Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/2008

Comments must be submitted by September 30, 2008.

There is going to be too much negative impact ensuing as a result of the proposed acquisition of ET&E by CN in all the Communities that the rail road passes through. Following are a few that immediately come to anyone's mind.

- ① Increased traffic congestion
- ② Delayed school timings
- ③ Blockages to emergency vehicles.
- ④ Noise pollution
- ⑤ Vibration induced damage to homes that are close to the tracks.
- ⑥ Safety of children.

Unless CH has plans to eliminate or mitigate the concerns of communities which are affected by the increased rail traffic, this would be very bad deal for all of us who live and work in our area.
