Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/08

I do not believe the EIS that has been put together Adequately Addresses 2 Issues:

① Speedy Access Hospitals. We live & work & go to school in BARRINGTON AREA & Hospitals ARE ALREADY FAR from us in my opinion. (I should know - I've been Rushed to the ED twice). The traffic around the tracks (CENTRAL BARRINGTON) is already horrible. Putting significant delays by running more & longer trains on our tracks. Access to hospitals must be properly considered.

② School bus crossings safety issues are not adequately addressed. We have 2 kids in BARRINGTON schools taking the bus 2x/day. I am very concerned about increased time in transit (they need their family sleep & homework time) & safety risks with ~~an~~ ^{an} increased crossings.
