If you need a phone number it's, 630-822-3847. I'm calling with regards to docket 35087, the CN acquisition of the EG&E Rail line. I'm opposed to that proposed, I'm opposed to the proposed acquisition due to significant vehicle delays at railroad crossings, safety of the crossings in terms of emergency response times as well as the increase in noise, vibrations, and pollution that will pass through the community and also neighboring cities and villiages that use our roads for their commutes to and from work, school, and other activities who will definitely feel the impact. So, hopefully this message will suffice for your information but if you need to call me, please feel free. Thank you very much. It is September 19th at 9:40 AM. Good bye
