

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8/27/08

We are opposed to the transaction as the Barrington Community & others along the new route are not designed for the volume of traffic on the railways.

Environmental, safety & economic issues are severe and it will ~~severely~~ greatly hurt the values of our home, the lives within our communities and local businesses.

We moved to Barrington for its community appeal, quality of life and more - all to be shattered by this transaction.

We oppose it with the long term risks & values of our community in jeopardy.

Thank you & you time
