Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

My opposition to the CN acquisition is a simple one. In November of 2007 my father was struck and killed by a train in DeKalb, IL. The increased traffic in DeKalb, due to trains ~~stopping~~ thundering through the main part of town is hazardous to pedestrians and our students. We all need to work to find a way to put an end to this perilous environment. Residents and pedestrians should not have to worry about safety in their towns and the constant threat that comes with the increase of train traffic. Thank you for considering my statement — a position that is near and dear to my heart!
