Environmental Impact Statement

Date: 8/27/08

Comments must be submitted by September 30, 2008.

The impact of additional trains running through the Barrington Community is enormous.

1. Emergency vehicles - fire, ambulance etc are not able to get through. This causes delays for as long as 10 to 15 minutes.
2. We already have long delays through town due to commuter trains which are many, every day
3. Pollution caused by running vehicles while waiting for trains to cross or starting of vehicles.
4. Waisting of gasoline which is already $4.00 + per gallon.
5. Danger to Children playing in the area.

YOUR INPUT IS IMPORTANT!
