As a resident of the Remington Crossing subdivision and live in a house that is 150 yards away from the rail lines, I oppose having any more trains run on the railroad behind our house. It is noisy enough as it is with every freight train and engines running without freight cars honking its horns at all hours of the day and night. We do not need the extra noise created by more trains nor do we need the pollution that would rise with the rise in the number of trains going past our house and our subdivision. Please do not accept the proposed acquisition by CN.
