This message has been replied to and forwarded.

Good Morning Dave,
Thanks for the clarifying question.
I am interested in being kept informed of the environmental review process in general and being notified when you issue the Draft Environmental Impact Statement (EIS), publicize public hearings on the Draft EIS, etc.
Email is preferred.
Sincerely,
Todd

Good morning, Todd -

I would be happy to have you participate in our environmental review process. However, I have a couple questions for clarification.

(1) Are you interested in participating formally as a "Consulting Party" under the historic preservation review process under Section 106 of the National Historic Preservation Act (which is the process outlined in the STB letter you attached to your email to me)? A Consulting Party under the Section 106 process is a specialized component of our review and pertains to archaeological resources and other historic properties. Or are you interested in being kept informed of our environmental review process in general and being notified when we issue the Draft Environmental Impact Statement (EIS), publicize public hearings on the Draft EIS, etc.?

(2) In either case, do you have a preference of hearing from us by email or by regular mail?

Please let me know if you have any questions.

Thanks,

Dave

Hi David,
I am the Community & Economic Development Director for the City of Cape Canaveral.
As such, I have a keen interest in the success of our neighboring jurisdiction, Port Canaveral.
I received the attached notice from Cape Canaveral City Manager, David Greene. Please consider me an interested participant as a Consulting Party on behalf of the City of Cape Canaveral and include/invite me as things progress. Your assistance is tremendously appreciated.
Sincerely,
Todd
