Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/29/08

I live about 1/2 mile from the EJ&E on Smith Rd.
This would significantly affect my life style and some
type of compensation should be offered to those that are
located near the railroad line.

In PAW-PAW ILLINOIS WIND FARMS were put up
and those indivuals that could see the ~~for~~ generators
were compensated yearly, and others within a
certain distance a smaller value yearly.

Also the current EJ&E train whistle/horn
causes the packs of coyotes to start howling,
maybe some new technology for the horns.

Good luck
