipments to Canada," beginning on page 70.

Step 3 –
Determine the Weight

Actual, dimensional, oversize, or minimum package weights may be used to determine the rate for a shipment. Refer to the dimensional, oversize, and minimum weight explanations listed below to determine if they apply.

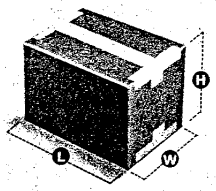

Dimensional Weight for Domestic Shipments
For *Next Day Air Early A.M., Next Day Air, Next Day Air Saver, 2nd Day Air A.M., 2nd Day Air,* and *3 Day Select* service, the dimensional weight will be used to determine the package charge if the dimensional weight of a package measuring over one cubic foot exceeds the actual weight. To determine the dimensional weight of a package, use the formula below.

A. Multiply the package length by the width by the height (each rounded to the nearest whole inch). The result is the cubic size of the package.

B. Divide the cubic size by 194 to determine the dimensional weight (in pounds). *Increase fractions of a pound to the next full pound.*

$$\frac{L \times W \times H}{194} = \text{Dimensional Weight}$$

(L) = Length in inches
(W) = Width in inches
(H) = Height in inches

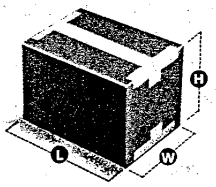

Dimensional Weight for International Shipments and Shipments to Canada
For *Express Plus, Express,* and *Expedited* service, the package charge will be based on the dimensional weight when the dimensional weight exceeds the actual weight. To determine the dimensional weight of a shipment, use the formula below.

A. Multiply the package length by the width by the height (each rounded to the nearest whole inch). The result is the cubic size of the package. *(For a multiple-package shipment recorded on a UPS Waybill, add the results for all of the packages together. The total is the cubic size of the shipment. For rating purposes, each international package recorded in a UPS Shipping Record Book is considered a separate shipment.)*

B. Divide the cubic size by 166 to determine the dimensional weight (in pounds). *Increase fractions of a pound to the next full pound.*

$$\frac{L \times W \times H}{166} = \text{Dimensional Weight}$$

(L) = Length in inches
(W) = Width in inches
(H) = Height in inches

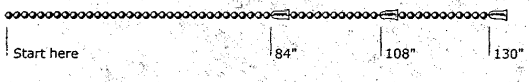

ır UPS Shipments

ʌersize

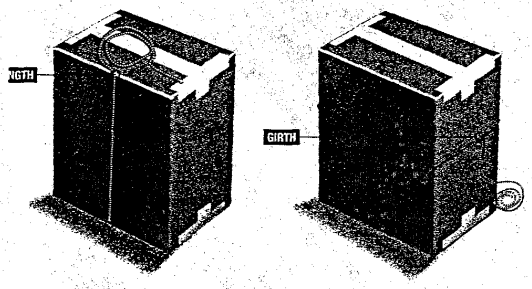

ʾS Ground service and *UPS Standard To Canada* ckages are considered oversize when they measure er 84 inches in length and girth combined and weigh ss than 30 pounds. Each oversize package will be eated as weighing 30 pounds when determining e billable weight of the package.

Length is the longest side of a package or object.

Girth is the distance all the way around the package or object at its widest point perpendicular to the length.

Step 1: Measure Length ***Step 2: Measure Girth***

A chain for measuring packages is available upon request.

linimum Weight for Hundredweight Shipments

ɔr *Next Day Air, Next Day Air Saver, 2nd Day Air .M.,* and *2nd Day Air*, the minimum charge for UPS Hundredweight shipment will be based on ɿ average weight of 10 pounds per package.

ɔr *3 Day Select* and *Ground* service, the minimum ıarge for a UPS Hundredweight shipment will ɐ based on an average weight of 15 pounds per ackage, or $49, whichever is greater.

linimum Weight for Standard To Canada

ɔr *Standard* service, the minimum charge for multiple-package shipment will be based on ɿ average weight of 15 pounds per package.

Step 4 –

Determine the Rate for the Shipment

Match the billable weight to the appropriate zone to determine the rate for the service you have chosen.

For Domestic Shipments:

Rate charts begin on page 18.

Note: See page 86 for additional information about UPS Hundredweight Service.

For International Shipments:

Rate charts for international shipments begin on page 62. Rate charts for shipments to Canada begin on page 76.

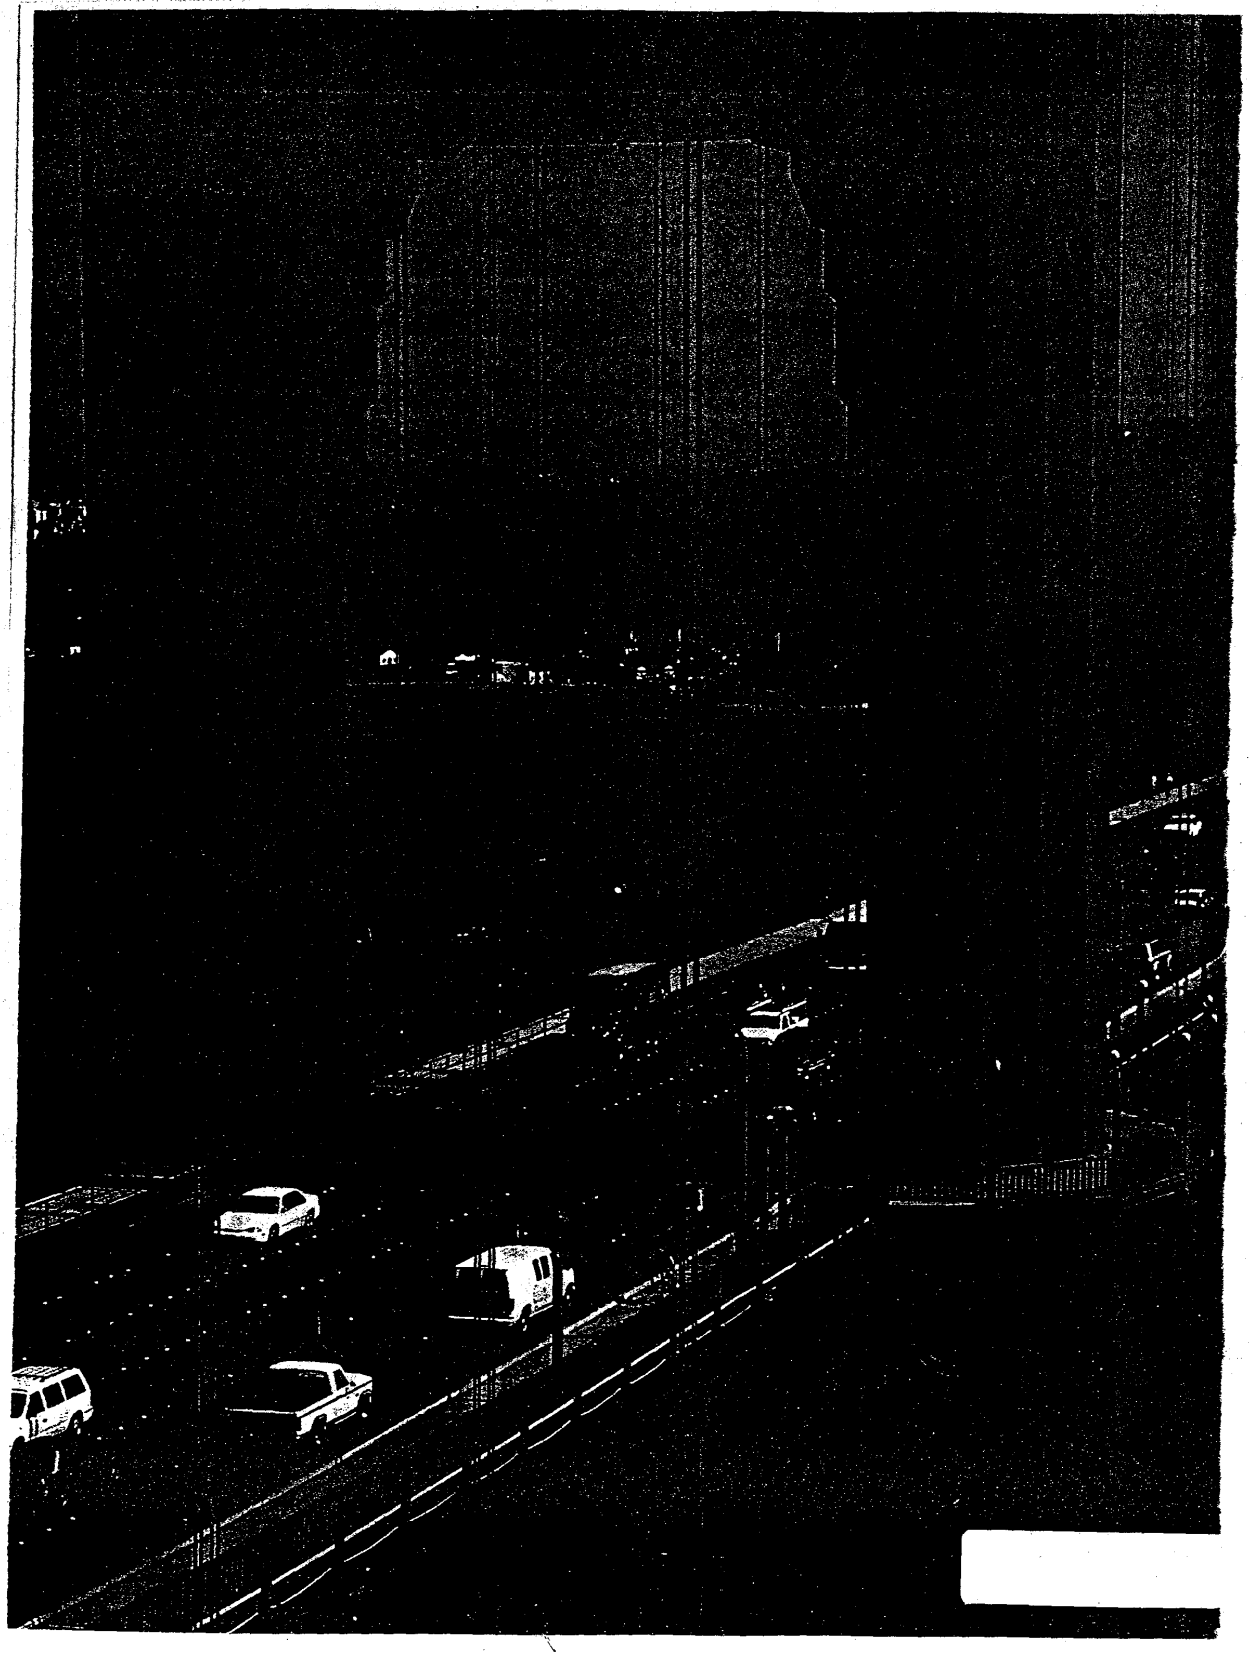

Note: For multiple-package Shipment Pricing to apply, the UPS Waybill must be used. Shipment Pricing does not apply for UPS Express Plus Letter, UPS Express Letter, UPS 10KG Box™, or UPS 25KG Box™ shipments.

Step 5 –

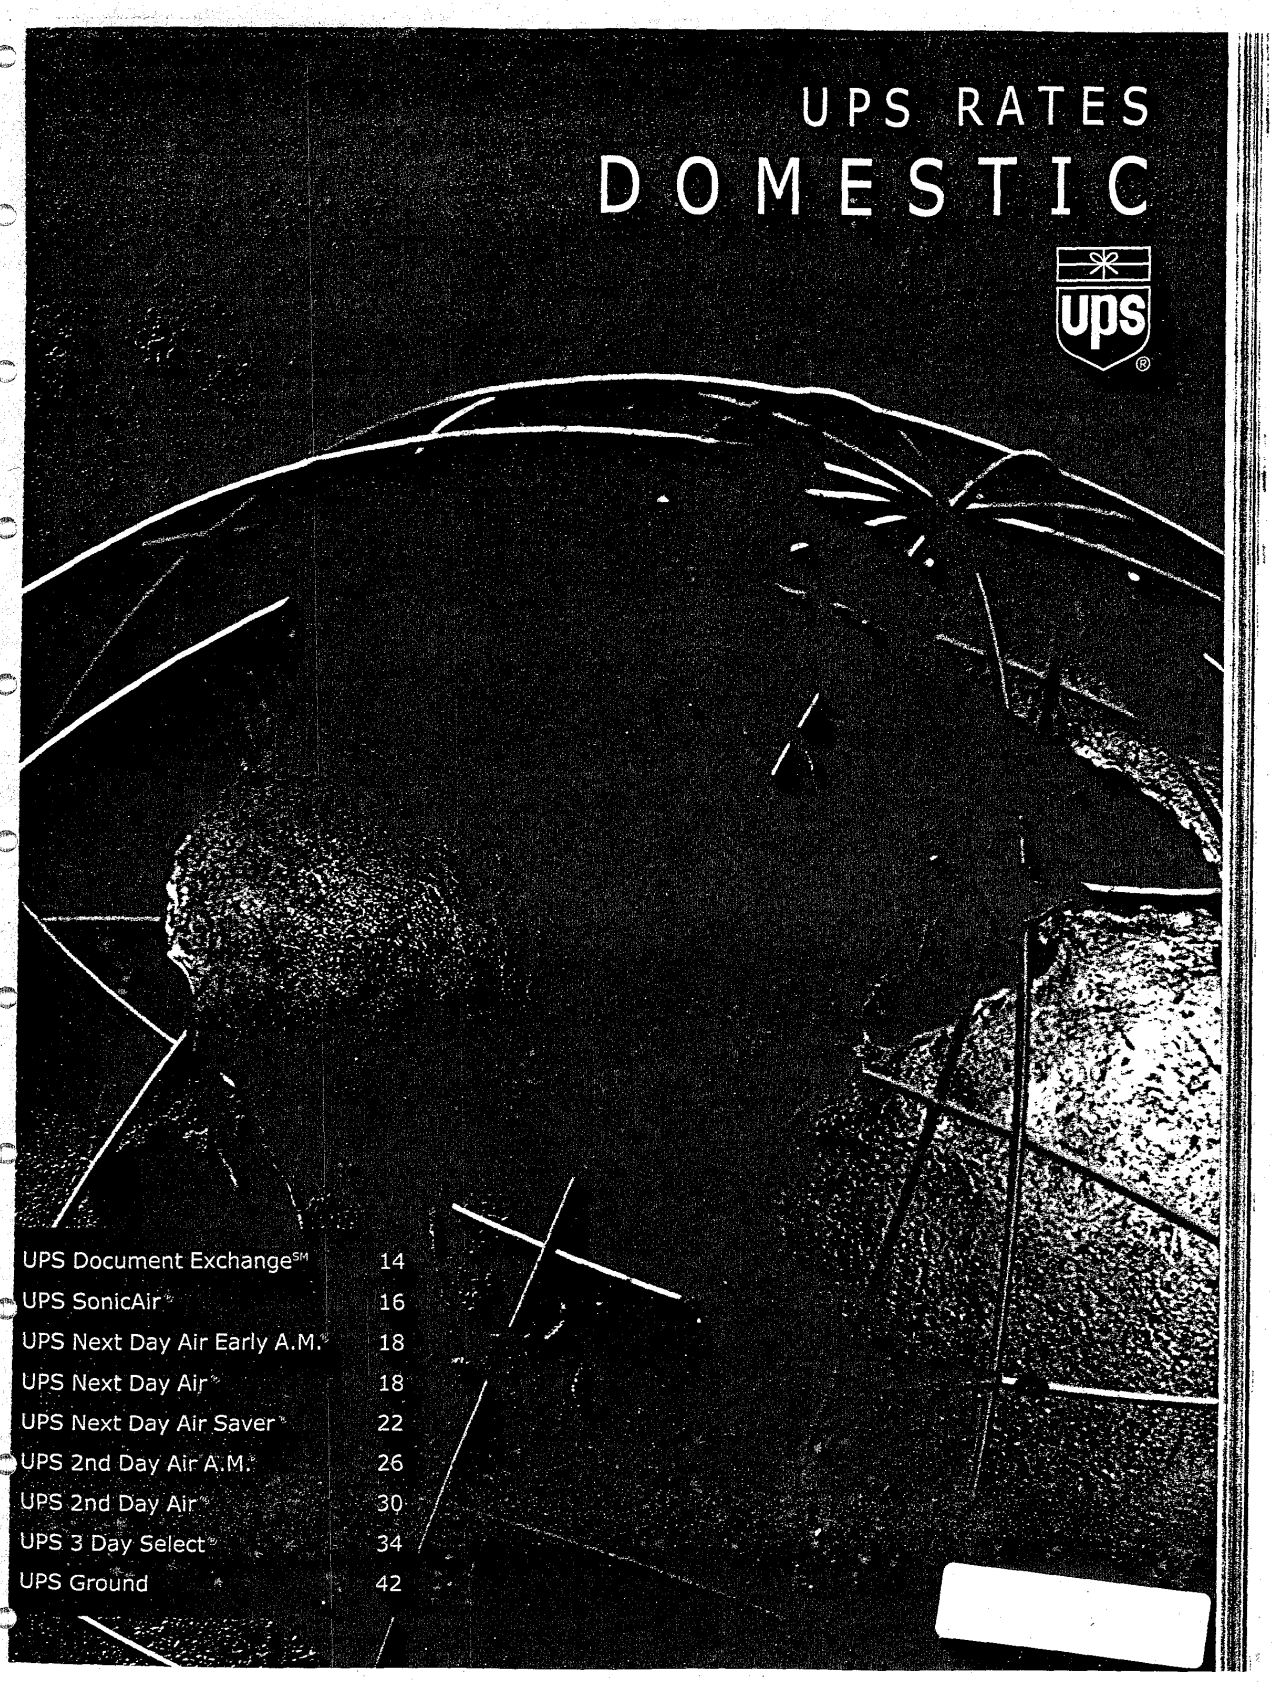

Determine If Additional Charges Apply

UPS offers a wide range of value-added services. See the "Additional Information" section beginning on page 84 for more information about these services and what charges will apply.

See page 86 for Hundredweight details.

A Heavy Package sticker is required for packages over 70 pounds.

A FREE RIDE FOR "FREE WILLY" STAR. *Keiko, the star orca of "Free Willy" movie fame, took the final leg of his Icelandic journey home via a UPS transport truck last summer. This 4.5-ton "package" reportedly found his new home – a 3.2 million gallon, 250-foot by 100-foot sea pen – much to his liking.*

MOVING AT THE SPEED *OF* E-BUSINESS. *When you use UPS Document Exchange, the security of digital documents sent via the Internet is never in question. Transactions are always fast, secured, and confirmed.*

Looking for a Safer Way to Send Important Business Information over the Internet? Consider UPS Document Exchange.

For UPS Document Exchange, go directly to www.exchange.ups.com. Then send your document securely from your desktop, choosing the service level you need – UPS OnLine Courier℠ for everyday business communications that require fast, secure, trackable delivery, or UPS OnLine Dossier℠ for secure, confidential file exchange plus sender and receiver identities that are validated.

Our new digital document delivery services combine encryption protection along with point-to-point tracking. Now you can send and receive critical business documents and other information – from video to audio to text – via the Internet, without the fear of losing them or having them show up on the wrong screen. Best of all, digital delivery can actually cost less than physical delivery.

UPS OnLine Courier℠

UPS OnLine Courier allows you to send fully secured as well as password protected electronic documents to anyone with Web and e-mail access. The recipient doesn't need to be a UPS OnLine Courier service user, or use any special software to receive your file. Plus, you can select an option which allows your recipients to read your documents even if they don't have the application that created the document. Safe, swift, secure, and best of all, it's easy to use.

Service Options

Door-to-Door: We pick up from your door and deliver directly to the final destination.

Hand-Carry Service: A dedicated SonicAir courier will accompany your package on-board the flight from pickup at your door to delivery at the final destination.

Hold for Pickup/Door-to-Destination Airport: We pick up from your door and arrange for delivery to the destination city airport.

Aircraft Charter: When no commercial flight is available to meet your deadline, we can arrange for a chartered aircraft to transport your shipment.

See page 89 for UPS SonicAir additional information.

How to Determine the Zone for International Shipments

For Express Plus and Express Service

Locate the destination country on the Worldwide Zone Chart starting on page 58.

Locate the zone for Worldwide Express. (To determine whether Express Plus service is available to your destination country, refer to www.ups.com or call 1-800-782-7892.)

Example:

For an Express shipment from anywhere in the United States to the Republic of Ireland, the zone is **901**. Express Plus service is available to major business centers in Ireland, and the zone is also **901**.

For an Express shipment from anywhere in the United States to Italy, the zone is 901. Express Plus service is available to major business centers in Italy, and the zone is also 901.

Note: When a zone is highlighted with a box, an Extended Area Surcharge may apply. Extended Area destinations are subject to change. See pages 102-112 to determine if your destination address is in a location classified as an Extended Area.

Destination	Zone		
	Express	Expedited	
		WEST	EAST
Ireland, Republic of Express Plus service is available to major business centers, with guaranteed delivery by 8:30 a.m. on the second business day. Call 1-800-782-7892 for details.	901	605	601

For Expedited Service

See the list on page 57 to determine whether your origin state is classified as East or West.

Locate the destination country on the Worldwide Zone Chart starting on page 58.

Locate the zone for Worldwide Expedited. Expedited service is not available when a zone number is not shown in the appropriate columns.

Example:

For an Expedited shipment from Los Angeles, California, to the Republic of Ireland, the zone is 605.

For an Expedited shipment from Buffalo, New York, to Italy, the zone is 601.

Note: When a zone is highlighted with a box, an Extended Area Surcharge may apply. Extended Area destinations are subject to change. See pages 102-112 to determine if your destination address is in a location classified as an Extended Area.

Shipment Pricing

Multiple-Package Shipments on a Single UPS Waybill

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Refer to page 10 for instructions on calculating dimensional weight.

The UPS Waybill must be used for multiple-package shipment pricing.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the Express Rate Chart on pages 62 to 64.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate Price per Pound. The amount billed will be the result of this calculation or the Minimum Rate shown, whichever is greater.

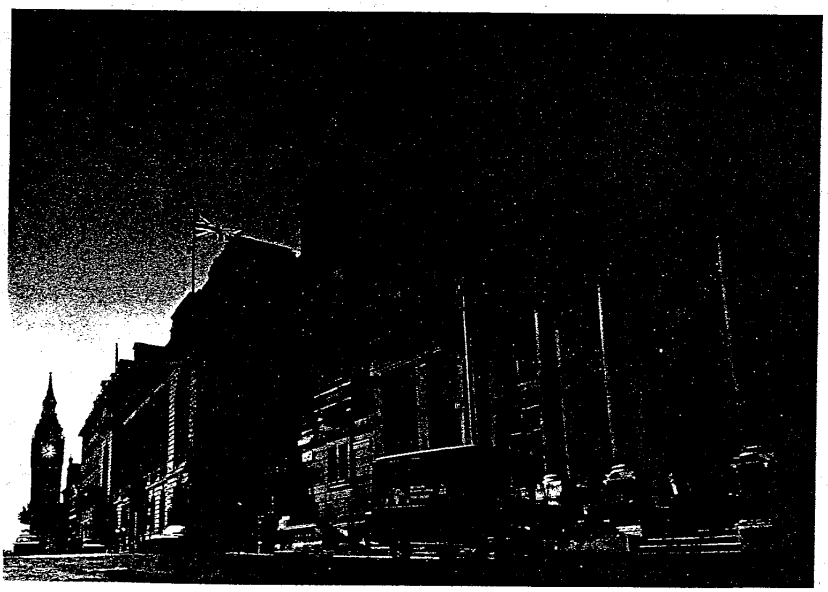

The maximum weight per package is 150 pounds.

