How will CN's proposed acquisition of the EJ&E impact you?

Our property backs to the EJ&E line.
We are concerned about noise & vibration
& pollutants, and overall environmental impact.

On a more broader scale - we are concerned
about traffic safety, delays & over-all
quality of life issues that a very
significant increase in freight train traffic
will cause. In particular, school
bus safety & potential delays.

And finally there may very well be
a decrease in property values due
to this aquisition.
