According to the NW Herald Newspaper dated Jan 18, 2008, there appears to be a need and desire to report some of the schools that are served by Barr. Trans. Co. I should these schools go through a rerouting in Barrington, for next school year 2008/2009, the tracks being laid for the merger of the EJE RR with a Northern Canadian Rail system, would necessitate another rerouting of the routes for transporting students. This does not benefit the parents, students or anyone, except perhaps those who stand to gain in a financial way. If this goes through without regard for those mentioned, I see downtown Barrington becoming a ghost town in time because of overwhelming traffic congestion, etc.
