How will CN's proposed acquisition of the EJ&E impact you?

We are strongly against the proposed Canadian National acquisition of EJ&E railroad lines. We reside right next to Oakwood railroad crossing, the potential increase in train traffic will create a great deal of burden on our family, especially for an elderly family member who is very sick. Moreover, because of the increased railroad traffic we will be subjected to constant loud noise pollution that will interfere with our daily activities as well as our good night sleep.
