Please do not approve this railroad. This railroad is going to be crossing Meridian road right behind my house. Not only would our home value depreciate but we would have to hear the train alarms go off every time it crosses. Please, do not approve this just to line the pockets of the wealthy. Think of the middle class workers who have struggled to make something of themselves. If you do decide to approve this application, at least make it so that electric bills for one mile on each side will be paid, not just the land they are stealing. This train is a huge problem for the neighbors to this land also.

Thank you for listening,

Robin Appel
