Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: AUG 27, 2008

Comments must be submitted by September 30, 2008.

I oppose this acquisition in all respects. Not only do I reside in "splitting distance" of the subject ROW and therefore destroyed by just increases in noise, but in any direction that I may turn, I must cross the ROW at least once by major thoroughfares. There are no "local" routes as alternatives now. I would be land locked from both ingress and egress as well as for emergency services unnecessarily. Also there is little open land that is not owned by public bodies. Therefore future rebuilding will not be an option to change the essential structure of the town and surrounding community. The town would be under siege.
