Transcript:

I would like to make a comment with regard to the proposal of the Canadian National Railway for the purchase of the EJ&E Railroad. I am in total opposition to this. I have read the Environmental Impact Study and I feel that um this move would be detrimental, not only to myself and other homeowners in my area, but as well I believe that this will increase um uh delays in our travel times, delays for emergency vehicles, as well as cause a hazard to our school children. Um thank you very much for your time.
