Title	Business			Dept	
Address	12833 Hawksville Lane				
Address 2					
City	Plainfield	State	IL	Zip	60585-2536

Transcript:

I am not in favor of this purchase if it increases the railroad traffic through my community, we already get blocked by trains. As I understand it federal law allows a train to block a road for up to 45 minutes, I have seen this happen in other places, it's terrible. I do believe it will cause trouble with getting to and from work, just normal commuting, and safety problems with trying to ambulances and firetrucks and such through. I am not in favor of it unless they put in bypasses and overpasses or something, but the amount of money I heard for that is woefully inadequate for all these communities, in my opinion. That is my comment, bye.
