CN | EJ&E

Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: AUGUST 25, 2008

Comments must be submitted by September 30, 2008.

I oppose the CN acquisition of the EJ&E for numerous reasons. I will state only 2 here:

① CN's contention that ~~the congestion~~ congestion will decrease within the EJ&E arc is false. CN has admitted this. Therefore, if the acquisition were approved, rail congestion will continue within the arc and exist anew on the EJ&E line. The congestion problem is doubled, not solved.

② Chicagoland's regional economy is interdependent among all its communities. The delays caused to business owners, products, students, teachers, white collar workers, blue collar workers, doctors, ~~nurses~~ nurses, and everyone else will have a terrible effect on everyone. This cannot be overlooked.

YOUR INPUT IS IMPORTANT!
