I'm calling to make a comment about the CN rail issue here of the freight trains and so on. I'm actually new to the neighborhood, so I have several issues besides the fact that it took 45 minutes even before this with the train situation now and the traffic in the area for me to go a 5 minute ride two weeks ago, I mean I don't even try to drive that direction, I'm trying to go around right now. We are also very concerned about the issues of the, you know, the freight trains with the emergency service vehicles and in a more personal issue, is the noise and the problems that it's gonna because my house backs up against NW Highway. So, I, myself, my husband, we are against this and just wanted to give our opinion of that nature. Also, if you need my phone number, 847-381-0020. Thank you
