Marjorie Zerth, 421 E 16th Street, Lockport IL 60441. I'd like to comment on the railroad. I currently take the Metro Railroad downtown from Lockport IL to the next suburb over from Joliet and I'm very, very much opposed to having any more trains on the lines; especially during the rush hour in the morning. Currently we get stopped by freight trains several times a week and it makes everybody late to work and I think more trains during those hours would be totally unacceptable and I think it would cause more people to drive and I think there would be much worse pollutions because of the cars on the road because the trains would be so unreliable. And I can be reached at 815-834-1724 or 312-353-5332 at work. Thank you for hearing my comments. Goodbye.