Shipment pricing does not apply to UPS Letters or UPS 10KG/25KG boxes.

Note: For an Express Plus shipment, add $40.00 to the appropriate Express rate.

Shipment Pricing

Multiple-Package Shipments on a Single UPS Waybill

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Refer to page 10 for instructions on calculating dimensional weight.

The UPS Waybill must be used for multiple-package shipment pricing.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the Expedited Rate Chart on pages 66 to 68.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate Price per Pound. The amount billed will be the result of this calculation or the Minimum Rate shown, whichever is greater.

The maximum weight per package is 150 pounds.

How to Determine the Zone for International Shipments to Canada

For Express Plus, Express, and Expedited Service to Canada

Use the first three characters of the destination Postal Code, and refer to the Canada Zone Chart on page 71.

Locate the zone for the selected service. (For Express Plus, use the zone indicated for Express. To determine whether Express Plus service is available to your destination Postal Code, refer to www.ups.com or call 1-800-782-7892.)

Note: When a zone is highlighted with a box, an Extended Area Surcharge may apply. Extended Area destinations are subject to change. For the most current information, refer to www.ups.com or call 1-800-782-7892.

Example 1:
For an Express Plus or Express shipment from anywhere in the United States to St. John's, Newfoundland, A1E 4T9, Canada, the zone is 82.

For an Expedited shipment from anywhere in the United States to the same address, the zone is 72.

Example 2:
For an Express Plus or Express shipment from anywhere in the United States to Eastern Passage, Nova Scotia, B3G 1G9, Canada, the zone is [81].

For an Expedited shipment from anywhere in the United States to the same address, the zone is [71].

Note: These zones are highlighted with a box. An Extended Area Surcharge applies to this destination.

For Standard To Canada

Locate the zone by cross-referencing the first three characters of the destination Postal Code in the left column, with the origin state in the top row of the Canada Zone Chart on pages 71 to 75. (See page 57 for a list of origin state abbreviations.)

Example 3:
For a Standard shipment from Chicago, Illinois, to Halifax, Nova Scotia, B3N 1V2, Canada, the zone is 55.

NEED 8:30 A.M. DELIVERY?

UPS Worldwide Express Plus℠

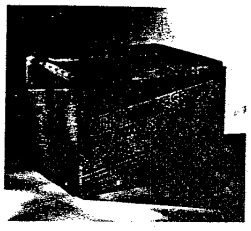

Guaranteed overnight delivery of documents and packages by 8:30 a.m. to major metropolitan areas within Canada. To calculate your rate, add $40.00 to the appropriate Express rate. Express Plus packages are limited to a value of $20.00 Canadian.

Any fraction of a pound over the weight shown takes the next higher rate.

The rates shown are for total shipment weight of shipments originating in the United States; the rates include door-to-door delivery and routine customs clearance.

See pages 84-86 for additional charges, weight and size information, service restrictions, and general information.

See page 88 for additional information about UPS international services.

Shipment Pricing

Multiple-Package Shipments on a Single UPS Waybill

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Refer to page 10 for instructions on calculating dimensional weight.

The UPS Waybill must be used for multiple-package shipment pricing.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the Canada Express Rate Chart on page 76.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate Price per Pound. The amount billed will be the result of this calculation or the Minimum Rate shown, whichever is greater.

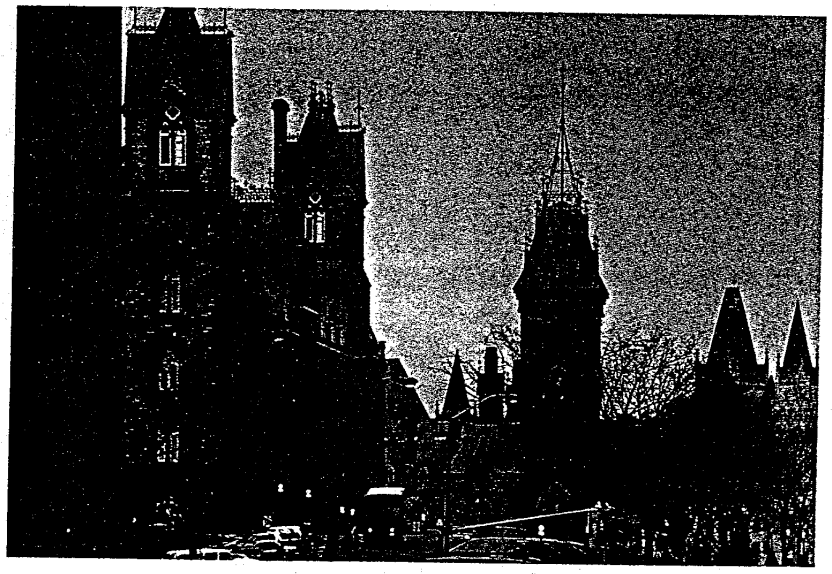

The maximum weight per package is 150 pounds.

Shipment pricing does not apply to UPS Letters or UPS 10KG/25KG boxes.

Note: For an Express Plus shipment, add $40.00 to the appropriate Express rate.

Shipment Pricing

Multiple-Package Shipments on a Single UPS Waybill

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Refer to page 10 for instructions on calculating dimensional weight.

The UPS Waybill must be used for multiple-package shipment pricing.

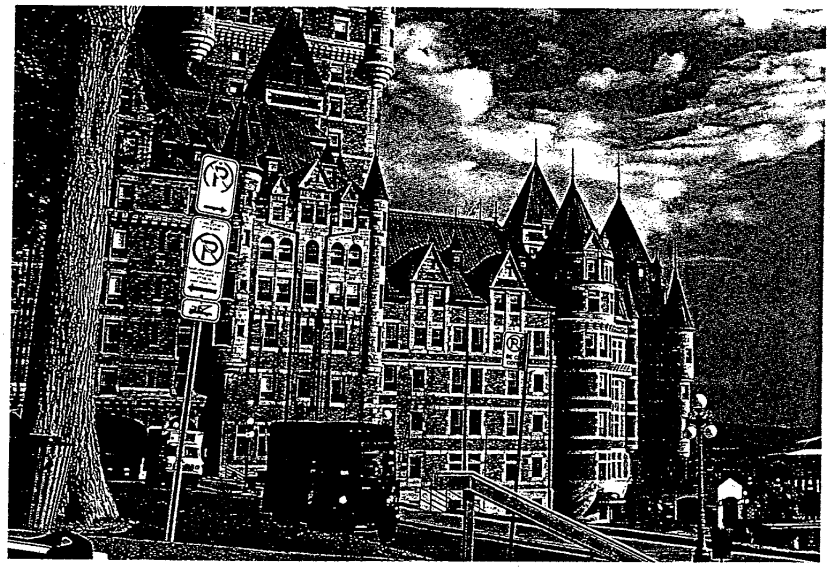

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the Canada Expedited Rate Chart on page 78.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate Price per Pound. The amount billed will be the result of this calculation or the Minimum Rate shown, whichever is greater.

The maximum weight per package is 150 pounds.

Shipment Pricing

Multiple-Package Shipments on a Single UPS Waybill

Rates are based on the total actual weight or the total billable weight of all packages in a shipment, whichever is greater. Refer to page 11 for instructions.

The UPS Waybill must be used for multiple-package shipment pricing.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the Standard To Canada Chart on pages 80 and 81.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate Price per Pound. The amount billed will be the result of this calculation or the Minimum Rate shown, whichever is greater.

The maximum weight per package is 150 pounds.

The minimum charge for a multiple-package shipment will be based on an average weight of 15 pounds per package.

General Information (continued)

Notes

Some air shipments may be shipped by surface transportation.

UPS reserves the right to assess the shipper a $3.00 charge per request for package-tracking, package-tracing, or shipping charge refund, subject to the following conditions:

- This charge will not be assessed for the first 50 package-tracking requests per calendar week, or for a quantity of package-tracking requests equal to or less than 20 percent of the shipper's package volume for that week, whichever is greater.
- This charge will not be assessed for a quantity of package-tracing requests equal to or less than 2 percent of the shipper's package volume for that week.
- This charge will be assessed for shipping charge refund requests when the shipment in question was actually delivered by the scheduled delivery date and time.

UPS reserves the right to institute a fuel surcharge on all shipments without prior notice. The surcharge will be applied for such periods as UPS may determine necessary.

A residential delivery is one made to a home, which includes a business operated out of a home.

International shipments may be governed by the Warsaw Convention including its liability limitations. For details, contact your UPS International Customer Service Center at 1-800-782-7892.

UPS Hundredweight Service®

Qualifications

UPS Hundredweight rates apply for shipments meeting these conditions:

- Packages addressed to a single consignee at one location
- Total shipment billed weight of 100 pounds or more for each Next Day Air, Next Day Air Saver, 2nd Day Air A.M., or 2nd Day Air shipment
- Total shipment billed weight of 200 pounds or more for each 3 Day Select shipment
- Total shipment actual weight of 200 pounds or more for each Ground shipment

Hundredweight Rate Shopping

Rate shopping is provided for Hundredweight shipments recorded in the UPS Shipping Record book or UPS OnLine Shipping Systems. When shipments meet the Hundredweight conditions, the carrier will compare Hundredweight rates with the then effective, corresponding single-package rates, and the lower rate will apply. (The single-package rates will be based on the individual package weights or an average package weight when appropriate.)

Some shipments under 500 pounds may be more economically rated as 500 pounds. The UPS billing system will automatically compute the shipment charges at both the shipment billed weight and at 500 pounds, compare them, and bill the lower of the two.

UPS Hundredweight Service (continued)

Calculating Hundredweight Charges

1. Choose the UPS domestic service for your shipment. Refer to your UPS Zone Chart to determine the appropriate zone.
2. Determine the shipment billed weight by totaling the weights of the individual packages in the shipment. Any fraction of a pound in the total should be rounded to the next full pound.

   For Air and 3 Day Select: If the dimensional weight of a package measuring over one cubic foot exceeds the actual weight, the dimensional weight of the package will be used to determine the shipment billed weight. (See page 10 for instructions on how to determine dimensional weight.) For Air, proceed to Step 4.

   For Ground: If a package exceeds 84 inches in length and girth combined and weighs less than 30 pounds, the package will be considered "oversize." Each "oversize" package will be treated as a 30-pound package when calculating the shipment billed weight.
3. For 3 Day Select and Ground: Divide the shipment billed weight by 100 to determine the number of Hundredweight Units. Multiply the number of Hundredweight Units by the Shipment Rate Per Hundredweight Unit shown on the rate chart for the appropriate service, shipment-billed-weight level, and zone to calculate the shipping charge.
4. For Air: Multiply the shipment billed weight by the Rate Per Pound shown on the rate chart for the appropriate service, shipment-billed-weight level, and zone to calculate the shipping charge.

Hundredweight Shipment Minimum Charges

For Air – charge based on an average weight of 10 pounds per package

For 3 Day Select and Ground – charge based on an average weight of 15 pounds per package, or $49, whichever is greater

Hundredweight Service Restrictions

UPS Next Day Air Early A.M. is not available for Hundredweight.

Call Tag service is not provided via Hundredweight. (Packages previously delivered by UPS in the 48 contiguous states can be retrieved with a Call Tag via Ground.)

Hazardous Materials packages requiring shipping papers as described under Title 49 C.F.R. Section 172.200 are not accepted in Hundredweight. In addition, all "Other Regulated Materials" (ORM-D-Air) are prohibited in 3 Day Select Hundredweight and Air Hundredweight.

Other Regulated Materials (ORM-D) packages are accepted when properly packaged, marked, and shipped via UPS Ground or UPS Hundredweight Ground service.

UPS Letters are excluded from Hundredweight.

Hundredweight shipments are limited to freight classes 50-125.

UPS International Service

Unless otherwise indicated, the information below applies to all levels of UPS international service except SonicAir.

Billing Options

For all international shipments: When the Bill Duty/Tax and Shipping Charges to Shipper or the Delivered Duty Paid, V.A.T. Unpaid billing option is selected, a $15 charge will be billed to the shipper.

Brokerage Service

Brokerage service is provided for UPS Worldwide Express Plus, UPS Worldwide Express, and UPS Worldwide Expedited services at no additional charge for routine customs clearance (including formal entries for shipments of up to five tariff lines). Additional charges may apply to complex customs clearance procedures as defined in the International Service Explanation.

Brokerage for Standard To Canada:
For Standard shipments to Canada, UPS provides Customs Brokerage service unless otherwise specified by the importer. The importer is responsible for all brokerage charges, duties, and taxes at time of import.

Certificate of Origin

To clear customs in some countries, a Certificate of Origin is required.

UPS will prepare a U.S. Certificate of Origin for goods manufactured and originating within the U.S. on behalf of the shipper when not provided with the export documents. A $10 processing fee will be assessed and billed to the shipper.

Currency Conversion Rate

Charges to a payer's account in a foreign currency will be converted to the payer's currency using a weekly exchange rate secured through Major Money Center Banks, plus an exchange fee equal to .75% of the amount converted.

Disbursement Fee

In order to expedite customs clearance, UPS may advance duties and taxes on behalf of the payer, as dictated by the billing option selected. A Disbursement Fee based on the amount advanced will be assessed and billed to the payer. For example, the Disbursement Fee for importation into the U.S. will be 2% of the advanced amount or $5, whichever is greater.

Extended Area Surcharge

If an Extended Area Surcharge applies, add $20 per shipment or 20¢ per pound (whichever is greater) to the charges for your shipment.

Freight Collect Refusals

In the event the intended receiver of a Freight Collect shipment refuses to pay the Freight Collect amount, a $10 processing fee will be assessed and billed to the shipper.

Additional charges associated with undeliverable packages will also be assessed and billed to the shipper.

For details, refer to the International Service Explanation, beginning on page 97, for information regarding Special Handling of Undeliverable Packages.

Shipper's Export Declaration

The U.S. Government requires a Shipper's Export Declaration (S.E.D.) when the value of any commodity in a shipment is greater than $2,500 (U.S.) or when a validated export license is required.

If an S.E.D. is required and is not included with the export documents provided by the shipper, UPS will prepare an S.E.D. on behalf of the shipper when all data in the S.E.D. section of the waybill is provided. A $10 processing fee will be assessed and billed to the shipper.

UPS Domestic Service Explanation

The following paragraphs contain the general terms and conditions under which United Parcel Service ("UPS") is engaged in the transportation of small packages in its own territory and jointly through interchange with its affiliates. UPS reserves the right to amend any portion of this service explanation at any time. The most current service explanation may be found at the UPS Web site (www.ups.com) and is available at all local UPS offices.

UPS is likewise engaged in the transportation of packages in "UPS SonicAir."

For the purpose of this explanation, "UPS Air Services" includes UPS Next Day Air Early A.M., UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air A.M., and UPS 2nd Day Air.

For the purpose of this explanation, "UPS Hundredweight Air Services" includes UPS Hundredweight Next Day Air, UPS Hundredweight Next Day Air Saver, UPS Hundredweight 2nd Day Air A.M., and UPS Hundredweight 2nd Day Air.

UPS is likewise engaged in the transportation of small packages in "UPS 3 Day Select Service," "UPS Hundredweight 3 Day Select Service," "UPS Ground Service," and "UPS Hundredweight Ground Service."

Commodities Handled and Restrictions on Service

UPS holds itself out to transport general commodities, as usually defined, subject to the following restrictions:

(a) No service shall be rendered in the transportation of articles of unusual value. Articles having a value or declared value of more than $50,000 will not be accepted for transportation. The maximum liability per package assumed by UPS shall not exceed $100 regardless of the declaration of value in excess of $100. The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 regardless of the value in excess of the maximum. The maximum value and liability for a Prepaid Letter is $100.

(b) No service shall be rendered in the transportation of any package or article weighing more than 150 pounds, or exceeding 108 inches in length, or exceeding a total of 130 inches in length and girth combined. Except in UPS Hundredweight shipments, each package or article shall be considered as a separate and distinct shipment.

(c) UPS does not provide a protective service for the transportation of perishable commodities or of commodities requiring protection from heat or cold. Such commodities will be accepted for transportation solely at the shipper's risk for damage occasioned by exposure to heat or cold.

(d) Hazardous Materials, defined as those materials regulated under Title 49 of the Code of Federal Regulations (49 C.F.R.) are accepted for transportation only as a contractual service. To receive Hazardous Materials Service, the shipper must sign a contract and agree to the provisions set forth in the UPS Agreement for Transportation of Hazardous Materials.

(e) Other Regulated Materials (ORM-D) are accepted when properly packaged, marked, and shipped via UPS Ground or UPS Hundredweight Ground service. ORM-D packages shipped via UPS Air Services are accepted for transportation only as a contractual service.

Right of Inspection

UPS reserves the right to open and inspect any package tendered to it for transportation.

Refusal of Unsafe Packages

UPS reserves the right to refuse any package which by reason of the dangerous or other character of its contents is liable, in the judgment of UPS, to soil, taint, or otherwise damage other merchandise or equipment, or which is economically or operationally impracticable to transport, or which is improperly packed or wrapped.

Packages must be so packed or wrapped as to meet the requirements set forth in International Safe Transit Association Projects 1 and 1A as applicable.

Service Explanations

Use of the ZIP Code

The ZIP Code is an important part of the address. Therefore, to help ensure dependable service, it is essential that the ZIP Code be included in the delivery address.

Pickup Charge

UPS reserves the right to assess a surcharge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, for the pickup of prepaid shipments when no other packages are to be picked up.

Deliveries Attempted Three Times Without Extra Charge

In case UPS is unable to complete delivery of a package, a nondelivery notice will be left at the consignee's address stating that delivery has been attempted. Thereafter, a second and, if necessary, a third attempt to deliver the package will be made without additional charge.

Return of Undeliverable Packages

Packages refused by consignees or which for any other reason cannot be delivered will be promptly returned to the shipper without additional charge.

UPS SonicAir Domestic Service Guarantee

UPS guarantees on-schedule delivery of UPS SonicAir packages to every address in the United States barring circumstances out of UPS SonicAir's control, including, but not limited to, the following: airline delays, unavailability or refusal of a person to accept delivery of the shipment, acts of God, public authorities acting with actual or apparent authority on the premises, acts or omissions of customs or similar authorities, riots, strikes or other labor disputes, civil commotions, disruptions in air or ground transportation networks, such as weather phenomena, and natural disasters.

UPS Domestic Service Guarantee

UPS guarantees on-schedule delivery of UPS Next Day Air Early A.M., UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air A.M., and UPS 2nd Day Air packages to every address in the United States where applicable.

UPS guarantees on-schedule delivery of UPS Hundredweight Next Day Air, UPS Hundredweight Next Day Air Saver, UPS Hundredweight 2nd Day Air A.M., and UPS Hundredweight 2nd Day Air packages to every address in the 48 contiguous states where applicable.

UPS guarantees on-schedule delivery of UPS Next Day Air and UPS 2nd Day Air packages to every address in Puerto Rico where applicable.

UPS guarantees on-schedule delivery of UPS 3 Day Select and UPS Hundredweight 3 Day Select packages to every address in the 48 contiguous United States.

UPS guarantees on-schedule delivery of UPS Ground and UPS Hundredweight Ground packages to every commercial address in the 48 contiguous United States.

In the event UPS fails to attempt delivery within the time published on the UPS Web site, or as provided when 1-800-PICK-UPS is called, UPS, at its option, will either credit or refund the shipping charges for each such package to the payer only, upon request, subject to the following conditions:

(a) Each package is properly recorded on a UPS source document or in an automated UPS shipping system.

(b) Each package bears the appropriate UPS tracking label and an address label showing the consignee's correct name, deliverable address, and ZIP Code, or the package bears the appropriate, properly completed UPS Air Shipping Document when applicable. UPS cannot deliver to a P.O. Box.

UPS Domestic Service Explanation (continued)

(c) Each UPS 2nd Day Air A.M. and UPS Ground package is addressed to a commercial, not residential, address. A residential delivery is defined as one made to a home, which includes a business operated out of a home.

(d) The package bears a UPS Saturday Delivery routing label when optional Saturday service is requested and available.

(e) The package is tendered to UPS during UPS's published business hours.

(f) UPS is notified in writing or by telephone of a service failure within fifteen (15) calendar days from the date of scheduled delivery and is advised of the consignee's name and address, date of shipment, package weight, and UPS tracking number.

The guarantee does not apply to UPS shipments which are delayed due to causes beyond UPS's control including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment, acts of God, public authorities acting with actual or apparent authority on the premises, acts or omissions of customs or similar authorities, riots, strikes or other labor disputes, civil commotions, disruptions in air or ground transportation networks, such as weather phenomena, and natural disasters.

The guarantee does not apply to UPS 2nd Day Air A.M., UPS 2nd Day Air, UPS 3 Day Select, and UPS Ground shipments that are scheduled to be delivered between December 12 and December 25.

UPS Air Services Tracking Guarantee

UPS guarantees to report the status of UPS Air Services shipments within 30 minutes of a tracking inquiry. In the event UPS fails to report the latest tracking information available in the UPS TotalTrack system within 30 minutes of the initial telephone call, UPS, at UPS's option, will either credit or refund the shipping charges, to the payer only, upon request, subject to the following conditions:

(a) The package bears a UPS Air Services tracking label or UPS Air Shipping Document.

(b) UPS is advised of the consignee's name and address, date of shipment, package weight, and UPS Air Services tracking number during the initial call.

(c) A request is made by telephone within fifteen (15) calendar days from the date of scheduled delivery.

The guarantee does not apply to UPS TotalTrack system failures caused by conditions beyond UPS's control including, but not limited to, acts of God, riots, strikes or other labor disputes, or disruptions in communication networks.

Interruption of Service

UPS shall not be liable for any interruption of delivery service beyond its control, or due to riots, strikes, or other labor disputes.

Package Charge

See the current rate chart for rates.

Payment of Charges

Unless agreed to otherwise by UPS, shipping charges will be billed to the shipper.

UPS accepts shipments for Collect billing and Third Party billing providing the receiver or third party has a valid UPS account number and has agreed to accept the charges.

A processing fee, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be charged for a missing or invalid account number when either Collect billing or Third Party billing has been selected on the shipping record provided to UPS. An account number is invalid if it is the wrong account number for the bill-to party or if it is the account number for a receiver or third party who fails to pay the shipping charges. In the event of nonpayment by the receiver or third party, the charges will be billed back to the shipper.

Service Explanations

Payments for Service

UPS credit terms require payment of all charges within seven (7) days after receipt of the UPS bill.

Call Tag Service

Packages delivered in the 48 contiguous states can be retrieved with a Call Tag via UPS Ground Service.

Call Tag service is not provided via UPS Air Services and UPS 3 Day Select Service.

