Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 08.27.08

Comments must be submitted by September 30, 2008.

Please hear us. This purchase is a SIGNIFICANT safety concern for our community. To block all emergency access to schools and medical care must not be allowed. There are alternatives and we, the residents, should not have to pay for those alternatives.

In addition to safety concerns, you are creating gridlock for commuters well beyond our community. Our traffic will be a nightmare causing significant environmental problems including excess gas consumption & pollution.

If this purchase is a sound business option for CN it must include provision for under/overpasses funded by the railroad!
