Dave,

Because of limitations in my contract with the Florida Fish and Wildlife Conservation Commission, I will no longer be lead reviewer of the Port Canaveral Rail Extension Project. The new lead biologist is Laura DiGruttolo, and her contact information is listed below. Please include her in all agency correspondence. Thanks.

e-mail: Laura.DiGruttolo@MyFWC.com

phone: (386) 754-6245

address: North Central Regional Office, FL Fish & Wildlife Cons. Comm., 3377
E. US Highway 90, Lake City, FL 32055

Good morning, Brian -

Thanks for your email. We will add you to our consulting agency email list.

I'm sorry you can't attend the agency scoping meeting on Tuesday, November. We will be emailing the meeting handout early next week.

We don't have much detail on the bridge at this point, but as we acquire more information on the proposed river crossing, we'll certainly keep you informed.

Thanks,

Dave

Subject: Port Canaveral Rail Extension project

Mr. Navecky;

I will be the Florida Fish and Wildlife Conservation Commission's lead reviewer of the Port Canaveral Rail Extension Project EIS. Please add me to your agency e-mail list for notifications regarding this project. I have another meeting obligation on November 18, so I will not be able to attend the agency scoping meeting. Could you please e-mail the meeting materials to me? I am especially interested in the preliminary design ideas for the new Banana River railroad bridge. Thank you for your cooperation.
