Message:

The scheduled Aurora meeting location for the public input regarding the sale of the EJ&E is the far west side of Aurora. The EJ&E runs the length of the far east side of Aurora. There are several more suitable/appropriate meeting locations on the east side of the city that would better serve the residents of the area affected.

The current compromise offered by CN may their solution to their apparently ill-advised contractual obligations but, circumventing this review process is not in the best interests of the United States taxpayers.