When requested by the shipper, UPS will pick up and return to the shipper a package previously delivered by UPS. UPS Call Tag Service will be charged for at the same rate charged for deliveries plus an additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping.

The UPS Domestic Service Guarantee does not apply to shipments made using a Call Tag.

C.O.D. Packages

C.O.D. means, for all purposes, Collect On Delivery.

Preparation and Listing of C.O.D. Packages: C.O.D.s are accepted for amounts up to $50,000 per package. The shipper will prepare and attach to each C.O.D. package a UPS C.O.D. Tag showing the amount to be collected and will enter such amount on the UPS shipping record in the space provided for that purpose. Each package in a UPS Hundredweight C.O.D. shipment should carry a C.O.D. Tag for the value of goods contained in that package.

Responsibility for C.O.D.s: Upon delivery, UPS will collect for C.O.D. merchandise the amount shown on the C.O.D. Tag attached to the package and promptly transmit to the shipper the amount so collected or, if collection cannot be made, will return the package to the shipper. The shipper must notify UPS within 45 days from the date of shipment of a C.O.D. shipment if the shipper has not received payment of the C.O.D. amount.

Consignee's Checks in Payment of C.O.D.s: Unless instructions to collect cashier's check or money order only are shown on the C.O.D. Tag, UPS will accept a check or other negotiable instrument issued by or on behalf of the consignee, in conformity with the instructions on the tag. When instructions to collect cashier's check or money order only are clearly indicated on the C.O.D. Tag, UPS reserves the right to accept cashier's check, money order, official bank checks, or other similar instrument issued by or on behalf of the consignee. All checks (including cashier's checks and official bank check) and money orders tendered in payment of C.O.D.s will be accepted by UPS at shipper's risk including, but not limited to, risk of nonpayment and forgery, and UPS shall not be liable upon any such instrument. All checks and money orders will be transmitted to the shipper together with UPS's own check if consignee check(s) collected are for less than the C.O.D. amount. Payment for any C.O.D. package of $10,000 or more must be received in a single check or monetary instrument such as a cashier's check, money order, or official bank check.

Currency in Payment of C.O.D.s: UPS will not accept currency in any amount for payment of C.O.D. shipments.

Charges for C.O.D. Collections: An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each C.O.D. received for collection.

Weekly Service Charge

When pickup service is requested and furnished, a weekly service charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be applied. UPS will call at the shipper's premises once each business day to pick up packages for delivery to all points served without a special pickup request and whether or not any packages are available for delivery.

UPS Domestic Service Explanation (continued)

Ship Notification Charge

Upon request, UPS will provide notification of a shipment in transit to either the consignee or a second destination. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each successfully transmitted ship notification.

Saturday Pickup

UPS offers optional Saturday pickup of UPS Air Services shipments for delivery to every address in the United States and Puerto Rico. The shipper should contact UPS for information regarding UPS's Saturday pickup area. UPS Air Services shipments picked up on Saturday receive the same time commitment as UPS Air Services shipments picked up on Friday. Saturday pickup service is provided by the following methods:

(a) A shipper may request Saturday pickup by contacting UPS's Customer Service office on each Saturday, excluding holidays, that the service is needed.

(b) At the shipper's option, UPS will call at the shipper's premises every Saturday, excluding holidays, to pick up UPS Air Services shipments. A service charge will be assessed if UPS calls at the shipper's premises on Saturday and there are no packages to be picked up on that day.

An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each UPS Air Services package or UPS Hundredweight Air Services shipment tendered to UPS on Saturday.

Saturday Delivery

UPS offers optional Saturday delivery of UPS Next Day Air Early A.M., UPS Next Day Air, and UPS Hundredweight Next Day Air shipments. The shipper should contact UPS for information regarding UPS's Saturday delivery area. A Saturday Delivery routing label, provided by UPS, must be attached to each package.

An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each UPS Next Day Air Early A.M. and UPS Next Day Air package received for Saturday delivery.

Hold for Pickup Service

The shipper may request UPS to hold a package at a designated UPS facility for pickup by the consignee. For each such package, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the designated UPS facility. In addition, the shipper will apply a UPS *Hold for Pickup* label below the address label on the package.

UPS will hold the package at the designated facility and will attempt to contact the consignee at the telephone number shown on the label. Packages will usually be made available by 8:30 a.m. on the scheduled day of delivery. Packages not picked up within five business days from the date of arrival will be returned to the shipper.

UPS Next Day Air Early A.M. Verbal Confirmation of Delivery

The shipper may request optional verbal confirmation of delivery when shipping via UPS Next Day Air Early A.M. When this service is selected, UPS will call the shipper to confirm delivery on the day of delivery. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each Verbal Confirmation of Delivery request.

Service Explanations

Delivery Confirmation

At the time a shipper tenders a package to UPS, the shipper may request Delivery Confirmation Service by indicating Delivery Confirmation on the shipping record provided to UPS, and, when applicable, by attaching a special label approved by UPS, requesting Delivery Confirmation Service. Each Delivery Confirmation response will include the date of delivery and either the name of the recipient or the disposition of the package; or, in the event of a return, the response will indicate the reason for the return and the date processed. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each such response. All responses will be consolidated and provided to the shipper weekly in printed or electronic format.

A shipper may instruct UPS to obtain the recipient's signature and to include it on the response at an additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping.

A shipper may elect to direct the response to an address other than the return address specified on the shipping label. In such case, the response will be mailed individually, and an additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed.

Proof Of Delivery (P.O.D.)

Upon request, UPS will provide proof of delivery via facsimile (fax) transmission or mail. The request must include a fax number, including area code, for an operating fax machine or an address deliverable by the United States Postal Service. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each successfully transmitted or mailed P.O.D.

Additional Handling Charge

An Additional Handling Charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for the transportation of the following:

(a) Any article that is not fully encased in an outside shipping container

(b) Any article that is encased in an outside shipping container made of metal or wood

(c) Cans or pails that are not fully encased in a shipping container made of corrugated cardboard

(d) Any package that exceeds 60 inches in length

Address Correction Charge

If UPS is unable to deliver any package because of an incorrect address (examples include, but are not limited to, P.O. Boxes, missing suite or apartment numbers, old addresses, and missing/incorrect ZIP Codes), UPS will make every reasonable effort to secure the correct address. If the correct address is secured, UPS will make another attempt at delivery, and the shipper will be notified of the correction of address. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each address correction.

Invalid UPS Next Day Air Early A.M. Shipment Charge

UPS reserves the right to assess a charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, for each Next Day Air Early A.M. package shipped to a destination outside the Next Day Air Early A.M. service area.

Fuel Surcharge

UPS reserves the right to institute a fuel surcharge on all shipments without prior notice. The surcharge will be applied for such periods as UPS may determine necessary.

Tracking/Tracing Refund-Request Charge

UPS reserves the right to assess the shipper a charge, in the amount and under the conditions set forth in the UPS rates applicable to the shipment in effect at the time of shipping, for package-tracking/tracing or refund requests.

Responsibility for Loss or Damage

Unless a greater value is declared in writing in the space provided on the shipping record provided to UPS, the shipper declares the released value of each package to be no greater than $100, which is a reasonable value under the circumstances surrounding the transportation. For each $100 or fraction thereof of declared value per package in excess of $100, an additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, applies.

UPS will remit insurance charges to an insurance company or companies as a premium for shipper's interest insurance for the shipper's account and on its behalf. Claims for loss or damage to the shipper's property will be filed with and settled by UPS on behalf of the insurance company. Shippers' Interest Cargo Policies are available for inspection at the office of UPS. Claims not made within nine months after delivery of the package or, in the case of nondelivery, within nine months after a reasonable time for delivery has elapsed, shall be deemed waived. UPS shall not be liable for any special, incidental, or consequential damages.

UPS Tariff

All shipments are subject to the terms and conditions contained in the UPS Tariff, which is maintained at local UPS offices and is available on the Internet at www.ups.com.

UPS International Service Explanation

The following paragraphs contain the general rules and regulations under which United Parcel Service ("UPS") is engaged in the international transportation of small packages in its own territory and jointly through interchange with its affiliates unless superceded by a more current service explanation. The most current service explanation may be found at the UPS Web site (www.ups.com) and is available at all local UPS offices.

UPS is engaged in the transportation of packages in "UPS SonicAir."

UPS is engaged in the international transportation of small packages in "UPS Worldwide Express Plus," "UPS Worldwide Express," "UPS Worldwide Expedited," and "UPS Standard" services. All packages covered under a single UPS Waybill shall be considered a single shipment.

Commodities Handled and Restrictions on Service

UPS offers transportation of general commodities, as usually defined, subject to the following restrictions:

(a) No service shall be rendered in the transportation of articles of unusual value. Articles having a value or declared value of more than $50,000 (U.S.) – $500 (U.S.) for packages containing jewelry – will not be accepted for transportation. The maximum liability per package assumed by UPS shall not exceed $100 (U.S.) regardless of the declaration of value in excess of $100 (U.S.). The maximum liability per package assumed by the applicable insurance company shall not exceed $50,000 (U.S.) – $500 (U.S.) for packages containing jewelry – regardless of the value in excess of the maximum, except for packages containing jewelry, in which case the maximum value or declared value is $500 (U.S.) per package and the maximum carrier liability per package is $500 (U.S.).

(b) Refer to the applicable UPS service guide for weight and size restrictions.

(c) No service shall be rendered in the transportation of any of the prohibited articles listed in the applicable UPS service guide.

(d) UPS does not provide a protective service for the transportation of perishable commodities or of commodities requiring protection from heat or cold. Such commodities will be accepted for transportation solely at the shipper's risk for damage occasioned by exposure to heat or cold.

(e) C.O.D., Call Tag, Delivery Confirmation Signature Required, and transportation of Hazardous Materials services are not provided for international shipments.

Prohibited by Law

No service shall be rendered by UPS in the transportation of any shipment which is prohibited by law or regulations of any federal, state, provincial, or local government in the origin or destination country.

Right of Inspection

UPS reserves the right to open and inspect any package tendered to it for transportation.

Refusal of Packages

UPS reserves the right to refuse any package which by reason of the dangerous or other character of its contents is liable, in the judgment of UPS, to soil, taint, or otherwise damage other merchandise or equipment, or which is economically or operationally impracticable to transport, or which is improperly packed or wrapped. Packages must be so packed or wrapped as to meet the requirements set forth in International Safe Transit Association Projects 1 & 1A as applicable.

Provisions for Customs Clearance

The shipper must provide required documentation for customs clearance. By providing required documentation, the shipper certifies that all statements and information relating to exportation and importation are true and correct. Furthermore, the shipper understands that civil and criminal penalties, including forfeiture and sale, may be imposed for making false or fraudulent statements, or for the violation of U.S. laws on exportation (see 13 U.S.C. Section 305, 22 U.S.C. Section 401, 18 U.S.C. Section 1001, and 50 U.S.C. App. 2410).

When a shipment is tendered to UPS, UPS is thereby appointed as the agent for performance of customs clearance, where allowed by law. UPS is specified as the nominal consignee for the purpose of designating a customs broker to perform customs clearance. Local authorities may require documentation confirming that UPS has been designated as the nominal consignee.

Customs penalties, storage charges, or other expenses incurred as a result of an action by customs or failure by the shipper or consignee to provide proper documentation or to obtain a required license or permit will be charged to the consignee along with any applicable duty and tax. However, the shipper is liable for payment in the event of nonpayment by the consignee. UPS provides brokerage service at no additional charge for routine customs clearance of UPS Worldwide Express Plus, UPS Worldwide Express, and UPS Worldwide Expedited shipments.

Additional charges may apply for complex customs clearance procedures which include, but are not limited to, the following:

- Clearance procedures involving a government agency other than customs
- Customs Bonds
- Drawbacks
- Formal entries involving more than five tariff lines
- Live Entries
- Marking Attendance
- Temporary Import Bonds (T.I.B.)

UPS will prepay duties and taxes on behalf of the payer. For importation into the U.S., a fee, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed and billed to the importer. A fee may also apply for shipments to other countries.

In the event a Shipper's Export Declaration (S.E.D.) is required and is not included with the export documents provided by the shipper, UPS will prepare an S.E.D., using the information on the UPS Waybill, on behalf of the shipper to facilitate export. A processing fee, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed and billed to the shipper.

UPS will prepare a Certificate of Origin for goods manufactured and originating within the U.S. on behalf of the shipper when not provided by the shipper with the export documents. A processing fee, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed and billed to the shipper.

Unless otherwise restricted for the destination country, the shipper may elect to pay duty and tax, or duty only, by showing such instructions on the export documentation and on the UPS Waybill. These options are available only to shippers with a UPS account. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed. These services are not available if any or all the shipping charges are billed to the consignee, or if a consignee chooses a broker other than UPS.

Service Explanations

Postal Code and Telephone Number

The consignee's postal code, telephone number, and contact name are essential information. To ensure prompt delivery, always include the postal code, telephone number, and contact name on the UPS Waybill or address label.

Saturday Delivery of UPS Worldwide Express Plus and UPS Worldwide Express Shipments

The shipper may request optional Saturday delivery of UPS Worldwide Express Plus shipments to specific locations in Canada (subject to value limits) and UPS Worldwide Express shipments to specific locations in Canada, Germany, and the United Kingdom by indicating the selection of this option on the UPS shipping record and by attaching a Saturday Delivery routing label (provided by UPS) to each package. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each UPS Worldwide Express Plus and UPS Worldwide Express shipment received for Saturday delivery.

Deliveries Attempted Three Times Without Additional Charge

If UPS is unable to make delivery of a shipment, a *Delivery Notice* will be left at the consignee's address stating that delivery has been attempted. Thereafter, a second and, if necessary, a third attempt to deliver will be made without additional charge.

Special Handling of Undeliverable Packages

UPS Worldwide Express Plus, UPS Worldwide Express, and UPS Worldwide Expedited shipments refused by consignee, or which for any other reason cannot be delivered, will be held, and the shipper will be contacted for further instructions. The shipper will be responsible for payment of all charges including, but not limited to, forwarding, disposal, or return transportation charges, as well as any duty and tax, if applicable. Undeliverable Standard shipments to Canada will be promptly returned to the shipper without additional transportation charges.

UPS SonicAir Worldwide Service Guarantee

UPS guarantees on-schedule delivery of UPS SonicAir packages to all international destinations served, barring circumstances out of UPS SonicAir's control, including, but not limited to, the following: airline delays, unavailability or refusal of a person to accept delivery of the shipment, acts of God, public authorities acting with actual or apparent authority on the premises, acts or omissions of customs or similar authorities, riots, strikes, or other labor disputes, civil commotions, disruptions in air or ground transportation networks, such as weather phenomena, and natural disasters.

Worldwide Service Guarantee

UPS guarantees on-schedule delivery of UPS Worldwide Express Plus, UPS Worldwide Express, UPS Worldwide Expedited, and UPS Standard shipments. In the event UPS fails to complete delivery or attempt delivery within UPS's time commitment, UPS, at UPS's option, will credit or refund the shipping charges to the payer, upon request, subject to the following conditions:

(a) UPS's guaranteed delivery schedule has been obtained by referencing UPS's Web site or contacting UPS's Customer Service office.

(b) The shipment is properly documented on a UPS source document or in an automated UPS shipping system.

(c) Each package in the shipment bears the appropriate UPS tracking label and address label showing the consignee's correct name, deliverable address, and postal code.

(d) The shipment is tendered to UPS during UPS's published business hours.

UPS International Service Explanation (continued)

(e) All applicable documentation required by the origin and/or destination country is complete and included with the shipment.

(f) UPS is notified in writing or by telephone of a service failure within fifteen (15) calendar days from the date of scheduled delivery and is advised of the consignee's name and address, date of shipment, package weight, and the UPS Tracking number.

(g) For UPS Worldwide Expedited shipments, the guarantee shall apply only to shipments originating in, or destined for, the U.S., and when the billed party is resident in the U.S. and is responsible for all shipping charges.

The guarantee does not apply to shipments which are delayed due to causes beyond UPS's control including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipments, delays caused by the consignee, acts of God, public authorities acting with actual or apparent authority on the premises, acts or omissions of customs or similar authorities, riots, strikes or other labor disputes, civil commotion, disruptions in the air or ground transportation networks, such as weather phenomena, and natural disasters.

Rates

See the applicable rate chart in effect at the time of shipping for rates.

Billing Options

The amount billed includes, but is not limited to, shipping charges, duties, and taxes, if applicable. Unless otherwise restricted for the destination country in the applicable UPS service guide, UPS provides the following billing options:

(a) Prepaid – The shipper pays all shipping charges, and the consignee pays all other charges.

(b) Freight Collect – The consignee pays all shipping charges and the destination country's duty and tax, if applicable.

(c) FOB – The shipper pays shipping charges to the port of export, and the consignee pays the balance.

(d) C&F – The shipper pays shipping charges to the port of import, and the consignee pays the balance.

(e) Delivered Duty Paid, V.A.T. Unpaid – The shipper pays all shipping charges and the destination country's duty, if applicable. The consignee pays the balance.

(f) Bill Duty/Tax and Shipping Charges to Shipper – The shipper pays all shipping charges and the destination country's duty and tax, if applicable.

The shipper must notify the consignee prior to shipping if any option other than Prepaid is selected, and that option must be indicated on the UPS Waybill in the space provided.

The amount to be billed to the shipper may be billed to a third party. This option is subject to the following conditions:

- The third party must be located in the United States and have a UPS account.
- The choice of the option must be indicated as specified on the shipping record provided to UPS.
- The shipper agrees to guarantee payment of all charges in the event of nonpayment by the third party.

Disbursement Fee

In order to expedite customs clearance, UPS may advance duties and taxes on behalf of the payer as dictated by the billing option selected. A Disbursement Fee based on the amount advanced will be assessed and billed to the payer.

Service Explanations

Payment for Service

UPS's credit terms require payment of all charges within seven (7) days after receipt of carrier's bill.

Currency Conversion Rate

Charges to a payer's account in a foreign currency will be converted to the payer's currency using a weekly exchange rate secured through Major Money Center Banks, plus an exchange fee, set forth in the UPS rates applicable to the shipment in effect at the time of shipping.

Address Correction Charge

If UPS is unable to deliver any package because of an incorrect address, UPS will refer to the telephone directory and make every other reasonable effort to secure the correct address. If the correct address is secured and found to be in the same destination country, the shipper will be notified of the correction. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each Address Correction.

Tracking/Tracing Refund-Request Charge

UPS reserves the right to assess the shipper a charge, in the amount and under the conditions set forth in the UPS rates applicable to the shipment in effect at the time of shipping, for package-tracking/tracing or refund requests.

Fuel Surcharge

UPS reserves the right to institute a fuel surcharge on all shipments without prior notice. The surcharge will be applied for such periods as UPS may determine necessary.

Responsibility for Loss or Damage

Unless a greater value is declared in writing in the space provided on the shipping record provided to UPS, the shipper declares the released value of each shipment to be no greater than $100 (U.S.). For each $100 (U.S.) or fraction thereof of declared value for insurance per shipment in excess of $100 (U.S.), an additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed. Liability for loss or damage is governed by these terms and conditions and shall be limited to proven damages up to an amount not exceeding $100 (U.S.) per shipment, unless a higher value has been declared by the shipper. However, the rules relating to liability established by the Convention for the Unification of Certain Rules Relating to International Carriage by Air signed at Warsaw, Poland on October 12, 1929, and any amendments thereto shall apply to the international carriage of any shipment hereunder insofar as the same is governed thereby. UPS will remit insurance charges to an insurance company or companies as a premium for shipper's interest insurance for the shipper's account and on its behalf. Claims for loss of or damage to the shipper's property will be filed and settled by UPS on behalf of the applicable insurance company. Shippers' Interest Cargo Policies are available for inspection at the office of UPS. Claims not made within six (6) months after delivery of the package, or in the case of nondelivery, within six (6) months after a reasonable time for delivery has elapsed, shall be deemed waived. UPS shall not be liable for any special, incidental, or consequential damages.

Additional Information

Locate the destination country.

Locate the Postal Code or city. If the Postal Code or city is not listed, the entry *All other points* will apply.

A surcharge will apply only when a "Yes" is shown in the Extended Area Surcharge column.

If a surcharge applies, add $20.00 per shipment or 20¢ per pound (whichever is greater) to the charges for your shipment.

Extended Area destinations are subject to change. For the most current information, call the UPS International Customer Service Center at 1-800-782-7892.

Additional Information

Locate the destination country.

Locate the Postal Code or city. If the Postal Code or city is not listed, the entry *All other points* will apply.

A surcharge will apply only when a "Yes" is shown in the Extended Area Surcharge column.

If a surcharge applies, add $20.00 per shipment or 20¢ per pound (whichever is greater) to the charges for your shipment.

Extended Area destinations are subject to change. For the most current information, call the UPS International Customer Service Center at 1-800-782-7892.

Additional Information

Locate the destination country.

Locate the Postal Code or city. If the Postal Code or city is not listed, the entry *All other points* will apply.

A surcharge will apply only when a "Yes" is shown in the Extended Area Surcharge column.

If a surcharge applies, add $20.00 per shipment or 20¢ per pound (whichever is greater) to the charges for your shipment.

Extended Area destinations are subject to change. For the most current information, call the UPS International Customer Service Center at 1-800-782-7892.

A **Heavy Package** sticker is required for any package weighing more than 70 pounds.

The minimum charge for a UPS Ground Hundredweight shipment will be based on an average weight of 15 pounds per package or $53, whichever is greater.

UPS GROUND

Prompt, scheduled, low-cost delivery makes UPS Ground an excellent choice for all your routine shipments. UPS Ground reaches every address throughout the 48 contiguous U.S. states. Deliveries to residential addresses receive scheduled delivery and the same dependable service that you've come to expect from UPS. Hundredweight rates are available for UPS Ground.

Customers Who Do Not Receive A Daily UPS Pickup

If you request a one-time pickup, add $3 per package to the rate shown.

A **Delivery Area Surcharge** applies to Ground packages delivered to residences in certain ZIP Codes to help offset the higher cost of providing service. The surcharge is $1.50 per package. A listing of applicable ZIP Codes is available at www.ups.com or by calling 1-800-PICK-UPS.® (This surcharge does not apply to UPS Hundredweight Service shipments.)

- Any fraction of a pound more than the weight shown requires the next higher rate.
- See pages 102 to 110 for additional charges, weight and size information, service restrictions, Hundredweight details and general information.

UPS GROUND

Prompt, scheduled, low-cost delivery makes UPS Ground an excellent choice for all your routine shipments. UPS Ground reaches every address throughout the 48 contiguous U.S. states. Deliveries to residential addresses receive scheduled delivery and the same dependable service that you've come to expect from UPS. Hundredweight rates are available for UPS Ground.

Customers Who Do Not Receive A Daily UPS Pickup

If you request a one-time pickup, add $3 per package to the rate shown.

A **Delivery Area Surcharge** applies to Ground packages delivered to residences in certain ZIP Codes to help offset the higher cost of providing service. The surcharge is $1.50 per package. A listing of applicable ZIP Codes is available at www.ups.com or by calling 1-800-PICK-UPS.® (This surcharge does not apply to UPS Hundredweight Service shipments.)

