As a homeowner in the Remington Crossing subdivision, I strongly oppose the sale of EJ&E railroad to the Canadian National railroad. First off, by having trains carrying hazardous materials in close proximity to a community with schools and children close by is a terrible combination. Secondly, increased trains will lead to increased congestion which will have a direct impact on our Emergency Response System. Lastly, I hate to imagine what would happen if a train derailed carrying hazardous materials, with children present.

I thank you for your time, Jeff E. Burke
