The Honorable Anne K. Quinlan, Esq.  
Acting Secretary  
Surface Transportation Board  
395 E Street, SW  
Washington, DC 20423

RE: CN Railway Company/EJ&E  
STB Finance Docket No. 35087

Dear Secretary Quinlan:

I support CN's proposal to re-route many of its freight trains through an acquisition of a portion of the EJ&E rail to the south and west of the area. This proposal would help reduce train congestion in the Chicago area and decrease the number of freight trains going through Harvey.

I drive and frequently have to stop at train crossings because of the high number of trains coming through. My wait while in traffic can be as high as 15 minutes. If the number of trains is diminished, however, there will be less traffic produced from idle cars on the roads, as well as a lower level of air pollution.

This is a proposal that I hope you will give your approval to as soon as possible. It will lead to a number of positive results. Thank you in advance for your attention to this matter.

Regards,

Rose Crisler
