

Comment Form for the Surface Transportation Board

Date: 2/11/08Name: Michael KellerAddress: 149 Elm, CtCity: Lake Zurich State: IL Zip: 60047Phone: 847-540-0895E-Mail: mr. keller @ comcast.net

How will CN's proposed acquisition of the EJ&E impact you?

- ① Living $\frac{1}{4}$ - $\frac{1}{2}$ mile from the tracks + the intersection of the tracks + ~~PLT2~~ Main Street, noise will be a constant issue.
- ② With a family of six with numerous activities throughout Lake Zurich, we will be seriously impacted by the deteriorating traffic flow.
- ③ My wife + I both must cross these tracks twice each day during rush hour.
- ④ Home values + quality of life will be severely, negatively impacted.
- ⑤ Millions of dollars were invested over the past few years building the bypass around Lake Zurich. The proposed rail road usage will negate the benefits realized by this huge + necessary investment.
- ⑥ Lake Zurich has invested millions toward the redevelopment of its downtown. This proposal will seriously reduce the appeal to Lake Zurich's downtown, leaving taxpayers with a serious financial burden.
