Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

We have been Barrington residents for 30 years and have enjoyed the environment. We would never have purchased a home here if there were 24 freight trains per day running through the village. We have concerns about safety, fire stations, ambulances, etc. My husband has been helped several times by quick response to 911. Ambulances are at our house in 10 minutes.

There will be major decreased values in our home prices. Shopping in Barrington will be affected as will all business.

Purchase of the EJE will impact all of our lifestyles. There will be a severe impact on safety, economy, environment and property values.

We are against this purchase
