### **Transcript:**

I would like to leave a message regarding STB Finance Docket number 35087. I am very against CN's plans to run their rail lines around the Chicago inner-ring suburbs. It's way too many trains, the trains are too long, and I'm very upset about it. I'm totally against this purchase or merger or whatever it is. It's not good for the people in this area. Thank you very much
