

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8/27/08

MAIN CONCERNS ARE:

Added congestion to the already congested areas in Barrington. Vehicle traffic will be greatly affected if 2 mile or more frequent trains pass through Barrington.

Probably more important is emergency vehicle response impact.

Property values along E J & E will lowered. Noise will increase

unwillingness for / of $EJ+E$ to pay their fair share in over/underpess
