Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: Aug. 27, 2008

Comments must be submitted by September 30, 2008.

I am deeply concerned about the proposed CN acquisition of the EJE Railway Co for a variety of reasons the most important - SAFETY of children who attend school in this district and how they will be impacted.

CN has a poor safety record in Canada.

I personally drive through Barrington every day to and from work and will be negatively impacted by the number of trains crossing Rt 149 59.

CN should at their expense provide for grade separation at all crossings - not the taxpayers.

Medical response to Good Shepherd Hospital is also an issue with all these trains passing through Barrington.

CN must be stopped!! Now!

YOUR INPUT IS IMPORTANT!
