Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

The STB must stop the "Railroading" of the CN purchase of the EJ&E line due to the unlimited number of negative impacts on the safety, environmental concerns.

- accidents to increase
- lives will be lost
- emergency response to other safety needs will be cut off
- schools will be affected
- Safety of the children attending these schools will be jeopardized - 9,200 students!
- the natural environments along the tracks will be seriously affected
- increase in pollution to the natural scape & residents
- elimination of our "quiet zone"

Clearly the EJ&E route & the communities along the route do not have the infrastructure to handle the increase in train traffic, therefore the acquisition is without a doubt damaging & will put our citizens under severe risks of life, safety & quality of living.

YOUR INPUT IS IMPORTANT!
