**Re: Abandonment from Railroad Milepost 0CR 6.72 to 0CR7.51, Carroll County,
Kentucky**

Dear Ms. Burroughs:

On September 12, the State Historic Preservation Office received information on the above-referenced project for review and comment. Plans include abandoning and discontinuing service, and downgrade the track on a 0.8-mile section of line in Carrollton. The line may be subsequently leased for car storage, similar to its recent use by the Carrollton Railroad Company and CSX Transportation.

Based on the information provided, we concur that there would be no historic properties affected by the proposed abandonment. The project area is limited to the existing line, where ground disturbance has taken place. There are no known National Register listed or eligible historic properties adjacent to the line.

If you have questions regarding these comments, please contact Jill Howe of my staff at (502) 564-7005, extension 121.

Sincerely,

Lindy Casebier
Acting Executive Director and
State Historic Preservation Officer
