Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Environmental Impact Statement

Date: 8/27/08

Comments must be submitted by September 30, 2008.

The main concern I have, as a resident of Barrington, is the public safety of the entire Barrington community. The increased traffic at the crossings by the increased train traffic will result in fire, police and ambulances not being able to cross in a timely matter. When emergencies occur such as fires, health emergencies or emergencies that require police assistance, vehicles will not be able to cross at Route 14 (Northwest Highway) or cross at Route 59. This is unacceptable and will result in many safety issues and problems.
