Obviously the concerns are many, safety, response time traffic etc. From a personal standpoint I will be forced to avoid the "Village" at all times possible. I commute on the Metra to Chicago daily. Trains will be re-scheduled, times increased, most probably shift to the Fox River-Grove station. Property value impact could be devastating. It's difficult to travel N to S now, more trains - impossible. Who wants to live in/around a town where it may take over an hour just to get through. The argument in regards to benefiting the current towns that will see a decrease in freight traffic is moot. They knew the situation before purchasing and living there, had this been an issue years ago I doubt I'd live here now.

YOUR INPUT IS IMPORTANT!
