RE: RSTAC Recommendation

Surface Transportation Board

This letter is sent to strongly recommend a candidate for RSTAC as a small shipper. In the period of time getting to know Lee Shelly thru trade associations as well as commercial dealings, I've come away impressed with his intelligence, sincerity and enthusiasm for the industry.

As a former member of RSTAC and having an appreciation for the work of the Board as well as the group, I firmly believe Lee will provide keen insight and logical solutions to issues before the Board and Council. His creativity and knowledge of the industry especially at such a young age point to a professional with tremendous talent who will contribute in many ways to our chosen field

I truly hope that the Board has that opportunity to tap into that talent for the benefit of many stakeholders in our industry.

Please consider Lee Shelly of the H&K Group out of Skippack, Pa. for the Council as a small shipper who WILL make a difference.

Thank you
