Hi Corina,

Sorry to hear about your relative! That is always such a hard thing to deal with - this time of year especially.

Let me know if you and Michael connect today or tomorrow. I don't necessarily need to be on the call as long as the information is conveyed to me. However, I will be in the office on Thursday and Friday this week.

Cathy

Hi Catherine
I can call Mr Barron today regarding any questions of the Media Protocol. I say today because I am in the office for a short time and will be out until Thursday of this week...A family member has died and we are preparing the arrangements and things like that. If not today would Thursday or Friday work for either of you? let me know if this could work. Thank you

Corina

Hi Corina,

I spoke with Mr. Barron and he would like to arrange a call between the three of us to discuss the Media Protocol. Apparently, the applicant has expressed some concern about the protocol and Mr. Barron would just like to clarify a few things with you via a phone call. He had mentioned that this Wed. would be a good time for him to participate in a call. Let me know if you are available for a call this Wed. including a proposed time (after 9 am CT).

Also, I spoke with my Director here at the Board and she has asked that I create one consultation condition that generally addresses the recommendations that you sent regarding the Oneida Tribe. This will mean that any specific citations will not be included in our condition. We anticipate, however, that you would work with the applicant/Mr. Barron regarding actual protocols that will be followed on tribal reservation lands during salvage. We can talk some more about this on Wed. if you are free.

Thanks and Happy New Year.

Cathy

Yes we certainly can reference it this is what we are currently using until the final Legislative review occurs. I sent a copy of the Media protocol to Mr. Barron as well. See attached.

Thanks Catherine

Okay, great. Will the amendments occur within the next several months? If not, we should be able to just make reference to the existing document.

Also, the railroad has requested a copy of the Media Protocol. Could you please sent that too? I think having a copy in hand would help us as well, We can attach both documents to your correspondence for the record.

Sorry for all this back and forth. I just want to make certain that we are clear on your request!

All the best,

-Cathy

Hi Catherine, here is a copy of our Chapter 12 code of Laws for Oneida, However the Law is as is now and is in the process of amendments. I hope this helps, if I can be of any further assistance please let me know. please see attached

>>> <Catherine.Glidden@stb.dot.gov> 12/28/2010 9:23 AM >>>
Hi Corina:

I am in the process of drafting a Memo recommending the inclusion of the recommendations your provided as a condition to our abandonment approval. However, in order to be able to clearly present the information I would need the specific language for the Oneida Inadvertent Discovery process that you cited in your email - Protection and Management of Archaeological, Cultural and Historic Resources- Code of Laws, Chapter 12.

I tried to look this up on the Internet but could not find it! Could you please send me the language for this provision?

Thanks in advance for your help!

Only apply's to the portion within the reservation boundaries.

>>> <Catherine.Glidden@stb.dot.gov> 12/17/2010 2:28 PM >>>

Dear Ms. Burke,

Thanks for providing us with your recommendations for the abandonment in this proceeding. I just have one question: Does your recommendation apply to the entire rail line or just that section on the Oneida Reservation?

I will be out of the office all of next week but will work on a condition to address your concerns when I return after Christmas.

Subject: Recommendations for Railroad Abandonment

Hi Catherine Glidden,
Per our conversation this morning (12-17-10) regarding the railroad abandonment historical review of the STB Docket NO. AB 303 (SUB-No. 36x) I

have recommendations regarding the portion of this document which is listed below and request that a special condition of the recommendations get added to the document.

1st recommendation: To have a tribal site monitor on the project as the railroad ties are being abandoned.

2nd recommendation: To allow Corina Burke (THPO) for the Oneida Nation to go over an overview with the workers on our Oneida Inadvertent Discovery process. Protection and Management of Archaeological, Cultural and Historic Resources- Code of Laws, Chapter 12

3rd recommendation: To allow Corina Burke (THPO) to go over the Media Protocol.

If you have any questions regarding these recommendations please do not hesitate to call me at 920-496-5386. or email me at

cburke@oneidantion.org.

This addition is considered appropriate to satisfy Section 106 for the Oneida Tribe of Indians of Wisconsin.

Thank you for your time and matter.

Respectfully,

Corina Burke/THPO
Oneida Tribal Historic Preservation Officer.
