

02736. UNKNOWN. MAZURKIEWICZ. LEE. WOOD. O.P.

Dear Ill State Representative;

It is imperative that you vote against the C&N new rail system.

I am the President of Concord Village in Lake Zurich, and the community is in distress over this issue. As it is now, cars take a short cut through our residential community to get to Costco to avoid Rt. 12. If this passes it will bring more traffic to a small residential street. There are children in the community, and these cars fly by trying to get to Costco or to Ela Rd to go to the Barrington Train station, as Rt. 12 is so backed up.

Also as it is now, several trains that do come thru sound their horn right behind our property and also do braking, which causes everyone to go outside to see what has happened, as sounds like a major train wreck or earthquake.

Also, this has been causing a lot of residents and their children to lose sleep in the middle of the night. We cannot take any more trains doing this.

Children walking home from the High School on Rt.22, will now be delayed a major long time to come home, along with the safety issues.

The impact on Rt. 12 will even be worse than it is now and the few other major streets we have in our community. If there is an accident on Rt. 12, which there are many, it causes backups for at least 15 to 30 minutes and sometimes more.

We would appreciate your help in this matter.

Sincerely,

Residents of Concord Village, Lake Zurich, IL

Donna Mazurkiewicz
President of Concord Village
