I live about 200 yards from the tracks near Otis Road. Already the screeching at that curve is very loud and keeps us up at night. Traffic is impossible already and it would be near impossible to get through town with a 2 mile train blocking our intersections. This will handicap all of our police, fire and emergency vehicles. Also I can't imagine how in the world we will be able to pay for the upgrades to the intersections. If this happens you will destroy our wonderful little town.
