My comment is that um I think it's unfair that all the hearing are being held in the, in the areas that are going to see more trains and not my neighborhood, in Chicago where we will see fewer trains. I think that's unfair and I think you're giving them more opportunity to shoot down the idea than to support the idea. I think it's unfair and I think we should have been given a chance in our neighborhood to have our voices heard too. Um, that's my comment and I hope that the STB approves the transaction so we can see a little relief. Thank you