- Any fraction of a pound more than the weight shown requires the next higher rate.
- See pages 102 to 110 for additional charges, weight and size information, service restrictions, Hundredweight details and general information.

UPS 2ND DAY AIR®

UPS 2nd Day Air provides guaranteed on-time delivery to every address throughout the United States and Puerto Rico. This service is an economical alternative for time-sensitive shipments that do not require overnight or morning service. UPS 2nd Day Air also offers optional Saturday pickup. Hundredweight rates are available for UPS 2nd Day Air shipments.

Customers Who Do Not Receive A Daily UPS Pickup

If you request a UPS On Call Air Pickup® or a one-time pickup, add $3 per Letter or package to the rate shown.

- Any fraction of a pound more than the weight shown requires the next higher rate.
- The weight limit for a 2nd Day Air Letter containing a letter is 10 ounces.
- See pages 102 to 110 for additional charges, weight and size information, service restrictions, Hundredweight details and general information.

Next Day Air Early A.M.
Next Day Air 1

A **Heavy Package** sticker is required for any package weighing more than 70 pounds.

The minimum charge for a UPS Next Day Air® Hundredweight shipment will be based on an average weight of 10 pounds per package.

†A dash (–) indicates no Hundredweight service is available in this zone.

UPS NEXT DAY AIR®

UPS Next Day Air features fast, reliable delivery to every address in all 50 states and Puerto Rico. We guarantee delivery by 10:30 a.m., noon or end of day the next business day, depending on destination. UPS Next Day Air also offers optional Saturday pickup and delivery. Hundredweight rates are available for Next Day Air shipments.

UPS NEXT DAY AIR EARLY A.M.®

When your shipments demand first-thing-in-the-morning delivery, choose UPS Next Day Air Early A.M. We guarantee delivery on weekdays by 8:00 a.m. to major cities in the 48 contiguous U.S. states and by 8:30 a.m. to many other U.S. cities, including those in Alaska. Next Day Air Early A.M. also offers optional verbal delivery confirmation and Saturday pickup and delivery. (Saturday delivery is 9:00 a.m. or 9:30 a.m., depending on destination.) Hundredweight rates are not available for Early A.M. shipments.

Add $25 to the appropriate Next Day Air rate for each Early A.M. Letter or package.

Customers Who Do Not Receive A Daily UPS Pickup

If you request a UPS On Call Air Pickup® or a one-time pickup, add $3 per Letter or package to the rate shown.

- There is no weight limit on Next Day Air Letters.
- Any fraction of a pound more than the weight shown requires the next higher rate.
- See pages 102 to 110 for additional charges, weight and size information, service restrictions, Hundredweight details and general information.

UPS NEXT DAY AIR®

UPS Next Day Air features fast, reliable delivery to every address in all 50 states and Puerto Rico. We guarantee delivery by 10:30 a.m., noon or end of day the next business day, depending on destination. UPS Next Day Air also offers optional Saturday pickup and delivery. Hundredweight rates are available for Next Day Air shipments.

UPS NEXT DAY AIR EARLY A.M.®

When your shipments demand first-thing-in-the-morning delivery, choose UPS Next Day Air Early A.M. We guarantee delivery on weekdays by 8:00 a.m. to major cities in the 48 contiguous U.S. states and by 8:30 a.m. to many other U.S. cities, including those in Alaska. Next Day Air Early A.M. also offers optional verbal delivery confirmation and Saturday pickup and delivery. (Saturday delivery is 9:00 a.m. or 9:30 a.m., depending on destination.) Hundredweight rates are not available for Early A.M. shipments.

Add $25 to the appropriate Next Day Air rate for each Early A.M. Letter or package.

Customers Who Do Not Receive A Daily UPS Pickup

If you request a UPS On Call Air Pickup® or a one-time pickup, add $3 per Letter or package to the rate shown.

- There is no weight limit on Next Day Air Letters.
- Any fraction of a pound more than the weight shown requires the next higher rate.
- See pages 102 to 110 for additional charges, weight and size information, service restrictions, Hundredweight details and general information.

UPS DOCUMENT EXCHANGE℠

Looking for a Secure, Fast and Reliable Way to Send Your Critical Business Documents Using the Internet?

Consider UPS Document Exchange.℠

With UPS Document Exchange, you can send and track your most critical business documents using the Internet. It offers secure and convenient electronic delivery, plus innovative features that include encryption-based security, real-time tracking, password protection, compatibility and delivery confirmation.

For UPS Document Exchange, go directly to **www.exchange.ups.com** to register for the service. After your registration is complete and you receive your ID and password, you can send your documents securely from your computer.

Besides your critical business documents, you can also send and receive other information—from video to audio to text—via the Internet. Best of all, digital delivery can actually cost less than physical delivery.

UPS OnLine Courier℠

UPS OnLine Courier, our premier Document Exchange service, allows you to deliver any file type to anyone with e-mail and Web access. The recipient doesn't need to have a UPS OnLine Courier service account, or use any special software to receive your e-Package. In addition, you can select options which allow the recipient to view your documents even if they don't have the application that created the document. Plus, you can cancel the delivery any time before the recipient accesses the e-Package.

The table on the next page lists rates for e-Packages. UPS guarantees that your information will be secure from the sender to the recipient.

Visit **www.exchange.ups.com** or call **1-800-416-1616** for guarantee details, service availability, delivery time commitments or to request a pickup.

UPS WORLDWIDE EXPRESS℠

For urgent international shipments, we offer guaranteed door-to-door, customs-cleared delivery to more than 200 countries and territories.

Delivery is guaranteed by 10:30 a.m. the second business day for shipments to major business centers, including more than 290 cities in the European Union, and by end-of-day to most other destinations.

Overnight delivery of Letters and documents is guaranteed from major metropolitan areas to the world's most important business centers when you call for an early pickup, including:

- As early as noon to major business centers in the European Union.
- By end-of-day to major business centers in Asia, South America and Mexico.

UPS WORLDWIDE EXPRESS PLUS℠

When you need a jump on the business day internationally, UPS guarantees delivery by 8:30 a.m. on the second business day to more than 163 cities in 15 countries.

Add $40 to the appropriate Worldwide Express rate for each Express Plus shipment.

Rates include pickup and door-to-door delivery with routine in-house customs clearance.

SURCHARGE

An Extended Area Surcharge of $20 per shipment or $.20 per pound, whichever is greater, applies to shipments to specific international destinations. Visit **www.ups.com** or call 800-782-7892 to determine if a destination is classified as an Extended Area.

Shipment Pricing

Multiple-Package Shipments to a Single Consignee on the Same Day

Multiple-package shipment pricing is available when you use a UPS OnLine® or OnLine Compatible shipping system that supports full international service or a UPS Waybill.

Shipment pricing does not apply to the UPS Letter, the UPS 10 Kg Box™ or the UPS 25 Kg Box.™

Each international package recorded in a UPS Shipping Record book is considered a separate shipment.

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Refer to page 139 for instructions on calculating dimensional weight.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the UPS Worldwide Express℠ rate charts on pages 58 to 60.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate price per pound. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.

UPS WORLDWIDE EXPEDITED℠

For shipments that don't require overnight or express service, we offer a guaranteed alternative that's faster than traditional air freight. UPS Worldwide Expedited provides door-to-door, customs-cleared delivery to more than 45 destination countries.

- Most shipments to Mexico are delivered within three business days.
- Most shipments to major destinations in Europe and Asia are delivered within four or five business days.

Rates include pickup and door-to-door delivery with routine in-house customs clearance.

SURCHARGE

An Extended Area Surcharge of $20 per shipment or $.20 per pound, whichever is greater, applies to shipments to specific international destinations. Visit **www.ups.com** or call 800-782-7892 to determine if a destination is classified as an Extended Area.

UPS WORLDWIDE EXPEDITED℠

For shipments that don't require overnight or express service, we offer a guaranteed alternative that's faster than traditional air freight. UPS Worldwide Expedited provides door-to-door, customs-cleared delivery to more than 45 destination countries.

- Most shipments to Mexico are delivered within three business days.
- Most shipments to major destinations in Europe and Asia are delivered within four or five business days.

Rates include pickup and door-to-door delivery with routine in-house customs clearance.

SURCHARGE

An Extended Area Surcharge of $20 per shipment or $.20 per pound, whichever is greater, applies to shipments to specific international destinations. Visit **www.ups.com** or call 800-782-7892 to determine if a destination is classified as an Extended Area.

Shipment Pricing

Multiple-Package Shipments to a Single Consignee on the Same Day

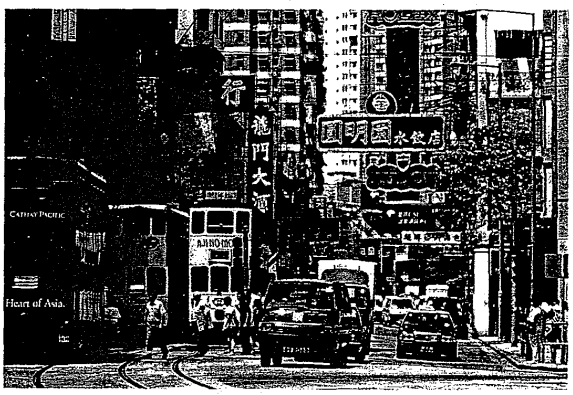

Multiple-package shipment pricing is available when you use a UPS OnLine® or OnLine Compatible shipping system that supports full international service or a UPS Waybill.

Each international package recorded in a UPS Shipping Record book is considered a separate shipment.

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Refer to page 139 for instructions on calculating dimensional weight.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the UPS Worldwide Expedited℠ rate charts on pages 62 to 64.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate price per pound. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.

How to Determine the Zone for Shipments to Canada

For UPS Worldwide Express Plus,℠ UPS Worldwide Express℠ and UPS Worldwide Expedited℠ Services

Use the first three characters of the destination Postal Code, and refer to the Canada Zone Chart beginning on page 67.

Locate the zone for the selected service option.

Note: When a zone is highlighted with a box, an Extended Area Surcharge may apply. Extended Area destinations are subject to change. For the most current information, refer to **www.ups.com** or call 800-782-7892.

Example 1:
For an Express Plus or Express shipment from anywhere in the United States to St. John's, Newfoundland, A1E 4T9, Canada, the zone is 82.

For an Expedited shipment from anywhere in the United States to the same address, the zone is 72.

Example 2:
For an Express Plus or Express shipment from anywhere in the United States to Eastern Passage, Nova Scotia, B3G 1G9, Canada, the zone is 81.

For an Expedited shipment from anywhere in the United States to the same address, the zone is 71.

For UPS Standard To Canada

Locate the zone by cross-referencing the first three characters of the destination Postal Code in the left column, with the origin state in the top row of the Canada Zone Chart on pages 67 to 71. (See page 53 for a list of origin state abbreviations.)

Example 3:
For a Standard shipment from Chicago, Illinois, to Halifax, Nova Scotia, B3N 1V2, Canada, the zone is 55.

UPS Worldwide Express℠— UPS 10 Kg Box™ and UPS 25 Kg Box™

Zones	81	82
10 Kg Box	$80.00	$80.00
25 Kg Box	139.00	139.00

The UPS 10 Kg Box and UPS 25 Kg Box are available to all UPS Worldwide Express Plus℠ and UPS Worldwide Express℠ service destinations. Flat rates apply, with a maximum weight of 10 kg (22 lbs.) and 25 kg (55 lbs.), based on Express Plus and Express destination zones. Any shipments exceeding the maximum weights will be charged the regular Express rate for that weight shipment.

Shipment Pricing

Multiple-Package Shipments to a Single Consignee on the Same Day

Multiple-package shipment pricing is available when you use a UPS OnLine® or OnLine Compatible shipping system that supports full international service or a UPS Waybill.

Shipment pricing does not apply to the UPS Letter, the UPS 10 Kg Box or the UPS 25 Kg Box.

Each international package recorded in a UPS Shipping Record book is considered a separate shipment.

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Refer to page 139 for instructions on calculating dimensional weight.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the UPS Worldwide Express to Canada rate charts on page 72.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate price per pound. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.

Shipment Pricing

Multiple-Package Shipments to a Single Consignee on the Same Day

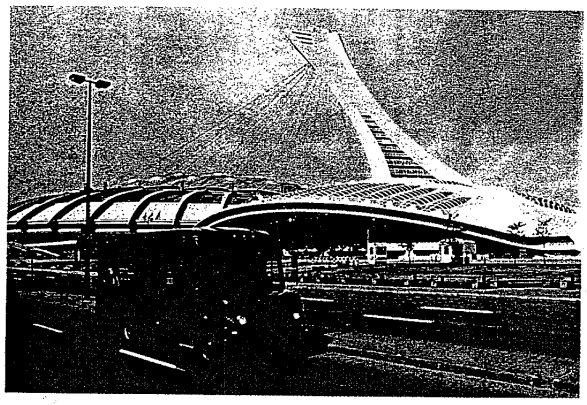

Multiple-package shipment pricing is available when you use a UPS OnLine® or OnLine Compatible shipping system that supports full international service or a UPS Waybill.

Each international package recorded in a UPS Shipping Record book is considered a separate shipment.

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Refer to page 139 for instructions on calculating dimensional weight.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the UPS Worldwide Expedited℠ to Canada rate chart on page 74.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate price per pound. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.

Shipment Pricing

Multiple-Package Shipments to a Single Consignee on the Same Day

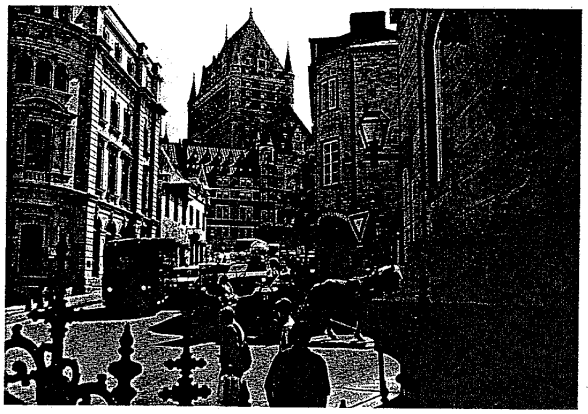

Multiple-package shipment pricing is available when you use a UPS OnLine® or OnLine Compatible shipping system that supports full international service or a UPS Waybill. The minimum charge for a multiple-package shipment will be based on an average weight of 15 pounds per package.

Each international package recorded in a UPS Shipping Record book is considered a separate shipment.

Rates are based on the total actual weight or the total billable weight of all packages in a shipment, whichever is greater. Refer to pages 139 to 141 for instructions on calculating billable weight.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the UPS Standard To Canada rate charts on pages 76 to 78.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate price per pound. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.

UPS WORLDWIDE EXPRESS℠

For urgent import shipments, we offer guaranteed door-to-door, customs-cleared delivery from more than 140 countries and territories.

Overnight delivery of Letters and documents is guaranteed from hundreds of business centers worldwide to U.S. destinations, most by 10:30 a.m. with an early pickup.

Overnight package delivery is guaranteed by 10:30 a.m. from most locations in Canada and major business centers in Europe. Two-day package delivery is guaranteed from most of Europe.

UPS WORLDWIDE EXPRESS PLUS℠

When you need a jump on the business day internationally, UPS guarantees delivery by 8:00 a.m. or 8:30 a.m., depending on destination, from major business centers around the world to major business centers in the United States.

Add $40 to the appropriate Worldwide Express rate for a Worldwide Express Plus shipment.

Rates include pickup and door-to-door delivery with routine in-house customs clearance.

SURCHARGE

An Extended Area Surcharge of $20 per shipment or $.20 per pound, whichever is greater, applies to shipments from specific international origins. Visit **www.ups.com** or call 800-782-7892 to determine if an origin is classified as an Extended Area.

Shipment Pricing

Multiple-Package Shipments

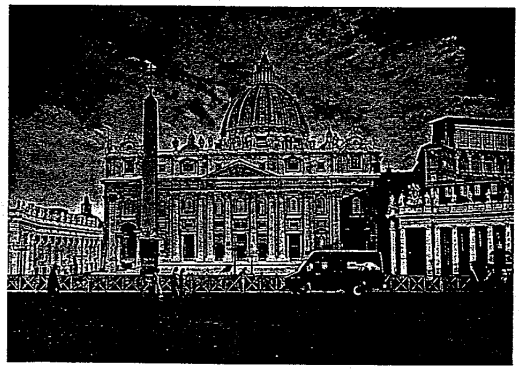

Multiple-package shipment pricing is available when the shipper uses a UPS OnLine® or OnLine Compatible shipping system that supports full international service or a UPS Waybill.

Shipment pricing does not apply to UPS Letters.

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Refer to page 139 for instructions on calculating dimensional weight.

For shipments weighing 150 pounds or less, locate the rate for the total shipment weight on the UPS Worldwide Express℠ rate charts on pages 88 to 90.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate price per pound. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.

UPS WORLDWIDE EXPEDITED℠

For shipments that don't require overnight or express service, we offer a guaranteed alternative that's faster and more reliable than traditional air freight. Delivery is guaranteed within two to five days, depending on origin. UPS Worldwide Expedited is a door-to-door, customs-cleared service available from more than 45 countries.

- Most shipments from Canada are delivered within two business days.
- Most shipments from Mexico are delivered within three business days.
- Shipments from Europe, Asia, Central and South America are delivered within four to five business days.

Rates include pickup and door-to-door delivery with routine in-house customs clearance.

SURCHARGE

An Extended Area Surcharge of $20 per shipment or $.20 per pound, whichever is greater, applies to shipments from specific international origins. Visit **www.ups.com** or call 800-782-7892 to determine if an origin is classified as an Extended Area.

Worldwide Expedited 2

UPS WORLDWIDE EXPEDITED℠

For shipments that don't require overnight or express service, we offer a guaranteed alternative that's faster and more reliable than traditional air freight. Delivery is guaranteed within two to five days, depending on origin. UPS Worldwide Expedited is a door-to-door, customs-cleared service available from more than 45 countries.

- Most shipments from Canada are delivered within two business days.
- Most shipments from Mexico are delivered within three business days.
- Shipments from Europe, Asia, Central and South America are delivered within four to five business days.

Rates include pickup and door-to-door delivery with routine in-house customs clearance.

SURCHARGE

An Extended Area Surcharge of $20 per shipment or $.20 per pound, whichever is greater, applies to shipments from specific international origins. Visit **www.ups.com** or call 800-782-7892 to determine if an origin is classified as an Extended Area.

Shipment Pricing

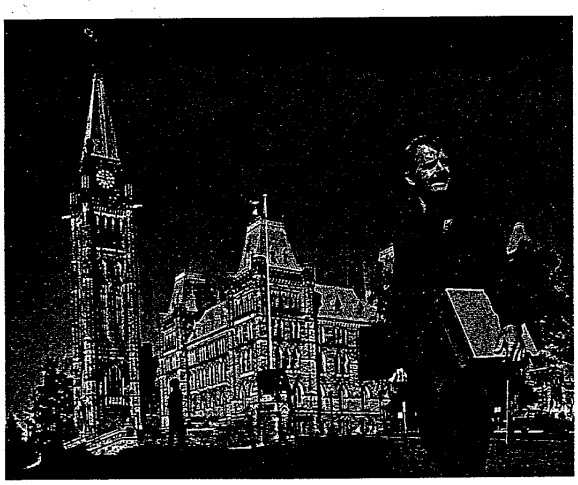

Multiple-Package Shipments

Multiple-package shipment pricing is available when the shipper uses a UPS OnLine® or OnLine Compatible shipping system that supports full international service or a UPS Waybill.

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Refer to page 139 for instructions on calculating dimensional weight.

For shipments weighing 150 pounds or less, locate the rate for the total shipment weight on the UPS Worldwide Expedited℠ rate charts on pages 92 to 94.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate price per pound. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.

UPS 3 DAY SELECT℠ FROM CANADA

UPS 3 Day Select is an economical service with guaranteed delivery from most locations in Canada to every address in the 48 contiguous U.S. states within three business days.

Rates include pickup and door-to-door delivery with routine in-house customs clearance.

UPS STANDARD FROM CANADA

For guaranteed delivery of routine shipments from Canada, we offer low-cost ground delivery to every address in the 48 contiguous U.S. states.

Charges for customs clearance are not included. For Standard shipments to the United States, UPS provides Customs Brokerage services unless otherwise specified on the export documentation. See page 125 for UPS brokerage rates. Brokerage charges, duties and taxes will be billed to the importer unless otherwise indicated by the shipper.

Your shipments receive guaranteed on-time delivery—or your money back—when UPS Customhouse Brokerage is designated as the customs broker on the invoice.

