Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: Aug 27, 2008

Comments must be submitted by September 30, 2008.

This proposal is a disaster waiting to happen! Why a Canadian enterprise takes priority over the well being of United States citizens is unthinkable. On every issue this will be deadly for our community:

- 1) Safety issues will be compromised with emergency vehicles crippled in traffic gridlock
- 2) Hazardous freight could be deadly for our residents in the case of an inevitable accident
- 3) Traffic, noise, pollution will no doubt destroy our community
- 4) Reasonable train activity is understandable this proposal will create constant chaos in our community
- 5) We don't want Canadian National to destroy our life — and then the nerve of CN to expect us to pay to remedy the problems they created!

Kill the Deal!
