Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

CN | EJ&E

Environmental Impact Statement

Date: 08-27-2008

Comments must be submitted by September 30, 2008.

I strongly feel that the DEIS does not accurately analyze all the impacts that the CN purchase of EJ&E will cause.

1) No consideration of impact on quality of life for residents near tracks
2) No stated benefits to region or towns in it.
3) No offers of remediation for all impacts of additional trains
4) Decreased impact on existing CN track is likely only temporary -- CN can and will lease track to other operators, thus negating "benefits" to existing CN communities
5) Mitigation of detrimental effects to be borne by US Taxpayers in CN gains, US Taxpayers feel the pain

These ~~FACTS~~ plus dozens of other reasons, suggest the DEIS be rewritten with new data - new UNFLAWED data