Shipment Pricing

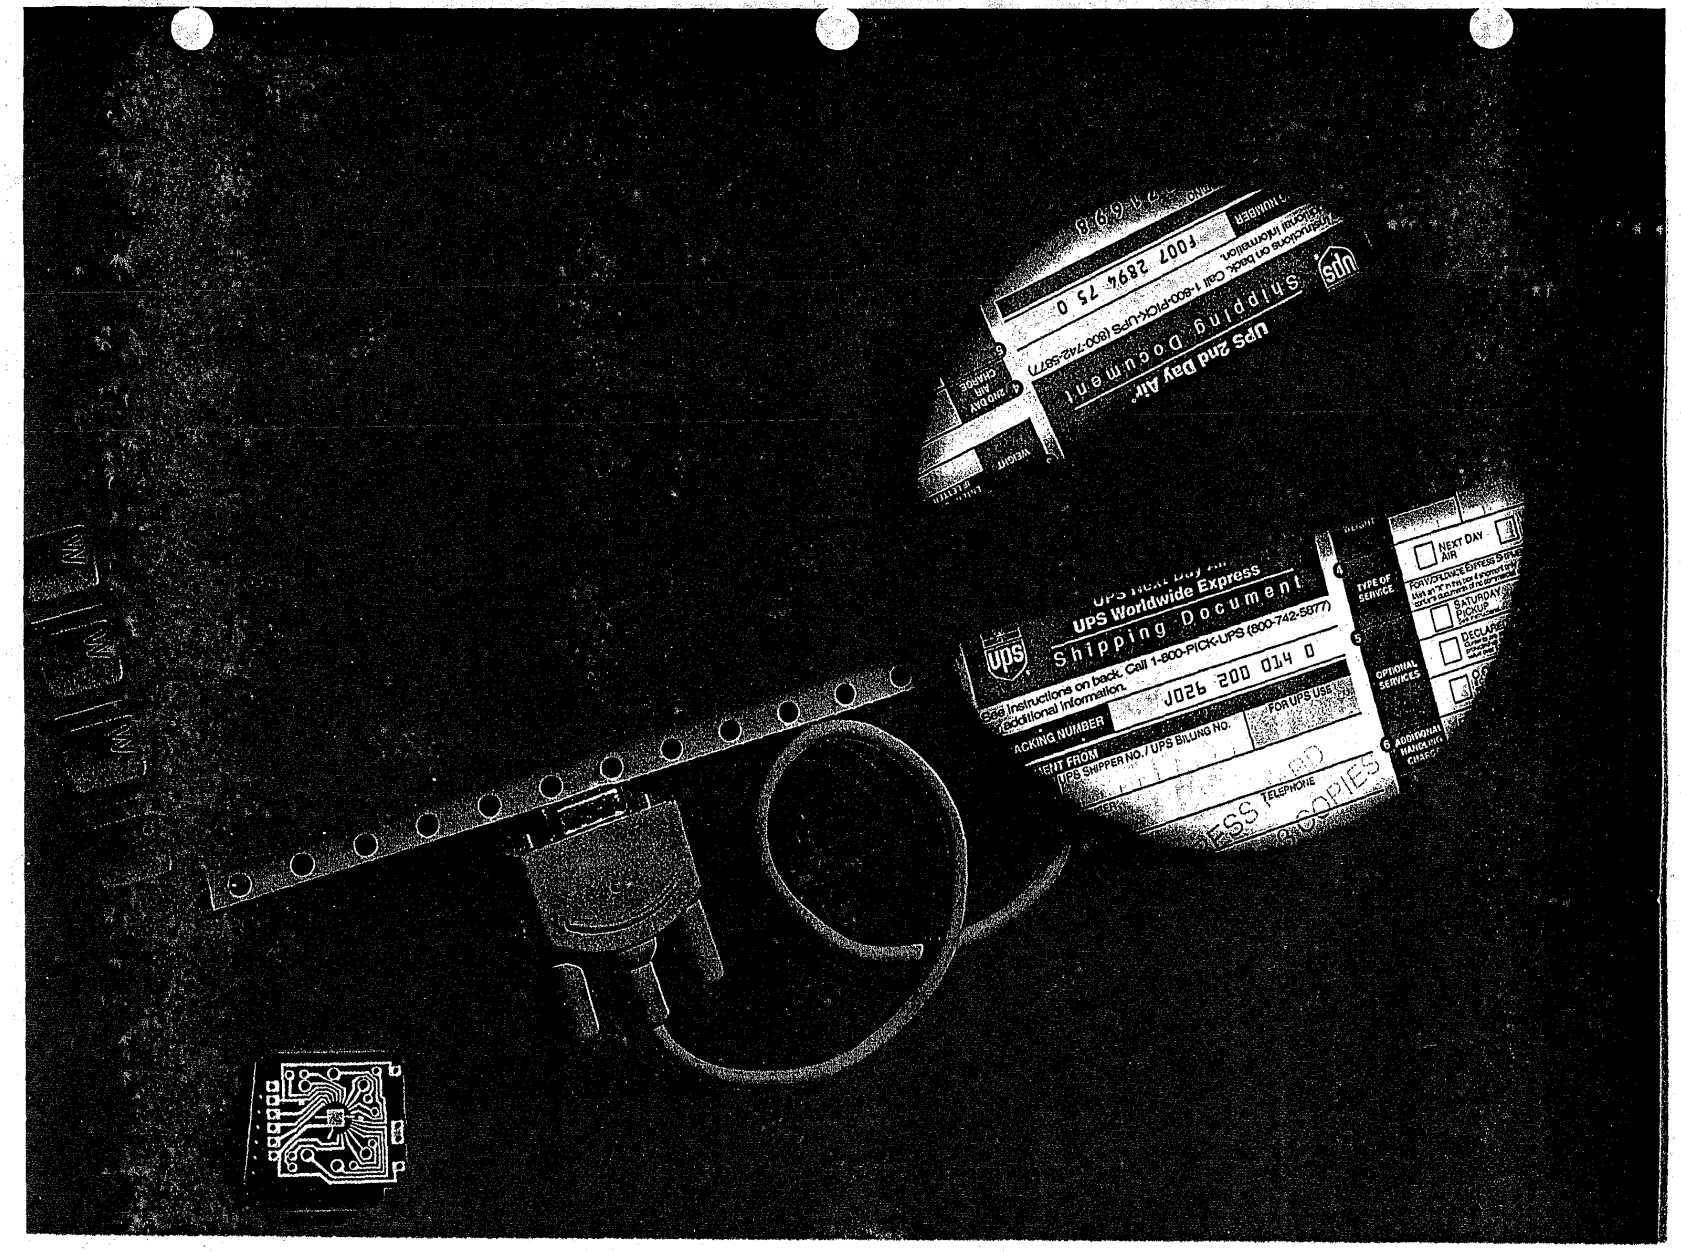

Multiple-Package Shipments

Multiple-package shipment pricing is available when the shipper uses a UPS OnLine® or OnLine Compatible shipping system that supports full international service or a UPS Waybill.

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Refer to page 139 for instructions on calculating dimensional weight.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the UPS Standard From Canada rate charts on pages 98 to 99.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate price per pound. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.

Additional Services

The information below applies to all levels of UPS services except UPS SonicAir BestFlight℠, unless otherwise indicated.

Additional Handling

Domestic shipments in the UPS system that require additional handling due to their size or packaging will be assessed an Additional Handling charge of $5 per package. This charge applies to the following:

- Any article that is not fully encased in an outside shipping container.
- Any article that is encased in an outside shipping container made of metal or wood.
- Cans or pails that are not fully encased in a shipping container made of corrugated cardboard.
- Any package that exceeds 60 inches in length.

Address Correction

If UPS is unable to deliver any package because of an incorrect address, UPS will make every reasonable effort to secure the correct address. If the correct address is secured, the shipper will be notified of the correction. An Address Correction charge per package will be assessed:

- $10 for UPS Next Day Air Early A.M.®, UPS Next Day Air®, UPS Next Day Air Saver®, UPS 2nd Day Air A.M.®, UPS 2nd Day Air®, UPS 3 Day Select®, UPS Worldwide Express Plus℠, UPS Worldwide Express℠, UPS Worldwide Expedited℠ and UPS Standard To Canada.
- $5 for UPS Ground.

Collect on Delivery (C.O.D.)

UPS accepts C.O.D. shipments for delivery throughout the United States and Puerto Rico. The C.O.D. service charge is $5.50 per package.

Delivery Confirmation

UPS Delivery Confirmation provides automatic confirmation of delivery for domestic shipments at $1 per package and can be combined with the following option:

- $1 additional—Signature Required.

Destination Outside Service Area

If delivery of a UPS Next Day Air Early A.M. shipment is requested to a destination outside the Early A.M. service area, a billing adjustment fee of $10 per shipment will be assessed.

Hazardous Materials

UPS accepts hazardous materials only from customers with hazardous materials contracts and then for transport only within and between the United States and Puerto Rico. The Hazardous Materials charge per package requiring shipping papers under Title 49 C.F.R. Section 172.200 is $15 for UPS Ground shipments and $25 for all other domestic services. Call the UPS Hazardous Materials Support Center at 800-554-9964 for details.

Insured Value

Shipments are automatically protected against loss or damage up to $100. Additional coverage up to $50,000 per package is available upon request. The charge for each additional $100 insured value or fraction thereof is $.35.

Missing or Invalid Account Number

An account number is invalid if it is not the correct account number for the bill-to party, or if it is the account number for a receiver or third party who fails to pay the shipping charges. A $5 charge per package will be assessed for domestic shipments with a missing or invalid account number.

Pickup Charge

A Pickup Charge of $10 will be assessed when pickup is requested for a UPS 3 Day Select® or UPS Ground Authorized Return Service package when no other packages are shipped.

Proof of Delivery (P.O.D.)

A charge of $2 is assessed per request for P.O.D. on domestic shipments by fax or mail.

- $0 .....$15

Visit **www.ups.com** or call **1-800-PICK-UPS®** for guarantee details, service availability, delivery time commitments or to request a pickup.

International Additional Services

The information below applies to all levels of UPS international service except UPS SonicAir BestFlight℠, unless otherwise indicated.

Billing Options

The Billing Options charges per shipment are:

- $15—Bill Duty/Tax and Shipping Charges to Shipper.
- $15—Delivered Duty Paid, V.A.T. Unpaid.

Brokerage Service

For Brokerage Service per shipment:

- Routine customs clearance (including formal entries for shipments of up to five tariff lines) applies to UPS Worldwide Express Plus℠, UPS Worldwide Express℠, UPS Worldwide Expedited℠ and UPS 3 Day Select℠ From Canada at no additional charge.
- Additional charges may apply. See page 125 for details.
- For UPS Standard To Canada shipments, UPS provides Customs Brokerage service unless otherwise specified by the importer. The importer is responsible for all brokerage charges, duties and taxes at time of import.

Certificate of Origin

UPS can prepare a U.S. Certificate of Origin on behalf of the shipper for goods manufactured and originating within the United States. The fee is $10 per shipment to prepare a Certificate of Origin.

Currency Conversion Rate Fee

Charges to a payer's account in a foreign currency will be converted to the payer's currency using a weekly exchange rate secured through Major Money Center Banks. The fee is .75 percent of the currency amount converted.

Disbursement Fee

Customers are responsible for payment of duty and taxes. When funds are not provided in advance by the customer, a fee of 2 percent (minimum of $5) of the amount advanced by UPS will be charged.

Extended Area Surcharge

An Extended Area Surcharge applies to UPS Worldwide Express Plus, UPS Worldwide Express and UPS Worldwide Expedited shipments for some international origins and destinations. Visit www.ups.com or call 800-782-7892 to determine if a particular origin or destination is classified as an Extended Area. The fee is $20 per shipment or $.20 per pound, whichever is greater.

Freight Collect Refusal Fee

If an intended receiver of a Freight Collect shipment refuses to pay the Freight Collect amount, a $10 processing fee per shipment will be assessed and billed to the shipper. Additional charges associated with undeliverable packages will also be assessed and billed to the shipper. Refer to the Terms and Conditions on page 147 for information regarding Special Handling of Undeliverable Packages.

Shipper's Export Declaration (S.E.D.)

UPS can prepare an S.E.D. on behalf of the shipper when all data required to complete the S.E.D. is provided. The charge per shipment is $10.

VALUE-ADDED SERVICES

UPS Hundredweight Service® Additional Services

The information below applies to all levels of UPS Hundredweight Service.

Qualifications

UPS Hundredweight rates apply for shipments meeting these conditions:

- Packages addressed to a single consignee at one location on the same day.
- Total shipment billed weight of 100 pounds or more for each UPS Next Day Air®, UPS Next Day Air Saver®, UPS 2nd Day Air A.M.® or UPS 2nd Day Air® shipment.
- Total shipment billed weight of 200 pounds or more for each UPS 3 Day Select® shipment.
- Total shipment actual weight of 200 pounds or more for each UPS Ground shipment.

Hundredweight Rate Shopping

Rate shopping is provided for Hundredweight shipments recorded in the UPS Shipping Record book or a UPS OnLine® or OnLine Compatible shipping system that supports Hundredweight service. When shipments meet Hundredweight conditions, UPS will compare Hundredweight rates with the then effective, corresponding single-package rates, and the lower rate will apply. Single-package rates will be based on individual package weights or an average package weight when appropriate.

Some shipments less than 500 pounds may be more economically rated as 500 pounds. The UPS billing system will automatically compute the shipment charges at both the shipment billed weight and at 500 pounds, compare them and bill the lower of the two.

Note: There is no Saturday Delivery fee for UPS Air Hundredweight shipments.

UPS Hundredweight Service Restrictions

UPS Hundredweight Service is available only for customers receiving a daily pickup.

UPS Next Day Air Early A.M.® is not available for Hundredweight Service.

UPS Letters are excluded from UPS Hundredweight Service.

Call Tag and Return Label services are not provided via UPS Hundredweight Service.

Hazardous Materials packages requiring shipping papers as described under Title 49 C.F.R. Section 172.200 are not accepted in UPS Hundredweight Service. In addition, all "Other Regulated Materials" (ORM-D-Air) are prohibited in UPS 3 Day Select Hundredweight and Air Hundredweight.

Other Regulated Materials (ORM-D) packages are accepted when properly packaged, marked and shipped via UPS Ground or UPS Ground Hundredweight Service.

Visit **www.ups.com** or call **1-800-PICK-UPS®** for guarantee details, service availability, delivery time commitments or to request a pickup.

Service Notes

UPS reserves the right to assess the shipper a $3 charge per request for package-tracking, package-tracing or shipping charge refund, subject to the following conditions:

- This charge will not be assessed for the first 50 package-tracking requests per calendar week, or for a quantity of package-tracking requests equal to or less than 20 percent of the shipper's package volume for that week, whichever is greater.
- This charge will not be assessed for a quantity of package-tracing requests equal to or less than 2 percent of the shipper's package volume for that week.
- This charge will be assessed for shipping charge refund requests when the shipment in question was actually delivered by the scheduled delivery date and time.

Some air shipments may be shipped by surface transportation.

UPS cannot deliver to a P.O. Box.

UPS reserves the right to institute a fuel surcharge on all shipments without prior notice. The surcharge will apply for such periods as UPS determines necessary.

A residential delivery is one made to a home, which includes a business operated out of a home.

International shipments may be governed by the Warsaw Convention, including its liability limitations. For details, call the UPS International Customer Service Center at 800-782-7892.

All shipments are subject to the terms and conditions contained in the UPS Tariff, which can be found at www.ups.com.

How to Prepare a Package

"Smart Shipping" Checklist

- Use rigid carton with flaps intact.
- Wrap items separately.
- Use adequate cushioning material.
- Use strong tape designed for shipping.
- Do not use string or paper overwrap.
- Use a single address label that has a clear, complete delivery and return address.
- Place a duplicate label inside the carton.

Step-by-Step Procedures

1. Use a corrugated box.

For best results, use a new box large enough to allow room for adequate cushioning material on all sides of the contents. Remove any labels or other shipment markings from the box. Never exceed the maximum gross weight for the box, which is usually printed on the bottom flap.

2. Provide internal protection.

To properly cushion the contents of your package, wrap each item separately. Fragile articles need to be protected from each other and separated from the corners and sides of the box to prevent damage.

Various materials can be used for cushioning and protection, including:

- Air-encapsulated plastic (bubble pack).
- Expanded polystyrene "peanuts" (may not be suitable for heavy products that can shift while in transport).
- Foam-in-place (a foam sprayed into the boxes to form a protective mold around contents).
- Corrugated dividers.
- Paper (crumpled kraft paper or newspaper).

Use enough cushioning material to ensure that the contents won't move easily when the box is shaken.

PACKAGING GUIDELINES

3. Close it securely.

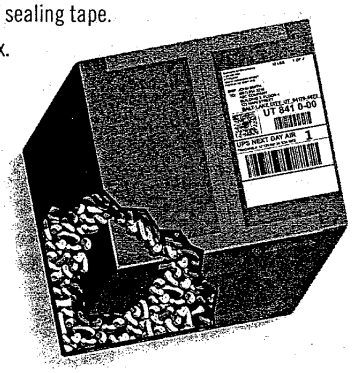

Proper closure is just as important as adequate cushioning. For best results, use one of these tapes:

- Pressure-sensitive plastic or nylon-reinforced tape.
- Water-activated paper tape. Use 60-pound grade tape at least three inches wide. Apply three strips to both the top and bottom of the box (see illustration below).
- Water-activated reinforced tape. Similar to plain paper tape, except that reinforcing fibers have been added for strength. This tape requires only two center seam strips, in contrast to the six strips necessary for paper tape.
- Do not use masking tape, cellophane tape, string or paper overwrap.

4. Use proper labeling.

For fast and efficient delivery, keep these points in mind when labeling your package.

- Always include the receiver's ZIP Code with the complete street address. For international shipments, include a contact name, telephone number and postal code.
- When addressing to a P.O. Box or Rural Route destination, provide the recipient's telephone number on the label.
- Include the apartment or unit number, if applicable.
- Place the shipping label on the top of the box. To avoid confusion, place only one address label on the box. If using a packing slip, place it on the same surface of the box as the address label.
- Do not place the label over a seam or closure or on top of sealing tape.
- Remove or cross out old labels or markings on a used box.
- Always include your complete return address, including full street address and ZIP Code. For international shipments, include contact name and phone number.
- For added protection, place a duplicate label or other form of identification inside the package.

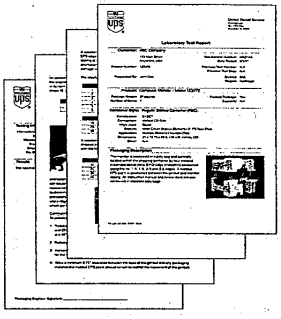

Note: The "Smart Labels" produced by UPS OnLine® and OnLine Compatible shipping systems help ensure accurate routing and prompt delivery of your shipments. In addition, the use of Smart Labels allows for fast access to tracking and delivery information. See page 119 for a description of UPS OnLine shipping solutions.

Visit **www.ups.com** or call **1-800-PICK-UPS®** for guarantee details, service availability, delivery time commitments or to request a pickup.

UPS Professional Services Package Lab

The UPS package lab helps customers find the most effective and cost-efficient packaging for products. Packaging engineers evaluate the current or proposed package, conduct a variety of industry-accepted tests and prepare a written report that recommends any necessary modifications to improve performance, economy and efficient use of materials. The package lab also monitors the latest developments in package-testing research worldwide. Contact your UPS Account Executive for details.

Heavyweight Packaging

Packaging materials need to be evaluated carefully for packages weighing more than 70 pounds.

Boxes need to be of strong construction, preferably with seams that are stitched or stapled, not glued. Check the box maker's certification for maximum weight. The higher the weight certification, the better the box will protect its contents from impact in sorting and over-the-road vibration.

Use new boxes whose strength has not been compromised by humidity or prior-use wear and tear.

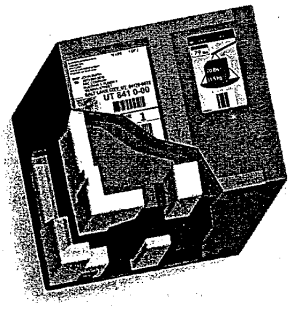

Seal with heavy-duty tape, preferably reinforced.

Dense cushioning material is a must. Expanded polystyrene "peanuts" and crumpled paper are not acceptable because they crush and shift under heavy loads. Customized corrugated or molded foam "framing" is more suitable and reinforces the rigidity of the outer box.

Do not band packages together unless each individual package is in a box designed to support the total "package" weight. For example, if two 40-pound boxes are combined into an 80-pound unit, both components should be in boxes with at least an 80-pound weight capacity.

If you do band packages, use same-sized boxes and a minimum of two bands in each direction, with labels on the individual boxes.

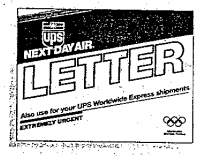

For information on heavyweight packaging materials, contact the Association of Independent Corrugated Converters at 703-836-2422, or call the Fibre Box Association at 847-364-9600.

Packages Weighing More Than 70 Pounds

A *Heavy Package* sticker is required whenever you ship packages weighing more than 70 pounds.

Apply the bright yellow UPS Heavy Package sticker to the right of the address label for maximum visibility. Then write the package's weight in the white box.

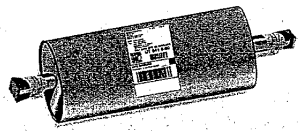

Visit "Supplies" on www.ups.com or call 1-800-PICK-UPS® to request Heavy Package stickers.

Special Packaging Needs

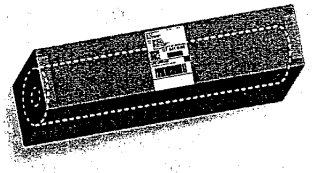

Irregularly Shaped Items and Bare Metals

Completely tape the address label to the item being shipped. Do not use "flying tags." Blunt all sharp or protruding edges with taped-on corrugated cardboard pieces. Protect the surface of the item as needed.

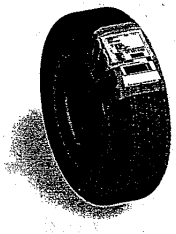

Fabric and Wallpaper

Rolled goods travel best when shipped in corrugated boxes. If a fabric roll is shipped in a bag, make sure the bag is tightly wrapped and taped against the roll to reduce the risk of tearing. Place duplicate labels inside cores or between top layers of material.

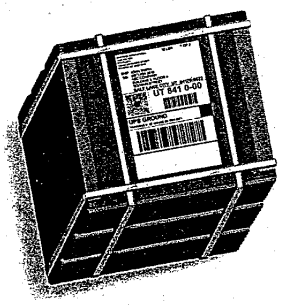

Tires

Apply a wide band of pressure-sensitive tape through the center and completely around the body of the tire so the tape is attached to itself. Attach your address label to the tape band where it covers the tread. Cover the label with clear tape.

Bundled or Strapped Boxes

Only same-sized boxes may be strapped together. Use a minimum of four crisscrossed bands, two in each direction. Put address information on every box. When strapping packages, each box must be strong enough to hold the total weight of the strapped bundle.

A UPS OnLine® or OnLine Compatible shipping system can streamline your labeling procedures. Labeling requirements for additional services are explained below.

Collect On Delivery (C.O.D.) Service

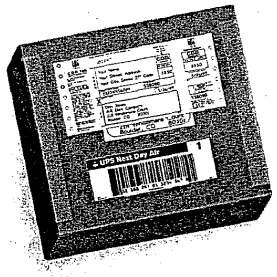

UPS accepts C.O.D. shipments for delivery throughout the United States and Puerto Rico. UPS does not accept currency.

Electronic C.O.D. Processing with UPS OnLine® WorldShip®

1. Use UPS OnLine WorldShip or an OnLine Compatible shipping system to send a package C.O.D.
2. Simply type in the package information and UPS OnLine WorldShip will produce a single, information-rich, bar-coded address label.
3. Put the label on the package.

C.O.D. Tags

1. Type or print an address label and attach it to the top of your package.
2. Complete a UPS C.O.D. Tag per the instructions on the tag and specify the exact amount due.
3. Attach the C.O.D. Tag to the package, covering the address label. Retain the "Shipper Receipt" portion for your records.
4. Indicate the package is a C.O.D. shipment and record the C.O.D. amount in the appropriate field of the shipping system you use.
5. Attach the appropriate labels for the services you have selected.

Hold for Pickup

UPS offers a Hold for Pickup service for no additional charge. UPS delivers the package to the UPS facility you select and calls the consignee by telephone for pickup.

Packages are usually available by 8:30 a.m. on the scheduled day of delivery. When picking up the package, the consignee is required to present a driver's license or other photo identification. Packages not picked up within five business days of arrival will be returned.

Hold for Pickup service is not available for Saturday delivery shipments. Call 1-800-PICK-UPS® to determine the most convenient UPS Hold for Pickup location.

For each package, complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person and the full address of the UPS facility. In addition, apply a UPS *Hold for Pickup* label above the address label on the package.

Return Services

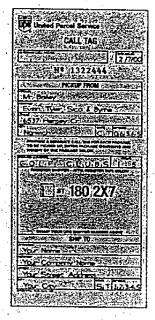

Call Tags Using UPS OnLine® WorldShip®

Call Tag service is available for UPS Next Day Air®, UPS 2nd Day Air®, UPS 3 Day Select® and UPS Ground services from all 50 states, where applicable, when a UPS OnLine WorldShip or OnLine Compatible shipping system is used.

1. Select "Call Tag" for each package to be picked up.
2. The Call Tag will be submitted electronically.

Call Tags

UPS Call Tag service provides pickup and prompt return of a package previously delivered by UPS within the 48 contiguous U.S. states. When you issue a UPS Call Tag, the package is picked up at your customer's location and returned to you via UPS Ground.

