 Group/Affiliation:

Message:

I'm concerned about the greatly increased rail traffic and the related car traffic delays we will experience trying to get through downtown Barrington on Rts 59 and 14. It is already difficult enough with the Metra train delays and I can't imagine how we will deal with it without building expensive underpasses on both of these roads. Not to mention the catastrophic loss of business to downtown merchants. Customers will simply go elsewhere rather than sit in traffic gridlock. (Lake Zurich already has an underpass on rt 12).

Maybe the railroad should pay for, and build the underpasses before they increase the freight train traffic.
