

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8-27-08

As a Mother with young children I am very concerned about the traffic through the town of Barrington. As it is, it have a hard time bringing them to the Park & Library. I can't imagine what it would be like with the addition of trains. I am afraid we would not ~~at~~ use these facilities if the traffic increases. Please stop this from happening!!

[illegible]