1. Fill out a separate UPS Call Tag for each package to be picked up.
2. Record each Call Tag in your UPS shipping system as you would record a package being shipped. Enter the name and address of where each package will be picked up (Pickup From); select UPS Ground as the service level; and enter the weight of each package to be picked up. Indicate Oversize 1 (OS1) or Oversize 2 (OS2), if applicable.
3. Give the Call Tag to your UPS driver, along with any other packages being shipped.

Return Labels Using UPS OnLine WorldShip

Return Service is available for UPS Next Day Air, UPS 2nd Day Air, UPS 3 Day Select and UPS Ground services from within the 50 states, where applicable, when a UPS OnLine WorldShip or OnLine Compatible shipping system is used.

1. Generate a Return Label.
2. Insert the Return Label in the package you are shipping to your customer for easy return at a later time.

Saturday Delivery

Stretch your business week with optional Saturday delivery to send your time-critical shipments door to door.

- Saturday delivery is available for UPS Next Day Air Early A.M.®, UPS Next Day Air, UPS Worldwide Express Plus℠ and UPS Worldwide Express℠ shipments to specific destinations.
- Each Letter or package indicated for Saturday delivery must bear a *Saturday Delivery* routing label.

Visit **www.ups.com** or call **1-800-PICK-UPS®** for guarantee details, service availability, delivery time commitments or to request a pickup.

Shipping Solutions

UPS offers four easy ways to process your shipments. Choose the one that best matches your shipping needs.

- **UPS OnLine® WorldShip®**, a full-featured shipping and tracking solution that is easy to use.
- **UPS OnLine Compatible Shipping Solutions**, offered by third-party providers, UPS OnLine Compatible shipping solutions allow you to prepare all your records electronically and transmit package information directly to the UPS Data Center.
- **UPS Internet Shipping** on www.ups.com, gives you a shipping solution that quickly processes shipments and prints labels using a PC with Internet access and a printer.
- **Air Shipping Document (ASD) and UPS Waybill** offer instructions on the back of each form.

UPS OnLine WorldShip

Use this free, easy-to-use, full-featured software to automate your domestic and international shipping and tracking activities. Quickly process shipments, print "Smart Labels" and shipping records, and send package details electronically to UPS—all from your computer. You also get immediate access to tracking information.

How You Benefit with UPS OnLine WorldShip

SHIPPING SOLUTIONS

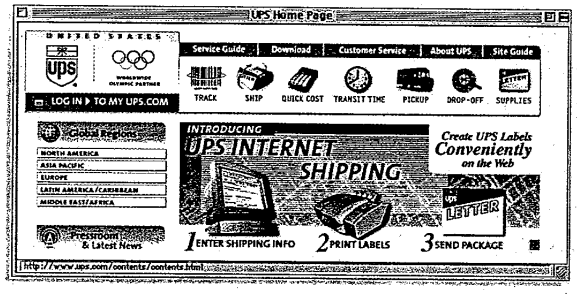

UPS Internet Shipping on www.ups.com

Follow a few simple steps and in no time your package will be ready to go. UPS Internet Shipping is fast, easy and resides on www.ups.com so there is no special software to install. This solution gives everyone in your organization an automated way to ship and track with UPS.

How You Benefit with UPS Internet Shipping

- Calculate the cost of shipping and compare the rates of several UPS services, making it easier to choose the service that best suits your needs and budget.
- Create and print smart shipping labels from your laser printer.
- Store the addresses you ship to frequently, and reuse them with a simple point and click.
- Review and track your previous shipments.
- Find out how long it takes your package to go from Point A to Point B.
- Find which of 52,000 UPS locations is nearest you.
- Arrange for a UPS driver to pick up packages from your home or office.

If you have a computer but don't yet have access to the Internet, UPS has a solution that's free and easy—a CD-ROM containing UPS OnLine® World Link, an Internet browser that gives you free, fenced access to www.ups.com. All you have to do is install UPS OnLine World Link on your computer and then you can link to the world of UPS, which includes UPS Internet Shipping.

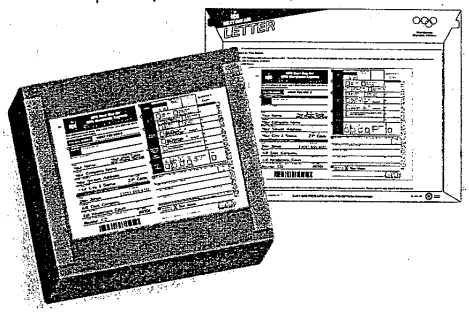

Visit **www.ups.com** or call **1-800-PICK-UPS®** for guarantee details, service availability, delivery time commitments or to request a pickup.

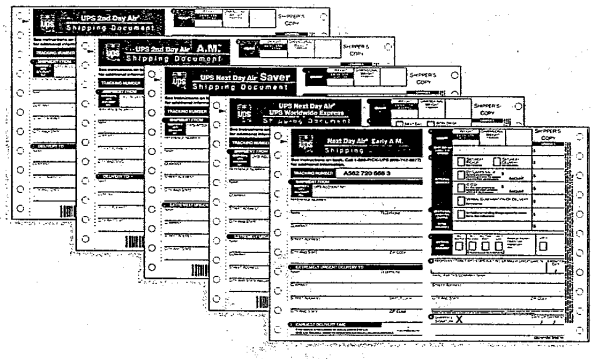

Air Shipping Document

A UPS Air Shipping Document (ASD) is an alternate recording option for domestic air shipments that combines an address label, tracking label and shipping record into one form.

Detailed "How to Prepare" instructions are printed on the reverse side of each ASD. ASDs are available for each of the following services:

- UPS Next Day Air Early A.M.®
- UPS Next Day Air® (also used for UPS Worldwide Express℠)
- UPS Next Day Air Saver®
- UPS 2nd Day Air A.M.®
- UPS 2nd Day Air®

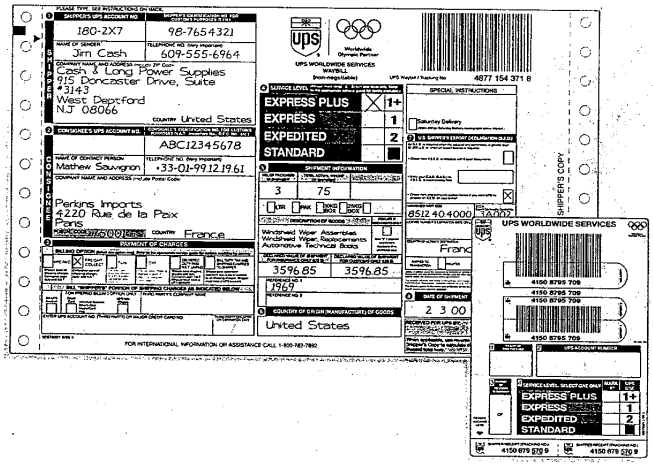

SHIPPING SOLUTIONS

UPS Worldwide Services Waybill

The UPS Waybill is designed to handle the intricacies of international transportation, yet it is simple enough to use for routine international shipments. The UPS Waybill streamlines document preparation and serves as a checklist for customs information required in your declaration.

- Detailed information fields provide adequate space to fully address your shipment and include required customs information.
- Various billing options permit you to specify how payment of charges is handled.
- Shipment-level detail enables shipment pricing and shipment tracking.
- You can authorize UPS to prepare the U.S. Shipper's Export Declaration on your behalf.
- The UPS Waybill helps you or your customers to easily reconcile the charges.
- The Waybill is covered by the UPS service guarantee. For details, call the UPS International Customer Service Center at 800-782-7892.

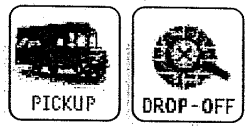

Detailed "How to Prepare" instructions are included on the reverse side of the waybill.

Visit www.ups.com or call 1-800-PICK-UPS® for guarantee details, service availability, delivery time commitments or to request a pickup.

Accessing UPS

When your package is ready to ship, you can drop it off at any UPS location or UPS can come to you. It's your choice.

Automatic Daily Pickup

Customers who receive a daily UPS pickup can always count on their driver to pick up any packages that are ready.

UPS On Call Air Pickup®

UPS gives you the convenience of having your air shipment picked up at your home or office in major metropolitan areas, Monday through Saturday. This option is especially convenient when your UPS driver has come and gone before your unexpected or emergency shipment shows up. Notify UPS, and a driver will return for your package. On Call Air Pickup is available for all air services, and is provided at no additional charge to UPS daily pickup customers. To schedule an On Call Air Pickup, select "Pickup" on www.ups.com or call 1-800-PICK-UPS®.

UPS Air Letter Center

You can use Air Letter Centers for UPS Next Day Air Early A.M.®, UPS Next Day Air®, UPS Next Day Air Saver®, UPS 2nd Day Air A.M.®, UPS 2nd Day Air®, UPS Worldwide Express Plus℠ and UPS Worldwide Express℠ Letters and Paks. Each Air Letter Center offers the latest possible pickup times. To find conveniently located centers, select "Drop-off" on www.ups.com or call 1-800-PICK-UPS.

UPS Air Service Center

These drop-off points, located in major metropolitan areas, are staffed with UPS customer service representatives and only accept air shipments. Air shipments include UPS Next Day Air Early A.M., UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air A.M., UPS 2nd Day Air, UPS Worldwide Express Plus, UPS Worldwide Express and UPS Worldwide Expedited℠. Air Service Centers are generally open later than UPS Customer Counters; however, hours do vary. To locate an Air Service Center, select "Drop-off" on www.ups.com or call 1-800-PICK-UPS.

UPS Customer Counter

Customer Counters are UPS-staffed locations usually connected to UPS package processing facilities. You can drop off both air and ground international and domestic shipments here. To locate a Customer Counter, select "Drop-off" on www.ups.com or call 1-800-PICK-UPS.

Authorized Shipping Outlet (ASO)

An ASO is an independently owned shipping service center where you can ship both air and ground international and domestic packages via UPS. Shipping rates vary. To locate an ASO, select "Drop-off" on www.ups.com or call 1-800-PICK-UPS.

One-Time Pickup

You can call 1-800-PICK-UPS to schedule a package pickup on a future business day for all UPS service levels, regardless of where you are located.

UPS Customhouse Brokerage

UPS Customhouse Brokerage Delivers Outstanding Value and Service.

Since 1985, UPS Customhouse Brokerage has been providing outstanding value and service, backed by the solid reputation of UPS.

UPS is responsible for your shipment every step of the way, including customs clearance. Eliminating third-party brokerage means routine customs clearance stays routine—quick, smooth and very reliable.

Customs clearance begins while your shipment is still in transit. UPS is electronically linked with customs in the United States, Canada and major countries throughout Europe, Asia and the Americas, so most of your shipments are cleared before our plane lands.

We clear every shipment with expertise and personal attention. Our brokerage experts are dedicated to monitoring the latest import and export compliance laws and regulations. We have developed an integral working relationship with U.S. Customs for the fastest solution to all of your brokerage needs.

We take a personalized approach to brokerage, offering our repeat customers a "prewired," streamlined process that facilitates the movement of their most frequently shipped goods through customs.

We employ our own staff of skilled customs brokerage specialists worldwide. This expertise means you get rating accuracy, customer service responsiveness and a confidence level that's second to none.

All UPS Worldwide Express Plus℠, UPS Worldwide Express℠, UPS Worldwide Expedited℠ and 3 Day Select℠ From Canada shipments include routine customs clearance. This means you don't have to specify a broker—routine customs clearance is built in to your rates. Your shipments will receive quick, smooth and reliable clearance.

UPS Customhouse Brokerage also provides services designed to facilitate movements of your UPS Standard shipments to and from Canada and other nonroutine services which include: formal entry clearance, live entry clearance, temporary import bonds and duty drawbacks.

For more information on any of our brokerage services, call 800-782-7892.

Explanation of Brokerage Services for Importing into the United States

Continuous Entry Bond. A one-year bond for all entries made in a single year with up to $50,000 coverage. A Continuous Entry Bond is only required under special circumstances.

Disbursement Fee. Customers are responsible for payment of duty and taxes. When funds are not provided in advance by the customer, a fee of 2 percent (minimum $5) of the amount advanced by UPS will be charged.

Duty. A fee imposed by customs on imported merchandise. The applicable charge will be based on the value or gross weight and may differ according to the commodity.

Duty Drawback. The preparation of a refund request for part or all of customs duty or domestic tax paid on imported merchandise which was reimported or manufactured into a different article for export.

Fish and Wildlife. The government charges a fee for any shipment requiring fish and wildlife clearance. The amount assessed by the government depends upon the port of entry into the United States.

Formal Entry. The entry type required for shipments valued at more than $2,000 (U.S.) or for shipments containing specific commodities designated by U.S. Customs.

In-Transit Bond (IT Bond). A bond that allows a shipment to be transported or warehoused under U.S. Customs supervision until it is formally entered into the customs territory of the United States and duty is paid, or until it is exported from the United States.

Live Entry. A type of U.S. Customs entry that typically requires a visa license from the export country when mandated by U.S. Customs (such as textiles). These shipments usually require an additional day of customs clearance.

Marking Attendance. Special paperwork must be filed for a shipment not properly marked with the country of origin. A customs power of attorney must also be completed and on file with brokerage before the shipment can be forwarded to the consignee for proper marking.

Merchandise Processing Fee. A nonrefundable fee charged by U.S. Customs for administrative expenses for processing an imported shipment requiring formal entry.

NAFTA Processing. Special processing to ensure that the required NAFTA documentation on a shipment is complete.

Other Government Agencies. Other Government Agencies work with U.S. Customs on regulating and controlling commodities coming into the United States from other countries. Special paperwork must be submitted to these agencies for shipments that contain controlled commodities. These agencies include the Food and Drug Administration (FDA), Department of Agriculture (DOA) and the Federal Communications Commission (FCC), among others.

Protest Filing. A request from an importer to recoup overpayment of duty to U.S. Customs due to a description discrepancy or misclassification on the customs entry.

Single Entry Bond (SEB). A one-time bond that is issued to ensure compliance with U.S. laws and regulations. When an SEB is necessary, UPS will contact the consignee prior to customs clearance.

Temporary Import Entry/Bond. A Temporary Import Bond must accompany a special customs entry for merchandise to be brought into the country exempt of duty, provided the merchandise exits the country within a certain amount of time and under U.S. Customs supervision.

Visit **www.ups.com** or call **1-800-PICK-UPS®** for guarantee details, service availability, delivery time commitments or to request a pickup.

How to Export a Shipment with UPS

UPS uses import/export documents you prepare to properly declare your shipment to customs in both the country of import and the country of export. The required documents are submitted to customs to determine the applicable duty and taxes in the destination country. This documentation may include:

- An invoice.
- A U.S. Shipper's Export Declaration (S.E.D.).
- A Certificate of Origin, a CARICOM Certificate of Value and Origin or a North American Free Trade Agreement (NAFTA) Certificate of Origin.
- Other documents based on value, nature and destination of shipment.

A UPS OnLine® or OnLine Compatible shipping system that supports full international service makes completing this documentation easy.

UPS Brokerage Services

International Documentation

Step 1

Determine the rate for your shipment. Refer to "How to Determine the Charge for UPS Shipments" on pages 139 to 141.

Step 2

Use your UPS OnLine or OnLine Compatible shipping system that supports full international service or fill out a UPS Worldwide Services Waybill.

Document Shipments. A document is generally defined as a written, typed or printed communication of no commercial value. International documents shipped in a UPS Express Letter envelope or in any other packaging do not require an invoice.

When using a UPS Worldwide Services Waybill for multiple-package shipments to the same recipient, only the lead package requires a waybill. Each additional package must have an address label and a UPS Worldwide Services Tracking Label.

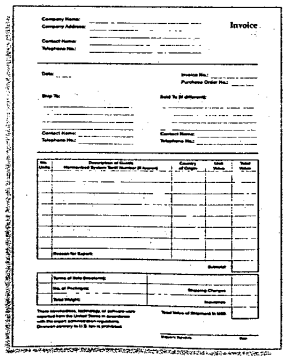

Nondocument Shipments. International shipments containing items other than documents require three copies of a commercial invoice (two copies for Puerto Rico) in addition to the UPS Waybill.

Step 3

Prepare three copies of the invoice (two for Puerto Rico).

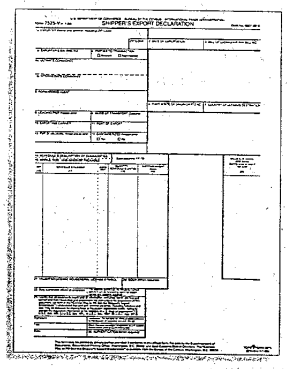

Business or personal stationery may be used if it contains all the information shown on the sample invoice.

A blank invoice can be found on page 129, at www.ups.com or in your UPS OnLine® WorldShip® shipping system.

Step 4

Prepare an S.E.D.

Two copies of the S.E.D. are required if:

- The value of any single commodity in the shipment is greater than $2,500 (U.S.).
- Any commodity in a shipment requires a validated export license or license exception.

A blank S.E.D. can be found on page 131.

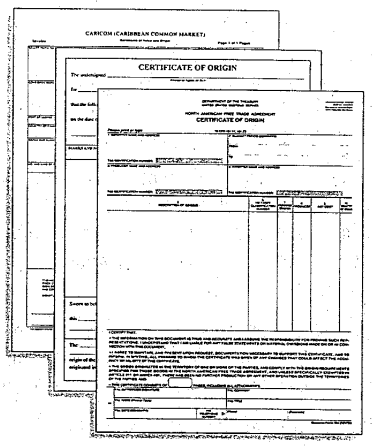

Important:

A Destination Control Statement should be placed on both the S.E.D. and the commercial invoice to ensure prompt delivery. The correct wording of the statement is shown here, and may be written, stamped or typed on the documentation:

"These commodities, technology or software were exported from the United States in accordance with the export administration regulations. Diversion contrary to U.S. law is prohibited."

Step 5

Complete a Certificate of Origin.

In addition to three copies of a commercial invoice, a Certificate of Origin is required to clear customs in many countries. Visit www.ups.com for a list of countries that require a Certificate of Origin.

A blank Certificate of Origin can be found on page 133, at www.ups.com or in your UPS OnLine® WorldShip® shipping system.

A blank CARICOM Certificate of Value and Origin can be found on page 134.

NAFTA Certificate of Origin

For shipments to Canada and Mexico:

For goods that are made in a NAFTA country and meet NAFTA eligibility requirements, a NAFTA Certificate of Origin should be included along with three copies of the commercial invoice. This certificate will allow goods that are NAFTA-eligible originating under the NAFTA Rules of Origin to qualify for the reduced or eliminated duty provisions under the North American Free Trade Agreement. For information regarding eligibility under the North American Free Trade Agreement, contact your local U.S. Customs office.

A blank NAFTA Certificate of Origin can be found on page 135 and at www.ups.com.

Step 6

Enclose all required export documentation in the UPS Waybill pouch or in an envelope marked "Export Documents." Securely affix pouch or envelope to the lead package.

Visit **www.ups.com** or call **1-800-PICK-UPS®** for guarantee details, service availability, delivery time commitments or to request a pickup.

PAPERWORK REDUCTION ACT NOTICE: This information is needed to carry out the terms of the North American Free Trade Agreement (NAFTA). NAFTA requires that, upon request, an importer must provide Customs with proof of the exporter's written certification of the origin of the goods. The certification is essential to substantiate compliance with the rules of origin under the Agreement. You are required to give us this information to obtain a benefit.

Statement Required by 5 CFR 1320.21: The estimated average burden associated with this collection of information is 15 minutes per respondent or recordkeeper depending on individual circumstances. Comments concerning the accuracy of this burden estimate and suggestions for reducing this burden should be directed to U.S. Customs Service, Paperwork Management Branch, Washington DC 20229, and to the Office of Management and Budget, Paperwork Reduction Project (1515-0204), Washington DC 20503.

NORTH AMERICAN FREE TRADE AGREEMENT CERTIFICATE OF ORIGIN INSTRUCTIONS

For purposes of obtaining preferential tariff treatment, this document must be completed legibly and in full by the exporter and be in the possession of the importer at the time the declaration is made. This document may also be completed voluntarily by the producer for use by the exporter. Please print or type:

FIELD 1: State the full legal name, address (including country) and legal tax identification number of the exporter. Legal taxation number is: in Canada, employer number or importer/exporter number assigned by Revenue Canada; in Mexico, federal taxpayer's registry number (RFC); and in the United States, employer's identification number or Social Security Number.

FIELD 2: Complete field if the Certificate covers multiple shipments of identical goods as described in Field #5 that are imported into a NAFTA country for a specified period of up to one year (the blanket period). "FROM" is the date upon which the Certificate becomes applicable to the good covered by the blanket Certificate (it may be prior to the date of signing this Certificate). "TO" is the date upon which the blanket period expires. The importation of a good for which preferential treatment is claimed based on this Certificate must occur between these dates.

FIELD 3: State the full legal name, address (including country) and legal tax identification number, as defined in Field #1, of the producer. If more than one producer's good is included on the Certificate, attach a list of additional producers, including the legal name, address (including country) and legal tax identification number, cross-referenced to the good described in Field #5. If you wish this information to be confidential, it is acceptable to state "Available to Customs upon request". If the producer and the exporter are the same, complete field with "SAME". If the producer is unknown, it is acceptable to state "UNKNOWN".

FIELD 4: State the full legal name, address (including country) and legal tax identification number, as defined in Field #1, of the importer. If the importer is not known, state "UNKNOWN"; if multiple importers, state "VARIOUS".

FIELD 5: Provide a full description of each good. The description should be sufficient to relate it to the invoice description and to the Harmonized System (H.S.) description of the good. If the Certificate covers a single shipment of a good, include the invoice number as shown on the commercial invoice. If not known, indicate another unique reference number, such as the shipping order number.

FIELD 6: For each good described in Field #5, identify the H.S. tariff classification to six digits. If the good is subject to a specific rule of origin in Annex 401 that requires eight digits, identify to eight digits, using the H.S. tariff classification of the country into whose territory the good is imported.

FIELD 7: For each good described in Field #5, state which criterion (A through F) is applicable. The rules of origin are contained in Chapter Four and Annex 401. Additional rules are described in Annex 703.2 (certain agricultural goods), Annex 300-B, Appendix 6 (certain textile goods) and Annex 308.1 (certain automatic data processing goods and their parts). **NOTE: In order to be entitled to preferential tariff treatment, each good must meet at least one of the criteria below.**

Preference Criteria

A The good is "wholly obtained or produced entirely" in the territory of one or more of the NAFTA countries as referenced in Article 415. **NOTE: The purchase of a good in the territory does not necessarily render it "wholly obtained or produced".** If the good is an agricultural good, see also criterion F and Annex 703.2. *(Reference: Article 401(a) and 415)*

B The good is produced entirely in the territory of one or more of the NAFTA countries and satisfies the specific rule of origin, set out in Annex 401, that applies to its tariff classification. The rule may include a tariff classification change, regional value-content requirement, or a combination thereof. The good must also satisfy all other applicable requirements of Chapter Four. If the good is an agricultural good, see also criterion F and Annex 703.2. *(Reference: Article 401(b))*

C The good is produced entirely in the territory of one or more of the NAFTA countries exclusively from originating materials. Under this criterion, one or more of the materials may not fall within the definition of "wholly produced or obtained", as set out in Article 415. All materials used in the production of the good must qualify as "originating" by meeting the rules of Article 401(a) through (d). If the good is an agricultural good, see also criterion F and Annex 703.2. *(Reference: Article 401(c))*

D Goods are produced in the territory of one or more of the NAFTA countries but do not meet the applicable rule of origin, set out in Annex 401, because certain non-originating materials do not undergo the required change in tariff classification. The goods do nonetheless meet the regional value-content requirement specified in Article 401(d). This criterion is limited to the following two circumstances:

1. The good was imported into the territory of a NAFTA country in an unassembled or disassembled form but was classified as an assembled good, pursuant to H.S. General Rule of Interpretation 2(a), or
2. The good incorporated one or more non-originating materials, provided for as parts under the H.S., which could not undergo a change in tariff classification because the heading provided for both the good and its parts and was not further subdivided into subheadings, or the subheading provided for both the good and its parts and was not further subdivided.

