Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-28-08

Comments must be submitted by September 30, 2008.

It is unfair & inappropriate to relocate rail traffic from communities already developed and built to accommodate such traffic, and redirect that rail traffic to communities like Barington, IL.

Barrington, IL is a mature community, and already developed around limited rail traffic. Barrington cannot accomodate this growth in congestion. Mitigation is not feasible, but if it were, too expensive.

The proposed acquisition will paralyze our town,
destroy businesses, and severely cut real
estate values.

This decision is a "no brainer"! Simply make the correct decision. Put the citizens of this town & country, in front of the financial interests of big business.

YOUR INPUT IS IMPORTANT!
