Please be advised that I oppose the desired/request to increase rail traffic on the EJE Rail Line between Libertyville & Gary, IN.

We live in the Barrington Township community and we have been struggling with severe congestion along Rtes. 14 & 159 for several years. We are having difficulty addressing the current conflict of Automobiles & Rail traffic in the area. The potential of increasing the number of trains by any amount at any time of the day is incomprehensible.

The only way to solve the issue is to build either flyovers or tunnels which has proven to be too expensive to undertake.

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.