NOTE: This criterion does not apply to Chapters 61 through 63 of the H.S. *(Reference: Article 401(d))*

E Certain automatic data processing goods and their parts, specified in Annex 308.1, that do not originate in the territory are considered originating upon importation into the territory of a NAFTA country from the territory of another NAFTA country when the most-favored-nation tariff rate of the good conforms to the rate established in Annex 308.1 and is common to all NAFTA countries. *(Reference: Annex 308.1)*

F The good is an originating agricultural good under preference criterion A, B, or C above and is not subject to a quantitative restriction in the importing NAFTA country because it is a "qualifying good" as defined in Annex 703.2, Section A or B (please specify). A good listed in Appendix 703.2B.7 is also exempt from quantitative restrictions and is eligible for NAFTA preferential tariff treatment if it meets the definition of "qualifying good" in Section A of Annex 703.2. **NOTE 1: This criterion does not apply to goods that wholly originate in Canada or the United States and are imported into either country. NOTE 2: A tariff rate quota is not a quantitative restriction.**

FIELD 8: For each good described in Field #5, state "YES" if you are the producer of the good. If you are not the producer of the good, state "NO" followed by (1), (2), or (3), depending on whether this certificate was based upon: (1) your knowledge of whether the good qualifies as an originating good; (2) your reliance on the producer's written representation (other than a Certificate of Origin) that the good qualifies as an originating good; or (3) a completed and signed Certificate for the good, voluntarily provided to the exporter by the producer.

FIELD 9: For each good described in Field #5, where the good is subject to a regional value content (RVC) requirement, indicate "NC" if the RVC is calculated according to the net cost method; otherwise, indicate "NO". If the RVC is calculated over a period of time, further identify the beginning and ending dates (DD/MM/YY) of that period. *(Reference: Articles 402.1,402.5)*

FIELD 10: Identify the name of the country ("MX" or "US" for agricultural and textile goods exported to Canada; "US" or "CA" for all goods exported to Mexico; or "CA" or "MX" for all goods exported to the United States) to which the preferential rate of customs duty applies, as set out in Annex 302.2, in accordance with the Marking Rules or in each party's schedule of tariff elimination.

For all other originating goods exported to Canada, indicate appropriately "MX" or "US" if the goods originate in that NAFTA country, within the meaning of the NAFTA Rules of Origin Regulations, and any subsequent processing in the other NAFTA country does not increase the transaction value of the goods by more than seven percent; otherwise "JNT" for joint production. *(Reference: Annex 302.2)*

FIELD 11: This field must be completed, signed, and dated by the exporter. When the Certificate is completed by the producer for use by the exporter, it must be completed, signed, and dated by the producer. The date must be the date the Certificate was completed and signed.

How to Determine the Charge for UPS Shipments

Step 1—Choose the UPS Service for Your Shipment

UPS offers you the widest choice of guaranteed, time-definite services. Determine the one that best meets your needs.

Step 2—Determine the Destination Zone

Domestic Shipments

Refer to your UPS Zone Chart provided separately.

International Shipments

For shipments *from* the United States, refer to the International Export section beginning on page 47.

For freight collect shipments *to* the United States, refer to the International Import Freight Collect section beginning on page 81.

International Documentation

Step 3—Determine the Weight

Billing Information

Actual, dimensional, oversize or minimum package weights may be used to determine the billable weight for a shipment. Refer to the dimensional, oversize and minimum weight explanations listed below to determine if they apply.

Dimensional Weight for Domestic Shipments and Shipments to Puerto Rico

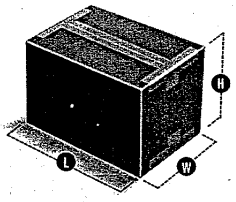

For UPS Next Day Air Early A.M.®, UPS Next Day Air®, UPS Next Day Air Saver®, UPS 2nd Day Air A.M.®, UPS 2nd Day Air® and UPS 3 Day Select®, dimensional weight is the billable weight when the dimensional weight of a package measuring more than one cubic foot exceeds the actual weight. To determine the dimensional weight of a package:

A. Multiply the package's length by the width by the height (round each number to the nearest whole inch). The result is the cubic size of the package.

B. Divide the cubic size by 194 to determine the dimensional weight (in pounds). Increase fractions of a pound to the next full pound.

$$\frac{L \times W \times H}{194} = \text{Dimensional Weight}$$

L = Length in inches
W = Width in inches
H = Height in inches

Dimensional Weight for International Shipments

For UPS Worldwide Express Plus℠, UPS Worldwide Express℠, UPS Worldwide Expedited℠, UPS 3 Day Select℠ From Canada and UPS Standard From Canada, dimensional weight is the billable weight when the dimensional weight of a shipment exceeds the actual weight. To determine the dimensional weight of a shipment:

A. Multiply the package's length by the width by the height (round each number to the nearest whole inch). The result is the cubic size of the package. For a multiple-package shipment recorded on a UPS Waybill, add the results for all of the packages together. The total is the cubic size of the shipment. (For billing purposes, each international package recorded in a *UPS Shipping Record Book* is considered a separate shipment.)

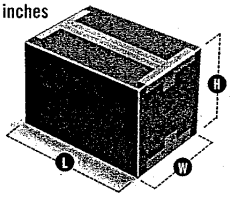

BILLING INFORMATION

Dimensional Weight for International Shipments (cont'd)

B. Divide the cubic size by 166 if measured in inches, or by 6,000 if measured in centimeters, to determine the dimensional weight. If the weight is in kilograms, multiply the weight by 2.20465 to determine the weight in pounds. Increase fractions of a pound to the next full pound.

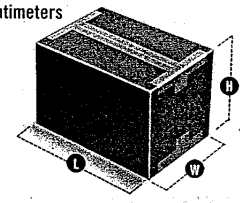

$$\frac{L \times W \times H}{166} = \text{Dimensional Weight in Pounds}$$

- L = Length in inches
- W = Width in inches
- H = Height in inches

$$\frac{L \times W \times H}{6{,}000} = \text{Dimensional Weight in Kilograms}$$

- L = Length in centimeters
- W = Width in centimeters
- H = Height in centimeters

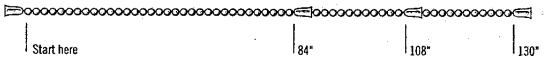

Oversize UPS Ground and UPS Standard To Canada Shipments

If a package exceeds 84 inches and is equal to or less than 108 inches in length and girth combined and weighs less than 30 pounds, the package will be considered "Oversize 1" (OS1). Each OS1 package will be treated as a 30-pound package when calculating the billable weight.

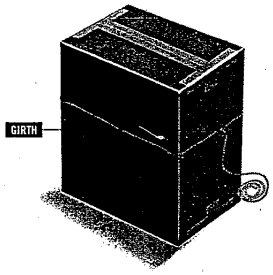

If a package exceeds 108 inches in length and girth combined and weighs less than 70 pounds, the package will be considered "Oversize 2" (OS2). Each OS2 package will be treated as a 70-pound package when calculating the billable weight.

- Length is the longest side of a package or object.
- Maximum length per package is 108 inches or 270 centimeters.
- Girth is the distance all the way around the package or object at its widest point perpendicular to the length.
- Maximum size per package is 130 inches or 330 centimeters in length and girth combined.

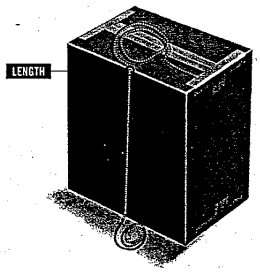

A chain for measuring packages is available upon request. Refer to the example of an OS2 package being measured below.

Step 1: Measure Girth

Step 2: Measure Length

Visit **www.ups.com** or call **1-800-PICK-UPS®** for guarantee details, service availability, delivery time commitments or to request a pickup.

Step 4—Determine the Rate for the Shipment

Match the billable weight to the appropriate zone to determine the rate for the service you have chosen.

For Domestic Shipments
Rate charts begin on page 14.

Note: To determine charges for UPS Hundredweight Service® shipments, see below. See page 106 for additional information about UPS Hundredweight Service.

For International Shipments
Rate charts for export shipments to international destinations except Canada begin on page 58.
Rate charts for export shipments to Canada begin on page 72.

Rate charts for Import Freight Collect shipments to the United States begin on page 88.

Note: Multiple-package shipment pricing is available when you use UPS OnLine® WorldShip,® an OnLine Compatible shipping system that supports full international service or a UPS Worldwide Services Waybill.

Shipment pricing does not apply for UPS Worldwide Express Plus℠ Letter, UPS Worldwide Express℠ Letter, UPS 10 Kg Box™ or UPS 25 Kg Box™ shipments.

Step 5—Determine If Additional Charges Apply

UPS offers a wide range of value-added services. See the "Additional Information" section beginning on page 101 for more information about these services and which charges may apply.

How to Determine the Charge for UPS Hundredweight Service® Shipments

1. Choose the UPS service for your shipment. Refer to your UPS Zone Chart to determine the appropriate zone.
2. Determine the shipment's billable weight by totaling the weights of the individual packages in the shipment. Refer to Step 3 on page 139.

   For UPS Next Day Air,® UPS Next Day Air Saver,® UPS 2nd Day Air A.M.® and UPS 2nd Day Air,® the minimum charge for a UPS Hundredweight shipment will be based on an average weight of 10 pounds per package.

   For UPS 3 Day Select® and UPS Ground, the minimum charge for a UPS Hundredweight shipment will be based on an average weight of 15 pounds per package, or $53, whichever is greater.
3. For UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air A.M. and UPS 2nd Day Air, multiply the shipment's billable weight by the Rate-Per-Pound shown on the rate chart for the appropriate service, shipment-billed-weight level and zone to calculate the shipping charge.
4. For UPS 3 Day Select and UPS Ground, divide the shipment's billable weight by 100 to determine the number of Hundredweight units. Multiply the number of Hundredweight units by the Shipment Rate Per-Hundredweight-Unit shown on the rate chart for the appropriate service, shipment-billed-weight level and zone to calculate the shipping charge.

Note: Hundredweight rates are available only to customers receiving daily UPS pickup.

Billing Options

UPS billing options give you the flexibility to choose your preferred payment method or indicate the method of payment your customer demands.

Domestic

- **Bill Shipper (Prepaid).** UPS bills shipping charges to the shipper.
- **Bill Receiver (Collect Billing).** UPS bills shipping charges to the receiver.
- **Bill Third Party (3rd Party).** UPS bills shipping charges to a party other than the shipper or receiver.
- **Bill Credit Card.** UPS bills shipping charges to a major credit card (available when using UPS Internet Shipping, an Air Shipping Document or a UPS Waybill).

UPS accepts shipments for Collect and 3rd Party billing as long as the receiver or third party has a valid UPS account number and has agreed to accept the charges. Unless otherwise specified at the time of shipping, shipping charges are billed to the shipper.

International

UPS offers several billing options depending on the destination country and shipping method used.

- **Prepaid.** Shipper pays all shipping charges; consignee or importer pays duty and Value-Added Tax (V.A.T.).
- **Freight Collect.** Consignee or importer pays all shipping charges, duty and V.A.T.
- **Delivered Duty Paid, V.A.T. Unpaid.** Shipper pays shipping charges and duty; consignee pays V.A.T.
- **Bill Duty, Tax and Shipping Charges to Shipper.** Shipper pays destination country's duty and tax as well as all shipping charges.

Third-party billing is available for the shipper's portion of the shipping charges. The third party must be located in the United States and have a valid UPS account number.

Unless otherwise marked on the UPS Waybill, shipping charges are billed to the shipper's UPS account number, and the consignee or importer pays duty and V.A.T.

Visit **www.ups.com** or call **1-800-PICK-UPS®** for guarantee details, service availability, delivery time commitments or to request a pickup.

Payment Options

Debit EFT: Electronic Funds Transfer Plan

UPS electronically requests payment for the amount of your UPS bill directly from your bank on a weekly basis. Your bank deducts the amount from your checking account, and each payment is shown on your monthly bank statement. You also receive a weekly UPS bill for your review marked "Paid by Bank."

Consolidated Payment Plan

Your company provides UPS with an initial payment equal to four weeks of average billing. This payment remains on account to cover one month's anticipated delivery charges. The amount needed on account may change, depending on your shipping activity. You receive a UPS bill once a week. Payment for all accumulated charges is due upon receipt of your fourth bill, or if you exceed your prepayment before you receive your fourth bill.

Bank Freight Payment Plan

This plan is designed for companies that deal with several transportation companies. We participate with many banks around the country that consolidate and pay—on a weekly basis—all delivery and freight charges for their clients. Each month, the participating bank issues a statement summarizing and detailing the freight charges it has paid.

Special Payment Plan

Under this plan, you determine the prepayment period that suits you. Then you provide the funds sufficient to cover the estimated delivery charges for that period of time. Your individually selected prepayment period can range from 10 to 26 weeks. Each week, actual UPS delivery charges are applied against your prepayment and you receive a bill marked "Paid" with a statement of the account. When the balance is reduced to a level equal to four weeks of average delivery charges, you receive a statement detailing the amount needed to return the balance to its original level.

Weekly Payment Plan

You receive a bill weekly and payment is due within seven days of receipt.

UPS Prepaid

You can also purchase UPS Next Day Air®, UPS Next Day Air Saver®, UPS 2nd Day Air A.M.® and UPS 2nd Day Air® services in advance and use them any time. With UPS Prepaid, you purchase a quantity of Air Shipping Documents (ASDs) for UPS Next Day Air or UPS 2nd Day Air services. Then, whenever the need arises, simply attach the ASD and the shipment is on its way.

Terms and Conditions of Service

The following paragraphs contain the general terms and conditions under which United Parcel Service ("UPS") is engaged in the transportation of small packages (including "Letters") in its own territory and jointly through interchange with its affiliates. UPS reserves the right to amend any portion of this service explanation at any time. The most current service explanation may be found at the UPS Web site (www.ups.com) and is available at all local UPS offices.

UPS is likewise engaged in the transportation of packages in "UPS SonicAir BestFlight℠"

For the purpose of this explanation, "UPS Air Services" includes UPS Next Day Air Early A.M.®, UPS Next Day Air®, UPS Next Day Air Saver®, UPS 2nd Day Air A.M.®, and UPS 2nd Day Air®.

For the purpose of this explanation, "UPS Hundredweight Air Services" includes UPS Hundredweight Next Day Air, UPS Hundredweight Next Day Air Saver, UPS Hundredweight 2nd Day Air A.M., and UPS Hundredweight 2nd Day Air.

UPS is likewise engaged in the transportation of small packages in "UPS 3 Day Select®," "UPS Hundredweight 3 Day Select," "UPS Ground," and "UPS Hundredweight Ground."

UPS is engaged in the international transportation of small packages in "UPS Worldwide Express Plus℠," "UPS Worldwide Express℠," "UPS Worldwide Expedited℠," "UPS 3 Day Select℠ From Canada," and "UPS Standard" services. All packages covered under a single UPS Waybill shall be considered a single shipment.

Except in UPS Hundredweight and international shipments, each package or article shall be considered as a separate and distinct shipment.

A source document as referenced below is a document provided by UPS for the purpose of shipping a package via UPS.

A UPS automated shipping system as referenced below is a current UPS OnLine® system or a UPS OnLine Compatible shipping system that meets current UPS OnLine requirements.

Commodities Handled and Restrictions on Service

UPS holds itself out to transport general commodities, as usually defined, subject to the following restrictions:

(a) No service shall be rendered in the transportation of any package or article weighing more than 150 pounds, or exceeding 108 inches in length, or exceeding a total of 130 inches in length and girth combined. Additional weight and size restrictions may apply. Refer to the applicable UPS service guide for details.

(b) No service shall be rendered in the transportation of any of the prohibited articles listed in the applicable UPS service guide.

(c) No service shall be rendered in the transportation of articles of unusual value (as defined in the UPS Tariff), or of packages having a value of more than $50,000 (U.S.), or of packages having a value of more than $500 (U.S.) shipped via a UPS Letter Center, or of Prepaid Letters having a value of more than $100.

(d) Domestic shipments containing jewelry (including costume jewelry) will be accepted for transportation only according to the terms and conditions contained in the UPS Tariff.

(e) No service shall be rendered in the international transportation of packages containing jewelry (including costume jewelry) having a value of more than $500 (U.S.).

(f) Hazardous Materials, defined as those materials regulated under Title 49 of the Code of Federal Regulations (49 C.F.R.), are accepted for transportation only as a contractual service. To receive Hazardous Materials service, the shipper must sign a contract and agree to the provisions set forth in the UPS Agreement for Transportation of Hazardous Materials.

(g) Other Regulated Materials (ORM-D) are accepted when properly packaged, marked, and shipped via UPS Ground or UPS Hundredweight Ground service. ORM-D packages shipped via UPS Air Services and UPS 3 Day Select are accepted for transportation only as a contractual service.

(h) UPS transports packages containing alcoholic beverages only where permitted by state law and under certain conditions. Contact UPS for specific information.

(i) UPS does not provide a protective service for the transportation of perishable commodities or of commodities requiring protection from heat or cold. Such commodities will be accepted for transportation solely at the shipper's risk for damage occasioned by exposure to heat or cold.

(j) C.O.D., Call Tag, Delivery Confirmation Signature Required, Return Service, and transportation of Hazardous Materials services are not provided for international shipments.

(k) Shipments containing firearms will be accepted for transportation only according to the terms and conditions contained in the UPS Tariff.

Prohibited by Law
No service shall be rendered by UPS in the transportation of any shipment that is prohibited by law or regulations of any federal, state, provincial, or local government in the origin or destination country.

Right of Inspection
UPS reserves the right to open and inspect any package tendered to it for transportation.

Refusal of Unsafe Packages
UPS reserves the right to refuse any package which by reason of the dangerous or other character of its contents is liable, in the judgment of UPS, to soil, taint, or otherwise damage other merchandise or equipment, or which is economically or operationally impracticable to transport, or which is improperly packed or wrapped.

Packages must be so packed or wrapped as to meet the requirements set forth in International Safe Transit Association Projects 1 & 1A as applicable.

Provisions for Customs Clearance of International Packages
The shipper must provide required documentation for customs clearance. By providing required documentation, the shipper certifies that all statements and information relating to exportation and importation are true and correct. Furthermore, the shipper understands that civil and criminal penalties, including forfeiture and sale, may be imposed for making false or fraudulent statements, or for the violation of U.S. laws on exportation (see 13 U.S.C. Section 305, 22 U.S.C. Section 401, 18 U.S.C. Section 1001, and 50 U.S.C. App. 2410).

When a shipment is tendered to UPS, UPS is thereby appointed as the agent for performance of customs clearance, where allowed by law. UPS is specified as the nominal consignee for the purpose of designating a customs broker to perform customs clearance. Local authorities may require documentation confirming that UPS has been designated as the nominal consignee.

Customs penalties, storage charges, or other expenses incurred as a result of an action by customs or failure by the shipper or consignee to provide proper documentation or to obtain a required license or permit will be charged to the consignee along with any applicable duty and tax. However, the shipper is liable for payment in the event of nonpayment by the consignee. UPS provides brokerage service at no additional charge for routine customs clearance of UPS Worldwide Express Plus, UPS Worldwide Express, UPS Worldwide Expedited, and UPS 3 Day Select From Canada shipments.

Additional charges may apply for complex customs clearance procedures which include, but are not limited to, the following:

- Clearance procedures involving a government agency other than customs.
- Customs Bonds.
- Drawbacks.
- Formal entries involving more than five tariff lines.
- Live Entries.
- Marking Attendance.
- Temporary Import Bonds (T.I.B.).

UPS will prepay duties and taxes on behalf of the payer. For importation into the U.S., a fee, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed and billed to the importer. A fee may also apply for shipments to other countries.

In the event a Shipper's Export Declaration (S.E.D.) is required and is not included with the export documents provided by the shipper, UPS will prepare an S.E.D., using the information on the UPS Waybill, on behalf of the shipper to facilitate export. A processing fee, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed and billed to the shipper.

UPS may prepare a Certificate of Origin for goods manufactured and originating within the U.S. on behalf of the shipper when one is required but not included with the export documents provided by the shipper. A processing fee, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed and billed to the shipper.

Unless otherwise restricted for the destination country, the shipper may elect to pay duty and tax, or duty only, by showing such instructions on the export documentation and on the UPS Waybill. These options are available only to shippers with a UPS account. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed. These services are not available if any or all the shipping charges are billed to the consignee or if a consignee chooses a broker other than UPS.

Essential Information
The consignee's ZIP Code is a required part of the address for domestic shipments. Therefore, to help ensure dependable service, it is essential that the ZIP Code be included in the delivery address.

The consignee's postal code, telephone number, and contact name are important parts of the address for international shipments. To ensure prompt delivery, always include the postal code, telephone number, and contact name on the UPS Waybill or address label.

Terms and Conditions of Service (cont'd)

Pickup Charge

UPS reserves the right to assess a surcharge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, for the pickup of prepaid shipments, or UPS 3 Day Select or UPS Ground Authorized Return Service packages, when no other packages are to be picked up.

UPS SonicAir BestFlight Service Guarantee

UPS guarantees on-schedule delivery of UPS SonicAir BestFlight packages to every address in the United States, and to all international destinations served, barring circumstances out of UPS SonicAir BestFlight's control, including, but not limited to, the following: airline delays; unavailability or refusal of a person to accept delivery of the shipment; acts of God; public authorities acting with actual or apparent authority on the premises; acts or omissions of customs or similar authorities; riots, strikes, or other labor disputes; civil commotions; disruptions in air or ground transportation networks, such as weather phenomena; and natural disasters.

For additional terms and conditions, refer to the UPS SonicAir BestFlight Bill of Lading.

UPS Service Guarantee

UPS guarantees on-schedule delivery of UPS Air Services packages to every address in the United States where applicable.

UPS guarantees on-schedule delivery of UPS Hundredweight Air Services packages to every address in the 48 contiguous states where applicable.

UPS guarantees on-schedule delivery of UPS Next Day Air and UPS 2nd Day Air packages to every address in Puerto Rico where applicable.

UPS guarantees on-schedule delivery of UPS 3 Day Select, UPS Hundredweight 3 Day Select, UPS Ground, and UPS Hundredweight Ground packages to every commercial address in the 48 contiguous states.

