Additional comments regarding STB Finance Docket No. 35087

Dear Phillis -

I have recently sent concerns to you about the Village of Plainfield and what the acquisition of the EJ&E rail tracks by CN Rail would mean to our community.

One item of note that I did not put in my previous correspondence is the lack of facilities on 'my side' of the tracks. Today the full service grocer store that I shop at regularly (3 or more times per week), is 2.27 miles from my home. To reach a like store - i.e. regular grocery store, not just small market or specialty foods - would mean traveling 5.42 miles from my home.

this is just a small example of not only how few amenities are available without crossing over that railway but the inconvenience it would present to our residents.

Thank you for your consideration-
Pamela Postacchini