UPS guarantees on-schedule delivery of UPS Worldwide Express Plus, UPS Worldwide Express, UPS Worldwide Expedited, UPS 3 Day Select From Canada, and UPS Standard shipments, where applicable.

In the event UPS fails to attempt delivery within the time published on the UPS Web site, or as provided when 1-800-PICK-UPS® is called, UPS, at its option, will either credit or refund the shipping charges for each such package to the payer only, upon request, subject to the following conditions:

(a) UPS's guaranteed delivery schedule has been obtained by referencing UPS's Web site or contacting UPS's Customer Service office.

(b) Each package is properly recorded on a UPS source document or in an automated UPS shipping system.

(c) Each package in a shipment bears the appropriate UPS tracking label and an address label showing the consignee's correct name, deliverable address, and ZIP Code (or Postal Code for international shipments) when applicable. UPS cannot deliver to a P.O. Box.

(d) Each UPS 2nd Day Air A.M. and UPS Ground package is addressed to a commercial, not residential, address. A residential delivery is defined as one made to a home, which includes a business operated out of a home.

(e) Each package in a shipment bears a UPS Saturday Delivery routing label when optional Saturday service is requested and available.

(f) Each package in a shipment is tendered to UPS during UPS's published business hours.

(g) UPS is notified in writing or by telephone of a service failure within fifteen (15) calendar days from the date of scheduled delivery and is advised of the consignee's name and address, date of shipment, package weight, and UPS tracking number.

(h) For UPS Worldwide Expedited shipments, the guarantee shall apply only to shipments originating in, or destined for, the U.S., and when the billed party is resident in the U.S. and is responsible for all shipping charges.

The guarantee does not apply to UPS shipments which are delayed due to causes beyond UPS's control including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment; acts of God; public authorities acting with actual or apparent authority on the premises; acts or omissions of customs or similar authorities; riots, strikes, or other labor disputes; civil commotions; disruptions in air or ground transportation networks, such as weather phenomena; and natural disasters.

The guarantee does not apply to UPS 2nd Day Air A.M., UPS 2nd Day Air, UPS 3 Day Select, and UPS Ground shipments that are picked up or scheduled to be delivered between December 12 and December 25.

UPS Air Services Tracking Guarantee

UPS guarantees to report the status of UPS Air Services shipments within 30 minutes of a tracking inquiry. In the event UPS fails to report the latest tracking information available in the UPS TotalTrack® system within 30 minutes of the initial telephone call, UPS, at UPS's option, will either credit or refund the shipping charges, to the payer only, upon request, subject to the following conditions:

Visit **www.ups.com** or call **1-800-PICK-UPS®** for guarantee details, service availability, delivery time commitments or to request a pickup.

(a) Each package in a shipment bears a UPS Air Services tracking label or UPS Air Shipping Document.

(b) UPS is advised of the consignee's name and address, date of shipment, package weight, and UPS Air Services tracking number during the initial call.

(c) A request is made by telephone within fifteen (15) calendar days from the date of scheduled delivery.

The guarantee does not apply to UPS TotalTrack system failures caused by conditions beyond UPS's control including, but not limited to, acts of God; riots, strikes, or other labor disputes; or disruptions in communication networks.

Deliveries Attempted Three Times Without Extra Charge

In case UPS is unable to complete delivery of a package, a nondelivery notice will be left at the consignee's address stating that delivery has been attempted. Thereafter, a second and, if necessary, a third attempt to deliver the package will be made without additional charge.

Special Handling of Undeliverable Packages

Domestic packages refused by the consignees, or which for any other reason cannot be delivered, will be promptly returned to the shipper without additional charge.

International shipments, except for UPS Standard shipments, refused by the consignees, or which for any other reason cannot be delivered, will be held, and the shipper will be contacted for further instructions. The shipper will be responsible for payment of all charges including, but not limited to, forwarding, disposal, or return transportation charges, as well as any duty and tax, if applicable. Undeliverable UPS Standard shipments to or from Canada will be promptly returned to the shipper without additional transportation charges.

Interruption of Service

UPS shall not be liable for any interruption of delivery service beyond its control, or due to riots, strikes, or other labor disputes.

Rates

See the UPS rates applicable to the shipment in effect at the time of shipping.

Payment of Charges for Domestic Shipments

Unless agreed to otherwise by UPS, shipping charges will be billed to the shipper.

UPS accepts shipments for Collect billing and Third-Party billing provided the receiver or third party has a valid UPS account number and has agreed to accept the charges.

A processing fee, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be charged for a missing or invalid account number when either Collect billing or Third-Party billing has been selected on the shipping record provided to UPS. An account number is invalid if it is the wrong account number for the bill-to party or if it is the account number for a receiver or third party who fails to pay the shipping charges. In the event of nonpayment by the receiver or third party, the charges will be billed back to the shipper.

Billing Options for International Shipments

The amount billed includes, but is not limited to, shipping charges, duties, and taxes, if applicable. Unless otherwise restricted for the destination country in the applicable UPS service guide, UPS provides the following billing options:

(a) Prepaid—The shipper pays all shipping charges, and the consignee pays all other charges.

(b) Freight Collect—The consignee pays all charges.

(c) FOB—The shipper pays shipping charges to the port of export, and the consignee pays the balance.

(d) C&F—The shipper pays shipping charges to the port of import, and the consignee pays the balance.

(e) Delivered Duty Paid, V.A.T. Unpaid—The shipper pays all shipping charges and the destination country's duty, if applicable. The consignee pays the balance.

(f) Bill Duty/Tax and Shipping Charges to Shipper—The shipper pays all shipping charges and the destination country's duty and tax, if applicable.

The shipper must notify the consignee prior to shipping if any option other than Prepaid is selected, and that option must be indicated on a UPS source document or in an automated UPS shipping system.

The amount to be billed to the shipper may be billed to a third party. This option is subject to the following conditions:

- The third party must be located in the United States and have a UPS account.
- The choice of the option must be indicated as specified above.
- The shipper agrees to guarantee payment of all charges in the event of nonpayment by the third party.

Terms and Conditions of Service (cont'd)

Disbursement Fee
In order to expedite customs clearance, UPS may advance duties and taxes on behalf of the payer as dictated by the billing option selected. A Disbursement Fee based on the amount advanced will be assessed and billed to the payer.

Currency Conversion Rate
Charges to a payer's account in a foreign currency will be converted to the payer's currency using a weekly exchange rate secured through Major Money Center Banks, plus an exchange fee, set forth in the UPS rates applicable to the shipment in effect at the time of shipping.

Payments for Service
UPS's credit terms require payment of all charges within seven (7) days after receipt of the UPS bill.

Call Tag Service
Packages delivered in the 48 contiguous states can be retrieved with a Call Tag via UPS Ground Service.

Call Tag service is not provided via UPS Air Services or UPS 3 Day Select.

When requested by the shipper, UPS will pick up and return to the shipper a package previously delivered by UPS. Call Tag service will be charged at the same rate charged for delivery plus an additional charge, set forth in the UPS rates applicable to the shipment in effect at the time Call Tag service is requested.

The UPS Domestic Service Guarantee does not apply to shipments made using a Call Tag.

OnLine Call Tag Service
Packages delivered in the 50 states can be retrieved with an OnLine Call Tag via UPS Next Day Air, UPS 2nd Day Air, UPS 3 Day Select, and UPS Ground, where applicable.

OnLine Call Tag service is not available via UPS Next Day Air Early A.M., UPS Next Day Air Saver, or UPS 2nd Day Air A.M.

When requested via a UPS automated shipping system, UPS will pick up a package and return it to the shipper. A package returned using OnLine Call Tag service will be charged at the same rate charged for delivery via the service selected plus an additional charge, set forth in the UPS rates applicable to the shipment in effect at the time OnLine Call Tag service is requested.

The UPS Service Guarantee does not apply to shipments made using an OnLine Call Tag.

Return Service
Packages can be retrieved from any address in the 50 states with a Return Service label via UPS Next Day Air, UPS 2nd Day Air, UPS 3 Day Select, and UPS Ground, where applicable.

Return Service is not available via UPS Next Day Air Early A.M., UPS Next Day Air Saver, or UPS 2nd Day Air A.M.

When requested via a UPS automated shipping system, UPS will pick up a package and return it to the designated address. A package returned using a Return Service label will be charged at the same rate charged for delivery from the pickup location to the destination via the service selected, as set forth in the UPS rates applicable to the shipment in effect at the time the Return Service package is delivered.

The UPS Service Guarantee does not apply to shipments made using Return Service.

C.O.D. Packages
C.O.D. means, for all purposes, Collect On Delivery. UPS accepts C.O.D. packages for delivery throughout the United States and Puerto Rico.

Preparation and Listing of C.O.D. Packages: C.O.D.s are accepted for amounts up to $50,000 per package. Shippers not using a UPS automated shipping system will prepare and attach to each C.O.D. package a UPS C.O.D. Tag showing the amount to be collected and will enter such amount on the UPS shipping record in the space provided for that purpose. Each package in a UPS Hundredweight C.O.D. shipment should carry a C.O.D. Tag for the value of goods contained in that package.

Shippers using a UPS automated shipping system will generate, and apply to each C.O.D. package, a system-generated address label with a C.O.D. bar code and the amount to be collected for each individual package.

Responsibility for C.O.D.s: Upon delivery of each C.O.D. package, UPS will collect the amount shown on the C.O.D. Tag or the system-generated label attached to the package and promptly transmit to the shipper the amount so collected or, if collection cannot be made, will return the package to the shipper. The shipper must notify UPS within 45 days from the date of shipment of a C.O.D. shipment if the shipper has not received payment of the C.O.D. amount.

If collection cannot be made within three delivery attempts or the consignee refuses delivery, UPS will return the package to the shipper.

Visit www.ups.com or call 1-800-PICK-UPS® for guarantee details, service availability, delivery time commitments or to request a pickup.

Call Tag Service
Packages delivered in the 48 contiguous states can be retrieved with a Call Tag via UPS Ground Service.

Call Tag service is not provided via UPS Air Services or UPS 3 Day Select.

When requested by the shipper, UPS will pick up and return to the shipper a package previously delivered by UPS. Call Tag service will be charged at the same rate charged for delivery plus an additional charge, set forth in the UPS rates applicable to the shipment in effect at the time Call Tag service is requested.

The UPS Domestic Service Guarantee does not apply to shipments made using a Call Tag.

OnLine Call Tag Service
Packages delivered in the 50 states can be retrieved with an OnLine Call Tag via UPS Next Day Air, UPS 2nd Day Air, UPS 3 Day Select, and UPS Ground, where applicable.

OnLine Call Tag service is not available via UPS Next Day Air Early A.M., UPS Next Day Air Saver, or UPS 2nd Day Air A.M.

When requested via a UPS automated shipping system, UPS will pick up a package and return it to the shipper. A package returned using OnLine Call Tag service will be charged at the same rate charged for delivery via the service selected plus an additional charge, set forth in the UPS rates applicable to the shipment in effect at the time OnLine Call Tag service is requested.

The UPS Service Guarantee does not apply to shipments made using an OnLine Call Tag.

Return Service
Packages can be retrieved from any address in the 50 states with a Return Service label via UPS Next Day Air, UPS 2nd Day Air, UPS 3 Day Select, and UPS Ground, where applicable.

Return Service is not available via UPS Next Day Air Early A.M., UPS Next Day Air Saver, or UPS 2nd Day Air A.M.

When requested via a UPS automated shipping system, UPS will pick up a package and return it to the designated address. A package returned using a Return Service label will be charged at the same rate charged for delivery from the pickup location to the destination via the service selected, as set forth in the UPS rates applicable to the shipment in effect at the time the Return Service package is delivered.

The UPS Service Guarantee does not apply to shipments made using Return Service.

C.O.D. Packages
C.O.D. means, for all purposes, Collect On Delivery. UPS accepts C.O.D. packages for delivery throughout the United States and Puerto Rico.

Preparation and Listing of C.O.D. Packages: C.O.D.s are accepted for amounts up to $50,000 per package. Shippers not using a UPS automated shipping system will prepare and attach to each C.O.D. package a UPS C.O.D. Tag showing the amount to be collected and will enter such amount on the UPS shipping record in the space provided for that purpose. Each package in a UPS Hundredweight C.O.D. shipment should carry a C.O.D. Tag for the value of goods contained in that package.

Shippers using a UPS automated shipping system will generate, and apply to each C.O.D. package, a system-generated address label with a C.O.D. bar code and the amount to be collected for each individual package.

Responsibility for C.O.D.s: Upon delivery of each C.O.D. package, UPS will collect the amount shown on the C.O.D. Tag or the system-generated label attached to the package and promptly transmit to the shipper the amount so collected or, if collection cannot be made, will return the package to the shipper. The shipper must notify UPS within 45 days from the date of shipment of a C.O.D. shipment if the shipper has not received payment of the C.O.D. amount.

If collection cannot be made within three delivery attempts or the consignee refuses delivery, UPS will return the package to the shipper.

Visit **www.ups.com** or call **1-800-PICK-UPS®** for guarantee details, service availability, delivery time commitments or to request a pickup.

Consignee's Checks in Payment of C.O.D.s: Unless instructions to collect cashier's check or money order only are shown on the C.O.D. Tag or system-generated label, UPS will accept a check or other negotiable instrument issued by or on behalf of the consignee, in conformity with the instructions on the tag. When instructions to collect cashier's check or money order only are clearly indicated on the C.O.D. Tag or system-generated label, UPS reserves the right to accept cashier's check, money order, official bank checks, or other similar instrument issued by or on behalf of the consignee. All checks (including cashier's checks and official bank checks) and money orders tendered in payment of C.O.D.s will be accepted by UPS at shipper's risk including, but not limited to, risk of nonpayment and forgery, and UPS shall not be liable upon any such instrument. All checks and money orders will be transmitted to the shipper together with UPS's own check if consignee check(s) collected are for less than the C.O.D. amount. Remittances (checks, money orders, etc.) received that are less than the C.O.D. dollar amount indicated by the shipper will be reimbursed for the full amount unless the variance of the amount remitted is less than $1.

Payment for any C.O.D. package of $10,000 or more must be received in a single check or monetary instrument such as a cashier's check, money order, or official bank check.

Currency in Payment of C.O.D.s: UPS will not accept currency in any amount for payment of C.O.D. shipments.

Charges for C.O.D. Collections: An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each C.O.D. received for collection.

Weekly Service Charge

When pickup service is requested and furnished, a weekly service charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be applied. UPS will call at the shipper's premises once each business day to pick up packages for delivery to all points served without a special pickup request and whether or not any packages are available for delivery.

Ship Notification Charge

Upon request, UPS will provide notification of a shipment in transit to the consignee and, if requested, a second party. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each successfully transmitted ship notification.

Saturday Pickup

UPS offers optional Saturday pickup of UPS Next Day Air Early A.M., UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air A.M., and UPS 2nd Day Air shipments for delivery to every address in the United States and Puerto Rico. The shipper should contact UPS for information regarding UPS's Saturday pickup area. UPS Air Services shipments picked up on Saturday receive the same delivery commitment as UPS Air Services shipments picked up on Friday. Saturday pickup service is provided by the following methods:

(a) A shipper may request Saturday pickup by contacting UPS's Customer Service office on each Saturday, excluding holidays, that the service is needed.

(b) At the shipper's option, UPS will call at the shipper's premises every Saturday, excluding holidays, to pick up qualifying shipments. A service charge will be assessed if UPS calls at the shipper's premises on Saturday and there are no packages to be picked up on that day.

An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each UPS Air Services package or UPS Hundredweight Air Services shipment tendered to UPS on Saturday.

Saturday Delivery

UPS offers optional Saturday delivery of UPS Next Day Air Early A.M., UPS Next Day Air, and UPS Hundredweight Next Day Air shipments. The shipper should contact UPS for information regarding UPS's Saturday delivery area. A Saturday Delivery routing label, provided by UPS, must be attached to each package.

The shipper may request optional Saturday delivery of UPS Worldwide Express Plus shipments to specific locations in Canada (subject to value limits) and UPS Worldwide Express shipments to specific locations in Canada, Germany, and the United Kingdom by indicating the selection of this option on the UPS shipping record and by attaching a Saturday Delivery routing label provided by UPS to each package.

Optional Saturday delivery of UPS Worldwide Express Plus and UPS Worldwide Express shipments from specific locations in designated countries to specific locations in the U.S. may be requested by indicating the selection of this option on the UPS shipping record for each shipment.

An additional charge, set forth in the UPS rates applicable to the specific shipment and in effect at the time of shipping, will be assessed for each UPS Next Day Air Early A.M. and UPS Next Day Air package and for each UPS Worldwide Express Plus and UPS Worldwide Express shipment received for Saturday delivery.

Terms and Conditions of Service (cont'd)

Hold for Pickup Service

The shipper may request UPS to hold a domestic package at a designated UPS facility for pickup by the consignee. For each such package, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the designated UPS facility. In addition, the shipper will apply a UPS *Hold for Pickup* label below the address label on the package.

UPS will hold the package at the designated facility and will attempt to contact the consignee at the telephone number shown on the label. Packages will usually be made available by 8:30 a.m. on the scheduled day of delivery. Packages not picked up within five business days from the date of arrival will be returned to the shipper.

UPS Next Day Air Early A.M. Verbal Confirmation of Delivery

The shipper may request optional verbal confirmation of delivery when shipping via UPS Next Day Air Early A.M. When this service is selected, UPS will call the shipper to confirm delivery on the day of delivery. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each Verbal Confirmation of Delivery request.

Invalid UPS Next Day Air Early A.M. Shipment Charge

UPS reserves the right to assess a charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, for each UPS Next Day Air Early A.M. package shipped to a destination outside the UPS Next Day Air Early A.M. service area.

Delivery Confirmation

At the time a shipper tenders a domestic package to UPS, the shipper may request Delivery Confirmation Service by indicating Delivery Confirmation on a UPS source document or in an automated UPS shipping system. Each Delivery Confirmation response will include the date of delivery and either the name of the recipient or the disposition of the package; or, in the event of a return, the response will indicate the reason for the return and the date processed. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each such response. All responses will be consolidated and provided to the shipper in printed or electronic format.

A shipper may instruct UPS to obtain the recipient's signature and to include it on the response at an additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping.

A shipper may elect to direct the response to an address other than the return address specified on the shipping label. In such case, the response will be mailed individually, and an additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed.

Proof Of Delivery (P.O.D.)

Upon request, UPS will provide proof of delivery of a domestic shipment via facsimile (fax) transmission or mail. The request must include a fax number, including area code, for an operating fax machine or an address deliverable by the United States Postal Service. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each successfully transmitted or mailed P.O.D.

Additional Handling Charge

An Additional Handling Charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for the transportation of the following:

(a) Any article that is not fully encased in an outside shipping container.

(b) Any article that is encased in an outside shipping container made of metal or wood.

(c) Cans or pails that are not fully encased in a shipping container made of corrugated cardboard.

(d) Any package that exceeds 60 inches in length.

Address Correction Charge

If UPS is unable to deliver any package because of an incorrect address (examples include, but are not limited to, P.O. Boxes, missing suite or apartment numbers, old addresses, and missing/incorrect ZIP Codes), UPS will make every reasonable effort to secure the correct address. If the correct address is secured, UPS, at its discretion, will make another attempt at delivery, and the shipper will be notified of the correction of address. An additional charge, set forth in the UPS rates applicable to the shipment in effect at the time of shipping, will be assessed for each address correction.

Visit **www.ups.com** or call **1-800-PICK-UPS®** for guarantee details, service availability, delivery time commitments or to request a pickup.

Fuel Surcharge
UPS reserves the right to institute a fuel surcharge on all shipments without prior notice. The surcharge will be applied for such periods as UPS may determine necessary.

Tracking/Tracing Refund-Request Charge
UPS reserves the right to assess the shipper a charge, in the amount and under the conditions set forth in the UPS rates applicable to the shipment in effect at the time of shipping, for package-tracking/tracing or refund requests.

Responsibility for Loss or Damage
Each UPS Letter or package is automatically protected by UPS against loss or damage up to a value of $100. Unless a greater value is recorded in the insured value field as appropriate for the UPS shipping system used, the shipper agrees that the released value of each package or Letter is no greater than $100, which is a reasonable value under the circumstances surrounding the transportation.

UPS's maximum liability per package or Letter shall not exceed $100, regardless of the purchase of insurance for protection in excess of $100. If additional protection is desired, a shipper may purchase insurance for amounts in excess of $100 by showing the full value in the insured value field, as appropriate for the UPS shipping system used. An insurance premium, as established by the insurer of the shipment, will be assessed for each additional $100, or fraction thereof, of insured value in excess of $100 up to the Limits of Insurance, and the shipper will be automatically covered as an additional insured under a shipper's interest insurance policy issued to UPS as the named insured, provided the shipper pays the additional charge. Insurance is not provided for UPS Prepaid Letters.

The insurance policy provides that the insurer's maximum liability, minus the automatic protection provided by UPS, shall be the lesser of: (1) the insured value on the shipping record, (2) the actual cost or replacement cost of the property insured, at the time and place of loss or damage, (3) the cost of repair of damaged property, (4) $50,000 per package or Letter, except for packages or Letters shipped via a UPS Letter Center, in which case the maximum liability shall be $500 per package or Letter, or (5) $500 for packages containing jewelry (including costume jewelry) shipped via UPS international service. For more information on the terms and conditions of this insurance, call 1-877-242-7930 to obtain an Excess Value Insurance brochure.

Claims for loss of, or damage to, the shipper's property will be filed with UPS. For domestic shipments, claims not made within nine months after delivery of the package or, in the case of non-delivery, within nine months after a reasonable time for delivery has elapsed, shall be deemed waived. For international shipments, claims not made within six months after delivery of the package, or in the case of non-delivery, within six months after a reasonable time for delivery has elapsed, shall be deemed waived. The rules relating to liability established by the Convention for the Unification of Certain Rules Relating to International Carriage by Air signed at Warsaw, Poland, on October 12, 1929, and any amendments thereto shall apply to the international carriage of any shipment insofar as the same is governed thereby. For both domestic and international shipments, neither UPS nor the applicable insurance company shall be liable for any special, incidental, or consequential damages.

UPS Tariff
All shipments are subject to the terms and conditions contained in the UPS Tariff, which can be found at www.ups.com.

Note: Some air shipments may be shipped by surface transportation.

Linda Snavely
Manager, Transportation Services
Newell Company
4000 Auburn Street
Rockford IL 61101

Dear Linda:

Please accept this letter as it addresses the application of UPS additional handling charges for packages shipped by the Newell Company divisions of Levolor, Louver Drape, Del Mar Fashions, and Kirsch. As previously discussed, the process of identifying and manifesting packages that require additional handling becomes quite time consuming and costly. Collectively, we have created a means by which additional handling charges can be assessed within the UPS billing system while alleviating the shipping locations from having to process packages that require additional handling through the normal procedure.

UPS will bill the following Levolor, Louver Drape, and Del Mar Fashions' UPS shipper numbers the published additional handling rate at the time of shipping for 40% of the total ground packages shipped each week:

096-341. 134-58W 269-8EX, 463-5EX, 624-892, 8X5-615,
